U. S. CALLED PERFIDIOUS

Mexico Sends Message to the Latin Republics Blaming Washington.

MEDIATION A DEAD ISSUE

Wilson Administration Has Declared There Is Nothing To Mediate.

[Canadian Press.]

Mexico City, June 27.—It is officially announced that American troops have been withdrawn from the towns of Bachiniba and San Geronimo in Northern Chihuahua, about thirty miles southwest of Gen. Pershing's base at Namiquipa. Gen. Trevino has reported that he has issued orders to the Mexican forces which have occupied these towns not to permit Americans to re-enter them.

The foreign office refuses to state when Gen. Carranza's reply to the last American note will be sent to Washington.

ACCUSE UNITED STATES.

[Canadian Press.]

Mexico City, June 27.—Foreign Minister Aguilar made public today messages sent to Latin-American countries in which the Government of the United States is accused of perfidy and with concentrating troops along the border with hostile purposes toward Mexico.

The messages are in answer to communications from South American countries offering their services to mediate between the United States and Mexico. The messages say that after the incident at Matamoros, the United States began to gather its armed forces along the international border line with the intention of aggression against Mexico. It is asserted that Mexico is not seeking war, but that if it is forced to fight it will go to the last extreme at the cost "of the blood of its sons and the destruction of its wealth."

Call It Perfidy.

The messages conclude by stating that the "perfidy" of the American Government not only affects Mexico, but all Latin countries on this continent. It is added that Eliseo Arredondo, the Mexican minister at Washington, has been instructed to get in touch with his Latin-American colleagues who have offered to mediate and to do everything in his power to prevent war. The final sentence of the message reads: "The people and Government of Mexico are lovers of peace, and will maintain peace at any cost on the understanding that the dignity and sovereignty of the republic is not attacked."

MEDIATION A DEAD ISSUE.

[Canadian Press.]

Washington, D. C., June 27.—Mediation of the dispute with Mexico was a dead issue today, and 12,000 national guardsmen were ready to start for the border to enforce the United States' demands on Gen. Carranza's Government.

Secretary of State Lansing yesterday prevented even formal proposals of mediation by telling Minister Calderon of Bolivia that the American Government believes nothing in the situation is subject to arbitration. Even greater efforts were made by the war department to eliminate "red tape" and expedite the dispatch of national guardsmen to relieve the regular army border patrols for a possible Mexican campaign. Orders issued will permit postponement of final physical examinations until troops reach their destination. Railroad officials were called on to give troop and army supply trains right of way over other traffic.

Progress of the Hay resolution authorizing draft of the national guard into federal service was delayed, while the House today was to consider amendments made yesterday by the Senate. The Upper House eliminated the $1,000,000 appropriation for families of guardsmen, but authorized the excusing from service those whose families are dependent. The House may not concur, and thus make further delay by forcing the resolution into conference committee.

RED CROSS READY.

[Canadian Press.]

New York, June 27.—The war department has placed the movements of the Red Cross under the same cover of secrecy as those of the regular army and the militia. Officials of the Red Cross throughout the country have been advised to be careful as to information they give out, as the disposition of their forces would indicate the points where troops are to be sent.

The Red Cross now has 6,000 nurses who are expected to respond if needed. It was arranged also to provide equipment and personnel for enough base hospitals to care for 400,000 men, and to turn these over to the Government in event of war.

Nearly 35,000 National Guard troops from twelve states in the department of the east are under orders to start today for the Mexican border or are already on the way.

BRITISH PENETRATE FOE'S LINES AT 10 DIFFERENT PLACES

Munster Fusiliers and Anzacs Distinguish Themselves in Night Raids—Trenches Damaged by Artillery.

LONDON, June 26.—The British official statement issued tonight at midnight says:

"We carried out a number of successful enterprises last night at different points. Hostile lines were penetrated at ten different places. Our parties inflicted considerable casualties on the enemy and took several prisoners. Our casualties were very slight.

"The Munster Fusiliers and Anzacs were particularly successful.

"In connection with these raids, there was a good deal of artillery work on both sides. Our artillery fired with great effect, the hostile trenches being considerably damaged in many places. Four large explosions were caused by our heavy artillery in the enemy's rear guard lines between Pozieres and Montauban.

"Today our artillery was again active at numerous points and considerable damage was caused to hostile defensive works, notably near Longueval, Gommecourt, Givenchy-en-Gohelle, north of the Loos salient, opposite Wytschaete and east of Wieltje.

"One hostile kite balloon, in addition to those already reported, was destroyed by our aircraft yesterday, making a total of six out of fifteen balloons attacked. The six were seen to fall in flames."

ENNISKILLEN PICNIC SUSTAINS REPUTATION

Notable Annual Event Draws Immense Crowd to Trott's Grove.

[Special to The Advertiser.]

PETROLEA, June 26.—An immense crowd was present at the fourth annual union school picnic held at Trott's Grove on Saturday. This event is held each year by all the schools of Enniskillen, and is the largest of its kind held in Ontario. The splendid program, in which all the schools took part, was without doubt the finest that has yet been presented. An interesting feature of the program was a grand pageant of the Allies, in which fourteen schools took part. The pupils from each separate school represented a country that is fighting with the Entente Allies in the present war. The many competitions in physical drill and patriotic singing were keen and were greatly appreciated. The features of the day were a wand drill and an interesting folk dance given by the Oil Springs high school girls.

In the athletic competitions the school trophy was won by S. S. No. 13, W. Windover, president of East Lambton Teachers' Association, teacher. The grand championship medals were won by Shirley Miller of S. S. No. 16, and Clifford Symington of S. S. No. 12.

In the baseball game between North Enniskillen and South Enniskillen, the former won by a score of 5 to 1.

In the basketball games, the girls of Petrolea high school defeated the girls of Oil Springs high school by a score of 19 to 13.

The program was brought to a close by the presentation of medals and trophies by John Farrell, chairman, and short addresses by A. McLaren of Guelph O. A. C., R. Stephenson, and N. McDougall, B.A., I.P.S. Great credit is due Mr. McDougall, whose untiring efforts and enthusiasm have made this event one to be looked forward to by all the adults, as well as the school children of the township.

PORT STANLEY RESORT ALIVE AND HUMMING

Even With Numerous Cottages Added Most Places Are Occupied.

[Special to The Advertiser.]

PORT STANLEY, June 26.—Although the summer season does not open at Port Stanley until July 1, large crowds took advantage of the warm weather, and spent the week-end at London's summer resort. Unlike last year, a good season is promised.

Already most of the cottagers have taken up their residence on the heights and beaches.

Throughout last season a number of cottages were left unrented and unoccupied. This year additional cottages have been built, and owners are finding no difficulty in securing tenants. Rents have taken a slight ascent.

The rooming-houses on Willow Beach and Stanley Beach report bookings for July and August. Three large rooming-houses have been built this spring, but the present outlook denotes scarcity of rooms to accommodate the fortnight and week-end visitors.

A number of changes have been made on Orchard Beach. A few cottages along the lake front have been moved farther back on account of large "in-washes" of the lake.

The board-walk amusements and booths have been slightly altered, in preparation for a big season. The dance hall has done a good business since Victoria Day.

STARTING TO MOVE SARNIA SAND PILE

One of Steps Toward Securing Water Supply.

WORK ON PRICE SLOW

Little Noticeable Difference in Wrecked Steamer in Week.

[Special to The Advertiser.]

SARNIA, June 26.—Two large scows owned by the Cadwell Sand and Gravel Company have arrived here from Detroit to load the gravel piled up outside the infiltration basins at Point Edward. This gravel, consisting of hundreds of tons, rests between the basins and the river and it is thought that it has something to do with the shutting off of the water from getting into the basins.

City Engineer Beard is now planning the details of the three infiltration basins that will be built and lowered at the edge of the river opposite to the wireless station and which it is expected will supply the needed water for the waterworks plant.

The basins will cost about $5,000 to construct and if they work successfully more will be put down to get the proper amount of water.

TUG READY FOR BOILER.

SARNIA, June 26.—The tug Diver which has been rebuilt at the dock here is now ready for the new boiler which is being built and which is expected will arrive at any time. The Diver is the smallest of the Reid tugs and is used in raft work and on jobs about the river.

WEATHER HAMPERS WRECKERS.

SARNIA, June 26.—The overturned steamer Charles S. Price, which is now being raised by the wrecker Favorite, is now visible from the summer houses at the beach if a powerful glass is used. The wreck was visited yesterday by a number of launches from the American side, and these people report that they see little difference in the boat's position since a week ago.

The boat is still about eight or nine miles from the mouth of the river, and the wreckers have not succeeded in bringing her any nearer to the shore as yet. Bad weather has been hampering the operations for some time.

BAD SWITCH IN TRAINS.

SARNIA, June 26.—The Grand Trunk Railway has changed its timetable again, and the mail which used to leave Sarnia at 4:20 now closes at 1:50 p.m. The change will be detrimental to business interests of the city, as this is the last mail until 10:50 at night that leaves the city for London.

NEW OIL-TANKER ARRIVES.

SARNIA, June 26.—The new oil tank steamer Royalite, which was built at the Collingwood shipbuilding yard for the Imperial Oil Company of this city, arrived down the lake today from the shipyard, and will be put into commission in the near future. The boat is one of several that have been ordered from the Collingwood company. The steamer is a fine-appearing one, and will be a big addition to the carrying capacity of the company's fleet.

The other boats owned by the company and operated out of Sarnia are the Imperial, the Imperoyal and the tow barge 141.

AUSTRIANS FLEE BEFORE ITALIANS ON LONG FRONT

Give Up Conquered Positions On Trentino Sector.

ABANDON THEIR SUPPLIES

Italy Rejoicing Over Turning of Tables Against Enemy.

[Canadian Press Cable.]

ROME, June 26.—Reports from the front state that the Italians are advancing all along the Trentino sector, reconquering positions which the Austrians had occupied, and capturing men, arms, ammunition, provisions and all kinds of supplies, which the Austrians were obliged to abandon in precipitate retreat. All Italy is rejoicing over the withdrawal of the Austrians six weeks after their offensive movement on the Trentino front began.

Retreat on Long Front.

A general retreat of the Austrians in the Trentino district over a sector of about 20 miles in extent, is announced in an official statement issued by the Italian war office today. The statement says that the Italians are pressing the pursuit vigorously. The text of the statement follows:

"The enemy, incapable of overcoming our defence, and under the energetic pressure which we have been conducting for several days, has been forced to begin a retreat north of the Mandrielle road. We have recaptured the positions of Costel Gamberto, Melette, Monte Longara, Gallio, Asiago, Cesuna and Montecengio. Our advance continues vigorously closely at the heels of the enemy."

In addition to the bulletin announcing the Austrian retreat north of the Mandrielle road, the war office issued the following statement, covering the various fields of operation:

Reach Arsiero.

"We advanced from the Arsa valley to the Sette Communi plateau. In the Arsa valley we took Raossi and the slopes of Monte Lemarle. Our line detachments drove in the enemy at the head of the Monte Pruche ravine, and began an advance to the Posina valley. The greatest progress was made on the right flank, where we occupied Pria Fora and pushed to the outskirts of Arsiero.

"On the Sette Communi plateau we occupied the northern slopes of Monte Busibollo, Belmonte, Pannoccio, Bareo and Cengio, southwest of the line running through Monte Longara, Gallio, Asiago and Cesuna, on which we are firmly established. On the northeast of the plateau we took Monte Cimone and Monte Castellaro, and Monte Belle, west of Cima di Caldiera.

Corpses Fill Trenches.

"The enemy withdrew rapidly before our advance. He blew up the bridge at Foxi, and set fire to Aspe, Stanna and Stainbri. Along the whole front we found trenches of the enemy filled with corpses. Large quantities of arms, ammunition, food and other material were left by the enemy. Sharp fighting continues.

"In Carnia and on the Isonso the artillery is active, and especially in the Upper But valley, where the enemy's trenches were damaged extensively by explosions and fires were caused.

"Hostile aircraft dropped bombs near Ala and in Padua, Fonzaso, Primolano and Grigno. There were no casualties. Our aeroplanes bombarded positions of the enemy on Monte Bover, southeast of Caldonazzo, the railway station of Oberdrauburg, and depots at Dellach, in the Drave valley. At each of these places large fires were observed."

AUSTRIANS ADMIT SHORTENING LINE.

VIENNA, via London, June 26.—The official Austrian communication issued today admit the shortening of the lines on the Italian front. It says:

"In order to safeguard our full freedom of action we shortened at some points our front in the fighting sector between the Rivers Brenta and Etsch. This move was completed unnoticed and unhindered by the enemy and without losses."

GERMANY FORBIDS SALE OF GROWING CROPS

[Canadian Press.]

The Hague, Via London, June 27.—The German Government has inaugurated a new bureau to foster fruit and vegetable raising, and the distribution of the crops. The Government has also forbidden the sale of growing crops.

ADJUSTS WINDMILL 40 FEET ALOFT, AGED 91

Wm. Robertson of Moore Township Shows Youthful Tendencies.

BRIGDEN, June 26.—That the days of hardy old age are not of the past entirely is evidenced in the case of William Robertson, 10th concession, Moore Township, a few miles from this village. Hale and hearty although in his 91st year, he recently mounted to the top of the windmill derrick on his farm, a height of perhaps forty feet, adjusted the machinery in connection with the mill, and returned to terra firma as unconcerned as one whose years are fewer by at least a score. Mr. Robertson is one of the early settlers in that particular locality, and still takes lively interest in the happenings of today.

FIGHT OVER WAR.

ST. THOMAS, June 26.—Mike Kevasek and John Gliarski were brought before the magistrate Monday charged with assaulting Wm. Yewskie, a Russian. It appears that a row started over a discussion on the war after the men had had a little whisky. The men were fined $20 and $10 respectively and Kevasek was ordered placed on the prohibited list.

VON BOTHMER IS IN GREAT DANGER ALONG THE STRIPA

Huns May Be Forced Back Along the Entire Line.

AUSTRIANS DEMORALIZED

Are Completely Cut Off From the Teuton Forces to the North.

[Canadian Press.]

Petrograd, June 26, via London.—With the elimination of Gen. Pflanzer's army in Bukowina, the attention of Gen. Brusiloff's forces in this section is now directed upon Kolomea, the key to the defence of Lemberg on the south. The occupation of Kimpolung and Kuty has opened the way to Kolomea, and already a result of this last-recorded victory of the Russians is becoming evident in the forward movement of Gen. Letchitzky on the road from Sniatyn to Kolomea to a point ten miles from the latter town.

Pflanzer's Forces Demoralized.

It is evident from the report of prisoners and booty taken that the Austrians defended Kimpolung with considerable forces. They were attacked by Russian troops which had covered the 30 miles from Gurahumora in two days, and were rushed into the fight with scarcely an hour's rest. According to Russian military authorities, their assault added the last touch needed to complete the demoralization of Gen. Pflanzer's forces, which now are entirely cut off from communication with Gen. Count Von Bothmer's army group on the Stripa River to the north.

Gen. Von Bothmer's position is regarded as precarious as a result of this operation. His right flank has been completely uncovered, and military critics believe he will without doubt be forced to fall back along hs whole line before Tarnopol.

Brody in Danger.

The Teutonic forces appear to have been able to stop, to some extent, the breaching of their front in the Kovel region, where a large element of German troops has stiffened the Austrian lines, and it is evident that preparations are being made for a desperate stand at Brody, on the southern wing of that position. Nevertheless, in the face of stiff counter-attacks, the Russians have been able to push a wedge in the direction of Vladimir-Volynski to a point which threatens that town and endangers Brody, the gateway to Lemberg from the east.

COSSACKS CROSS DNIESTER.

PETROGRAD, June 26.—Via London, 7:16 p.m.—Russian cavalry, after a battle with Austro-Hungarian troops, has occupied a position near Pezoritt, about 5½ miles west of Kimpolung, in Bukowina. The foregoing was announced in the official statement issued today by the Russian war office.

Regarding the operations in Bukowina the war office announced that Russian forces also were advancing southward, approaching the passes leading into Transylvania.

The official statement follows:

Intense Artillery Fire.

"Western front.—There has been intense artillery fire in many sectors in the regions of Jacobstadt and Dvinsk.

"In the region east of Horodyshosy, north of Baranovichi, after a violent bombardment of our trenches near the Scroboff farm on Sunday night, the enemy took the offensive, but was repulsed. At the same time, on the road to Slutsk, the enemy attempted to approach our trenches on the Shara River, but was repulsed by our fire.

"In the region northeast of Lake Vigonovskoye yesterday at noon, the Germans attacked the farm situation five versts southwest of Lipsk. They were repulsed. The enemy renewed his attacks at noon on a greatly extended front under cover of heavy and light artillery.

"Yesterday morning our aviators, Sub-Lieuts. Kvasskoff and Vladimiroff, perished, meeting a heroic death.

Foe Repulsed in Styr.

"On the Styr from Kolki to Socul, the Germans are bombarding our trenches with heavy artillery and have attacked locally, but everywhere were successfully repulsed.

"Repeated attacks in mass formation in the region of Linewka on the Stokhod were repulsed by our fire. In this action one of our companies pursued the enemy a distance of half a verst and took fifteen Germans prisoner.

"In the direction of Lutsk and further south the situation is unchanged. We repulsed an attack on Seatourtzk.

Cossacks Cross Dniester.

"On the reaches of the Dniester, south of Buczaz, our Don Cossacks, having crossed the river fighting and overthrowing elements of the enemy's advance guards, occupied the villages of Siekerghine and Petruve, capturing five officers and 350 men.

"Russian cavalry, after a fight, occupied the enemy position near Pezoritt, nine versts west of Kimpolung (Bukowina).

"According to later reports, we captured large depots of wood and 31 abandoned at Molit and Frumos stations on the Gurahumora-Rasoka railway.

"We are also making progress southward, approaching passes leading to Transylvania."

SAYS RUSSIANS ARE THROUGH PASSES.

NEW YORK, June 26.—A dispatch to the Hearst papers from Petrograd today says:

"Russian troops have crossed the Carpathian mountains into Transylvania, it is stated in official dispatches received from the headquarters of General Brusiloff.

"Austro-Hungarian forces defending the Carpathian passes were hurled back by the relentless sweep of the Russians and are again in retreat. The penetration of Transylvania (the plains of Hungary) is the most serious blow to Austria-Hungary.

"During their offensive in 1914-1915, the Russians got only to the mountain wall, but now are in a position to menace Budapest."

BERLIN TELLS OF MANY PRISONERS.

BERLIN, June 26.—The statement on military operations in the eastern theatre of war, issued today, is as follows:

"Apart from lively artillery activity at places and some fighting by small detachments, nothing of importance has occurred on the northern portion of the front.

"Army group of Gen. Von Linsingen: To the west of Sokul, near Zaturze, stubborn engagements continue successfully for us.

"The number of prisoners and the amount of booty taken since June 16 has increased to 61 officers, 11,097 men, 2 cannon and 54 machine guns.

"Army group of Gen. Count Von Bothmer: The situation generally unchanged."

VIENNA HEARS OF RUSSIAN REPULSE.

VIENNA, via London, June 26.—The German troops west of Sokul in Volhynia, have stormed Russian positions over a front of about 3,000 metres, and repulsed all counter-attacks, according to the Austrian official communication issued today.

"On the heights north of Kuty (Bukowina), Russian attacks were repulsed with heavy enemy losses. On the remainder of this front in Galicia, the situation is calmer.

"In Volhynia, the fighting activity is restricted mostly to artillery combats. West of Sokul German troops stormed enemy positions over a length of some 3,000 metres and repulsed all counter-attacks. Further north the situation is unchanged."

LICENSE INSPECTOR TRAPS PROPRIETOR

Dodges Into Room and Sees Drinks Served on Sunday.

WINDSOR, June 26.—When Emile F. Menard, proprietor of the Dominion Hotel, Sandwich East, turned on his lights in the dining-room to serve drinks to some friends Sunday night, he discovered Paul Morand, liquor license inspector, one of the visitors. As a result of Morand's visit, Menard was summoned to Windsor police court today on a charge of selling liquor on Sunday. He pleaded guilty, and was fined $50 and costs.

The inspector walked into the darkened hotel just as Menard and his friends entered through another door. When the proprietor unlocked the dining-room, Morand slipped past unnoticed, he says. The liquor was served, and Morand stepped forward with a summons.

Fred J. Kirsch, proprietor of the Lake View Hotel, Sandwich East, has been summoned to appear in Windsor police court Thursday to answer a charge of Sunday selling. Government "spotters" will give evidence against him.

A bartender at a local hotel pleaded guilty to selling liquor on Sunday, and was fined $20 and costs.

For being drunk while on the Indian list, a man was fined $10 and $5.25 costs. He got the liquor in Port Huron.

Two Italians, charged with stealing money off a collection plate in the Central Baptist Church, were remanded till Wednesday.

DEATH OF JOHN McMAHON.

WYOMING, June 26.—Death has claimed another of Plympton's pioneers in the person of John McMahon in his 68th year. In the year 1869 Mr. McMahon married Christina Chalmers, who predeceased him six years ago. All their married life was spent on the 2nd line, Plympton, where four children were born, Manfred (deceased), John of Vancouver, Bella (Mrs. Ernest King), 2nd line; and Etta (Mrs. Frank King), 6th line. The funeral will take place Tuesday afternoon at 2 o'clock from the home of Mrs. Frank King to Wyoming Cemetery.

BLENHEIM, June 26.—Farmers are still seeding in this vicinity. Some have not finished planting corn, and others are putting in beans. It is now considered late for either, but they are taking chances. The weather here of late has been favorable, and many lines of work are in order. Haying has begun, but this will not be general before a week or two.

Strawberry growers are busy in their patches these warm days. The fruit is in good condition, and a good crop will be secured, it appears.

BURGLAR-SOLDIER STIFFLY SENTENCED

Deserter From Hamilton Must Serve Five Years.

DESPERATE IN THREATS

168th Battalion Man Has a Narrow Escape on Meeting Fugitive.

[Special to The Advertiser.]

WOODSTOCK, June 26. — Stephen Chronck, a member of the Hamilton Mounted Rifles, was found guilty in police court this morning on the charge of having burglarized the Grafton clothing store here, and securing a quantity of clothing. The offence took place on Sunday night, June 18. Five years in Kingston Penitentiary was Magistrate Ball's sentence.

On a second charge of having stolen a bicycle he was given two years, the sentences to run concurrently. The prisoner pleaded that another soldier, who, he claimed, was also a deserter from his battalion, gave him the clothes, and said they had arranged to go to the United States. This mysterious soldier, however, could not be found or described by the prisoner.

Wields Butcher Knife.

Pte. Murray, of the 168th Battalion, was returning home on the night in question about 12 o'clock when he met Chronck, who accosted him as follows:

"I thought you was one of those military police. If you have have been I would have finished you." With this he flourished a large butcher knife—one taken from the Grafton store. Evidence was produced to show that the prisoner went into a gravel pit in khaki, and carrying a bundle, and that he came out in mufti. He has a criminal record. He was arrested two weeks ago in Toronto for theft, and was being held by the military for the Toronto authorities, when he broke out of the guard house.

Parker Goes to Trial.

Pte. Miles Parker, of the 168th Battalion, who was seen in the company of Chronck before and after the robbery, also answered the charge of being implicated in the Grafton burglary. He was called upon to answer a second charge, that of resisting the police. The magistrate sent him to a higher court, as Parker's counsel wished.

[Special to The Advertiser.]

CHATHAM, June 26.—Jack Harris, colored, was this morning sentenced to six months in the Ontario Reformatory for assaulting William Crosby on Saturday afternoon.

The defendant entered the complainant's home and demanded some whisky. On being refused he proceeded to "beat up" Crosby.

When arrested later in the day he was found to be carrying a loaded pistol. He appeared on two charges this morning in the city police court, that of doing bodily harm to Crosby, and carrying a weapon. He was allowed to go on suspended sentence on the later charge.

Case Is Dismissed.

James Douglas appeared in the city police court charged with appropriating $7 of his employer's money. He was formerly employed as a driver by A. R. Frenche's bakery, and it was alleged he had kept payments made by two customers. One of the customers stated that she had made no payments, and as there was not sufficient evidence to warrant a conviction on the other case he was dismissed.

For riding a bicycle on the sidewalk, knocking down a citizen and causing minor injuries, a young local boy was this morning fined $2 and costs, $4.75 in all.

The Racking Pains of Sciatic Rheumatism

Were Well-nigh Unbearable—After Five Years of Suffering Cure Was Effected by Dr. Chase's Medicines.

For downright excruciating pain few ailments can be compared to sciatic rheumatism. Since this condition of the sciatic nerve denotes exhaustion of the nervous system, the logical cure is found in the use of Dr. Chase's Nerve Food to nourish the starved nerves back to health and vigor.

Reports are continually coming in to us regarding the splendid results obtained in the treatment of sciatic rheumatism by using Dr. Chase's Nerve Food after each meal and Dr. Chase's Kidney-Liver Pills occasionally as a means of arousing the action of the liver, kidneys and bowels and thereby keeping the system freed of pain causing poisonous impurities.

Mr. W. J. Talbot, Edenwold, Sask., writes: "It is a great pleasure for me to recommend Dr. Chase's Kidney-Liver Pills and Nerve Food as a cure for Sciatic Rheumatism. The pain I have suffered has been well-nigh unbearable. It would start in the hips and run down the legs to the toes, gradually getting worse. The nerves contract until one is practically useless. My doctor tried many different treatments, but could only afford relief for a time.

"For about five years I was subject to this trouble with severe attacks which would last about two months. The last attack I had was shortened to two weeks by the use of Dr. Chase's Kidney-Liver Pills and Nerve Food. This treatment was continued until I was satisfied that the cure was lasting."

This statement is indorsed by Mr. H. E. Wooley, J. P.
