WE BEG TO BE EXCUSED from discussing the Scott Act question with the *Advocate* and its anonymous correspondents, for the reason that they persist in misrepresenting our position and attributing motives to us which only such minds as theirs would conceive or entertain. For the ADVANCE to seriously notice the misrepresentation and crudities of such writers would only give them an unmerited dignity and importance.

DOMINION DAY:—The coming Dominion Day celebration at Newcastle is receiving a good deal of attention in both Chatham and Newcastle by parties who are preparing to participate in the parade and other events of the occasion. Those who can do so ought to go from town and country to witness the sights to be presented in the shiretown on that day as it will be the greatest pageant ever seen on the Miramichi, and no humbug about it. We referred to some of the features last week, but every day develops some new attraction in preparation. It will be a grand success.

SCHOONER CAPSIZED:—A Richibucto despatch says: "Captain William Long, of pilot schooner *Minnie Long*," reports he fell in with the schooner *Favorite*, on Thursday 20th, forty miles E. N. E. of Richibucto bar. The vessel was capsized. All sails were set, and no one on board. He towed the *Favourite* within ten miles of Richibucto bar when the lines parted and the vessel drifted away in the direction of P. E. Island. Mr. Snowball was attended by his brother, Mr. MacDougall Snowball, and Miss Annie Fisher of Woodstock was bridesmaid. The bride wore a fawn-colored travelling costume, and the bridesmaid a Nile green costume. Each carried a magnificient boquet of cream and pink roses and Lilies of the Valley. After the ceremony was performed by Rev. D. Chapman, assisted by Rev. W. W. Brewer, Pastor of the Church, the newly married couple received the congratulations of a few friends in the Pastor's room, after which they left by the western train, amid showers of rice and old slippers, with the good wishes of many friends gathered at the station to see them depart. Their trip includes Boston, New York and other American cities and they will spend a few days at the Algonquin, St. Andrews, before coming home.

Kent County Notes.

RICHIBUCTO, June 25, 1889.

The valuable blood-mare "Bessie Periwinkle" was forwarded by rail yesterday to Mrs. Joseph Grogan of Campbellton. This is one of the most handsome roadsters in Richibucto, and will prove a valuable acquisition to the fleet footed stock of the newly incorporated North Shore town. The price paid was in the vicinity of $200.

The County Court will meet on Tuesday next, 2nd prox.

The Kent Municipal Council will meet on Tuesday, July 16th, at the Court House at two o'clock p. m.

The Fire Engine House on Court House Square is rapidly approaching completion. When finished it will be both ornamental and useful.

FAREWELL SERMON:—Rev. Silas James, Wesleyan minister, who has been here for the past three years, will preach his farewell sermon on Sunday evening next. Those in this County who know Mr. James will regret to hear of his departure. By persons of all denominations he is held in the highest esteem.

The present time table on the Intercolonial Railway may suit some sections of the Province, but for this section it could not be worse. Passengers by the day train from St. John are obliged to remain in Moncton nearly two hours. The night express is marked on the time-table not to stop at Kent Junction, but Mr. E. E. Phair, proprietor of "The Beaches," interested himself in the matter and Mr. Pottinger has been compelled to issue orders for the night express to stop at the junction. The night mail from St. John for Kingston and Richibucto is delayed eight hours at Weldford Station or until the northern train arrives; and Mr. Inspector King may be interested in knowing that on *three* occasions within the past fortnight there was no northern mail received here by the stage line.

It is rumored there will soon be a change in the management of the Kent Northern Railway.

The Richibucto Base-Ball Club—the Gladstones—returned on Friday from Newcastle, where they had been victorious. They were met at the Railway Station by several hundred people, more or less, and warmly cheered on their victory. They speak highly of the kind and hospitable treatment received at the hands of the Newcastle boys. There is talk of a match between Richibucto and Campbellton on the 3rd prox.

On Friday, Captain Wm. Funchion was standing on the platform of Mr. J. C. Vautour's store when he was struck on the nose by a base-ball. Two young men were practicing on the Main street and, it is alleged, the high wind blowing at the time caused the ball to veer and come in contact with Capt. F.'s nose. Dr. C. T. Weeks attended him and he is doing well, although his face shows signs of the blow.

Escuminac Point Notes.

JUNE 22ND.

The Factory formerly owned and run by Messrs. Sinclair & Jack, is now owned and operated by W. S. Loggie, Esq. At this factory five boats are engaged in fishing lobsters. Besides the boatmen there are two other men engaged and twenty women and boys. Mr. Loggie has also a set of salmon nets and that good humoured and jolly old fisher, John Taylor of Bay du Vin, has charge of the nets. Mr. W. G. Tait is also employed as scouter for salmon and other work that it takes a fancy man to do. He also meets the Str. *Miramichi* at Escuminac and is always on hand there to give strangers and others a lift over the plain, as his scouting is done with a horse and waggon. Mr. Adolphus McIntosh has charge of the outside work, and the canning part of the business. Mr. John G. McIntyre has charge of the store and other parts of the business, Mr. McIntyre is a native of Kouchibouguac, Kent Co.

Lobsters have been very scarce the past two weeks at the Point. The season opened well and everything at one time promised a good year for the packers, but the past two weeks have blurred the prospects. The unusual windy weather has been the principal cause. Sam Cateen of Eel River says, the windy weather, Overseers and holy-days have almost ruined the poor people of Hardwicke this season.

The Government Steamship *Acadia* landed an officer at the Point not long since, who visited the different factories, left regulations with the packers governing the lobster fishery, and warned the packers against violating the laws and promised to call again. All the lobsters the officer of the Department measured at the different factories he found the lawful size and that no short lobsters are caught at Escuminac Point.

Codfish are begining to come in. The trap boats catch quite a number while overhauling the lobster traps. The first mackerel of the season is claimed by Mr. Gregor McGraw, one of Messrs. A. & R. Loggie's Captains.

Visitors have only just begun to be seen. The meeting of the Operators has not yet come off, Daniel, the President, did not put in an appearance at the time, appointed. I am afraid that I will not be able to report the proceedings at this meeting when it does take place as it will hurt the Church to have meeting reported.

Miss M. A. Williston and Miss Gjertz paid the Point a visit last week, and Mr. James McDonald of Miramichi was also visiting us. Mr. William Carter of Boston has been now duly installed as his father's assistant at the Light and Fog Horn. He was not many days at the Point when he had quite an adventure. His young brother, Leslie, and himself took a small sloop-rigged boat off the Point to have a sail. It blew a gale off shore, and when they tried to make the land the boat became unmanageable and they drifted off the Point about one and a half miles, when they anchored. Dan McIntyre, with two other lobster fishermen, went out and took them off the boat. No more harm was done than a fright. Leas. says he does not want any more boat-sailing.

The Escuminac school has had a change of teachers. Miss Bessie Carter has charge of it now. Miss Perley of Chatham was the teacher in this school the past five years and her resignation of the position, for reasons over which no one has any control, was regretted by almost every parent and pupil in the disirict.

Bark peeling is now the order of the day in the woods back of Escuminac. Messrs. Miller have a large crew in, and, besides these, there are others at this work.

MONDAY, 24TH.

Capt. Robt. Mills who has charge of R. A. Sweezey's ice house on Huckleberry Island, paid the Point a visit yesterday. He reports salmon very scarce, but rather better fishing last week than has been any week this season.

Capt. Robt. McLean of W. S. Loggie's fishing Schr. "Maggie Roach," was here to-day trying to engage a crew to go in this vessel on a seining cruise. He reports mackerel plentiful in the Bay Friday last. He has not as yet got his full crew of men. He requires thirteen men and a cook.

I see lobster trains landing at one factory to-day. I think that this is a sign that the fishing is about closed for the season. Lobsters are very scarce here today.

The Rev. W. J. Wilkinson paid the Point a visit Thursday last. Part of his business was soliciting subscriptions for the N. B. Diocesan Church Society.

Mr. James Davidson of Burnt Church was also among the Point visitors last week. I have heard that his visit was connected with educational matters.

Mothers!

Castoria is recommended by physicians or children teething. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels quiets pain, cures diarrhœa and wind colic allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mothers' friend, 35 doses, 35 cents.

Bay du Vin Notes.

Messrs. Carmicheal Brothers expect, this season, to pick one thousand quarts of strawberries. They are looking forward to a visit from their sisters, Mrs. Jack of Fredericton and Mrs. Archibald of Chatham. They also expect Miss Carmicheal to return home this summer. She has been almost a year in Fredericton. The Misses Brown of Charlottestown are also expected to visit their Bay du Vin relatives.

Messrs. Miller have rented the handsome residence of Malcolm Taylor near the steamboat landing for the summer months.

Mr. Daniel O'Leary of Seattle, W. T., formerly of the Hardwood settlement, Hardwicke, is visiting his old home. He has made Washington Territory his home for the past fourteen years.

San Quash, the noted bark canoeist of Lower Bay du Vin, has gained quite a local fame down here. He is now on the route from Black River to Lower Bay du Vin, and has made a noted trip in very short time. On this trip he made a land passage.

I hear that the Miramichi Pilots are going to get themselves in hot water. I would most respectifully advise them to leave the old man alone who will sometimes be seen fishing in a small one sailed boat about Miramichi Bar. A word to the wise in this case I hope will be sufficient.

Occasional Doses of a good cathartic like Burdock Pills are necessary to keep the blood pure and the body healthy.

Wrecks at Amherst Island.

Capt. Corbett, of the Schr. *Greta*, from St. Pierre for Miramichi, reports to the ADVANCE, that on Saturday morning last, 22nd inst., he saw a full-rigged brig ashore on Amherst Island, the south-eastermost of the Magdalens. He spoke a small fishing boat just off the island and was informed by those on board that the brig had gone ashore the night before. Capt. Corbett says there was a stranded schooner near the brig, which had evidently been ashore for some time. The coast where these vessels are is a sandy one and there is, of course, no prospect of their coming off.

[The vessel seen by Capt. Carbett however turns out to be the bk. "Borghild" which was loaded with deals by Messrs. Ritchie of Newcastle and left the Miramichi Thursday last. When seen on Amherst Island it is probable that her mizzenmast was gone, which led Capt. Carbett to think she was a brig.—EDITOR.]

For Cramps, Cholera, Diarrhoea, Summer complaint, use Kendrick's Mixture, a positive cure in nearly every case. Sold by dealers. 25 cents.

Dalhousie.

Mr. Irvine Moffat, of Dalhousie, died, after a protracted illness, on Saturday last, at the residence of his brother Mr. George Maffat, Great sympathy is felt in Dalhousie and country generally for his bereaved family, especially for Mrs. W. Montgomery, the only sister, Mrs. George Moffat and Mrs. Robt, Moffat, who were devoutly attached to the departed. During the last five years the family has been greatly reduced. Mr. George Moffat, Sr., and wife, Mr. James, Mr. Robert, and Mr. Irvine have all been removed by death. The deceased was much respected by the community, and especially by the workmen under him. He had reached the age of 35 years, and was unmarried.—*Advocate.*

A Lucky Young Halletsville Texan.

It is often said that luck falls to the unworthy, but interviewing Otto Von Rosenburg of Halletsville, Texas, the happy possessor of one-twentieth part of ticket No 32.074 in the April drawing of the Louisiana State Lottery drawing $300,000, we find it has fallen in the right place. He is an industrious young merchant who has been here but a short time. The $15,000 received by him will be partly used in his business. Mr. Rosenburg sent his ticket for collection to Ball, Hutchins & Co., of Galveston, and it was paid upon presentation without any discount.—*Halletsville* (Tex.) *New Era*, May 15.

Concert and Drama.

Professor Baker, well and favorably known as a manager of public entertainments, has succeeded in grouping together an efficient company of first-class artists in their respective specialties, under the name of the Campbellton Musical Enterprise Company. They are to appear in Masonic Hall here for two nights—Tuesday and Wednesday next—and at a Matinee performance on Wednesday afternoon, as will be seen by advertisement in another column. On Thursday evening they appear in the Black Brook Hall and it is their intention to visit Blackville, Doaktown, Boiestown, etc. We hope our people will patronize these entertainments, for we believe they will be of greater merit than many that come from abroad with far greater pretensions.

A Female Paradox.

A lady, old and growing older still,
(As ladies will grow old, you know),
In spite of age, as young as youth—but ill,
And old and wretched, feeble, lame, and sore,
A lady young became in spite of youth,
As ladies will, and why? Because the truth,
That keeps a lady young, they fail to grasp,
And yielding to disease, die in its fatal clasp.
That truth is that woman's weakness may be
Subdued by Dr. Pierce's Favourite Prescription

Fredericton mayoralty.

The Mayor's election in Fredericton turned out as was expected, Mr. Allen receiving, perhaps, a larger majority than his friends anticipated. Next to the personal popularity of the Mayoa-elect, his large majority was due to a thorough organization and systematic work on the part of his friends. The contest throughout was a very quiet one, and hinged mainly on the personal popularity of the two candidates. When the votes had been counted the result stood: Mr. Allen, 412; Mr. Richards, 275, majority for Mr. Allen, 137. The successful and defeated candidates then addressed the electors from the steps of the City hall. Each gentleman delivered a dignified and good-natured speech, after which they shook hands and three cheers were given for Mr. Allen and three for Mr. Richards.

What Am I to do?

The symptoms of Billiousness are unhappily but too much known. They differ in different individuals to some extent A Billious man is seldom a breakfast eater Too frequently, alas, he has an excellent appetite for liquids but none for solids of a morning. His tongue will hardly bear inspection at any time; if it is not white and furred, it is rough, at all events.

The digestive system is wholly out of order and Diarrhœa or Constipation may be symptoms or the two may alternate There are often Hemorrhoids or even loss of blood. There may be giddiness and often headache and acidity or flatulence and tenderness in the pit of the stomach. To correct all this if not effect a cure try *Green's August Flower*,

GLOUCESTER, June 21. — Schooner "Mattie Winship," which was seized by the Canadian cutter "Vigilant," for alleged violation of the fishery laws, arrived home to-day. The vessel is under $3,000 bonds. Captain Ericson's statement does not differ materially from the accounts published at the time of the seizure. He insists he was within the three-mile limit for shelter only, and was not fishing.]

Piles! Piles! Itching Piles.

SYMPTOMS—Moisture, intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia.

NOTICE.

WEIGHTS AND MEASURES

TRADERS, Manufacturers, and owners of Weights, Measures, and Weighing Machines generally, are especially requested to read carefully the following instructions and act accordingly:—

1. The Weights and Measures Act provides for a regular biennial inspection of all Weights and Measures used for trade purposes, as well as for *irregular* inspections of the same, which may be made at any time when deemed necessary by the Inspector, and it also imposes a heavy penalty on any trader or other person who wilfully obstructs or impedes an Inspector or Assistant Inspector in the performance of his duty under said Act, or who refuses to produce the whole of his Weights and Measures for inspection when called upon to do so by an Inspecting Officer.

2. Every Trader, Manufacturer and owner of Weights, Measures and Weighing Machines, when paying moneys to Inspectors or Assistant Inspectors of Weights and Measures for verification fees, is entitled to, and is especially requested to demand from the officer who makes the inspection an official certificate ("Form O G") *with the words* "Original for the Trader," *printed at the head thereof) properly filled out and stamped* and also at same time to carefully ascertain whether or not the stamps attached to such certificate represent *exactly* in value the amount of cash paid. Traders are requested to bear in mind that certificates of verification are *of no value whatever* unless stamps covering the full amount of fees charged are attached.

3. Owners or holders of these official certificates are especially requested to keep them carefully for two years, and in order to secure their safe keeping it would be advisable to placard them in their places of business in the manner in which ordinary License certificates are done; for it must be distinctly understood that all traders who are unable to produce their *properly stamped* certificates, when asked to do so by an Inspector or Assistant Inspector, may, in all probability, have to pay over again their verification fees.
