WITH THE FARMERS

AGRICULTURAL SOCIETY FORMED.

Daysland, Alta., April 7.—At a largely attended meeting of all the prominent farmers in district held in White's Hall Daysland, last Saturday the Daysland Agricultural Society was formed with an enrollment of over 130 charter members. Delegates were present from every part of the district and entered enthusiastically into the work of organization. E. W. Day acted as chairman and E. J. Dinning as secretary for the meeting.

The election of the officers of the new society was proceeded with and resulted as follows:

Hon. President—Hon. W. T. Finlay, Medicine Hat.

President—E. W. Day, Daysland.

First vice-president—H. I. Hastings, Hastings Coulee.

Second vice-president—Dr. McEachern, Bawlf.

Directors—J. T. Rattray, Killam; Geo. Bowie, Ferry Point; Thos. Hogan, Malsted; John Ruszyska, Prague; Wm. Holbrook, Daysland; G. T. Campbell, Spring Lake; S. Y. Ansley, Strome; H. Bentley, Daysland; C. A. McLeod, Daysland.

At the conclusion of the organization meeting the directors met and appointed Mr. Barnard, secretry, and Mr. Dinning, treasurer, of the society. E. W. Day, president, presented the society with grounds suitable for agricultural exhibition purposes.

H. A. Craig, superintendent of fairs and institutes for Alberta delivered an interesting and instructive address and was tendered a hearty vote of thanks by the meeting for his work on behalf of the new society.

SEEDING THIS WEEK.

Regina, Sask., April 6.—With a continuance of such weather as prevailed here during the past few days it is expected that seeding operations will be fairly general before the end of this week.

A prominent farmer of the Regina district stated that with a few more days like yesterday, he would be able to get his seeders at work and have his crop in a full month earlier than last year.

Mr. Ketchen, deputy minister of agriculture, was also in optimistic vein when questioned as to the outlook. The snow he says was practically all off the summer fallows and should the present spring-like weather continue he anticipated that on black land seeding would be in active operation in three or four days.

MONTREAL LIVE STOCK.

Montreal, April 6.—1,211 head of butcher's cattle, 215 calves, 20 sheep and lambs and 714 fat hogs were offered for sale at the Montreal live stock market today. The butchers were out strong and the trade was brisk with higher prices for cattle. Prices for hogs have advanced one cent a pound since last week. Prime beeves sold 5¾ to 6 cents per pound and a lot of 14 extra cattle were sold to a Quebec buyer at 6¼c per pound. Good cattle sold at 4½ to 5 cents and common stock 3½ to 4 cents per pound. Calves sold at $3.50 to $10 each. Sheep sold 5½ and lambs at 6½ cents per pound. Good lots of fat hogs sold 7½ cents per pound.

TORONTO LIVE STOCK.

Toronto, April 6.—Receipts of live stock totalled 54 loads, the fat cattle were the best of the season. Several loads of Easter cattle were on sale. Prime picked lots Easter cattle sold at $5.60 to $5.80. Loads of good, $5.60 to $5.50; medium $4.50 to $5.00; common $4.00 to $4.50; cows $3.50 to $4.25; canners $1.50 to $2.50 per cwt. Sheep sold at $5 to $5.50; yearling lambs at $7 to $7.50 per cwt. Prices for hogs are higher, being quoted by dealers at $6.15 f.o.b. cars at country points and $6.25 for selects fed and watered.

CHICAGO LIVE STOCK.

Chicago, April 6.—The cattle trade is steady with strong spots. The supply is moderate. The buyers took care of everything with a decent quality. In the sheep house the receipts were slightly in excess of the trade needs, and a lot of stuff looked a dime lower than last week's close, although some sales were steady. The supply is light everywhere in the west, indicating the country is not on the selling side of the market. 25,000 cattle showed up on the market today, which was a moderate supply for Monday but was apparently enough to fill the demand.

WORLD'S GRAIN SHIPMENTS.

The total grain shipments in the world last week was 10,016,000, and for the previous week 10,528,000. For the corresponding week last year the shipments were 9,456,000. The following is the distribution by countries:

	This wk.	Last wk.	Last yr.
American	2,368,000	2,752,000	2,560,000
Russian	432,000	224,000	912,000
Danubian	120,000	200,000	520,000
India	——	——	832,000
Argentine	6,248,000	6,752,000	3,514,000
Australian	440,000	368,000	792,000
Aus.-Hun.	——	——	144,000
Chili, S.A.	408,000	232,000	144,000
Corn	2,065	1,762,000	3,323,000

CANADIAN FLOUR IN JAPAN.

Vancouver, B.C., April 7.—F. B. Jonas, of Kobe, Japan, who has been making a visit to Canada, is reported to have said that Canada is now one of the best known countries in Japan and Japanese hold Canadians in high esteem. In his district Mr. Jonas says Canadian flour is the best known and bread made from it is called Canadian bread.

BRANDON GRAIN COMPANY.

Brandon, Man., April 7—The Great West Grain Company, Limited, of Brandon, has been incorporated with a capital stock of $50,000. The incorporators are Jos. H. R. Gillespie, lumber merchant; Charles H. Lamontagne, Clara M. Lamontagne, John R. Brodie, merchant, and Mabel A. Brodie, all of Brandon.

SATURDAY'S GRAIN MARKETS.

Winnipeg, April 5.—The markets all declined on fine weather reports. The break quite marked in Winnipeg, but trading was more active than for some time with a continued demand for low grade stuff. The drop was ½ for April, ¼ for May and ⅜ for July and October unchanged. World's shipments were estimated at 10,280,000 and were an added bearish factor on a short market.

Winnipeg cash wheat.—No. 1 Northern, 1.05½; No. 2 Northern, 1.02½; No. 3 Northern, 97½; No. 4, 91¼; No. 5, 80⅝; No. 6 70½; feed No. 1, 53½; feed No. 2, 48¼. Oats—No. 2 white, 41⅝; No. 3 white, 38½; rejected, C.P., 36¼; rejected C.N., 36.

American options: Chicago—May opened 92⅝, closed 92⅝; July opened 88¾, closed 88⅝; September opened 86⅝, closed 86½. Minneapolis—May opened 1.02¾, closed 1.01¾; July opened 1.02, closed 1.01¼; September opened 90, closed 90¼.

MONDAY'S GRAIN MARKETS.

Winnipeg, April 6.—The wheat markets have had a bad break today owing to the reports of good rains in the southwest winter wheat states. Liverpool was steady and closed only ¼ lower. The American markets opened a shade lower and than gradually declined, closing 1¼ to 2 cents lower than Saturday. Winnipeg followed Chicago and Minneapolis and closed 1¼ to 1¾ lower. Today's Winnipeg prices are: No. 1 Northern, 1.04¼; No 2 Northern, 1.01¼; No. 3 Northern, 96¼; No. 4 wheat, 90¼; No. 5, 80; No. 6, 70; feed wheat, 58; feed No. 2, 48¼. Futures closed—April 1.04¼, May 1.05¾, July 1.06⅞. Oats steady—No. 2 white, 41; No. 3 white, 39; rejected, 36¼. Barley—No. 3, 48¾; feed barley, 41½. Flax steady—1.07¾.

Winnipeg, April 6.—The market opened with a flood of bear news on winter wheat. Shipments were larger than estimated and an increase in the visible over last week. Liverpool was dull owing to larger Russian shipments than had been expected and a very heavy Argentine shipment. Continental markets were dull with very light demand. The American markets were steadily pounded down with all the force the bears could bring to bear and down went the prices. There was heavy unloading of long wheat and the close showed a drop of 2¼ for May, 2 for July and 1¼ for September in Chicago. In Minneapolis, May wheat sold below the dollar mark and closed with May 1¾, July 1¼ to 1¾ and September ⅞ lower than Saturday's close. It was a very sick market. In Winnipeg there was very little demand for high grades, but inquiry for all lower grades was good with extremely light offerings. Prices left the softness in the American markets and dropped off 1¼ for April, 2⅞ for May, 1⅜ for July and September remained unchanged.

Winnipeg cash prices: No. 1 Hard, 1.05¾; No. 1 Northern, 1.04¼; No. 2 Northern, 1.01¾; No. 3 Northern, 96¼; No. 4, 90¼; No. 5, 80; No. 6, 70; feed No. 1, 55; feed No. 2, 48¼. Oats—No. 2 white, 41; No. 3 white, 39; rejected C.P.R., 36¼; rejected C.N.R., 36. Barley—No. 3, 48¾. Flax—1.08.

American options: Chicago—May open 92⅞, close 90½; July open 88¾, close 86⅞; September open 86¾, close 85¾. Minneapolis—May open 1.01¾, close 1.00; July open 1.00¼, close 99⅞; September open 90, close 89½.

TUESDAY'S GRAIN MARKETS.

Winnipeg, April 7.—The markets today are again weak and declining. Liverpool opened ¾ to 1d. lower but firmed up and closed only ¼d lower than yesterday. There is no Chicago market today, but other American markets opened lower and closed 1 to 1¼ lower than yesterday. Our Winnipeg market followed the United States markets, was very dull and closed 1¼ lower. Today's Winnipeg prices are: No. 1 Northern, 1.02¼; No. 2 Northern, 99½; No. 3 Northern, 94½; No. 4 wheat, 89⅝; No. 5, 79¼; No. 6, 69¼; feed wheat, 53; feed No. 2, 48¼. Futures closed—April 1.02¼, May 1.04¼, July 1.07¼. Oats, barley and flax unchanged.

Wininpeg, April 7.—With Chicago, St. Louis and Kansas City markets closed, favorable weather for seeding in Western States, abundance of rain for the winter wheat and a million increase in the visible, the bears had the market all their own. The trading was very light, and though there was no startling slump, there was a very pronounced weakness of tone both in Minneapolis and Winnipeg. The drop in Minneapolis was one cent for May, 1 cent for July and ⅞ for September. In Winnipeg, April was off 1¾ cent, May 1¾ cent, and October 1¼ cent. In Winnipeg the drop was continued for low grades with small offerings and light receipts.

Winnipeg cash wheat—No. 1 Hard, 1.03¼; No. 1 Northern, 1.02¼; No. 2 Northern, 99½; No. 3 Northern, 94; No. 4, 89¾; No. 5, 79¼; No. 6, 62¼; feed No. 1, 53; feed No. 2, 48¼. Oats—No. 2 white, 41½; No. 3 white, 38½; rejected, 36¼. Barley—No. 3, 48. Flax—1.07¼.

WEDNESDAY'S GRAIN MARKETS

Winnipeg, April 8.—The wheat markets have had some recovery today. Liverpol was ¾ to ⅞ lower in the lower markets on this side yesterday. American markets opened easy and a shade lower, but acted steady and gradualy advanced, becoming stronger towards the close. The Winnipeg market sold off at first ¼ to ⅜, but became stronger and closed ¾ to 1¼ higher than yesterday. Today's Winnipeg prices are: No. 1 Northern, 1.03⅝; No. 2 Northern, 1.00⅝; No. 3 Northern, 95¾; No. 4, 89; No. 5, 79; No. 6, 69; feed wheat, 53½; feed No. 2, 48¾. Futures closed—April 1.03⅝, May 1.05¼, July 1.08¼. Oats, barley and flax unchanged.

Winnipeg, Man., April 8.—The markets opened slightly lower this morning on lower cables, but held a firm tone during the day. Offerings were not very large, and at the close wheat showed a great deal of strength. The fine weather throughout the United States and Canada is keeping the prices down. United States government report, which is announced to be slightly bearish, gives wheat conditions at present existing at 19.3, which indicates a crop of 422,000,000 bushels winter wheat. December condition was 90.1 and the April condition last year was given at 89.1. In 1906, December condition was given at 94.1, April 89.1 and July at 85.6, and final harvest was 482,000,000 bushels. In 1905, December condition was 94.1, April 91.6 and July 82.7 and final harvest was 419,000,000 bushels. There was a good demand for No. 3 for export, but trade in cash wheat and oats was otherwise dull.

Winnipeg cash wheat—No. 1 Hard, 1.04¾; No. 1 Northern, 1.03¾; No. 2 Northern, 1.00¾; No. 3 Northern, 95¾; No. 4, 89; No. 5, 79; No. 6, 69; feed No. 1, 53½; feed No. 2, 48¾. Oats—No. 2 white, 41; No. 3 white, 38¾; rejected, 36. Barley—No. 3, 48¾. Flax—1.07.

American options: Chicago—May opened 89, closed 91¾; July opened 85¼, closed 86⅞; September opened 84¾, closed 85. Minneapolis—May opened 98¾, closed 99¾; July opened 99, closed 99¾; September opened 88¾, closed 88¾.

FOR PACKING PLANT.

A meeting of the Red Deed branch of the Alberta Farmers' Association was held on Saturday with President James Bower in the chair. After the regular routine business had been done, the following resolution was passed on motion of James Speirs seconded by Mr. Ward. This resolution is to be presented to Hon. Mr. Finlay, Minister of Agriculture, when in Red Deer this week at the Creamery Convention.

In view of, the fact that for several years the Farmers of this Province have lost money because of the manipulation of the pork market, and as a consequence have to a great extent gone out of the business which would otherwise be a large and profitable one.

And, whereas, these farmers' hopes for the future have been for a time raised by the report and recommendation of the Beef Commission, that a Pork Packing House be built by the Government, and by the promise of the Government to act on that report.

And, whereas, because these farmers have been again disappointed by the failure of the Government to take decisive action at the last session of the legislature, are again taking steps to further reduce their stock.

And, whereas, we believe that in this matter we are voicing the opinion of more than ninety per cent. of the men engaged in mixed farming in this Province.

Therefore, be it resolved that this Association take immediate steps to strongly impress on the Honorable the Minister of Agriculture the fact that these delays are dangerous and that the ground now being lost may never again be recovered.

And be it further resolved, that this Association request that the Honorable the Minister of Agriculture at once take action to appoint the deputation or committee of investigation for which appropriation has been made, and that the Personnel of this Committee be largely made up of practical-experienced farmers. And that a copy of this resolution be at once sent to the Minister of Agriculture and to the Secretays of the various branches of this Association throughout the Province.

SEEDING AT TOFIELD.

The first seeding operations in this part of Alberta commenced today when several farmers in the Tofield district started sowing grain. I. H. Olson, a prosperous Tofield farmer commenced sowing a 150 acre field with wheat. Stewart Hall, another Tofield farmer, began drilling on a 50 acre field. Many others have also started seeding or will start this week. Considerable discing and harrowing as preliminary work for seeding is also being done.

The seeding operations which have started here are all on land that was ploughed last fall or that was summer fallowed. The black earth thus exposed conducted the heat and caused the snow and frost to melt much more quickly than on the sod. As a result the farmers who were able to do some ploughing last fall are now ready to start seeding while others cannot yet start ploughing. Another week of mild weather, however, will see everyone at work seeding.

MONTREAL LIVE STOCK.

Montreal, April 8.—Five hundred head of butchers' cattle, fifty milch cows, 2,000 calves, 25 sheep and lambs and 300 fat hogs were offered for sale in the live stock market to-day. Prime beeves sold 5 to 5¼ cents; pretty good cattle 4 to 5 cents, and common stock at 3 to 4 cents. There were quite a number of milkmen's milch cows sold at $25 to $60 each. Calves sold from $2 to $14 each, or 5 to 6 cents per pound. Sheep sold five and a half to six and a half cents per pound, and spring lambs $4.50 to $5.50 each. Good lots of fat hogs sold at seven cents per pound.

CHICAGO LIVE STOCK.

Chicago, April 8.—The cattle trade was saved solely by the light supply. Had 20,000 arrived a 15 cents break would have been registered. The live mutton trade is this week 10 cents lower. It took choice Colorado lambs to make $7.50. No good prices are expected by the trade for the rest of the week, and country shippers have been advised to restrain their normal impulse to order cars. Fifteen hundred cattle were received to-day, which was a moderate supply for Wednesday, but apparently enough to fill the demand.

ON THE MARKET SQUARE.

The few farmers who are coming in to the market square with produce these days state that everything is in readiness throughout the country for seeding operations and the farmers are now waiting for a few days of warm weather to take the snow away and bring out the frost so that they may begin work. Market produce is selling at about the same prices as have prevailed during the past month

AMERICAN INTERVENTION.

Desired In Hayti—Only Means of Averting Anarchy.

Port-au-Prince, April 9.—There is reason to believe that measures are being taken in this city to force the intervention of the United States. At the moment apparent tranquility prevails but the hostility against the Haytian government is more intense. It is rumored that those opposed to the government, including the better class of Haytians, contemplate bringing matters to a crisis quickly. It is said they will take advantage of the presence of the United States warships to make an armed demonstration precipitating the landing of marines and subsequently American intervention. Prominent Haytian officials said yesterday that conditions were intolerable and that the prompt intervention by the United States or some other power is the only means of averting anarchy. The Haytian people can not maintain a stable government; they would gladly accept provisional American control if only as guarantee of life and property.

Gets Taste of Canadian Justice.

Saskatoon, April 8.—Judge McLarge sentenced a man named Arkiss to one year's imprisonment for attempted assault on a twelve year old girl. The prisoner is an Austrian and the victim a Russian. Arkiss pleaded for leniency on the ground of ignorance of Canadian laws.

BRITISH PREMIE[R] RESIGNS POSIT[ION]

Physicians Advise Him Relief Mean Improvement in Hea[lth] Asquith Called to Biarrit[z]

London, April 6.—The resigna[tion of] Sir Henry Campbell-Bannerm[an as] premier will be officially ann[ounced] tonight in a court circular. T[he re]signation is the result of urge[nt ad]vices of Sir Henry's physician[s who] felt there might be a chance i[mp]rovement in his condition on[ce the] mind was definitely freed fro[m the] strain of political cares. It ha[s been] well known by friends of the P[remier] that throughout his long illne[ss he] has kept a close watch on the [move]ments of his rival, Herbert As[quith,] and as the latter appeared to [be] then his hold on the leadership [of the] party from day to day, whil[e the] breach between the Laborite[s and] Liberals became wider, the str[ain on] the already over-wrought nerv[es of] the sick man became greater [and] greater and added to his se[rious] weak heart action, making h[is re]covery apparently impossible, s[o] as a last resort his physicians a[dvised] he tender his resignation as pr[emier in]stead of waiting until the ret[urn of] King Edward from Biarritz, as [was] expected.

H. H. Asquith has been sum[moned] to Biarritz for a conference wit[h the] King regarding the formation [of a] new minister, as the Bannerman[ministry] expires with the resignatio[n of] the premier. Pending the confe[rence] no steps can be taken towards th[e ap]pointment of a new cabinet.

The last bulletin of Sir Henry' [con]dition announced that while he [was] resting easily no change had [been] noted in the past 24 hours.

The Cabinet Changes.

London, April 6.—The cabinet [met] today, and there is good reason [to be]lieve that the Marquis of Ripon, [lord] of the Privy Seal; Earl of Elgin [sec]retary for Colonies, and Lord T[ed]mouth, First Lord of the Adm[iralty] will take advantage of the recon[struction] of the cabinet to hand in [their] resignations. Lloyd-George is e[xpect]ed to succeed Asquith as chancel[lor of] the exchequer, and Winston Chu[rchill] will probably be the new secret[ary of] state for the colonies. This i[s the] first time in history that a chang[e has] been made in the premiership [during] the sovereign was absent from [the] land. There is no change in the [con]dition of Campbell-Bannerman.

The Right Honorable Sir H[enry] Campbell-Bannerman, who has [been] British premier since 1905, has [been a] long and distinguished political c[areer.] His command of the Liberal p[arli]mentary party, with all its divers[e ele]ments, was a marvel in per[sonal] prowess. He did not rule by [force,] adroit diplomacy, but almost w[holly] by the confidence that all the dif[ferent] sections had in the essential sim[plicity] of his attitude. It has been [often] fully remarked that few public [men] have ever earned a place so ne[ar to] the hearts of their political suppo[rters] as Sir Henry, in whose gha[nsha] honesty of purpose there was [full] confidence.

Sir Henry Campbell-Bannerma[n is] the second son of the late Sir J[ames] Campbell, of Stracathro, Forfars[hire,] and was born in 1836. He was [edu]cated at the University of Gla[sgow] and Trinity College, Cambridge. [In] 1872 he assumed the additional [surnam]e of Bannerman under the w[ill of] his uncle, Mr. Henry Bannerman. Sir Henry owed his wealth to [the] great drapery firm of J. & W. C[ampb]ell & Co., of Glasgow, of which [his] father was the founder.

He entered parliament in 1868 [and] continued to represent the Stirling[shire] trict until his death. He servi[ed in] turn as financial secretary of the [war] department, secretary of the ad[mira]lty, chief secretary for Ireland, [for] twice secretary of state for war, [and] was elected Liberal leader in F[eb]ary, 1899, after the death of Glads[tone.] During the South African war [his] sentiments were of a decided pro[-Boer] character, with the result that he [was] his party on the question.

Sir Henry bore the brunt of the [battle] for several years in the House of C[om]mons. He bore, too, the obl[oquy] that sprang from public anger [at] his pro-Boer attitude. He was n[ot] seriously accused of disloyalty, [but] his tinge of pro-Boerism was long [not] forgiven by the public.

While Sir Henry was univers[ally] respected, he was never regarded [as a] great political leader, in the sense [that] Gladstone and Harcourt were lead[ers.] Personally popular and of a p[leas]genial disposition, he never sho[wed] the force necessary to dominat[e a] great party. He stood well en[ough] with the Radicals, without ha[ving] aroused their enthusiasm, and h[ad] escaped giving serious offence to m[ode]rate and imperial Liberals, though [the] latter never took kindly to his le[ader]ship. But of his personal popula[rity,] integrity and sincerity there never [was] any question, and "C.-B.," as [he] was familiarly called, was held in [uni]versal esteem.

In 1860 Sir Henry was marrie[d to] Charlotte, daughter of the late [Gen]eral Sir Charles Bruce. She di[ed in] 1906 at Marienbad, after a long [ill]ness.

Sir Henry was always a man w[ho] Gladstone regarded with favor. [In] 1964-5 he was given the impo[rtant] position of chief secretary for [Ire]land, and in Gladstone's third [cabi]net, in 1886, he was intrusted wit[h the] portfolio of secretary for war. [The] same position was given him i[n the] Gladstone ministry of 1892.

By no means strong in debate, [and] by no means able as an orator [as] Henry was yet a powerful factor [in] the House of Commons. Beside G[lad]stone, whom he succeeded in [the] Liberal leadership, Sir Henry did [not] compare either as orator, debater [or] writer. Yet in his way he was [pro]bably even more attractive than G[lad]stone. While he was never [wor]shipped as a hero, he was al[ways] prized as a personal friend.
