LACROSSE MATCH BETWEEN PRESSMEN AND TELEGRAPHERS.

Result of the Pedestrian Hippodrome—A Poor Showing — Royal Grenadier Matches—A Fine Athlete.

A large number of the friends of both teams assembled on the Toronto lacrosse grounds Saturday afternoon to witness the match between the pressmen and the telegraphers. The attendance was very gratifying to the players and put them on their best mettle. Although the match was not a particularly brilliant one, it was lively and interesting enough to hold the spectators until the close. Play was commenced about three o'clock, with the following men in the field:

Telegraph team: J Cook goal, A B Mackenzie point, A McConnell cover-point, R Irry 1st defence field, J Hickson 2d defence field, T Pike 3d defence field, L G Skelton centre field, J Kane home field, M Duperow home field, George Little 3d home, George Taylor 2d home, George Hogarth 1st home; J L Curry field captain.

Press team: J A McLean, Mail, goal; P D Ross, Mail, point; R Richardson, Globe, cover-point; G M Harrington, Globe, J C Maclean, World, and J A Ewan, Telegram, defence field; J Lewis, Mail, centre; W J Canton, World, Tom McQueen, Telegram, and F Thompson, Mail, home field; Scott, Globe, and Haight, Telegram, home; captain A P Lowry, Mail.

Officers: Telegraph umpire, James Knox; press umpire, W K McNaught. Referee, Ross Mackenzie.

The press gang wore dark blue and black ribbed guernseys, and presented quite a formidable appearance, having the advantage in size and weight, but their opponents looked none the less fresh and agile in their pretty guernseys of light blue and white. It is not a very agreeable task for one to write up or criticise a game in which he was a player, so we refrain from entering into particulars of this contest. Indeed, the match does not call for a lengthened notice. It was considerably of a one-sided character. The press team had everything their own way and won in three straight games of 14, 21 and 38 minutes respectively, the last game being delayed several minutes by an injury to one of the electric twelve. The burden of the play fell upon the press home and the telegraph defence. There was comparatively little play in the immediate vicinity of the press flags and only twice during the afternoon was their goal in danger. The match was not marred by a harsh word or a dispute, and no serious accident happened, although a good many hard knocks were exchanged. Hickson quit playing after the second game on account of an old sprain, and the press captain made sides even by retiring Thompson. The telegraphers accepted their defeat in the best possible spirit. It must be said for them that some of their best men were unavoidably absent, and that they had very little previous practice. They want to meet their opponents again, and a return match is talked of.

The telegraph club entertained the victors to an oyster supper at Bingham's Hub Saturday night. About forty sat down to an excellent spread, Mr. Curry, who distinguished himself as field captain of the telegraphers, being chairman. A number of toasts followed, some nice little speeches were made, and a pleasant time was spent generally. Each club drank the other's health and success with three times three and a tiger, and the wish was expressed that they would frequently meet on the lacrosse field and around the festive board. Among other toasts were Our National Game and the Toronto Lacrosse Club, responses being made by Mr. McNaught and Mr. Mackenzie, respectively. The national anthem was sung at 11 o'clock, bringing the proceedings to a close.

A FINE ATHLETE.

Everyone who witnessed the lacrosse match between the telegraph and press clubs Saturday afternoon must have admired the athletic form and fine play of P. D. Ross. Mr. Ross is sporting editor of the Mail, but notwithstanding his arduous newspaper duties he finds time to indulge in outdoor sports of an exciting nature. One of the best football players in Canada, he is at the same time an adept with the oar, and has lately turned his attention to lacrosse at which he is becoming very expert, as was evidenced by the magnificent game he played Saturday. If Mr. Ross keeps on in the way he has commenced it would not be surprising to see him in the first twelve of the Torontos next season. The pressmen of the city are proud of having such a fine athlete in the profession.

ROYAL GRENADIER RIFLE MATCHES.

The annual matches of the Royal Grenadiers were held Saturday. The weather was very fine, although the wind was so strong that the shooting was completely spoiled and consequently the scores were very small. About 150 competed and the darkness prevented the match being finished. The 600 yards range will be fired Thursday next. The following results are not official and may be subject to slight changes:

RESULT OF THE WALKING HIPPODROME.

NEW YORK, Oct. 28, 10 p.m.—Fitzgerald 577, Noremac 567, Herty 541, Hughes 525. Shortly after 6 o'clock the pedestrians retired to their tents to prepare for the night appearance. As they staggered in it was evident that the strain upon them was enormous. There was but faint hopes to get a crowd to witness the finish. At 8 o'clock the men came on the track. A considerable crowd had gathered. Herty seemed better able to bear the torture of the last miles than the other. There was a deathly pallor on Hughes' face and his sunken eyes had almost an idiotic stare. Coming near 10 o'clock the audience was enthusiastic and cheered the walkers lustily. At 10 o'clock the race was over. The gross receipts were $26,373; the rent is $10,000 and the other expenses, including 15 per cent to Peter Daryea and advertising will reduce the net receipts to almost nothing.

ROSS MACKENZIE'S MEDAL.

A pleasing incident at the telegraph-press oyster supper Saturday night was the presentation to Ross Mackenzie by W. K. McNaught of the medal the former won at Montreal on Saturday, November 21, for throwing the lacrosse ball. Mr. McNaught received the medal from Montreal Saturday morning, and as both he and Mr. Mackenzie were guests at the entertainment in the evening, the occasion was deemed to be appropriate for the ceremony of presentation. Mr. McNaught, who was one of the judges at the competition, congratulated Mr. Mackenzie upon having won the prize fairly and honestly by the unprecedented throw of 140 yards 8 inches. The medal was accompanied by a nice letter from Ald. McShane, whose wife was the donor. The recipient received an ovation from the company and made a suitable response.

THANKS TO THE TORONTO LACROSSE CLUB

The Press lacrosse club feel very much indebted to the Toronto lacrosse club for the use of their grounds on several occasions lately. Both officers and members of the Torontos have done everything possible to instruct and encourage the press men in their play. Their kindness will not soon be forgotten. No wonder the national game prospers in the hands of such gentlemen as compose the Toronto lacrosse club.

THE SUBURBS.

WESTON.—The village council are making great improvements in the drainage and sidewalks of the village, and it is to be hoped that at their next meeting that they will take into consideration the best means of furnishing the village with fire protection, which is badly needed.

Mr. McLean Stinson, timber merchant of Weston, has sold his property for $5,000 to a Brampton lady.

Ben Boylan, living just outside of the village, was arraigned before Mr. Evans, J. P. of Islington, on Friday evening for brutally assaulting a toll-gate-keeper on the Dundas road last week, for which he had to pay a fine of $10 and costs.

OVER THE DON—Last evening a gang of hoodlums assembled at the corner of Crawford street and Mill road Riverside, and insulted passers by with their language, also throwing mud at them. An application will be made by several ratepayers of Riverside to the county judge to be sworn in as special constables for the winter.

On Friday evening Mr. George Leslie jr., J. P., held court at Wood's hall, Kingston road, when C. Helliwell settled the charge of obstructing the public highway by paying costs and undertaking to remove the obnoxious fence.

W. H. Doel J. P. on Saturday held his levee at Tomlin's hotel, Riverside, and fined A. Vennor $10 and costs or 60 days for beating his wife.

H. Slater of Owen Sound has received the appointment of head master of the Bolton street schools, Riverside. The salary has been raised to $700 per annum.

For Dr. Wild.

At one of the registry courts at London recently a Jew old clothes man from Hound's Ditch proved his claim to a vote from the city. Without pretending to trade this Hebrew's genealogy to any particular tribe, the simple and singular fact is recorded that he gave his name as Izaak O'Donoghue.

University College Modern Language Club.

The regular German meeting took place in Moss hall on Saturday the president in the chair. Messrs. Balmer and Mecheean gave readings. Mr. Squair read a portion of the late prize German essay, the subject being, "The relations of English and French to German literature." English meeting next week.

Tobaccos.

Messrs. Robt. Shields & Co., Ontario agents of Lemesurier & Sons of Quebec city, are still being favored with large orders by the wholesale men throughout this province. This shows a constantly increasing demand for the articles. All the retail dealers now keep these favorite brands, and report that they are taking well with the weed-using public.

Provincial Appointments.

John Winchester of Toronto, barrister-at-law, to be registrar of the queen's bench division of the high court of justice.

J. Robinson of St. Thomas, and M. C. Galbraith of Bowmanville, to be notaries public for Ontario.

Jacob Hoppel of Morrisburg, to be bailiff of the fifth division court of Stormont, Dundas and Glengarry.

A Big Enterprise.

A. J. Close & Co., stock brokers, announce the prospectus of the Dominion bolt and iron company, which is to erect its works at the Humber, as published in these columns some days ago. The capital of the company is to be 8500,000 in $100 shares, more than three-fifths of which has already been subscribed for. The new concern will take over the Dominion bolt company, already a successful business, and go into the rolling of and manufacture of iron from scraps and from ore as well. Toronto is going ahead by strides and this new enterprise is one of them. All information regarding the stock, the prospects of the company, etc, may be learned from the Messrs. Close.

Around the World in 80 Days.

The Kiralfy brothers this season promise a series of attractions never equalled in their history. This week they will present to the patrons of the Grand opera house the magnificent spectacle above named. All the scenery employed has been specially designed and made by Berotza of Venice, Kantizka of Vienna and Robechi of Paris, and armor costumes and jewels purchased in London.

The Kiralfys are Hungarians by birth and blood, they are Germans in good-fellowship and Americans in business ability and shrewdness. They are probably the best posted men in theatrical matters in the business and their name is sufficient guarantee that the patrons of the Grand will this week be treated to the most brilliant spectacular production ever witnessed in this city.

The Senate Must Go.

From the Orillia Times.

The senate is no longer the servant of the people, it is merely the drudge of the conservative party. Its usefulness is thus gone, utterly and hopelessly. A large sum of money is annually thrown away upon a body of sham legislators who never meddle in public affairs except to do mischief. The sceptre had, however, slipped out of the hands of the Ottawa senate ever since Ontario demonstrated that a local government of unusual ability, strength and popularity held the real balance of power. Ontario is leading the Dominion in legislative reform, and in future the various local governments will recognise their mission and will use their great local influence in protecting the people from any unjust encroachments on the part of a too dictatorial central government. The senate must go; especially since we have in our local governments popular legislative bodies that will watch over the legislation of the country far better than an irresponsible body who hardly betray more than a personal interest in the legislation brought under their notice.

The men seized their axes, and it was thought for a moment that an encounter would ensue. The matter was finally compromised by telegraph men agreeing to trim the trees.

Catarrh—A New Treatment.

From the Weekly (Toronto) Mail, Aug. 24.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for catarrh. Out of two thousand patients treated during the past six months fully ninety per cent have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent of patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissue, Mr. Dixon at once adapted his cure to their extermination—this accomplished, he claims the catarrh is practically cured and the permanency is unquestioned, as cures effected by him two years ago are cures still. No one else has ever attempted to cure catarrh in this manner, and no other treatment has ever cured catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Mr. A. H. Dixon, 305 and 307 King street west, Toronto, Canada, and enclose stamp for his treatise on catarrh
