TUESDAY'S GRAIN MARKETS.

Winnipeg, March 15.—Nervous, erratic, dull, easily depressed and closing lower was the history of today's market in a nut-shell. The dullness was nothing new, but the ease with which prices stepped lower was a surprise after the strength of Monday's market. The only bearish feature in the gossip was a reported rain in Kansas, and this, according to private advices, was confined to a small area. Prices were nearly 1 cent out of line for export, though the break put things more nearly on an export basis. There was little export inquiry.

Winnipeg cash prices—No. 1 Northern, 1.04; No. 2 Northern, 1.02; No. 3 Northern, 1.00; No. 4, 96½; rejected 1-1 Northern, 99; rejected 1-2 Northern, 97; rejected 2-1 Northern, 97; rejected 2-2 Northern, 96; rejected 1 Northern for seeds, 97½; rejected 2 Northern for seeds, 95½.

Oats—No. 2 white, 34½.

Winnipeg options: Wheat—March 1.04; May 1.06½, 1.05¾; July 1.07¼, 1.07.

Oats—March 34½; May 36¾, 36¼; July 37¼, 37¼.

Flax—March 1.97; May 1.99, 2.00.

American options: Chicago—May 1.14¼, 1.13¾; July 1.08, 1.06¾; September 1.06¾, 1.03¾.

Minneapolis—May 1.14, 1.13¾; July 1.08, 1.06¾; September 1.05¼, 1.03¾.

CHICAGO GRAIN MARKETS.

Chicago, Ills., March 15.—The northern half of Indiana has been covered by the New York crop expert and statistician, Oscar K. Lyle, on behalf of S. B. Chapin & Company, and he reports conditions from the wheat fields as ideal. Mr. Lyle's message is dated at Muncie, Indiana, today, and is as follows:

"I have covered north half of the Hoosier state and found wheat good, with foundation for bumper crop. Some excellent, none bad, no recent growth, ground too cold. Fields are green with good growth and full stands. Condition fine last year in this section; no germination until April. Dry winds lately are making top soil hard, but no harm so far."

Considerable long wheat was sold on the above advice and there were short lines put out as well.

The mere mention of rain in sections of Kansas where needed was another near help in wheat. Possible showers are slated for Missouri and Kansas tomorrow.

The market showed an over-bought condition and the buying power was lacking.

The market closed ⅞ to 1⅛c lower.

Corn—The corn market opened fractionally lower and ruled weak all day. A big short interests has been covered on the three cent advance, and the market lacked support from that kind of buying. Commission houses were moderate sellers, and the weakness in wheat and provisions helped the decline.

Oats—Prices for oats were lower with other grains. Cash and commission houses were sellers and professionals were also on that side. Buying was to cover shorts and on scale orders.

Provisions—Provisions suffered a sensational decline, brought about by persistent selling by interests that until quite recently were identified with the long side. After the early demand was satisfied some bear pressure started prices on the down grade and selling uncovered a lot of stop orders.

CHICAGO LIVE STOCK.

Chicago, Ills., March 15.—Hog values were marked a notch higher today. At least two sales were made at $11.05 a hundredweight, but chers at $11.00 and a lot of light stuff went to shippers at $10.80 to 10.85.

It was a 5 cent higher market, despite opposition from local killers. The sheep house boom continued, advances of 10 to 15 cent for both sheep and lambs being registered. Shorn lambs went to 9.25, wool lambs at $10, and shorn sheep to $7.65.

Hogs — Receipts 15,000; choice heavy, $11.00 to 11.05; butchers, 10.90 to 11.00; light mixed, 10.70 to 10.80; choice light, 10.80 to 10.90; heavy packing, 10.85 to 10.95; good to choice pigs, 10.25 to 11.60.

Cattle—Receipts 4,000; choice to prime steers, 7.75 to 8.40; good to choice steers, 7.00 to 7.70; good to choice beef cows, 4.75 to 6.00; good to choice heifers, 5.00 to 6.25; common to fair heifers, 4.00 to 4.65; good to choice calves, 9.50 to 10.00; selected feeders, .50 to 6.00; good to choice stockers, 4.80 to 5.45.

Sheep—Receipts 10,000; good to choice lambs, 9.50 to 10.00; good to choice wethers, 8.00 to 8.15; good to choice yearlings light, 8.50 to 8.75; good to choice ewes, light weight, 7.00 to 8.00.

HONORABLE FRIENDSHIP.

Prince Henry of Prussia Says Great Britain is Not Antagonistic to Germany.

Hamburg, Mar. 13—Addressing the Anti-Asiatic society last evening, Prince Henry of Prussia said that as a result of his visit to England he could assure them that Great Britain offered to Germany an honorable and sincere friendship. The idea of aggressive action he added was completely absent from the minds of those in the British government. That, however, rested on reciprocity, and nothing must be omitted that might serve to strengthen the confidence of the two nations in each other.

The old saying, "Confidence begets confidence," he continued, "was here applicable."

He could answer for the friendly feelings of the naval officers but the merchant had a sincere duty to discharge just as much as his military comrades.

Prince Henry invited the society to give its warm support to the projected company organized to build at Hamburg an airship dock which will accommodate at least two of the Zeppelin dirigibles, at a cost of $25,000 and make Hamburg the first point of departure for overseas airship lines.

CONVICTS ASSIST IN FIRE.

Inmates of Penitentiary, Headed by Murderer, Prevent Building From Destruction.

Pittsburg, Pa., March 13.—While 750 of the 1,300 convicts of the Riverside penitentiary were at chapel service this afternoon, fire broke out in the great stocking shops of the institution, and for a time the entire prison was threatened. Heroic work on the part of the convicts, headed by a murderer and members of a famous banker colony helped to hold the flames in check until the arrival of the North Side fire department.

Had it not been for the speed with which a chapel meeting was converted into a fire brigade, the prison would likely have been destroyed. So remarkable was the work of the convicts that Warden John Francis later addressed the prisoners and thanked them as a body.

$50,000 for Paris Flood Sufferers.

Paris, Mar. 14—President Fallieres, Premier Briand and other members of the cabinet attended a brilliant gala race meeting at the Auteil track Sunday in aid of the flood sufferers. More than $50,000 was realized.

SPRING REMINDERS OF RHEUMATISM

Raw, Damp Weather Starts the Pain, But the Trouble Lies in the Blood.

Changeable spring weather, often raw, cold and damp, is pretty sure to bring a time of misery to people who suffer from rheumatism. But it must be borne in mind that it is not the weather that causes rheumatism, the trouble is rooted in the blood—the damp changeable weather merely starts the aches and often almost unbearable pains going. The trouble must be reached through the blood, and the poisonous rheumatic acids driven out. This is a medical truth, every rheumatic sufferer should realize. Liniments, outward applications and so-called electric appliances, never did, and never can, cure rheumatism. The sufferer is only wasting valuable time and money with this sort of treatment, and all the time the trouble is becoming more firmly rooted—and harder to cure. There is just one sure way to cure rheumatism—Dr. Williams' Pink Pills. They act directly on the impure weak, acid tainted blood. They purify and strengthen it and so root out the cause of rheumatism. Mr. John Finnamore, Marysville, N.B., says:—"I was laid up with rheumatic fever for a year, and for eight months of that time I could not go about. My blood had seemed to turn to water, and the pain I endured was at times almost unendurable. Notwithstanding I was under the doctor's care I was not regaining my strength and I decided to give Dr. Williams' Pink Pills a trial. I took altogether nine boxes and they simply worked wonders in bringing back my lost strength. I still take the Pills occasionally as I am working in a sawmill where the work is pretty heavy."

Not only rheumatic sufferers, but all who have any trouble due to weak, watery blood, will find a cure through Dr. Williams' Pink Pills. It is because of their direct action on the blood that these Pills cure such troubles as anaemia, indigestion, general weakness, neuralgia, and the aches, pains and secret troubles women folk alone know. Give Dr. Williams' Pink Pills a fair trial, and they will not disappoint you. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Chamberlain's Stomach and Liver Tablets are safe, sure and reliable, and have been praised by thousands of women who have been restored to health through their gentle aid and curative properties. Sold by all dealers.

JAMES MORRIS IS DEAD FROM GUN SHOT WOUNDS

Well Known Real Estate Broker, Victim of Unfortunate Accident on Stoney Plain Road—Companion Stumbled and Gun Went Off—Dying Man Exonerated Him of any Blame.

James Morris, of this city, a brother of John Morris, a real estate broker of 60 Jasper Avenue east, lost his life in a shooting accident Monday afternoon, west of the city. Mr. Morris had taken a client of the firm, W. Clarke, 137 Bellamy street, a teamster, out to see some property on the Stoney Plain road, about six miles from the city. They were on the return trip when Mr. Morris saw a coyote crossing the road.

Both men got out of the buggy and gave chase. Mr. Morris in the lead. In some way Mr. Clarke stumbled and his gun was discharged, the shot entering the thigh of the unfortunate man. Mr. Clarke at once placed him in the buggy and started for the city and to the General hospital, where Dr. McGibbon operated. So much blood had been lost that it was impossible to save his life and he died on Tuesday morning at four o'clock.

There will be no inquest as Mr. Morris made a statement before he died saying that the shooting was purely accidental and that no person was to blame.

In the excitement of the chase of the coyotte it is supposed that the gun that was left cocked went off when Mr. Clarke stumbled, and as Mr. Morris was in the lead he received the whole charge. The wound, which was a large one, was in the upper part of his thigh. As several blood vessels were destroyed it was impossible to stop the flow of blood until he was admitted to the hospital.

Mr. Morris came to Edmonton six years ago from Lugia, Scotland. He was employed in the dry goods department of Revillon Bros. for three years and for the last three years had been with his brother in the real estate business here. He leaves a wife and four children at 163 Fifth street. He was a lieutenant in the 101st Regiment and the funeral which took place Thursday afternoon and was attended by members of this regiment.

SECOND WIFE WILL FIGHT.

Cincinnati Chemist Charged With Bigamy, Has Second Wife on His Side.

Cincinnati, Ohio, Mar. 14—Mrs. Cordelia R. Clemer Yarndley Muir, second wife of Alexander S. Muir, a chemist, who is under arrest here, charged with bigamy by his first wife, Mrs. Mary Ellen Muir, of Toronto, Canada, says she will go out and work to get the money to fight her husband's case, and to show that he was not bound to his first wife after a long separation.

Mrs. Muir, the second, was formerly Mrs. Cordelia R. Clemer Yarndley, and for three years was the teacher of the music department of the Kamahamahamaha girls' school in Honolulu, where she taught the wife of the present governor, Frear. After several years there she was married to Mr. Yarndley, but he died a year after their marriage. She then returned to her home in Bucyrus, Ohio, and later married her schoolboy sweetheart, Alexander Muir, seven years after he had been married in Toronto. She says she does not hate her opponent, but that she will fight to have Muir free.

CHINAMEN FACE MURDER CHARGE

Two Celestials Attacked Drunken Man With a Fatal Result.

Fort William, March 14—A vicious assault that may result in a murder charge was committed Friday night by Lee Sing and Lee Yoplor, Chinamen, who keep a rooming house. Michael Redmond returning from the bush to civilization, celebrated with the usual results, and staggering into his new home, reaching the room he upset some water and lurched into bed. The water penetrated the ceiling of the restaurant below. The proprietor ascended in wrath, and after a brief row one o the Chinamen held the prostrate lumberjack, while the other heat him over the head.

A doctor was called, and finding Redmond very drunk, concluded that the injuries were not very serious, and being called out of the city the matter was not reported to the police. Saturday afternoon an old man informed the police that Redmond was dying, and investigation resulted in the arrest of the Chinamen, and the removal of the victim to the hospital, where his skull was found cracked and a blood clot removed. Later he died in the McKellar hospital and the Chinamen will have to face a murder charge.

MONTREAL JOURNALIST DEAD.

George Murray, Editor of Montreal Standard, Passes Away.

Montreal, Mar. 13—Pneumonia today carried off one of Montreal's oldest publicists, George Murray, after a brief illness. The deceased was 79 years old, and an honor graduate of Oxford university. He came to Montreal many years ago and was for a time classical master at the high school. For the past twenty-five years he has been on the editorial staff of the Montreal Star and later was chief editor of the Montreal Standard. He was a well known writer and published several books of prose and verse.

SEEDING AT ABERDEEN IN SISTER PROVINCE.

Aberdeen, Sask., Mar. 14—H. P. Miller commenced seeding here today and if the present weather holds out, seeding will be general this week.

ROOSEVELT BACK TO CIVILIZATION

Former President of United States Arrives at Khartoum—Has Finished His Book.

Khartoum, Mar. 14—Theodore Roosevelt has arrived in civilization. It was five o'clock when he landed on the steps of the station, still attired in the khaki garb he had worn in the jungle. This was due to the non-arrival of his civilian clothes.

As is characteristic of all Rooseveltian events, his arrival at this point on time and the details was picturesque. The elements gave up a four-days' struggle for supremacy in strenuosity and were lamb-like upon the actual approach of Col. Roosevelt, while the ruffled Nile was as smooth as a mirror. Upon its bosom numerous native feluccias and British gunboats, which had served through the Kitchener campaign, were decorated with bunting and flags in honor of this American citizen. The brilliant white sands and cool green date palms fringing the shores, backed by stately buildings, amid luxuriant gardens, made a fitting setting.

Desirous of keeping his promise to finish his book, Col. Roosevelt anchored off Gordon's tree, the favorite resting place of the martyred hero of Khartoum, six miles from this city. When the last sentence of the book had been finished he followed it by stenographic dictation, answering numerous letters.

The Colonel found the greater part of his mail made up of absurd requests for trophies and other things impossible to do or answer.

PLOWING IS IN FULL SWING IN THE SOUTH

In the District Around Lethbridge Seeding is Being Done—Farmers Are Everywhere on the Land—Lethbridge Y. M. C. A. Has Received Donations of $25,000.

Lethbridge, Alta., Mar. 15—Spring farming operations are now in full swing all over the country in the vicinity of this city. For the past week almost summer weather has rendered it possible for the farmers to get on the land and the opportunity is everywhere being taken advantage of. At Coaldale every farmer in the community is out on the land ploughing, discing, harrowing and in a great number of instances are seeding the spring wheat. An almost perceptible growth in winter wheat is noticed in the past few days, reoting well down, and there is every indication of a most magnificent growth this spring.

In the south as far as Spring Coulee, the farmers are working the land most of them being engaged in spring plouging, no seeding having been done there as yet. From Bowville district comes reports of similar operations there, ploughing and seeding being general all over the country. Word was received from New Dayton this morning that there are three plowing outfits each pulling ten plows, which started breaking last Friday, noon.

$25,000 for Y. M. C. A.

Lethbridge started a Y. M. C. A. campaign today and already nearly $25,000 has been raised. Mrs. W. L. Thompson, of Spring Coulee, donated $10,000. The announcement created much enthusiasm at a banquet last night. General Superintendent Price, of Calgary, and G. A. Stephens, of Winnipeg, were the chief speakers. P. L. Naismith, general manager of A. R. and I. company, is chairman of the campaign committee. It is expected to raise $50,000 in seven days.

J. L. Sterling, coal mine inspector for Lethbridge district, has been appointed chief provincial mine inspector, succeeding Robt. Livingstone, who takes the place of W. D. L. Hardie as superintendent of the Galt mines here.

P. Burns & Co. have purchased the MacKie ranch and stock at Milk river. The price is not stated, but is away up in six figures.

$15,000 PICTURE STOLEN.

Cut From Frame in Golden Gate Park Museum.

San Francisco, March 13—A Millet picture valued at $15,000 was stolen from the Golden Gate Park museum this morning. The thieves entered the museum while no one but the attendants were in the building, and cut the picture from the frame.

They made their entrance into the building and escaped without attracting atention, and there is no clue upon which to work. The picture was the property of Mrs. Sarah Spooner, a local art connoisuer and was brought by her from Europe several years ago. It was placed on exhibition in the museum shortly afterwards and attracted considerable attention from visitors. The picture represents a herd of sheep grazing. Mrs. Spooner had it insured for $7,500.

AVALANCHES IN MOUNTAINS.

Main Line of C. P. R. Blocked for Eighteen Hours.

Vancouver, B.C., Mar. 14—From early dast evening till noon today the main line of the Canadian Pacific railway was again blocked by snow slides at some half dozen points, the principal avalanches having occurred at Rogers' pass, Bear creek, Cambie, Illecillewaet and Albert canyon. The largest slide was at Albert canyon, where the tracks for a distance of some 200 feet were buried under 30 feet of snow and rock. The train from Montreal due in Vancouver at noon today was caught on the eastern side of the slide at Albert canyon, and it will not reach this city till four o'clock tomorrow.

HOUSE IN CONTINUOUS SESSION FOR 31 HOURS

Compromise on St. Lawrence Power Transmission Bill is Reached—Hon. Frank Oliver's Immigration Act Amendment is Then Taken Up—Interim Supply to Be Voted To-day.

Ottawa, Ont., March 15.—The House of Commons rose at ten thirty tonight, having been in continuous session since three o'clock on Monday, with the exception of the two hours automatic adjournment from six to eight o'clock each day. A compromise on the St. Lawrence Power Transmission bill a piece of private legislation, which had been the cause of the protracted fight, having been reached shortly before four o'clock, the House proceeded with the consideration of Hon. Frank Oliver's bill to amend the immigration act, which was given a second reading and advanced in the committee stage.

The discussion was marked by a somewhat lively scene between the Minister of the Interior, Glen Campbell, W. D. Staples and other members who took part, but in the end there was a general exchange of regrets and from that on the proceedings ran smoothly enough. On Wednesday the House will take up Hon. W. S. Fielding's interim supply bill, and when it is passed will proceed with Mr. Oliver's immigration act amendment bill.

On the second reading of Mr. Oliver's bill, the minister explained that the chief object of the bill is to apply to points along the boundary line the same regulation in respect to exclusion which apply at ocean ports of entry. There were, Mr. Oliver said, many changes in detail, all important and calculated to carry out more effectively the policy of the government.

An important provision of the bill was one which, while fully establishing the right of an emigrant to show before the courts the reasons why he should be allowed to enter the country, does not permit him to take full advantage of the protection of the courts until he has been accepted by the immigration officials.

Richard Blain asked if any demands had been made upon the government to abolish assisted immigration. Mr. Oliver said that in so far as the government is concerned there is no such thing as assisted immigration.

Glen Campbell, in asking for information as to the cost of the Doukhobors to Canada, said that these people were a disgrace to civilization and to the government which brought them to Canada.

Express Charges Inquiry.

Ottawa, Ont., Mar. 14.—The secretary of the railway board has notified the interested parties that the final sittings of the board in connection with the inquiry into express charges will be held by the board on April 6th at Ottawa.

EXTRA BIG CREDIT

AUCTION SALE

The undersigned have received instructions from Johnston Bros., to sell by Public Auction, absolutely without reserve, at the old "Alberta Dairy Farm" 2½ miles east of the Edmonton-Strathcona bridge on the base line,

THURSDAY, MARCH 24

the following:

HORES.

Bay gelding, wt. 1400 lbs.; bay gelding, wt. 1300 lbs.; bay gelding, 1100 lbs.; grey gelding wt. 1050 lbs.; team brown geldings wt. 2900 lbs.; team matched drivers (black) 4 and 5 years old, something extra good.

CATTLE.

23 first-class dairy cows, the finest that can be picked up in the country; 4 heifers rising 2 years old; 8 yearling heifers; yearling bull; registered Ayrshire bull (prize winner at Edmonton exhibition in 1908, shown against all breeds.)

PIGS.

2 Pure bred Yorkshire sows in pig to registered boar.

Lunch at noon.

At the same time the farm will be leased to the highest bidder, particulars of which will be announced at the time. The said farm consists of 148 acres, with 85 acres under cultivation and 40 acres pasture land. Buildings for 28 cattle, and 12 horses, milk house, etc., and two good dwelling houses. This will be a chance for any person wanting to lease a good farm.

H. H. CRAWFORD,
C. H. WEBBER,
Auctioneers.

NEVER BEEN UP AGAINST IT.

Miss Forbes Robertson Criticizes Marie Corelli and Mrs. Humphrey Ward.

New York, N.Y., Mar. 14—Miss Beatrice Forbes Robertson, an English actress, and nieces of Forbes Robertson, the actor, talked before the Women's Trade Union league Sunday on the Women of the English Stage and their Suffrage League. Miss Robertson wishes to form a similar league in New York and a benefit for the purpose will be given March 31.

In her address, Miss Robertson said: "While Marie Corelli and Mrs. Humphrey Ward ally themelves as anti-suffrageists and say they are working women, I am pretty sure they have never been up against it. Had they been they would not be anti-suffragists. They both are ludicrously inconsistent."

Aviation Park in Paris.

Paris, Mar. 15.—A permanent aviation park is soon to be laid out in the north of Paris, this side of Chantilly. It will consist of 1,030 acres of level land, and will be divided into a main ground more than three miles in length, for public exhibitions and a small ground for practice.

AN OLD GENTLEMAN CURED OF RHEUMATISM

By One Box of Gin Pills.

Mr. Wm. Conty is one of the oldest and best known residents of Yarmouth, N.S. Owing to his advanced age Mr. Conty was troubled with his Kidneys, which finally developed into Rheumatism.

June 2nd, 1908.

"I have been bothered with Rheumatism for the past year and have taken a good many different kinds of medicine and found no relief for it.

One day a friend advised me to try Gin Pills, so I did and after taking only one box of them I felt like a new man.

I thought I would write you a few lines to let you know how thankful I am for the relief they gave me, and would advise all sufferers from Rheumatism to try Gin Pills." WILLIAM CONTY.

Gin Pills are regarded as infallible for Kidney, Bladder and Urinary Troubles. They are equally good for men and women, and may be used, if necessary, by children. Gin Pills, by their action on the Liver, also correct Biliousness and Constipation, which usually accompany Kidney and Bladder Troubles. Sample free if you write National Drug & Chemical Co. Dept. A D Toronto. At dealers—50c. a box, 6 for $2.50. 6

LLOYDMINSTER.

Bulletin News Service.

The second competition in the range at the Drill Hall took place night. Some first-class marksm ship was displayed by the officers men competing. Ten shots were fi by each marksman at a range re senting three hundred yards. So complaints were heard that the c ridges used fouled the rifles v quickly, but in spite of this the av age of the shooting was exception high, eight competitors scoring fo two and upwards out of a high possible of 50. Sergeant Rowles w the competition with a fine score 48, Major Hodson barely missing tie by scoring also 48 with the h not quite so well placed. Quart Master Sergeant McDowell only sco one point less, making 47. Serge Rawle 46, Sergeant-Major Gronow Jacobs 43, Corporal Morlidge 43, La 42, H. B. Hall 42. The next and fi competition is awaited with keen terest.

Many of the younger farmers of t district, who started in with oxen break the prairie a few years ago, ha done well enough to get rid of the useful but slow beasts and purcha heavy horses, and have, in con quence, created a demand that is ing well catered for by the local ho importers. J. Bell has brought from the East two carloads of fi animals with plenty of muscle a bone, the right type for the farm Mr. Rogers is also showing some go class eastern horses and J. J. Doug has a carload of useful-looking wo ers from his farm at Lacombe. D pite the undeniably high prices ask the horses are selling freely, one ve high-priced team going yesterday a cash deal.

Knox Presbyterian Church held niversary service on Sunday night the big building was packed to doors with a congregation from parts of the district. Distinguish features of an impressive service w the solo singing of Miss Kerr and fine rendering of the anthem by choir, led by Miss Lawrie.

Lieutenant E. J. Ashton met w an unfortunate accident at the D Hall gymnasium last night, wh practising at the vauiting horse. T big man placed to receive a gymna after clearing the horse, became placed as he landed and he heavily, sustaining very severe spra
