ARE YOUR EYES TO BLAME? Don't try to stop pain until you have found the cause. Get at the root of the trouble first, and remember pain is only nature's message that something has gone wrong.
Take headache for instance; do you suppose for a minute that the tablet or powder you take to relieve it is any manner of a remedy? You merely dull the nerves so that they no longer give their warning.
90% of all headaches are from defective eyes, and it is our pleasure as well as our business to provide you with glasses that stop the suffering once and for all, by correcting the cause.

ECZEMA
Mr. Ed. Buhler, Francis, Sask.
The majority of these patients have tried Hot Springs, Ark., Banff, Alta., and all kinds of remedies before coming to my place. If your disease will not yield to my treatment, it will yield to no other. I will give you more results in one treatment than you will receive in a year at any other place in Sask.
Send a stamped envelope to one of these patients and find out for yourself, or write for testimonials.
These treatments are the greatest blood preventive known. Sweating will convert the poisonous matter into perspiration, as two-thirds of the impurities must come out through the pores of the skin, and a thoroughly healthy body will assist nature. Medicine says one part of the body destroys the other, and that is the stomach, and no man is stronger than his stomach. Don't put poison into the system to drive out poison, as your liver, lungs and kidneys are overworked trying to rid the system of the poison that is there already. Therefore help it out through the natural way, and that is through the pores of the skin. The skin is one of the most important of these organs. The function of the pores is to carry away the poisons in the blood.
"Larsen's Latest Sweating System and Scandinavian Methods" simply add nature in this important process.
