Time—2:33¼, 2:30, 2:34.

EAST ELGIN.

St. Thomas, Ont., Sept. 23.—The East Elgin Fair is now running in full. The exhibits are fair and the present outlook is for a large crowd. Yesterday afternoon there was a good attendance, and every visitor was well satisfied with the exhibits, and especially those of live stock. The exhibits of horses were placed under the supervision of B. Marlatt and P. Carman, and the judges found that they had a considerable task in selecting the winners. The usual number of cattle exhibitors has been considerably augmented, among those having Shorthorns being W. G. Sanders, R. Sanders, Thos. Putcher & Sons, H. Shore, of Glanworth; A. Arford and W. Hepburn. The cattle in this class are above the average. The attraction in the afternoon consisted of a farmer's trotting and pacing race for horses that have never won public money, owned and driven by farmers or farmers' sons.

The matched bicycle race between P. Devine and J. Potts was won by the latter in 2:27.

Handicap race—Won by Kennedy, Stratton 2, Ashbaugh 3.

Farmers' trot—H. Allen won, Laidlaw 2, Campbell 3.

THE NORTHWESTERN.

Goderich, Ont., Sept. 23.—The great Northwestern Exhibition at Goderich scored a grand success, with Queen's weather. The attendance was one of the largest ever on the grounds. The stock stables were all filled, and it was a matter of general remark that their quality was better than ever, showing the wonderful strides that have been made the last few years in the improvement of all kinds of stock. Speeding in the ring was the order of amusement, and close competition delighted the audience. With every department filled the directors feel satisfied that they have established this as Huron's greatest fair.

NORTH WATERLOO.

Berlin, Ont., Sept. 23.—The North Waterloo fall show closed yesterday. The weather was exceptionally fine, and a very successful fair terminated. Horses, cattle, sheep and pigs were unusually large and good, as were grain, seeds, roots, and vegetables.

KINCARDINE.

Kincardine, Ont., Sept. 23.—The Kincardine Township Agricultural Society held its exposition here Tuesday and yesterday. Notwithstanding that the harvest has not all been gathered in in this section, the exhibition was a good one, and there was a splendid crowd of visitors. The Kincardine township fairs have long been noted for the excellence of their exhibits. The exhibition this year was splendidly managed by President Alex. Campbell, of Lorne; Secretary E. Leonard, Shewfelt, and an energetic staff of directors.

BRANT SOUTHERN.

Brantford, Ont., Sept. 23.—The second day of the Brant Southern Fair was favored with fine weather. Attendance very good. The display of cattle excels any previous exhibition, both in numbers and quality, as also do the pigs and sheep, of which there are some very fine exhibits. There is also a very large display of poultry and pigeons. Last night there was a grand display of fireworks, and the grounds were crowded.

CAME ALONE.

Four Little Children Tagged From Germany Crossed the Ocean.

New York, Sept. 23.—The Herald says:

Three little girls and a little boy, after having crossed the Atlantic unattended, gleefully disembarked from the North German Lloyd steamship Havel when that vessel tied up to her pier in the harbor.

The children were Emiline Greiner, 10 years old, who was "tagged" to her father at 322 West Ninety-fifth street, this city; Dorothy Vral, 8 years old, whose mother's address, in Mount Carmel, Pa., was displayed on her frock, and Karl and Johanna Kolt, 9 and 8 years respectively, who were billed to their mother, Mrs. Altman, of Hoboken, N.J.

Emiline played "little mother" to the other youngsters, on the way across. She was particularly solicitous when any of her companions showed signs of seasickness.

The children were petted by the older passengers and were the life of the ship.

Piles! Piles! Itching Piles!

SYMPTOMS.—Moisture; intense itching and stinging, mostly at night; worse by scratching. If allowed to continue, tumors form, which often bleed and ulcerate, becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. All druggists, or by mail, 50 cents. Provincial C. E. Union

Its Growth and Some of Its Objects.

Interesting Facts and Figures—The Coming Convention at St. Thomas —Outline of the Programme.

The growth of Christian Endeavor work in the Province of Ontario must be very gratifying to all who have the interest of the movement at heart. The first society in Ontario was organized in 1884 by the Rev. A. F. McGregor, B.A., Woodstock, then pastor of the Western Congregational Church, Toronto. At the time of the organization of this society few churches in Ontario had heard of Christian Endeavor, and up to the end of 1886 the first society was joined by only three others, viz., that in the Guelph Congregational Church, one in King Street Presbyterian Church, London, and one in First Congregational Church, Kingston. In 1887 thirteen were added, and at the end of 1888 the societies numbered 55. In 1889 the Ontario Provincial Union was formed, its first convention being held at Toronto on Nov. 18 and 19. At the end of the year there were 150 societies. In 1890 the number of societies reached 341; in 1891, 546; 1892, 851; 1893, 941; 1894, 1,496; 1895, 1,852; 1896, 1,853.

The total membership in Ontario in round numbers is 85,000. The Methodists lead with a membership of about 40,000; the Presbyterians have 27,000; union societies, 6,500; Baptists, 5,000; Congregational, 2,300; Episcopal, 1,200; Disciples, 1,100; Ontario Christian Church, Friends, Evangelical Association, United Brethren, Evangelical Lutherans, etc., in their order making up the balance.

The object of the Ontario Christian Endeavor Union is to stimulate an interest in the formation of Young People's Societies of Christian Endeavor and local and county unions of the same, and to promote their efficiency as factors in Christian life and church-work by bringing them into closer relations with each other through correspondence, reports and conventions.

The proper work of the union is summed up in two words, "Inspiration and fellowship," the great object to fit the young people to do better work in and for their own church.

The Ontario Christian Endeavor Union is no way legislative, and it resembles closely the Ontario Sunday School Union. An annual convention is held, and the officers there appointed have charge of the work until the next convention. Money contributions which are received go towards promoting the welfare of the Christian Endeavor cause throughout the province, viz., in gathering statistics, distributing literature, arranging conventions, paying traveling expenses of speakers at them, and for programmes, reports and incidentals.

The union is a bureau of information. The general secretary is continually receiving inquiries from newly organized societies or from young people about to organize, and pamphlets giving the required information are freely and gladly distributed. Members of the executive spend much time in attending meetings and conventions to help the young people in the efforts to do effective Christian work.

The provincial union, through the junior superintendent, Miss Wiggins, is also encouraging the boys and girls to band themselves together in Christian service.

The number of junior societies reported in 1891 was 10; in 1892, 38; 1893, 105; 1894, 178; 1895, 238; 1896, 287; total membership, 14,055. The cheering fact was announced at the Ottawa convention that 388 juniors had joined the church in the year, while missionary and temperance work have been greatly stimulated through the efforts of the junior workers.

Any Young People's Society of Christian Endeavor, or any denominational Young People's Society taking in addition to its title the name of Christian Endeavor, whose pledge and constitution conform with the spirit of the model constitution, is eligible for membership in the provincial union.

The ninth provincial convention will be held in St. Thomas, beginning on Wednesday, Oct. 6.

The following is a partial outline of the programme:

THE LUST FOR GOLD.

Danger of the Crave for Money-Getting Becoming Predominant.

Manhood, honor, and all that is best in life is seriously imperilled in Canada at the present time by the inordinate lust for wealth which is being stimulated by every day's report of fortunes made in mining stocks. The love of money is always strong. Many men are ready for any risk or sacrifice or endurance so long as there is hope of great gain. But there are ebbs and flows in the tides, and just now the flood is at its full.

Those who have to do directly with commercial affairs know how eager the rush is, and how daring men become. Not a little bit of what is called commercial enterprise and up-to-date business is ill-disguised robbery. The false and foolish maxim that competition is the life of trade, is working out its legitimate results. There is very little business honor left, and the public are beginning to learn that the new methods have their disadvantages. Meanwhile the young manhood of the country is being warped to the earthy, and life is being honeycombed by deceit and dishonor. The bearing of this upon business methods is not difficult to read. Faith is as necessary in the bank and store as the church. That the danger is very real is manifest from the warnings given in the name of business by business men. This sentiment found expression recently in an editorial in the Evening Journal, Ottawa, which dealt with a local instance. The same week Toronto furnished an equally pertinent text. Here is the newspaper's warning:

"The greatest danger of the time on this continent is the idea that money overtops everything else—that a successful money maker is by the mere fact of success the right kind of a man—that character, honesty, ability, merit, all mean little without money, and that money without them is better than any or all of them without money. This is the great threatening curse of a commercial, peaceful, democratic continent. Rank and title have their value in the old world as antidotes or checks to that sort of evil, but in this hemisphere we must rely on the homes and the schools, the churches and the press, to set up better ideals than money, or else honesty is going to have a hard time everywhere to hold its own against money—and if honesty goes to the wall, every other decent sentiment in the community will follow."

The appeal to the moral teachers of the country is timely. The home, the school, the church, and the press, are all "workers together with God" for the salvation of life from the brand of Cain. But how can the home save its offspring from the love of money when parents hand over the moral training of their children, as well as the mental, to the state? How can the school inculcate a morality virile enough to stand erect when time and energy are consumed in the one effort to pass examinations, and when morality is robbed of its sanctions in religion and the moral law? To what purpose is the appeal of the pulpit or the warning of the press if the home and school have been unfaithful? The danger is threatening, and those who love righteousness must stand guard lest in the rush of life what is best in life be lost forever.—The Westminster.

SAM LEE'S LOSSES.

St. Thomas, Sept. 23.—Sam Lee, the Chinaman who runs a laundry next to the Bell telephone office, is in trouble again. A short time ago Quong You, one of his Celestial employes, robbed Sam of $93, and in getting the money back Harry Travers smashed Sam over the head with a monkey-wrench. Sam ironed Alex. Armstrong, and for so doing got arrested, but was subsequently discharged. About three weeks ago Sam rolled $350 up in a paper and hid it away. On Tuesday, when he went to get the money, it was gone. So was Quong You. One hundred dollars of the money belonged to Sam's brother, who lives in Chatham. A warrant was issued for the arrest of You, who is in Ingersoll.

NOT YET SHAKESPEAREAN.

The King of Siam is not as yet a Shakespearean scholar. On the recent occasion of his visit to Denmark, he accompanied the Crown Prince Frederick to Helsingfors and was duly conducted to the grave of Hamlet, Prince of Denmark. Here he took off his hat and stood for a moment in reverential silence. Then, turning to the crown prince, he said, with deep sympathy, "A relation of your royal highness, I presume. Has he been long dead?"

Many men fool with sickness just as a bear fools around a trap. A man doesn't like to own up that he is ill. He says "O, it amounts to nothing. I shall be all right to-morrow." But he isn't all right to-morrow; nor the next day. Pretty soon the trap snaps to; and he has some serious disease fastened on him.

The only sensible course is to keep away from the trap, and not allow sickness to get any hold on you. It is a frightful mistake to trifle with indigestion and bilious troubles in the belief that they will cure themselves. On the contrary they drag the whole system down with them.

When the appetite and digestion are irregular it shows that the machinery of the body is out of order and is not doing its proper work; the blood-circulation is poorly supplied and is being gradually debased by bilious poisons.

The proper alterative for this condition is Dr. Pierce's Golden Medical Discovery. It acts directly upon the digestive functions and the liver; and enables the blood-making glands to supply an abundance of pure blood, rich with the nutritious vital elements which build up healthy flesh and enduring strength.

In all impoverished and run-down conditions the "Discovery" is far better than malt "extracts" or nauseating "emulsions." It creates genuine permanent strength. It does not make flabby fat but solid muscle. It is a perfect tonic for corpulent people.

A full account of its properties and marvelous effects in many so-called "hopeless" cases, verified by the patients' own signatures, is given in Dr. Pierce's thousand-page illustrated book, "The People's Common Sense Medical Adviser." This splendid volume will be sent free on receipt of 31 one-cent stamps to pay *cost of customs and mailing only.* Address, Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y. For a cloth-bound copy send 50 stamps.

"Having suffered for several years with indigestion," writes Samuel Walker, Esq., of Parkesburg, Chester County, Pa., "I concluded to try your valuable 'Golden Medical Discovery.' After taking five bottles I was entirely cured. I also suffered from bladder trouble, which was also cured by the 'Discovery.' I feel like a new man."

Did Much for Her.

Mrs. Louisa Harding, No. 743 King street, London, Ontario, Canada, and a resident of this city for the past twelve years, says: "I was a sufferer for over a year with a severe form of catarrh, and I desire to say that I have derived much benefit from the use of Munyon's Catarrh Remedies. This disease gave me considerable trouble, through the dropping of the mucous in my throat. My sleep was not very good. Appetite was also poor. After trying other remedies, and not getting any perceptible relief, I decided to try Munyon's Catarrh Cure and Tablets. They have done much more for me than I anticipated. Indeed, they have done me so much good that I am feeling very much better, and desire to heartily recommend these remedies to all catarrh sufferers."

Completely Restored to Health.

Mr. Richard Thompson, 15 Wellington street, London, Ont., says: "For three years I suffered greatly with rheumatism. The pains were so intense at times that I would almost drop from the excruciating agony which I suffered. It was only with the greatest difficulty that I followed my usual employment as a polisher. I tried many physicians, and nearly every known remedy, but without success, and without any permanent relief. A year ago I was persuaded to try Munyon's Rheumatism Cure. I did so without any hope of real benefit at the time. Contrary to my expectations, however, after giving the remedy a trial, I found, to my unbounded joy, immediate relief, and after the use of only three bottles of this wonderful cure I was completely restored to health. At my advanced age of 54 years my recovery after so much suffering seems nothing short of marvelous. Rheumatism sufferers should consult Munyon, for he can cure them."
