MYERS' EXTRACT OF

ROCK ROSE.

FOR all cases of Scrofulous Disease, Dyspepsia, Salt Rheum, Sick Headache, Canker & Nursing Sore, Mouth, General Debility, &c. &c. No Medicine has ever received such high testimonials from persons who have been afflicted with the above

is an elegant preparation, perfectly safe, and a wonderfully efficacious remedy. The extraordinary Medicinal properties of the Rock Rose Plant, have become known to some of the most eminent Medical practitioners of the country; others are fast becoming acquainted with its healing virtues, and desire to have it more extensively known and used.

The following is an extract from a note on the title page of a work published by D. A. Tyler, M. D., New Haven, Conn. on the efficacy of Rock Rose. These pages were penned without any expectation of their ever being presented to the public—incidentally which time the plant (Rock Rose) under consideration has been more fully tested its virtues developed, and their character more fully established. They are published by with the consent of several medical friends. The object of this dissertation is to lay before the members of the profession and the public, the virtues of a plant too much neglected which undoubtedly (as an order member of the profession once remarked to me) possessed far more attractive hours than the popular sarsaparilla. I ask for the plant an impartial trial."

ITS MEDICAL HISTORY AND PROPERTIES

Are for the most important, since upon these depends its value to the community. Dr. London says, that in 1799, it was so valuable in England, that it was cultivated from seeds. Ever since 1806.

PROF. IVES, OF YALE COLLEGE,

Has habitually used it with great success in *Scrofula* and *Chronic Disease*, and through him its virtues were made known until, as Dr. Tyler says, "it is now in this section [New Haven] a common article in domestic practice, for the cure of *Scrofula* and cutaneous diseases." Dr. Whitlaw, a Scotch botanist of notoriety, while traveling in America, in 1814, learned its use in Canada. Returning to England, he employed it in medicating his baths, when became greatly celebrated for the cure of similar diseases.

DR. PARISH, OF PHILADELPHIA.

Remarks that it has been successfully used in bad cases of *Scrofulous Diseases*.

DR. J. H. THOMPSON, OF THE SAME PLACE,

Prescribed it in bad cases of Scrofulous patients at Wells' Hospital. His success attracted the attention of scniot physicians. He reports the following remarkable cases of White Swelling of the right hip, in February, 1844. The lad was seven years old, and had the disease for three years. The bone was dislocated upward and outward. There was a large opening on the hip leading to the bone, into which I could thrust my finger. I counted twelve ulcers. He had been under several physicians, who had given him up. I ordered a decoction of the *Rock Rose*. In two days his night sweats ceased; I then ordered a tea spoonful of the tincture of Rock Rose, three times a day. *Thirty-nine* days after he was *entirely well*.

THE GREAT REMEDY.

Sharp's Balsam of Hoarhound and Aniseed.

An never failing cure for Coughs, Colds, Asthma, Shortness of Breath, &c.

The extraordinary celebrity which this simple, pleasing, and effectual medicine has attained, may be seen by the following proofs, or certificates, all from persons well known:—

MR. J. G. SHARP.—

Since you appointed me agent for the sale of your valuable Balsam of Hoarhound and Aniseed, I have been repeatedly informed by those who have used it, that it is without doubt one of the best medicines they have ever had, for the complaints in which it is recommended.

R. D. M'ARTHUR.

To Mr. J. G. Sharp—

SIR,—One of my children has been suffering *for years* under a severe Cough. The usual remedies were applied without effect. Having heard of Mr. J. G. Sharp's "*Balsam of Hoarhound and Aniseed*," I obtained some, and after the use of about 8 oz., or one vial of this extraordinary mixture, the cure was complete.

J. G. CAMPBELL.

April 28, 1852, City of Saint John.

Mr. J. G. Sharp,

Ihad, a few weeks ago, a very bad cold. Being recommended to try *Sharp's Balsam of Hoarhound and Aniseed*, I got a quarter dollar bottle, and found it not only a pleasant but a most useful and effective medicine. It is pleasing to take, and a first rate cure.

PATRICK POWER.

April, 23, 1852, City of Saint John.

For the last sixteen years I have suffered from Asthma so bad that I was often obliged to sit in bed to prevent suffocation. I tried every means, during that time, that the usual or ordinary medicines could produce, but without effect, until I obtained some of *Sharp's Balsam of Hoarhound and Aniseed*, (which was recommended to me,) and after using two bottles, I found the relief so long sought for.

Prospectus of Volume VIII., of the SCIENTIFIC AMERICAN.

THE Eighth Volume of the SCIENTIFIC AMERICAN commences on the 18th September, and as a great proportion of our readers usually commence their subscriptions at this point, we take occasion to extend them our gratitude for the encouraging and liberal support heretofore bestowed on our humble efforts, and to re-assure them of our determination to advance it still higher in the scale of utility, and, if possible, in their own estimation.

We aim at an honorable independence in discussion upon all subjects, and, in some instances no doubt, our readers may have been surprised at our determined opposition to highly lauded discoveries in the Arts and Sciences.

Time tries all things, and it is with some degree of pride that we revert to the efforts made through the columns of the Scientific American, to establish sound views respecting several conspicuous miscalled discoveries. Since the commencement of this Volume, that peerless Exhibition of the Industry of all Nations closed its gorgeous display, affording a delightful episode in the stern page of the world's history. Above and beyond all criticism it has passed away, leaving a world-wide influence, beneficial to every branch of industry, and although not professedly represented by gew-gaws and trinkets,—the character of our country shone forth with magnificence in all the elements of substantial utility. Acting under the stimulus suggested by the success of the Great Exhibition, the enterprizing citizens of New York have determined to construct a Crystal Palace of no mean dimensions, and as this is likely to become an important feature in our history, we shall endeavor to present our readers with descriptions and illustrations of such novelties as may be deserving attention.

The present form of the Scientific American will be preserved as most suitable for binding and preservation. The paper will be of the best texture, and we shall aim to store its pages with practical knowledge in every branch of the Arts and Sciences. Invention claims important attention, as one of the fundamental agencies in the world's advancement; hitherto we hope to have satisfied our readers by our weekly summary of "New Inventions." The Weekly List of Patent Claims, officially reported for our columns, is a distinguishing feature, which must commend itself to every one interested in Patents.

We need the co-operation of our readers to enable us to publish a journal, worthy of their support at two dollars per annum. We have never appealed to them in vain, and the Premiums offered for the largest list of subscribers will, we presume encourage new efforts. All subscriptions are payable in advance. We respectfully decline Travelling Agents; as none are accredited from this office.

HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W. Kirkus, Chemist, 7, Prescot Street, Liverpool, dated 6th June, 1851.

To Professor Holloway.

SIR,—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I can refer for any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver and bad digestion. On the last occasion, however, the virulence of the attack was so alarming, and the inflammation set in so severely, that doubts were entertained of her not being able to bear up under it; fortunately she was induced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and although she used only three Boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above from the *severity of the attack*, and the *speedy cure*, I think, speaks much in favour of your astonishing Pills. (Signed)

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER, IN VAN DIEMEN'S LAND.

Copy of a Letter inserted in the Hobart Town Courier, of the 1st March, 1851, by Major J. Walch.

Margaret M'Connigan, nineteen years of age, residing at New Town, had been suffering from a violent rheumatic fever for upwards of two months, which had entirely deprived her of the use of her limbs; during this period she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless. A friend prevailed upon her to try Holloway's celebrated Pills, which she consented to do and in an incredible short space of time they effected perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE.

From Messrs. Thew & Son, Proprietors of the Lynn Advertiser, who can vouch for the following statement.—August 2nd, 1851.

To Professor HOLLOWAY.

SIR,—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach which was also accompanied by a shortness of breath, that prevented me from walking about. I am 84 years of age, and notwithstanding my advanced state of life, these Pills have so relieved me, that I am desirous that others should be made acquainted with their virtues. I am now rendered, by their means, comparatively active, and can take exercise without inconvenience or pain, which I could not do before. (Signed) HENRY COE.

AN EXTRAORDINARY CURE OF THE GRAVEL., AND A MOST DANGEROUS LIVER COMPLAINT.

Copy of a Letter addressed to J. K. Heydon, Esq., Sydney, New South Wales, dated February 25, 1851.

SIR,—A Mr. Thomas Clark, a Settler at Lake George, for a considerable time seriously afflicted with a Complaint of the Liver, together with the Gravel. His medical attendants, after trying all their professional skill, candidly told him that his case was hopeless, and any further efforts useless. In this situation, and when expecting every day would terminate his existence, a friend recommended him to try Holloway's Pills, and as a forlorn hope he did so. the first dose gave him considerable relief, he therefore persevered in taking them according to the directions, and is now restored to perfect health. He will feel great pleasure in confirming this statement, or even make an affidavit to the same effect, should it be required. (Signed) WILLIAM JONES,

Proprietor of the Goulburn Herald,

New South Wales.

The Subscriber having been appointed Agent to the above Company for New-Brunswick, begs to announce that he is prepared to receive Proposals for FIRE AND LIFE ASSURANCE. The large Capital of the Company, and the number and influence of its Proprietors, enable it to rank with the most eligible Offices, either in America or Europe, with respect to the security it offers to the Public.

FIRE BRANCH.

Persons assured by this Company are not subject to any covenants or calls to make losses which may happen to themselves or other, nor do they depend upon an uncertain fund or contribution, the Capital Stock of this Company being an unquestionable security to the Assured in case of Loss or Damage by Fire.

LIFE BRANCH.

In addition to the more customary methods of Insurance, the Company likewise Assures Live on any of the following contingencies:—

For the term of One Year, Seven Years, or any other definite period.

For the whole continuance of Life.—The Premiums to cease, after a limited number of Annual Payments.

For Two Joint Lives.—The sum assured to be paid on the death of either.

On the longest of Two or Three Lives.—The sum assured to be payable at the death of the last survivor; or,

The Survivorships.—To secure the payment of the sum assured, if a life A die before another life B.

For a sum to be payable at age 60, or at death.

Premiums on Credit.—A portion of the Premiums may remain on Credit. Assurances may be effected in various ways, not enumerated, to meet the convenience of parties.

The important advantages afforded by the Company in the Life Branch will include the following viz:—

The Guarantee of an ample Capital, and Exemption of the Assured from liability of Partnership.

Moderate Premiums.

Large Participation of Profits by the Assured amounting to Two-thirds of its net amount, which may be applied at the option of the party effecting the Assurance:—1st. By the immediate payment of the sum so apportioned.—2nd. By an equivalent reduction of the future Premiums.—Or, 3rd. By an equivalent increase of the sum assured.

Small Charge for Management.—The expenses of the Office being borne in due proportion by the two Branches.

Prompt Settlement of Claims.

Policies lapsed by non-payment of the Premium may be renewed within three months, by paying the Premium, with a fine of 10s. per cent., on the production of evidence to the satisfaction of the Directors of the good state of health of the life assured.

The Company will always be prepared to Purchase the Policies of this Office at their equitable value or will grant a New Policy in lieu thereof, without any further payment of Premium, for a sum to be agreed on.

Extra Premiums, suitable to special circumstances, will be accepted to enable a party possessing a Policy on the life of another to guard against the possibility of its being vitiated by the Life departing beyond limits, or by any other cause.

Thirty Days are allowed for the Payment of Premiums after the day on which they respectively

SHARP'S Family Medicines

NOTICE TO THE PUBLIC OF INTEREST TO ALL.

Sharp's Celebrated Family Medicines and Preparations.

SHARP'S CONCENTRATED ALKALINE INFUSION OF SARSAPARILLA.—Sarsaparilla has of late years been much used, and with great success, in cases of Chronic Rheumatism, as an alternative in Scrofulous affections, Scurvy, Obstinate, Cutaneous Eruptions, Indolent Ulcers, Diseases of the Periosteum and Bone, attended with obscure pains, wasting the flesh, tenderness of the part, tumors and nodes unconnected with Syphilis, and in that state of the blood known among medical men under the term of Cachexia, but which is not easy to define. In such cases Sarsaparilla proves a most valuable remedy, and often effects a cure when all other remedies have long been administered in vain, and when the diseased state of the system has been of many years duration.

This article, prepared by John G. Sharp, has performed numerous and most astonishing cures of persons who have for years been tormented with sores from head to feet, and others who have been sent up with Mercurial Rheumatism, which they had been laid up with for 2 or 3 years. Prepared and sold by John G. Sharp, Member of the Pharmaceutical Society of Great Britain. N. B.—Dose, a Wine Glass full, three times daily.

SHARP'S BALSAM of HOARHOUND AND ANISEED, for Coughs, Colds, Shortness of Breath, Asthma, &c.

This excellent medicine has the extraordinary property of immediately relieving Coughs, Colds, Hoarseness, Difficulty of Breathing, and Huskiness of the Throat. It operates by dissolving the congealed phlegm, and causing free expectoration.

Persons who are troubled with that unpleasant tickling in the Throat which deprives them of rest night after night, by the incessant cough which it provokes, will by taking one dose find immediate relief, and one bottle in most cases will effect a cure. Sold in bottles at 1s. 6d. to 2s. 6d. each.—Prepared by John G. Sharp, member of the Pharmaceutical Society of Great Britain, Dock street, St. John, N. B.

Sharp's Tincture of Myrrh and Borax; prepared with Eau de Cologne.

This article is excellent for washing and refreshing the mouth, and alleviating Rheumatic Pains which are often mistaken for the Tooth-ache. It is composed of choice Turkey Myrrh, Camphor and Eau de Cologne. Prepared by John G. Sharp, Chemist, St. John, N. B. Sold in bottles at 2s. 6d each.

COCOA NUT OIL FOR THE HAIR.

This is one of the best articles ever offered to the public, for *cleaning, strengthening*, and *promoting* the growth of the Hair. Sold in pots at 1s, 3d, to 2s. 6d. each. Prepared only by J. G. SHARP, Chemist, &c., St. John, New Brunswick.

Sharp's Camphorated Tooth Powder is superior to, and more agreeable than any other Dentifrice, for beautifying the Teeth and Gums. It removes Tartar with injuring the enamel of the Teeth, giving them a beautiful Pearly appearance. Prepared by JOHN G. SHARP, at 1s 3d and 2s 6d per Box.

Sharp's Oriental Hair Wash, for restoring, beautifying, cleansing, and preserving the Hair.

This article is of unfailing efficacy for preserving Baldness, for aiding the Growth of the Hair to an extent surpassing belief. Prepared by JOHN G. SHAP, Chemist and Druggist. (Sold in bottles at 2s. 6d. each.)

Also, Sharp's Nutritive Cream, for the Hair.—This Cream possesses the properties of promoting and strengthening the growth of the Hair, giving it a glossy appearance, rendering the most inflexible Hair perfectly pliable, and keeping it in strong Curl during damp weather or violent exercise, and preventing an accumulation of Scurf upon the Head.
