OBITUARY

Mrs. Alexander Brown.

The death of Mrs. Alexander Brown occurred at her home, Little Lepreaux, Friday, October 10. Deceased was 31 years of age, and is survived by her husband and one son, Cleveland, mother and two sisters, Mrs. Frank Hanson of Detroit, and Mrs. Florence Hanson of Lepreaux, also six brothers. The funeral was held on Saturday last at 2.30 o'clock.

Deceased was a popular resident and will be greatly missed by a wide circle of friends.

Furs

For Fall and Winter Wear

WITH the cold weather drawing near, those days when a Fur gives the most service, it is highly important for you to purchase now—when prices are still low, and when you still have the "Flourishing Fur Tree" to select from. Everything in Furs—starting with the small Choker, ending with a wonderful Dolman or Coat.

H. MONT JONES, Ltd.

New Brunswick's Only Exclusive Fur House.

POLICE COURT CASES YESTERDAY

Fred LeBlanc, arrested by Sergt. Rankine, appeared in court yesterday afternoon, was fined $8 or two months in jail for being drunk, and nine months in jail, without a fine, for accosting women on Main street Sunday evening.

George Stanton pleaded not guilty to the charge of stealing lead pipe from the city, and was remanded.

Frank McMurray pleaded guilty, to the charge of assaulting William Kiservan in Main street, but denied the statement that he had gone into the latter's barn and mistreated the horses there. He was remanded.

Four drunks were given the usual fine. Two boys, charged with entering the store of Robert Carrol, Rodney Wharf, were remanded until this morning.

With defaulters it is fly time at any season of the year.

A woman never forgives a man for refusing to argue with her.

"The Touch of Abner" New Novel

H. A. Cody's Latest Story Tells of An Eccentric Character—Is Full of Amusing Incidents and Funny Sayings.

According to his own statement: "Brains, gall an' luck," were possessed by Abner Andrews, the hero of "The Touch of Abner," the latest book from the pen of H. A. Cody. Readers of this novel will add "Humor, imagination and a very kind heart" all of which make up a character whose fortunes, as related by the author, are full of interest and entertainment. The story holds the reader from the first page until the happy ending and is marked by a vein of humor which will delight young and old.

Abner, the shrewd eccentric farmer whose homely wisdom and queer sayings are the delight and terror of his family—Tildy, his wife who has a passion for house-cleaning and who alternately worries over and scolds her husband—Jess the daughter who comes home from the Seminary filled with ambition to do Social Service work in a big city, and has to be shown that there are neglected orphans at her very door—Zeb the staunch friend who understands and stands by Abner when things get too difficult—and Jerry the old horse who accustomed to big cities gets lonesome for the sound of a railway train all are sketched with a vividness which makes them very real.

The founding of an orphan asylum forms the central idea of the plot. Abner and his wife attend a meeting called in town to discuss this and Abner inspired by the need of the children and the meanness of the rich people, offers one thousand dollars to the project. How the money comes to him, how he outwits his enemies and gets out of many scrapes, the practical jokes he plays and the love affair of his daughter make up the chief incidents of the story.

The whole book which is published by McClelland and Stewart of Toronto, is clean, wholesome and amusing and will be enjoyed not only by those who are already admirers of Rev. H. A. Cody's writings but by many newer readers.

New Brunswick should feel proud of the place H. A. Cody has made for himself in Canadian literature.

SPECIAL MEETING KING'S DAUGHTERS

A special meeting of the King's Daughters was held at the Guild, Chipman Hill last evening. Mrs. David Puddington, the first vice-president, was in the chair and work in connection with the Tag Day was carried on.

The headquarters will be at the Guild on Chipman Hill, and workers are requested to meet at nine o'clock, (daylight time). Voluntary workers are asked to call up Main 1847-41. Anyone having a car which they can put at the disposal of the workers for Saturday morning is requested to ring up Main 2931-21, or Main 1553-21.

The executive of the King's Daughters discussed, at some length, the new organization formed to open a Hostel in connection with immigration work in St. John. Every local society interested was requested to send two representatives to the central committee. Mrs. David Puddington and Mrs. W. H. Nice were appointed to represent the King's Daughters.

REBELLION IN STOMACH

"Pape's Diapepsin" at once ends Indigestion and Sour, Acid Stomach

Lumps of undigested food cause pain. If your stomach is in revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food—just take a tablet or two of Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the pain, acidity, indigestion and distress.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless stomach antacid is Pape's Diapepsin, which costs so little at drug stores.

Railroad Man Is Feeling Fine, Now

Joseph A. Black Suffered from Rheumatism for Years—Trouble Disappears After Tanlac Builds Him up.

Joseph A. Black of 85 Hazen St., St. John, New Brunswick, is still another well-known railroad man who has cause to be glad he was induced to try Tanlac. Mr. Black is employed by the Canadian Pacific and is not only popular with the railroad men, but is highly respected by all who know him. In describing his case and failure to heretofore find relief, Mr. Black said:

"I have suffered from rheumatism for years and here a few months ago I had an attack in my right knee that hurt me so bad I couldn't rest at night. I would have to get up and rub with liniments and try every way to get a little ease and then feel so bad during the day that I could hardly work. My appetite was very poor and my head ached fit to burst. I, of course, used all kinds of liniments and was under treatment, but nothing did me a particle of good.

"In fact, I got worse until my wife brought me a bottle of Tanlac and then I commenced to straighten right up. I had not taken half of the first bottle until there was a big improvement in my condition. I am feeling just fine now. Every sign of the rheumatism is gone, my appetite is great and I sleep like a log every night. I feel better in every way than I have in years and it's all due to the good work of Tanlac."

Rheumatism is not only one of the most prevalent, but one of the most painful and difficult to treat of all present day diseases. When the digestive organs and bowels are not working properly and the kidneys become clogged up, the whole system becomes deranged and saturated with uric acid poisons and other impurities, and which accumulate in the joints and other part sof the body and produce the condition known as rheumatism.

Tanlac is a powerful reconstructive tonic and quickly overcomes this condition by acting directly on the vital organs, toning them up and enabling them to perform their proper functions, so that the impurities are soon eliminated from the system in a natural way. Liniments and external applications, as a general thing, only afford temporary relief. Tanlac is a constitutional treatment and gets right at the root of the trouble by removing the cause.

Tanlac is sold in St. John by Ross Drug Company, and F. W. Munro, under the personal direction of a special Tanlac representative.—(Advt.)

Communication To The Navy League

President Receives Word from Head Office, Toronto, Expressing Disappointment That Drive Was Postponed

The President has received a communication from the head office, Toronto, expressing the most intense disappointment that the "Drive" for Navy League funds has been postponed, as all their plans have been arranged for a Dominion-wide campaign and contracts made for necessary supplies and advertising, and the whole Council express surprise that a maritime city like St. John should not take more interest in raising funds for the support of sailors' dependents.

It is pointed out that last year, while Ontario raised over $1,100,000, there was only $12,000 spent in that province, while New Brunswick raised slightly over $36,000, and grants here amounted to over $55,000. It was pointed out, also, that if the campaign was held later it would probably be more difficult to interest the people than if undertaken now, so the Executive of the Navy League here still hope that some effort will be made to obtain subscriptions, and trust that business men and the Daughters of the Empire will yet rally to the support of the Navy League. In the above connection the following letter from Sir Bertram Hayes, Captain of the S. S. Olympic, is interesting and shows how the work of the Navy League is appreciated:

Toronto, Oct. 8th, 1919.

Aemilius Jarvis, Esq., President Navy League of Canada, Toronto:

Dear Sir,—I heard today, whilst speaking at the Canadian Club, of the appeal that the Navy League of Canada is again making in the interests of the sailors, and I take this occasion to say how grateful we are at what Canada has done in the past in this direction, and I am sincerely hoping that this year your appeal will not be upon deaf ears.

Now that the war is over, we are realizing to the full measure the destruction submarine warfare has wrought in the lives of our merchant seamen and the number of dependents that have been left behind. Whilst the seaman is today receiving a greater wage than he ever did before, still this has not been for a sufficient time to allow him to accumulate anything, and the dependents of those who have gone have not participated.

If Canada is awake to her own interests, she will back the Navy League's efforts to realize what SEA POWER means to a country. It means PROSPERITY, it means DEFENCE, and we want more seamen, so that British ships will be all manned by British subjects.

I am,

Yours truly,
BERTRAM W. HAYES,
Captain S. S. Olympic.

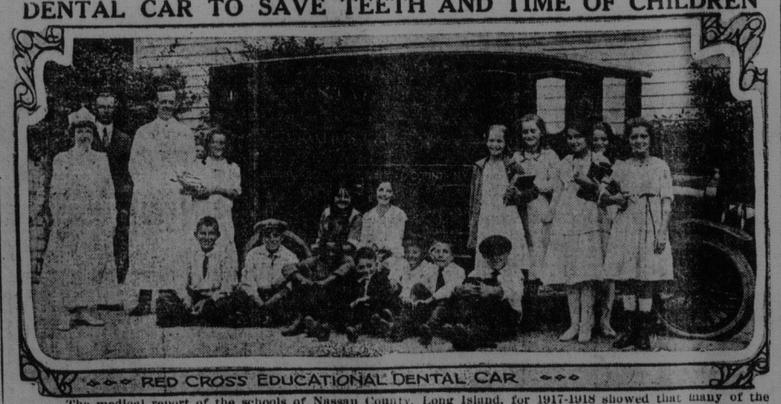
DENTAL CAR TO SAVE TEETH AND TIME OF CHILDREN



The medical report of the schools of Nassau County, Long Island, for 1917-1918 showed that many of the children's teeth were below par. Many children had not had proper dental attention, and those who were making regular visits to the dentist did so often to the detriment of their school work. From now on the 25,000 school children of the seventy schools in the county need not go to the dentist's, however. The dental car of the Junior Red Cross of Nassau County will attend to all that. Dr. Vincent T. Meaney will operate the car as well as the "tooth buzzer." With him will ride a nurse, and both will be uniformed in white. In the car is a dental chair built especially for children and all apparatus for dental work. This mobile dental office will make the rounds of all the schools, fill teeth, detect bad tonsils for a surgeon to deal with and in general insist on the "clean teeth" motto of the modern school. This remarkable scheme was thought out by Mrs. E. C. Brower, of Roslyn, L. I., chairman of the Red Cross Committee on Schools of the Country. "If people can't get to the dentist we'll send the dentist around to the people," said W. J. Multer, supervising principal of the Junior Red Cross in the public schools of Nassau County.

Confidential
