A GREAT SUCCESS
Has BRYCE'S PAVEMENT proved itself
The time is now drawing near when the weather will be favorable for the laying of all sidewalks, driveways, garden walks, stable floors, brewery floors, cellar floors, etc., and we beg to draw the attention of the public to the fact that for the above named purposes
BRYCE'S PATENT PAVEMENT
Is unequalled. It has stood the test in all kinds of weather and has been acknowledged by experienced men, well known to all in the City of Toronto, that it is the best, not only for its durability but for its healthiness, cleanliness; that it can be laid perfectly watertight, that it never absorbs fluids of any kind and never becomes slippery, and for many other reasons it is preferred by all who know of it. It is more durable than stone and does not cost half the price. For cellar floors it is a decided preventative against rats or mice or dampness or bad smells. Please see what Dr. Strange says of it in his letter, which we have below given a copy of. No cellar should be without it to insure healthiness.
For garden walks and driveways it is unsurpassed, from the fact that no grass will grow through it as it does through slat walks, and no loose gravel to come from it to destroy lawns or lawnmower. See Osgoode Hall walks.
This pavement is entirely a Toronto invention and manufactured in Toronto. It has been laid in all parts of the city and has proven itself a success in every sense of the word.
Below we give a list of names for whom we have laid our Pave ment in various parts of the city and for various purposes:
Dr. Strange—Stable, coach-house, cellar and sidewalk.
Dr. Lynd—Sidewalk.
Dr. Chandler, 41 Spencer-avenue—Driveway and sidewalk.
Consumers' Gas Company, cellar floor and roof. (See testimonial.)
Dr. Larratt Smith—Stable and coach-house.
W. H. Pearson, Esq., Manager of Consumers' Gas Company's Works, Sherbourne-street—Stable and coach-house.
The Corporation, City of Toronto—About 12 miles of sidewalk.
Queen-street, north side, west of subway.

Mrs. Dorsay, 152 York-street—Sidewalk and cellar.
Mr. Murphy, N.E. corner King and Power-streets—Sidewalk.
Opposite 278-282 King-street east—Sidewalk.
Toronto Fire Department, No. 1 Fire Hall, Lombard-street—Stable floors.
Osgoode Hall grounds—Sidewalks and court yard, superintended by H. G. Storm, Esq., Architect.
Davis Brewery Company—Cellar floor and driving shed.
O'Keefe & Co.—Watertight floors, etc.

And many other names too numerous too mention.

What the Consumers' Gas Company Say About It.
TORONTO, March, 20, 1889.
Messrs. Bryce Bros., Toronto:
Dear Sirs:
Replying to your favor of the 19th inst., I have pleasure in stating that the "Bryce's Patent Asphalt Pavement" laid by you in this Company Purifying House at the Works, and in the yard and cellar at the Company's offices, Toronto-street, in December last, has given entire satisfaction. That laid in the yard has been exposed to the rain, snow and frost during the winter and has not cracked at all, and seems to be quite as good as when laid down. This pavement is also laid above the cellar, and has proved perfectly watertight, not allowing any moisture whatever to penetrate through into the cellar, although wet snow has been allowed to remain on it for a considerable time.
Yours truly,
W. H. PEARSON,
General Manager and Secretary.

What Dr. Strange Says About It.
218 SIMCOE-STREET, TORONTO,
May 16, 1889.
Messrs. Bryce Bros.:
Gentlemen,
The Asphalt flooring laid by your firm last year in my stables and coach-house has given me great satisfaction. It appears to be perfectly durable, does not absorb fluids and is consequently always sweet and clean. Another good feature it possesses is that it never becomes slippery. I do not see how it is possible to have a more satisfactory flooring for stables.
Yours very truly,
FREDERICK W. STRANGE.

What Architect D. B. Dick Says About It.
Messrs. Bryce Bros., Toronto:
Dear Sirs,
Replying to yours of yesterday in reference to the stable floor which you laid for me some time ago with your pavement, I have pleasure in saying that when I last saw it—which was after it had been in use about four months—it appeared to be standing very well indeed, even the sharp winter calks having made very little impression on it.
Yours truly,
D. B. DICK, Architect.
