MARKET BUTCHERS FAVOR COLD STORAGE SYSTEM

But Protest Against High Rental of Stalls—Markett No a "White Elephant."

The Property Committee were waited upon yesterday by three members of the legal profession to press the case of their respective clients, butchers in the market, complaining of the high rentals of stalls. A. J. Russell Snow stated that the Davies Company were paying a lower rent than the other tenants, due to an arrangement whereby the company were enabled to get their stalls before the auction sale of stalls took place.

It was pointed out by members of the committee that the butchers have only themselves to blame, for, owing to their wishing to beat one another the bidding at the auction of stalls was very high in some cases, and now they had to pay for their folly. Again it was explained that the city had already to issue writs against most of the tenants in order to recover the rent due.

Butchers Want Cold Storage.

John Woods, a butcher, and proprietor in one of the largest businesses of the market, spoke at some length, and incidentally corrected a misstatement made by Controller Burns at the last Council meeting in regard to cold storage in the market. Ald. Burns said that the butchers should appear before the Council and press their claims for cold storage if they so desired, but as yet nothing had been done. Mr. Woods said yesterday that a petition had been signed by all the butchers, but two asking for the installation of a plant, and these two could be explained. He stated emphatically that all the butchers were not only willing to pay for cold storage, but had been so strongly of opinion that a plant was to be put in that they had delayed making any preparation for their cooling until it was so late that they had to go outside to get proper accommodation.

The question of rentals will be dealt with later by the committee.

Market is Paying Well.

Superintendent Frame reported business in the market to be increasing rapidly and as being better than ever before. In reply to the oft repeated assertion that the market is a white elephant on the city's hands, Ald. Chisholm, who knows whereof he speaks, says the market is at present paying four per cent. on the net outlay of $250,000.

In the course of Mr. Snow's remarks he said the approaches to the market were in such a muddy state that no woman would venture down there to do her shopping. Ald. Chisholm denied this statement very strongly, and said there were hundreds of ladies shopping there all the time. Several of the lawyers statements were thus criticized.

One City Coroner.

The Mayor is opposed to the measure before the Ontario House providing for the appointment of a city coroner. His Worship opposes it only insofar as it applies to the city paying the fees which amount to a considerable sum yearly, and because the bill only applies to the city.

Would Be Costly.

Engineer Rust in his fortnightly report says he has been looking into the question of the construction of a Lake Shore-road from Bathurst-street to the Sunnyside crossing, and to utilize the same as a dumping ground for the present. The cost of the necessary cribbing would be about $250,000. A breakwater would cost in the neighborhood of $175,000, tho it would not be necessary to carry out all this work at present.

City Engineer Rust reports the pavement on the southern section of Dufferin-street, south of King-street, as being in a very unsafe condition, and should be repaired at once. The cost would be about $500.

The Engineer suggests that the Mayor apply to the Public Works Department to construct a couple of graynes outside of Fishermen's Island for the protection of that part of the Island during severe storms.

The sidewalk fronting on the property between Simcoe and John-streets on the north side of King-street will be delayed for a while longer, owing to the owners wishing to construct areas in front of their property.

Ping Pong in the Courts.

The County Court room resembled an indoor tennis tournament yesterday afternoon. Atkinson and Co., fancy goods dealers of Toronto, are suing Ketchum and Co. of Ottawa for a bill of table tennis sets, sold a year ago, and Judge Winchester and the officials were all armed with samples of different grades of bats. There were also several pretty girls, who are to appear as witnesses, but whether as experts, could not be ascertained.

This Looks Better.

Carthage, Mo., June 4.—Samuel Mitchell, white, who led the men who lynched Thomas Gilliard, a negro, at Joplin recently, was to-day sentenced to ten years' imprisonment in the Penitentiary.

A Kidney Sufferer FOR Fourteen Years.

TERRIBLE PAINS ACROSS THE BACK.

Could not Sit or Stand with Ease.

Consulted Five Different Doctors.

Doan's Kidney Pills

FINALLY MADE A COMPLETE CURE.

Mr. Jacob Jamieson, Jamieson Bros., the well-known Contractors and Builders, Welland, Ont., tells of how he was cured: "For fourteen years I was afflicted with kidney trouble which increased in severity the last five years. My most serious attack was four years ago, when I was completely incapacitated. I had terrible pains across my back, floating specks before my eyes and was in almost constant torment. I could not sit or stand with ease and was a wreck in health, having no appetite and lost greatly in flesh. I had taken medicine from five different doctors and also numerous other preparations to no purpose. I finally began to take Doan's Kidney Pills and before I had taken five boxes the trouble left me and I now feel better than I have for twenty years. Those who know me know how I was afflicted and say it is almost impossible to believe that I have been cured, yet they know it is so. I have passed the meridian of life but I feel that I have taken on the rosy hue of boyhood."

Price 50 cts per box, or 3 for $1.25, all dealers or THE DOAN KIDNEY PILL CO., TORONTO, ONT.

sued yesterday announces the appointment of Mr. X. W. Carnell as master of transportation, with offices at Durand, Michigan. J. R. Williams will take Cornell's place as train master of the 25th to 29th districts, and J. W. McCarthy succeeds Mr. Williams as train master of the 25th district.

Special rates and other inducements prompted four hundred people to take advantage of the homeseekers' excursion to the west. The North Bay train left in two sections—two bearing the excursionists.

Mr. Morse, third vice-president of the Grand Trunk, passed thru the city on his way to Montreal yesterday from the west.

Fifty immigrants arrived at the Union Station yesterday.

The auxiliary was called to remove the block on the Don tracks of the Grand Trunk yesterday. Two freight cars were derailed, blocking the main line.

W. E. Ireland, chief clerk in the office of local Freight Agent Col. R. L. Nelles of the Grand Trunk, left last night to attend the annual convention of local freight agents, held at Savannah, Georgia.

The Grand Trunk in a circular is-

FLEMING OPPOSES NOBLE'S MOTION

To Reduce Improvements and Tax Land Values Would Be Unwise.

Assessment Commissioner Fleming handed out his report yesterday upon Ald Noble's motion, that 10 per cent. should be taken off the value of all improvements, and that this 10 per cent. be added to land values. Mr. Fleming sees no reason for the new movement, and he reports against it as being inadvisable and hopes the suggestion will not be adopted.

His figures showing the result of the proposal are as follows:

	As proposed.	As assessed.
Land	$64,507,961	$58,252,317
Buildings	56,300,858	62,556,508

It would require nearly 10 3-4 per cent. additional assessment on land to cover the amount taken from the buildings.

In regard to the vacant land in the city, which is now valued at $7,000,000, Mr. Fleming says: "It is safe to say that the vacant land on the outlying sections of the city will total at least $3,500,000. It is also the lowest rated and the least able to bear additional taxes, especially when it now carries local rates. The proposal to take 10 per cent. off the buildings and add it to the land values would add to the latter $375,865.

It would appear hopeless, he continues, to apply for legislation to this effect.

Under the heading of "improved property," the Commissioner says in such localities as Rosedale and the Annex it will be found that the buildings far exceed the value of the land, therefore the total assessment would be greatly decreased, thus creating an exemption not intended. In Ward Three, for instance, the increase in assessment would be $731,415, which amount is required to make up the decreases in the other five wards. The cause of this is the large land values in the central part of the city.

A large proportion of the taxpayers in this section are the lessees who pay taxes, and by the proposal an injustice will be imposed upon these citizens, who to-day claim that their taxation is excessive.

The southern section of Ward Three pays now on an assessment of nearly $30,000,000, or something like one-quarter of the total of the entire assessment of the city on lands and buildings, which is $120,080,825. This division will have added to its assessment $6,711,099, out of the $741,415 of Ward Three.

Small properties will no doubt be very much benefited by the proposed chance. "But," asks the Commissioner in closing, "would such a change be warranted?"

CAR FENDERS ARE TENEMENTS.

Before the Legal Committee, at the Parliament Buildings, yesterday, F. G. Meredith, on behalf of the London Council, asked that an amendment to the present Act regarding fenders to be used by street railway companies be made, making it compulsory for companies to use one of the three makes approved by the Public Works Department. The Attorney-General opposed the motion, and, at his suggestion, it was agreed that the bill should be inoperative in places of under 20,000. The clause in the bill to regulate tenement houses, providing for the inspection of all lodging houses, tenements and aundries, where the employes reside on the premises, was carried. It is aimed at Chinese and Italian houses.

AN ACKNOWLEDGEMNT.

The report of the commissioners on the Gamey charges made a folio of 100 typewritten pages. The local press each received a copy, with the compliments of Mr. Nelson R. Butcher, the official reporter of the entire proceedings. The thanks of The World are tendered to Mr. Butcher and his office staff, who very generously volunteered to spend Wednesday evening in preparing the extra copies of the report for the newspapers. It is a courtesy which is duly appreciated.

It is a matter of pride with Mr. Butcher that, in spite of the vast amount of stenographic work in connection with each day's testimony, he was each morning able to have in the hands of those connected with the conduct of the investigation a complete verbatim account of the previous day's session. The evidence taken during the investigation filled 10 large volumes, and the argument made another one.

"Imperial Limited."

The Canadian Pacific tri-weekly transcontinental summer service between Montreal, Toronto and Vancouver will resume, commencing Sunday, June 7. The superb "Imperial Limited" train, consisting of baggage car, two eight sections, double drawing-room first-class sleepers, one tourist car, will leave Montreal, Windsor-street, at 11.40 a.m., on Sundays, Wednesdays and Fridays, westbound and Vancouver at 1.30 p.m., eastbound, on Saturdays, Tuesdays and Thursdays, making the run in each direction in 97 hours. The unanimous appreciation of the travelling public evinced towards this splendid equipment and fast service last season will no doubt be extended this year.

The connection from Toronto for the "Imperial Limited" leaves the Union Station at 1.45 p.m. on Sundays, Wednesdays and Fridays, connecting at North Bay at 10.40 p.m. same days. On these days the Toronto-Winnipeg first-class sleeper will be hauled on this train. This service is of course in addition to the regular daily service between Toronto and Vancouver. 57

St. Francis' R.C. Church Dedication

There will be an imposing ceremony on Sunday at the opening of St. Francis Catholic Church on the corner of Arthur and Grace-streets. His Grace the Archbishop of Toronto, Vicar-General McCann and other dignitaries of the church will take part in the dedication. The edifice has been fitted up in the most elegant style, and the congregation has purchased, and handsomely furnished the residence on Grace-street, opposite the church, for the new priest, Father William McCann, who is a nephew of the Vicar-General.

Concussion

Feet strike the ground six thousand times per hour in walking.

This means six thousand shocks to nerve and spine on city pavements.

From physician's knowledge of the result sprang an immense market for rubber heels.

But solid rubber heels take up only a small proportion of the jar.

The RESILIA cushion centre-sole extends from toe to heel, between the leather insole and outsole.

It has twice the spring of a solid rubber heel, with half its weight, and no "sneaker" disadvantage.

It is springy as a bicycle tire, distributes pressure over the foot sole, wear over the shoe sole, is water-proof and ventilating.

Half the labor in walking—observe cushion centre-sole beneath.

THE RESILIA SOLE

89 KING STREET WEST 117 YONGE STREET
528 QUEEN STREES WEST.

AT OSGOODE HALL.

The steamer Acacia was frozen in at the Simcoe-street wharf at Hamilton last winter and by reason of hot water being discharged thru the city sewer the ice was melted on one side of the boat, which caused her to list and opened the seams on the other side. For the damage thereby occasioned, the owners, Maghews Bros., sued the City of Hamilton and recovered $200 before County Judge Snider. The city appealed to the Divisional Court, but yesterday Judges Street and Britton handed out written decisions upholding the judgment with costs.

The suit of W. A. Hall, a dentist of Peterboro, against O. D. LePlante, a solicitor of the same town, was before the Master yesterday. Hall is asking $10,000 damages for alienation of his wife's affections, alleging that LePlante caused her to leave his home, which the defendant denies, saying that the woman was driven away by the husband's cruelty. The defendant, LePlante, had refused to produce, on examination for discovery, letters which passed between him and Mrs. Hall, on the ground that she was his client and that he was protected by professional privilege. The Master orders that the papers should be produced and those having any connection with the present suit filed in court.

Judge Winchester decided the case of Taylor and Lount against the Skedden Brush Co. at the conclusion of the argument yesterday, giving the plaintiffs $265.12 and the defendants $94, on their counter claim. The dispute was over a shipment of woodenware, which was alleged to have been in bad condition.

An action has been commenced by John L. Walters of Toronto to have declared void a deed made by John Macdonald to his wife, Margaret, on January last, of the premises known as 378 Manning-avenue. Walters alleges that the conveyance was made to prevent his realizing on a judgment he obtained some time ago against Macdonald.

Proceedings have been taken by the Colonial Investment and Loan Company to foreclose three mortgages amounting to over $8500, given by Cassie McKinnon and W. G. McCrimmon on part of lot 73 on Givens street, in default of payment.

George Kopman, a member of the congregation of Gorl Tsedec on Centre-avenue, has issued a writ to restrain the trustees and officers of the church from using $1000 now to their credit in the Imperial Bank, for the purpose of buying property and building a church on University-avenue. The defendants are Isaac Levine, Philip Simonisky and Philip Levi, trustees, and J. Brodie, L. Levinsky, J. Solway and E. Robinson, officers.

Saturday Summer Short Trips.

Now that the warm summer temperature is with us the busy business man will appreciate the facilities afforded by the Canadian Pacific to spend the Saturday and Sunday away from the busy city. On and after June 1 tickets may be purchased from Toronto to points within fixed limits, including Brantford, Hamilton, Ingersoll, Orangeville, Owen Sound, Peterboro, Woodstock, etc., good going on Saturday or Sunday (where there is Sunday service) valid to return until the following Monday. Tickets and full information may be obtained on application to city ticket agent, 1 King-street east, or at Station ticket office, (north wicket).

Czar Approves Edict.

St. Petersburg, June 4. — The Czar has approved the decision of the Committee of Ministers, forbidding Jews to acquire real estate, or enjoy the proceeds thereof, except in towns within the Jewish pale, until the laws concerning the Jews have been revised.

BRITAIN PREFERS U.S. FLOUR.

Detroit, June 4.—At the convention of the Millers' National Federation to-day William Clark Reed of Glasgow said that delay in shipping was the most serious handicap that American millers have in disposing of their product in Glasgow. Mr. Reed said the Glasgow bakers prefer American flour to all others. J. Wellwood of Belfast Ireland, a flour importer, indorsed what Mr. Reed had said about delays in shipment, and further said: "I think you millers of the country are taking too much out of the wheat nowadays. The flour you are shipping us now is not the same flour that it was 10 or 15 years ago. You are thus rendering yourselves liable to competition."

FAVOR THE PREFERENCE.

Melbourne, Victoria, June 4.—Speaking before the Federal House of Representatives to-day, C. C. Kingston, Minister for Trade and Customs, said he felt the Commonwealth might give preference to Great Britain without an appreciable loss of revenue by maintaining the existing duties levied on British products, and raising them against foreigners.

Wellington, N. Z., June 4. — A conference of the New Zealand Chambers of Commerce to-day adopted a resolution in favor of preferential trade with Great Britain.

MILLION CHINESE STARVING.

Washington, June 4.—Secretary of State Hay has received a cable despatch from Consul-General McWade at Canton, which says: Governor Wong telegraphs me that over a million natives in Kwang Si are starving, and earnestly appeals for help from American charity. All relief distribution thru the hands of American and British missionaries.

BURGHERS' SENTENCES REMITTED

Pretoria, Transvaal, June 4.—The Lieutenant-Governor of the Transvaal Sir Arthur Lawley, has remitted the remainder of the sentences of the majority of the former burghers convicted of military offences during the late war.

L.O.L. Grand Lodge Delegates.

Orangemen from every part of Canada and parts of Newfoundland meet at Winnipeg on Wednesday next, the occasion of their annual meeting. Numbers of representatives from Ontario have already left. From Toronto the following members of the L. O. L. will leave on Saturday to attend the conference: Dr R B Orr, John McMillan, William Lee, Fred Dane, Charles Noble, Thomas Allen, Christopher Armstrong, J S Williams, W J Dunlap, J S Leighton, Hugh Hamilton, W B Srigley, W H Wilson, J E Thompson, John Pogue, James Fulton.

C. H. Hutchins, Past Grand Master and Deputy Minister of Justice for Newfoundland, is in Toronto on his way thru to Winnipeg.

On Tuesday a meeting of the Black Knights of Ireland will be held, and, on Wednesday, the Grand Orange Lodge will discuss business relating to the historic institution.

35 Years with Men.

TRADE MARK

For 35 years I have made diseases of men my specialty. The experience I have gained is not equalled by any living specialist in my branch. I am justly proud of the privilege of having made thousands of strong, vigorous, happy men out of poor, hopeless wrecks. I am still doing so, and I truthfully say with greater success than ever. Somewhat over 30 years ago I made the discovery that electricity cured such diseases as NERVOUS DEBILITY, DRAINS, LOSSES, IMPOTENCY, VARICOCELE and NERVOUS EXHAUSTION after all known drug remedies had failed. I then invented my now world-famed DR. SANDEN ELECTRIC BELT. Every man to-day knows of it and that electricity, properly used—but mind, I say properly used—will cure these distressing diseases, and so sure am I of what my appliance, with direction and advice for use, will do, that I simply ask that you allow me to send you my Herculex

Dr. Sanden Electric Belt on Free Trial

For 60 Days—with Electric Suspensory—

and if you are cured or satisfied at the end of that time then pay me my price—as LOW AS $4. If not satisfied, return the appliance and the transaction is closed. This is my method of dealing and made from the sole and earnest desire that every man in Canada may have an opportunity to try my cure for himself. When you consider the fact that I am the oldest and LARGEST ELECTRIC APPLIANCE MANUFACTURER in the WORLD, and for over 30 years have had nothing but success, and that my great knowledge and experience insures the same for the future, you should feel safe in trying my offer. There are many imitators of my goods, but my great knowledge due to experience and research is mine alone and cannot be imitated. I give it freely to every user of my Belts, and this, with the best electric appliance the world has ever known, leaves very slight doubt of success. I also give my Belts on trial for Rheumatism, Lame Back, Kidney, Stomach and Bladder Troubles, Nervousness, etc.

Write or call to-day and let me assist you to health and happiness as I have so many thousand others. I will at once arrange to give you my Belt on terms mentioned, and also two of the best little books ever written upon Electricity and its medical uses.

DR. A. B. SANDEN, 140 Yonge St., Toronto, Ont.

OFFICE HOURS: 9 a.m. to 6 p.m. Saturdays until 9 p.m

Reliable Goods at Low Prices are the bands which bind our customers to us.

The Russill Hardware Co.

Not how much or how little you pay, but what you GET is the real test of value.

Saturday Bargains

BATTLED WITH COWBOYS.

McCook, Neb., June 4.—Meagre details of the annihilation of almost a whole family have been received from St. Francis, Kansas. It seems that for some time there has been bad feeling between men employed by the Dewar Cattle Co., and a family named Berry over the possession of certain land. Berry and his four sons are said to have engaged in a battle with cowboys, which resulted in the death of the father and three of the sons, the four being seriously wounded. Whether any one on the opposite side was killed or wounded has not been learned.

Run Down by Ice Wagon.

Richard Acton of 759 Shaw-street, who works for the Toronto Electric Light Co., collided with a Canada Ice Co. wagon, while riding home on his wheel in front of the City Hall last evening. The driver was Thomas Williams of 77 Leslie-street, who said Acton rode up against his off horse. The injured man said the wagon ran over his leg and back, but as he started to walk home and the wagon carried six tons of ice he was probably mistaken.

A large shipment of asphaltum from Douglas Lacey's oil refinery, Los Angeles, Cal., consigned to the city authorities of Winnipeg, arrived there yesterday, via the C.N.R.

Piles To prove to you that Dr. Chase's Ointment is a certain and absolute cure for each and every form of itching, bleeding and protruding piles, the manufacturers have guaranteed it. See testimonials in the daily press and ask your neighbors what they think of it. You can use it and get your money back if not cured. 60c a box, all dealers or EDMANSON, BATES & Co., Toronto.

Dr. Chase's Ointment

ENDORSE ROOSEVELT AND HANNA

Columbus, Ohio, June 4.—The Ohio State Republican Convention in session here to-day adopted a platform commending President Roosevelt's fidelity to duty, his adherence to President McKinley's policies and favoring his nomination for President in 1904. It declares Senator Hanna has splendidly maintained Ohio's leadership, and promises him support of the entire Republican party in Ohio.

Counsel's Moderation.

Philadelphia, June 4.—Judge Grey, chairman of the Anthracite Coal Strike Commission, asked as to the pending trouble between operators and men over the Board of Conciliation, made a statement, advising moderation and avoidance of disputes over mere technicalities.
