CHAPEL BURNED.—The Catholic Chapel at Gaspereaux, King's County, was destroyed a few days ago by fire the origin of which is unknown.

DROWNED.—On the 20th ult., a young man named Michael McCormack, of Big Cape, P. E. Island, was accidentally drowned at that place whilst engaged in setting nets.

CHEESE FACTORIES.—There are six cheese factories in Annapolis county located respectively, at Williamston, Paradise, Torbrook, Handley Mountain, Bridgetown and Belle Isle.

THEFT AT SALEM.—A few days ago a traveller with a bundle called at Mr. Bradford Black's, Salem, Cumberland, Co., and, after having taken dinner, inquired the time of day. A watch hanging in the house was consulted, and the information given him, shortly after which he left, and so did the watch, as it was afterwards ascertained. Efforts to trace him were unsuccessful.—*Citizen.*

LO, THE POOR INDIAN.—The Amherst "Gazette" reports that an Indian carried off a coat from the store of Messrs. R. B. Huestis & Co., in that town, was pursued and caught by Mr. Huestis. A struggle ensued, the result of which was that Mr. Huestis got his coat and the Indian his liberty. A warrant was subsequently issued, but lo, the Indian couldn't be found.

MR. RAND.—The Fredericton "Head Quarters," referring to a report that Mr. T. H. Rand has been requested to take the office of Superintendent of Education in New Brunswick, says that gentleman has been invited to take charge of the Baptist Seminary in Fredericton, and not any department under the new School Law.

DEATH OF A. T. COBURN, ESQ.—Our obituary notices to-day contain the death of A. T. Coburn Esq., for some years past Sergent-at-Arms to the House of Assembly, the duties of which he ever and always discharged with the greatest satisfaction to his friends and the country. Mr. Coburn was a decendent of the earliest settlers of New Brunswick, and his own history from boyhood was closely identified with the settlement and growth of this portion of the Province. He was at one time a successful merchant in this city doing a large and flourishing business, but of late years had retired from active business life, occupying himself chiefly in the care and superintendence of the Provncial Buildings. In all the walks of life Mr. C. was an honorable man, and his death is now lamented by a large circle of relatives and friends.—*Fredericton Reporter.*

A prisoner, named McGilvray, confined in Truro jail for burglary, escaped on Monday, and proved his skill as a thief by carrying off a watch and thirty dollars belonging to the jail officials.

The Charlottetown *Herald* learns that the Hon. George Coles' mental malady has been getting so much worse of late, that he had to be conveyed to the Lunatic Asylum on Thursday, the 1st inst.

FIRE AT WALLACE.—The Amherst *Gazette* says: During the high wind on Saturday, the 24th ult., the house of Mr. Richard Woodland, jr., of Six Mile Road, Wallace, was ignited by a spark from the flue, and destroyed, together with nearly all its contents, including—all his seed grain, wheat for summer's bread, and some unfinished carriage work for customers. Loss about $800; uninsured.

PROVINCIAL APPOINTMENTS.—The Honorable John Robertson, the Honorable A. M'L. Seely, and Archibald Harrison, Esquire, to be Members of the Senate of the University of New Brunswick.

Dr. Joseph H. M'Monagle, to be a Coroner for the County of Kings.

The Synod of the Presbyterian Church of the Lower Provinces, will meet at St. John on Wednesday, the 28th of this month, at half-past 7 o'clock, p.m. The place of meeting will be St. David's Church. The opening sermon will be preached by the Rev. R. Sedgewick. According to the June *Record*, the chief subjects that are to come before the Synod will be Union, the Theological Hall, and Foreign Missions. One or two Professors will be elected. Two, perhaps three, new missionaries will be present. The Union question must be seriously considered in the light of the report of the Committee, which met at Montreal.

The Church of Scotland Synod will also meet at St. John—in St. Andrew's Church—on Wednesday, the 28th June, at 7 p.m., Rev. Allan Pollok will preach.

DISTRESSING DISASTER.—*Nearly Fifty Persons Drowned!*—A gentleman in this city has received a letter from a Newfoundland correspondent, in which the sad announcement is made that thirty men and one or two women were drowned between St John's and Conception Bay on the 21st or 22d ult. It appears that the men were engaged in the fisheries, and lived on the North side of Conception Bay, to which they were returning from St. John's in a schooner laden with supplies for the coming season. The particulars of the catastrophe are not given, but the unfortunates, to the number stated, perished; and the saddest feature of the disaster is, that all the men, excepting one are said to have wives and families.

We also learn that on the night of the 6th May, the barque *City of Quebec*, of Aberdeen, which sailed just a month previously from London for Quebec, struck a rock at Isle Aux Morte, and soon went to pieces. It is supposed she had seventeen hands on board, all of whom perished. About half that number of bodies have been found. The captain or mate appears to have been writing in the log book, which has been found, about an hour before the vessel struck. The writing tells the story:—No observation for three days—sounded several times, each time in less water—altered course—weather stormy and foggy, and vessel making 11 knots an hour. The last entry was 8 p.m., and the clock which was picked up indicated 9.30.

Two shipwrecks, under circumstances such as the above, it is, happily, seldom our duty to record.—*St. John Telegraph.*

EDITOR'S NOTES, &c.

1. THE CHRISTIAN VISITOR AND THE MOUNT ALLISON EDUCATIONAL INSTITUTION.—Our contemporary of the 8th inst. contains an article in its Editorial columns, headed "AN EXTRAVAGENT STATEMENT," which contains the most extraordinary manifestion of Editorial courtesy which we have yet seen in a paper purporting to be religious. We should not like to think, we do not suppose, that it was written by the venerable minister who has been regarded as the Editor of the Visitor. Whoever the writer may be we can hardly believe that our incidental mention of a well-known fact respecting the extent and success of the Mount Allison Educational Institution, can have been the cause of the fearfully unhappy state of mind in which he must have been when writing the article. We can account for the frenzied assault which he makes upon us and the Institutions at Sackville and upon the young men who have been sent out from it, only upon the supposition that he had, in preparing the previous article, entitled "REV. MR. CURRY NEARLY EXHAUSTED," lashed himself into such a state of unreasoning fury, that he had to look wildly around for some other objects on which to pour out his surplus wrath.

That our readers may judge of the beauties of this unique article we will quote two or three sentences and expressions from it. It begins:—

"The editor of the *Provincial Wesleyan* has been attending the anniversary exercises of Mount Allison Institutions, and the glamour of the occasion has produced an extraordinary impression upon his mind. His pen, in writing of that very pretentious school in Sackville, perpetrates the following extravagant statement."

It refers to the "fact that this year there were graduated from the college, so-called, *two young men*," and very insultingly insinuates a doubt, while expressing a hope that they are so far advanced in study as to see the necessity of going to some *college* and entering the Freshman class," and very kindly intimates—"Nor need they leave "Eastern British America" to find what is required in the shape of a liberal education," and then in holy indignation declares "It is casting discredit upon the cause of liberal education to send out young men from High schools bearing the diplomas of A. B. and A. M."

The next paragraph is so delightfully fraternal and complimentary that we quote it in full:—

"Well, brother editor of the *Wesleyan*, do not suppose we mean to take you to task for extolling your denominational school in Sackville, but we must demur at the exaggerated bombast of your laudation. It reminds us of the pompous dialect of strolling pedlars of quack medicines."

In another paragraph he refers to "Writers who have, from time to time, been conspicuously and ridiculously prominent in the columns of the *Wesleyan*, attempting to discuss the question of Christian Baptism;" and declares that, "The *Wesleyan's* extravagant commendation of the Sackville affair, is very much like Scudery's prefaces which are remarkable for their gasconading" and after giving an extract, we suppose, from the said Scudery, he exclaims:—

"But let us stop with a Spanish proverb—*Aviendo, pregonado, vino, vendem vinagre:* "Having cried up their wine, they sell us vinegar."

We frankly confess that we do not think we could answer such an article in the style in which alone it deserves to be answered, without voluntary degradation to a level quite below that on which the christian minister and the Editor of a *religious paper* should be ever found.

We take the opportunity, however, of saying, 1st, That the statement which was made the pretended occasion of the article referred to, was not made with the slightest thought of disparaging any other institution; and we should rejoice to learn that there are other general Academic Institutions somewhere in these Provinces which are anything like as extensive and as successful as that at Sackville. We are most assuredly ignorant of their existence, and certainly they are not to be found either at Wolfville or Fredericton. Our Baptist friends have striven long, earnestly, nobly, to build up their Educational Institutions at Wolfville and Fredericton. We have ever truly sympathized with them in their strugglings, and we have heartily rejoiced when we have heard of their success; and we shall continue to do so.

2nd. That the managers of the Mount Allison Institution gave evidence of their willingness to have the Educational work, for which they made provision in the Collegiate Department of the Institution, fairly tested, by being brought into comparison with that done in other Institutions in the Province, when they earnestly applied to the Legislature for the establishment of a University Body proper, to be distinct from all teaching bodies or institutions, to be the sole source of College or University Honors and Degrees. Failing in this application, they effected a College Organization in 1862 under Legislative Authority obtained several years previously; and adequate provision was made for thorough instruction in a complete undergraduate course of study; and we claim for its twenty-eight or thirty graduates—young men who having passed the required examinations, have received the Baccalaunate Degree—that they will not suffer when compared man for man, in regard to scholarship, with the men who have graduated in other Institutions in these Provinces since 1863.

And we further claim for the Mount Allison College that its Faculty is at least as capable, and in every respect as well prepared, as any in the Maritime Provinces at least to give instruction in the College Curriculum. But while we assuredly believe that Sackville is the very best place to which a young man, wishing to take a College course, can resort in Eastern British America; we do not refer chiefly to *the College* when we speak of the extent and success of the Institution, but to the Institution as a whole, with its four or five spacious edifices well fitted and furnished throughout, affording ample accommodation for all its Academic Departments—Primary, Intermediate, Collegiate and Theological; except in the one respect to which our former note referred.

2. THE PULPIT AND THE PEW.—We have received the prospectus and the first, or specimen number of a new periodical which is to be published in New York with the above title, at $2,00 a year; to ministers $1.50. It promises to be a valuable addition to the already almost bewildering multitude of magazines published at the present day. It seems very similar in its object and plan to "*The Preacher's Lantern, a monthly magazine for the Pulpit and the Pew*" which is published in London, but possibly it may be expected that of the two the one published in America will be better suited to our meridian.

The Rev. L. Warner of the Canada Conference, is agent for the New York publication in Canada. Subscriptions for it will be received at the Wesleyan Book Room, Halifax; and as the volume is to begin with the July number—those wishing to take it should send in their subscriptions at once. 24 cents must be added to the subscription price in each case to prepay the United States Postage.

Registration of Letters containing Money, Checques, or Articles of Value.

NOTICE TO THE PUBLIC.

The Post Office Department having gone to a great deal of trouble and expense to ensure, as far as possible the safe transmission of money by Mail, it is much to be regretted that the public will still continue to send through the Post Office letters containing money cheques, or valuable papers without availing themselves of the money order system, or having their letters registered, *the charge for which is now only two cents.* The safest mode of remitting is by *money orders*, but in places where there are no money order offices, the *Registration system* should be taken advantage of.

When an unregistered letter, stated to contain money, goes astray, suspicion rests not only upon the Post Office Employees by whom the letter has been handled, but upon the sender, and receiver also for it has been known that parties owing money when pressed for payment, in hope of either evading the debt altogether, or gaining more time in which to pay it have stated that their admittance had been duly forwarded through the Post Office when on investigation it was found that no remittance has ever been made at all.

A careless or dishonest man may receive an unregistered letter containing money, and forget, or *intentionaly* omit to acknowledge its contents; in either case, however, the Post Office is blamed, when, in reality, in many instances, no blame should have been attached to it.

In connection with the foregoing remarks I annex an extract from a report of the Post Master General of Canada.

"If the consequence of this procedure were limited the mere risk of the loss of the money so sent, the senders of the money in unregistered letters might unreasonably urge that if they chose to encounter the risk, they should be free to do so; but higher considerations are involved in the question, and the chance of loss to the careless remitter is really but the smallest part of the evil associated with the practice.

"The point of most importance to this country is the cruel temptations which the enclosure of money in unregistered letters throws in the way of the numerous body of persons employed in this branch of the public service.

"Against actual dishonesty on the part of the Post Office employees a registered letter is uncomparably more secure than an unregistered one, for an unregistered letter leaves no trace behind it whilst passing in the great stream of ordinary correspondence, though its presence as a mony letter and the nature of its contents are, to any person accustomed to handle letters as manifest as though the letter had been singled out and marked by the registered stamp.

"Moreover, the safety of an unregistered letter is dependent on the integrity of a Post Office clerk during the whole time it remains in his custody, frequently for hours and even days, whilst a registered letter will almost invariably have to be acknowledged at the moment of its passing into an Officer's hands, and cannot therefore be suppressed without leaving him individually accountable for its disposal."

These remarks are so true and forcible, that I would earnestly reccommend their attentive persual, especially by those who are in the habit of sending money &c, by mail, in *unregistered letters*; and I would further suggest that letters containing money should invariably be sealed with *letter sealing wax.*

The Act to establish one uniform currency for the Dominion of Canada, passed in the last Session of Parliment, provides:

All money payable in Nova Scotia after July 1st, 1871, under any law passed before that day or under any bill, note, contract or other agreement, made before that day, and which if the Act altering the currency had not been passed, would have been payable in Nova Scotia Currency, will be payable in Canada Currency at the rate of seventy-three cents for every seventy five cents, which would have been payable in Nova Scotia Currency.

All notes of the Province of Nova Scotia or of any Bank in Nova Scotia, and all notes of the Province of Canada, made specially payable at Halifax, if issued before July 1st, 1871, are redeemable in the equivalent to Nova Scotia Currency viz: seventy-three cents of Canada Currency for every seventy-five cents of Nova Scotia currency but all notes of any bank in Nova Scotia, or Dominion notes payable at Halifax issued after July 1st, 1871, are redeemable in Canada Currency.

7-30 GOLD LOAN.

OF THE

Northern Pacific Railroad.

Rapid Progress of the Work!

The building of the Northern Pacific Railroad (begun July last) is being pushed forward with great energy from both extremities of the line. Several thousand men are employed in Minnesota and on the Pacific coast. The grade is nearly completed 266 miles westward from Lake Superior; trains are running over 130 miles of finished road, and track-laying is rapidly progressing towards the eastern border of Dakota. Including its purchase of the St. Paul and Pacific Road, the Nothren Pacific Company now has 413 miles of completed road and by September next this will be increased to at least 560.

A GOOD INVESTMENT. Jay Cook & Co. are now selling, and unhesitatingly recommend as a profitable and perfectly safe investment, the First Montgage Land Grant Gold Bonds of the Northern Pacific Railroad Company. They have 30 years to run, bear Seven and Three-Tenths (per cent, gold interest (more than 8 per cent, currency), and are secured by first and only mortgage on the ENTIRE ROAD AND ITS EQUIPMENTS, and also as fast as the Road is completed, on.

23,000 ACRES OF LAND to every mile of track, or 500 Acres for each $1,000 Bond. They are exempt from U. S. Tax; Principle and Interest are payable in Gold; Denominations; Coupons, $100 to $1,000; Registered, $1,000 to $10,000.

LANDS FOR BONDS. Northern Pacific 7-30's are at all times receivable at TEN PER CENT ABOVE PAR, in exchange for the Company's Lands, at the lowest cash price. This renders them practically interest bearing land warrants.

SINKING FUND. The proceeds of all sales of Lands are required to be devoted to the re-purchase and cancellation of the first Montgage Bonds of the Company. The Land Grant of the Road exceeds Fifty Million Acres. This immense sinking fund will undoubtedly cancel the principal of the Company's bonded debt before it falls due. With their ample security and high rate of interest, there is no investment, accessible to the people, which is more profitable or safe.

EXCHANGING U.S. FIVE-TWENTIES. The success of the New Government 5 per cent. Loan will compel the early surrender of United States 6 per cents. Many holders of Five-Twenties are now exchanging them for Northern Pacific Seven-Thirties, thus realizing a handsome profit, and greatly increasing their yearly income.

OTHER SECURITIES. All marketable Stocks and Bonds will be received at their highest current price in exchange for Northern Pacific Seven-Thirties. Express Charges on Money or Bonds received, and on seven-thirties sent in return, will be paid by the Financial Agents. Full information, maps, pamphlets, etc. can be obtained on application at any Agency, or from the undersigned. For sale by

BOARD OF MANAGEMENT.

C. W. Wetmore, Esq., President.
W. K. Crawford, Esq., Vice Pres.
James H. McAvity, Esq., O. D. Wetmore, Esq.,
A. A. Stockton, Esq., LL. B., J. S. Turner, Esq.

Office—106 Prince Wm. Street, St. John, N.B.

Office hours from 10 o'clock, a. m., to 4 o'clk., p.m.

THE objects contemplated in the formation of this Society are three-fold, viz., First—To secure to Stockholders a profitable return on their gradually accumulating capital, by its safe investment on real estate. Second—To afford to borrowers facilities for obtaining legitimate loans on the security of their property, and to enable them to repay such loans by periodical instalments spread over a period of ten years. Third—To provide all the advantages of a thoroughly secured Savings Bank system of business, and paying a higher rate of interest than is paid by those institutions.

Shares may be taken up at any time, and matured either by monthly investments or in one amount.

Money is received on deposit, bearing interest at six per cent. per annum, compounded half yearly.

Monthly investments bear interest at six per cent, compounded monthly at maturity. Paid up shares bear interest at seven per cent, per annum, compounded half yearly at maturity.

The attention of the industrious classes of tradesmen, and of professional gentlemen, is respectfully invited to these arrangements. The wealthy classes will find in this Society a thoroughly safe and convenient mode of investing in shares, and one that will relieve them from much anxiety in seeking after safe channels through which to make their investments.

This Society confers all the advantages of the Savings Bank, pays a higher rate of interest, with more accommodating terms and equal security.
