All the Fuss! in the last Medical School!

That purgative pills, unless some of the human frame, generally or indirectly, from a disordered state of the bowels, caused by Impure Blood, Bilious and Morbid conditions of the Stomach and Liver.

DR. BALSEY'S GUM-COATED FOREST PILLS.

(A Scientific preparation of unmixed drugs.)

These Pills are prepared from the best Sarsaparilla, combined with other Vegetable properties of the highest Medical virtue. They are warranted not to contain any Mercury or Mineral whatever. They purge without griping, nauseating or weakening; can be taken at any time without hinder-ence from business, change of diet, or danger of taking cold. They will not have the taste or smell of medicine, and are five times more effectual in the cure of diseases than any Pills in use.

But a short time has elapsed since these great and good Pills were first made known to the public, yet thousands who already experienced their good effects. Literally given over by their Physicians as incurable, have found relief, and been restored to sound and vigorous health from their use.

TO FATHERS OF FAMILIES.

Bile and foul state of the stomach continue more sickness and death in families than all other causes of disease put together. In the latter part of Summer and Autumn, when the atmosphere every where is poisoned from miasma, arising from stagnant pools and decayed vegetation, whole families are taken down by Malignant Fever, Fever and Ague and other dangerous diseases, all proceeding from a bilious and foul state of the stomach. No parent can be so ignorant, as not to know the great danger attending a child with a disordered stomach; and every parent should be aware, that almost every disease incident to childhood, is caused by a foul stomach.

DEATH OF THEIR OWN CHILDREN!!!

Yet thousands of children and adults die every year through neglect of parents to attend to the early symptoms of a bile and foul stomach.

Superfluity of bile may always be known by some unfavorable symptom which it produces, such as sick stomach, headache, loss of appetite, bitter taste in the mouth, yellow tint of the skin, languidness, costiveness, or other symptoms of a similar nature. Almost every person at this season of the year is bilious, the neglect of which is sure to bring on some dangerous disorder, frequently terminating in death. A single 25 cent box of Dr. Halsey's Gum-coated Forest Pills are sufficient to keep a whole family from bilious attacks and sickness from six months to a year. A single dose, from 1 to 3, of these mild and excellent Pills for a child, from 4 to 6 for an adult, and from 5 to 8 for a grown person, carry off all bilious and morbid matter, restore the stomach and bowels, during and preventing all manner of bilious attacks and many other disorders.

SALTS AND CASTOR OIL.

No reliance can be placed on Salts or Castor Oil. These, as well as all common purgatives, pass off without touching the bile, leaving the bowels costive and the stomach in as bad condition as before. Dr. Halsey's Forest Pills act on the gall ducts, and carry all morbid bilious matter from the stomach and bowels, leaving the system strong and buoyant, mind clear, producing permanent good health.

Dr. Halsey's Forest Pills are unlike all others. They act directly on those vital organs of the Stomach, Liver, Kidneys, &c., which govern the fluids of the body, and separate the impurities from the blood. While they purge all bilious and morbid matter from the stomach and bowels they cleanse and renew the blood, thereby destroy the seeds of disease. The Forest Pills do not weaken, but give strength and animation to both body and mind. They neither cause griping nor any inconvenience whatever, and the patient is better able to attend to business while under their influence than before taking them. They are mild in operation, yet powerful in restoring health.

The great amount of good these Pills have done for the sick and afflicted has induced thousands to commend them to their friends and the public. Individuals of worth and integrity in almost every part of the country have testified to the world in favor of their great effects in curing disease.

Testimonial after testimonial showing their great powers of curing in almost every class of disease have been tendered to us by individuals of unquestionable character and respectability. The following testimony is from a respectable and wealthy farmer residing near Utica, New York:—

UTICA, November 8, 1848.

DR. G. W. HALSEY,—Every fall, for several years back, I have had much sickness in my family, of Bilious Disorders, and Ague and Fever. In the fall of 1848 two of my sons were taken at the same time with Bilious Fever. In former years, when sickness occurred in my family, I had always employed a Physician. But at this time having two boxes of your Forest Pills in the house, concluded to try them. I gave to each of them the Pills, and four hours after I gave them the Castor Oil. They went operated, bringing away much black and green matter. On the following day the fever had left them, and they both recovered without any more medicine. Since this time I have always kept your Pills at hand, and in all cases of disease we have found them to be the most important remedy.

NOTICE TO THE PUBLIC.

In 1843 Dr. Halsey's Pills were first made known to the public, under the denomination of "Halsey's Sugar-Coated Pills." Their excellent qualities soon gained for them a high reputation, and the annual sale of many thousand boxes. This great success excited the avarice of designing men, who commenced the manufacture of common Pills, similar in appearance to Halsey's Pills, and by strewing over them a coat of Sugar, to give them the outward appearance of Dr. Halsey's, in order to sell them under the good will Dr. Halsey's Pills had gained by curing thousands of diseases.

The public are now most respectfully notified that Dr. Halsey's genuine Pills will henceforth be coated with

GUM ARABIC,

An article which in every respect supersedes Sugar, both on account of its healing virtues and its durability. The discovery of this improvement is the result of a succession of experiments during three years. For the invention of which Dr. Halsey has been awarded the only Patent ever granted on Pills by the Government of the United States of America. The Gum-Coated Forest Pills are of a beautiful transparent glossy appearance. The well-known wholesome qualities of pure Gum Arabic, with which they are coated, renders them still better than Dr. Halsey's celebrated Sugar-Coated Pills. The Gum-Coated Pills are never liable to injury from dampness, but remain the same, retaining all their virtues to an indefinite period of time, and are perfectly free from the disagreeable and nauseating taste of Medicine, in order to avoid all knowledge that a dose is taken. Dr. Halsey's true and genuine Pills are that the initials of each box bears the signature of G. W. HALSEY.

Reader !!! If you wish to be sure of a medicine which does does what it promises that healing balm, Calcinated of Mercury, purchase *HALSEY'S GUM-COATED FOREST PILLS*, and avoid all others.

If you desire a mild and gentle purgative, which neither nauseates nor gives rise to griping, seek for HALSEY'S PILLS.

If you would have the most concentrated as well as the best compound vegetable Extract in the world for purifying the blood, obtain Dr. HALSEY'S PILLS.

If you do not wish to fall a victim to dangerous Illness, and be subjected to a Physician's bill of 20 or 30 Dollars, take a dose of Dr. HALSEY'S PILLS as soon as unfavorable symptoms are experienced.

If you would have a Medicine which does not have the bowels costive, but gives strength and relief of weakness, prefer HALSEY'S PILLS, and avoid Salts and Castor Oil and all common purgatives.

Parents, if you wish your families to continue in good health, keep a box of HALSEY'S PILLS in your house.

Ladies, Dr. HALSEY'S PILLS are safe and perfectly harmless, and are adapted to the peculiar delicacy of your constitution. Process them.

Travellers and Mariners, before undertaking long voyages, provide yourselves with Dr. HALSEY'S PILLS, as a safeguard against sickness.

THE PROPHECY FULFILLED!

IN the month of August, 1848, we promised to the world that we would produce a Medicine which would instantly stop the most severe pangs of pain, and speedily cure Dysentery.

We proposed to Hospitals, and all other Institutions for the reception of the Sick, to Physicians, Surgeons, and all Medical Men, to Nurses and Mothers, to introduce our Ready Relief for their investigation, and to illustrate its merits and attractive powers over pain upon the patients.

We claimed that it would stop a fever in one minute, the pangs of that dread disease the Cholera in from one to twenty minutes, to warmth, vitality, and vigor.

That in a few minutes it would relieve the most agonizing pains in the bowels, that in twenty minutes it would stop the most painful and obstinate diarrhœa, and impart a genial warmth to every organ and secretion of the body; that it would positively relieve the most severe cases of Dysentery in twenty minutes, and cure them in fifteen minutes.

That it would be an instant antidote for the most severe Neuralgic pains, and prevent any return of the agonizing pain; that it would cure the most agonizing toothache in a few seconds.

That it would relieve all Rheumatic pains in fifteen minutes, and cure many Chronic cases of Rheumatism in a few hours.

That it possessed a miraculous soothing and relieving influence over all pains originating from Rheumatism, Neuralgia, Sciatica, and Bilious complaints, and thousands of suffering, the most excruciating tortures, would feel its soothing influence in a few minutes.

The world was startled at the publication of our discovery. The wise sneers of Medical Science shook their heads in doubt. The sick and afflicted hoped yet, feared that, like other remedies, it would prove but a delusive vapor then by practical experiments; thousands who had suffered with the most excruciating pains, at once determined to try it; the result was, that from almost every village, town, city, within 300 miles of New York, we were the daily recipients of orders for our extraordinary remedy. The people tried it and found it good; the most torturing pains were relieved from pain and feeble victims of Dysentery, who had been bedridden for years, were suddenly relieved from pain and restored to health. So with the sufferers of Rheumatism, Sick and Nervous Headache, Chill Fever, Diarrhœa, Cramp, Spasms, Cholera Morbus, and, in fact, all painful and distressing Acute complaints, were suddenly relieved from their tortures, and restored to health. It done spread from city to city, the people sounded its wonderful virtues far and wide, and are the earth had on its yearly course.

IMPORTANT TESTIMONIALS.

Copy of a Letter from "Colonel Hawker," (the well-known Author of "Guns and Shooting.")

LONGPARTH HOUSE, NEAR WHITCHURCH, HANTS, October 31, 1846.

SIR,—I cannot resist informing you of the extraordinary effect I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks, that defied all that had been prescribed for me; and yesterday I had recourse to your Lozenges, and I am happy to say, it got completely rid of it by taking about half a wineglass full of your Lozenges, which I feel are the only ones that relieve me without disturbing the stomach or digestive organs.

I am, Sir, your humble servant,

P. HAWKER.

To Mr. Keating, 79, St. Paul's Church Yard.

WILLOW GROVE, EAST INNS ROAD, Friday New Town, Nov. 8, 1849.

SIR,—I conceive that it is merely the publication of a strong testimony of the efficacy of your Lozenges, that is required from the use of your Cough Lozenges. I have for the last four years been a great sufferer from a tickling cough, with a very troublesome expectoration. According to your Cough Lozenges, I purchased a 2s. 9d. tin of my agent, Mr. Keene, Medical Institution, Gracechurch Street, Poplar New Town, by which I am now perfectly cured, and he joins me in return many thanks, and am,

Sir, your obedient servant,

THOS. KEATING, Esq. CHARLES WOOD.

CHURCH STREET, Pollington, November 25, 1848.

SIR,—Having been supplied by Mr. Robinson, Chemist, of this town, for some time, to recommended and recommend your COUGH LOZENGES to which, I am happy to say, I ascribe my cure. I was a sufferer for many years, but was cured one by a cough. I may add, I shall be happy to recommend them, and they will be found to be not only better public, such a valuable remedy, cannot be too well recommended. I have the honor to be,

Sir, your obedient humble servant,

To Mr. Keating. JOHN HILL, Esqr.

MERCHANT WAREHOUSE, Halifax, N. S., August 15, 1846.

SIR,—In continuing the sample of your Lozenges, which you kindly forwarded to me, I have to say, that I am gratified in being able to inform you that they have given great satisfaction to those who have tried them. Some time since I had a very severe attack of COUGH AND COLDS, of which, probably, traces for the Winter is attributable. I shall, probably, require for the Winter a further supply of POINT OR FIFTY POUNDS, which you can forward at first cost, advance by one of the Cunard Steamers, via Liverpool.

With pleasure I assert, that the use of SMITH'S EXTERMINATOR was attended with complete success in destroying Cockroaches, Beetles, and Rats, in and about my premises; which was effected without any inconvenience.

C. F. BAILLARGEON, Pres.

Quebec, 7th March, 1848.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the annoyance, without success. Having been strongly recommended SMITH'S EXTERMINATOR, I have much pleasure in testifying that its use has been perfectly successful in the total destruction of the Rats with which my premises abounded, and that without the least inconvenience.

From the Rev. D. Davis, D. D., Minister of the Baptist Church, Montreal.

I most willingly bear testimony to the good effects of SMITH'S EXTERMINATOR. I found my premises infested with cockroaches, which defied all other means to dislodge them. After one application of the Exterminator, they disappeared, and such like disgusting insects, which were before very numerous.

ELEGANT AND INVALUABLE ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,

FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar ones.

BOSTON, Feb. 15, 1847.

MR. WM. BOGLE.—Sir,—The preparation invented by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It promotes the growth and healthy action of the skin of all impurities, without producing any ultimate deleterious effects, which are too frequently the result of many well-known patented compounds.

WINSLOW LEWIS.

It is an indispensable article for the ladies, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,

A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet invented for shaving. The base of it is derived from the *Amole*, or "soap plant," of California, a root used by the natives of that country for washing; an article used by the natives of the same country for washing; and thus the use of strong alkali, so hurtful to the skin, is avoided. Its vegetable and detergent properties have the purest and most nourishing effects on the skin,—it soothes and allays irritation, and has a fine, thick, creamy lather, which does not dry on the face. It is a decided luxury to be shaved with this incomparable soap. It is done up in elegant style, calculated either for the dressing case of the "rough and ready" traveller, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

The following is from Summer F. Barrett, Saratoga Street, East Boston:

EAST BOSTON, Feb. 8, 1847.

Mr. William Bogle,—Dear Sir: For several years past, my wife has been troubled with baldness on the Crown of the head, about six or seven inches in circumference. After repeated trials of other so-called remedies, and at the urgent solicitation of friends, she was induced to use your Hyperion as a wash, for the purpose of restoring her lost hair, and I am happy to say that it has been to her cause the hair to grow all over the part affected. She has used only two bottles, and that very irregularly; had she used it oftener and more regular, I am convinced the entire growth of the hair would have been accelerated. I am, Sir, yours respectfully,

SUMNER F. BARRETT.

BOGLE'S HEBEAIONA,

FOR REFRESHING AND BEAUTIFYING THE COMPLEXION.

Eradicating Tans, Pimples, Freckles, and other eruptions of the skin, and rendering it fair, delicate, and blooming. It is equally efficacious in protecting the skin from the injurious effects of summer, and freezing winds of winter, and is the most fragrant and delicious article to be found at the toilet of the fair sex.

All the above articles have stood the test of the strictest investigation, and are WARRANTED superior to anything yet invented.

SCROFULOUS AFFECTIONS, &c.

In all these distressing and prevalent cases, there is no question regarding the efficacy of this Medicine, as eminent Physicians of this city, testify to its cures.

Dr. Sherwood's Galvanic Embrocation, I regard as the most efficacious of all remedies in Scrofulous affections. One of my children, a daughter of my friend, was afflicted with a very inveterate and protracted Scrofulous affection, which had continued its ravages nearly two years, various remedies were tried but without effect. The disease exhibited itself in several parts, and was of the discharge from which was acrimonious and very fœtid. At this crisis, I commenced the treatment with Dr. Sherwood's Galvanic Embrocation—the only remedy used in connection, was a decoction of Sarsaparilla, which soon conquered the disease, and a complete cure was effected.

Society at large is indebted to William Bogle, 377, Washington Street, for a series of the most unexceptionable toilet articles. The result of his inventive research, his Hyperion Fluid is extensively used, and stands at the head of the list of preparations for accomplishing the beautifying the hair; his Amole for shaving, is decidedly the greatest desideratum of the age, with the exception of his Hebeaiona, for the complexion, which is unrivalled in its beneficial effects. Sold by the Inventor as above.—See Ads.

STRONG RECOMMENDATIONS.

Regarding the effects of Dr. Sherwood's Galvanic Embrocation, a distinguished Physician of New York remarks "I have witnessed the extraordinary rapidity with which this Galvanic Embrocation is conquering the pain, and captivating the sensibilities of the Patient, and is worthy and intelligent advocate of the Profession, cannot do more than commend it will ultimately effect a more positive reputation in the practice of medicine than any Embrocation discovered by Dr. Sherwood seems to have been little thought of till lately by the profession; and it will be found that best Physicians, and most skilful practitioners, are the most ready to avail themselves of the benefits of good, in a great measure, to the rapidity of practice in a calculated to be the most effectual in the cure of the most obstinate and intractable cases of Rheumatism, Lumbago, and Sciatica, and Neuralgic pains, and Chronic Rheumatism, Its effects are almost magical, its judicious application in injury and contusion, and when applied to any part of the body, even to the most delicate, is one of the most pleasant, and the most effectual remedy.

From the Rochester Daily Democrat.

It is not too much to say that every Family, Hotel, Boarding-house, every place where people congregate, should be provided with a bottle of this powerful remedy, or desire to avoid Physicians and Medicine, which is the case with Dr. Sherwood's Galvanic Embrocation, for it is an invaluable remedy for all the diseases for which it is designed. CRAMP AND PAIN-KILLER.

THE MOST SUCCESSFUL REMEDY KNOWN For the Cure of all Rheumatic Affections—Pain in the Stomach, Back, Side or Limbs—Cramp in the Back, Side or Limbs—Cramp in the Limbs or Stomach—Darting Pains, Bilious Cholic, Dysentery and Diarrhœa, Colds and Sore Throat, all cases of Local Inflammation—Cuts, Wounds, Bruises, Headache, Toothache, Burns, Scalds, Frozen Limbs, &c., &c.

THIS wonderful Medicine has effected many truly surprising cures in cases of the foregoing complaints. And we say no more than hundreds and thousands who have used it will assert, when we say there is no Medicine extant of the power to relieve and cure so quickly as this.

We solicit particular attention to the fact that it does not contain a particle of *Opium* in any form. Neither does it contain *Camphor*.

It is free from any deleterious article, and cannot, in any supposable case, injure the patient.

It does not disorder the *Life Parables*, nor produce the hunting, drying, parching sensations, so much complained of in the use of other "Pain Killers."

It does not weaken the peristaltic motion of the bowels, producing *Costiveness* and its attendant evils, but is a promoter of digestion, and of proper and healthy action in the stomach and intestine canal.

IN ALL RHEUMATIC AFFECTIONS,

LOCAL PAINS, &c., it has proved *surprisingly* successful, rarely failing to cure, even in the most desperate and long standing cases. (See Certificate.) In these cases, the parts affected should be freely bathed, and then rubbed briskly, but briskly—not hard enough to hurt the patient, till an irritation is produced on the surface, and in severe cases the patient should take half a teaspoonful on sugar or molasses.

CRAMP IN THE STOMACH OR BILIOUS CHOLIC.

We believe it will never fail to *speedily cure*. It should be given a teaspoonful at a time, on sugar or molasses, or in any manner the patient can take it best, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not find relief, repeat the dose.

DYSENTERY OR DIARRHŒA,

Are speedily and easily *cured* by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the same.

EVEN THE CHOLERA,

Which during the past season has swept off such a fearful numbers, has been cured by it, we believe in every case; where it has been early and faithfully applied. In Russia, it proved singularly fatal, it was found to yield to this remedy, and CURTIS & PERKINS' *CRAMP AND PAIN KILLER*, was the Medicine recommended by the first Physicians, and by the Press, as the first, the surest remedy to be used.

As a dressing for *Cuts, Wounds, Bruises, &c.*, it is without a rival. As also in cases of *Burns, Scalds, Frozen, &c.*,—relieving the pain and healing without scar.

FOR TOOTHACHE

It is, nine times out of ten, a *CURE*. We believe it will never fail, unless the tooth is ulcerated. If the tooth is hollow, saturate a little lint and put it in the cavity. Hold some of it in the mouth. If the face is swollen bathe with it.

Bathing the head with it is generally a cure for the *Headache*.

We are constantly receiving certificates from every part of the country, many of which may be seen in newspapers, and in pamphlets, which may be obtained of any of our agents.

P. S.—It is the best *HORSE AND OX LINIMENT* in the world.

Please read the following statement from John Buckham, Esq., of Dixmount, Me.:—

DIXMOUT, July 21, 1848.

Messrs. Curtis & Perkins,—For two years past I have been entirely prostrated with the Rheumatism; both of my knees were swelled to twice their original size—a large lump came on my breast bone, appearing like a part of the bone thrown out. Another bone was thrown out of my wrist. In short, I endured every agonizing pain for nearly three years. I obtained the best medical attendance the country afforded, and tried a great number of medicines and prescriptions without the least benefit or alleviation, when I had the good fortune to procure a bottle of Cramp and Pain Killer, prepared by Messrs. Curtis & Perkins, of Bangor. Soon after taking it I found I could get some rest nights, and the pain became less violent. I have continued to take it and apply it externally, until I have used eight bottles. I took much larger quantities than was recommended. The swelling has disappeared from both in my limbs and breast, and I am entirely free from pain. I have been able to do a good day's work at any time for the last three months, for a man of my age. No description of my case can convey the vast amount of benefit I have received from this article. I believe it is the best article in the world for Rheumatism. I have also used it for cholic and pain in the stomach, and always found immediate relief.

JOHN BUCKNAM.

ON THE INFIRMITIES OF YOUTH & MATURITY.

Just Published, 40th Edition, and may be had in French and English, in Sealed Envelope,

2s. 6d. Sterling.

SELF-PRESERVATION:

A MEDICAL TREATISE ON THE PHYSIOLOGY OF MARRIAGE, and DISORDERS OF YOUTH and MATURITY, usually acquired at an early period of life, which enervate the physical and mental powers, diminish and eradicate the natural feelings, and exhaust the energies of Manhood—with practical observations on the treatment of Nervous Debility and Indigestion, whether arising from those causes, close study, or the influence of their chain, *Blackwood*, still under the masterly guidance of *Christopher North*, maintains its ancient celebrity, and is, at this time, unusually attractive. From the serial Works of Bulwer and other literary notables, written for that Magazine, and first appearing in its columns here in Great Britain and in the United States, such works as "The Caxtons" and "My New Novel," (both by Bulwer,) and "My Peninsular Medals" "The Green Hand," "Tales of Ashe," "Lady Mary Lyndsay," "Lady Lee's Widowhood," "Cousin Cyprian," "Ellen Middleton," and other serials, of which numerous rival editions are issued by the leading publishers in this country, have to be reprinted by those publishers from the pages of Blackwood, *after it has been issued by Messrs. Scott & Co.*, who that Subscribers to the Reprint of that Magazine may always rely on having the *earliest* reading of these fascinating tales.

The Nieves of Battle after Flodden, by Thos. Jones Barker	£120 0 0
Round him rush the people crying, 'Tell us all, oh, tell us true! Where are they who went to battle, Randolph, Murray, sworn to you? Where are they, our brothers, children? Have they met the English foe? Why set that alone, unfollowed? Is it weal, or is it woe?' Like a corpse the grisly warrior looks from out his helm of steel; But no word he speaks in answer, only with his armed heel Chides his weary steed, and onward up the city streets they ride; Fathers, sisters, maides, children, shrieking, praying by his side. 'By the God that made thee, Randolph! tell us what mischance hath come?' Then he lifts his riven banner, and the usher's voice is dumb.'	80 0 0
