And see thro' all things with his half shut eyes.

THE VALUABLE PROPERTIES OF COFFEE.—*Lord Bacon*, in conformity with the brain, and helpeth the digestion. Many other writers, both French and English, describe its valuable properties. They say it relieves headache; and Doctor Thorton, in his Lectures on Botany, says, "Those persons who regularly drink Coffee, can never be subject to putrid fever; in fact, a cup of Good COFFEE exhilirates the mental and bodily faculties, and nothing can be more refreshing to the man who studies, or the laborious mechanic."

Admitting that the important qualities described in the above quotations are contained in *Good Coffee*, it is then of paramount importance to the public of Canada to know where they can obtain the article in the most pure and best prepared state, and as there can be no doubt that to procure the ESSENCE of COFFEE to the highest state of perfection, the Berry must be carefully roasted and ground, SAMUEL COCHRAN begs to direct the attention of the Public to the process adopted by him in the Roasting and Grinding of Coffee.

S. C. ROASTS his Coffee by STEAM, by which is acquired a degree of uniformity which before was much needed by the COFFEE DRINKER. No taint from smoke; a perfect evenness of roast; a peculiar cleanliness in the operation; and, what constitutes the complete success of this process, the entire preservation of the AROMA, in which the strength, fragrance, and flavour of the Berry are concentrated.—Privet, 1s., 1s. 3d., and 1s. 6d., per lb.

Also, TEAS in every variety in quality and price, a few of which are subjoined, which must meet the views of the most economical housekeeper:—

CASH PRICES.

Very Superior Old Hyson, full flavored	2s 6d

Souchong, Pekoe flavour, an excellent Family Tea	2s 6d

To enumerate nearly fifty varieties would be needless, or to insist upon the superiority of these Teas over ALL others in this market, would be only to repeat a fact long since universally admitted; the importer will, therefore, rest satisfied with the proved eminence to which public opinion has raised him, and trusts his high position thus honorably attained will be considered the best guarantee for the continued superiority of these articles.
