

## SATCHEL OF THE SATELLITE

Nice weather this week, but we will pay up for it this March.

What do you think? Was March the first Ionized this year.

How is it that Hamilton pays \$1.69 per bbl. for cement, while Chatham pays \$2.35 per bbl.

If the mansion of this G. H. J. is on Mrs. Pleasance's lots, we'll feel real bad.

It is surprising how many men know that John Holmes was going to get that appointment.

Judged by her portraits alone, Miss Roosevelt is a lady of most uncertain age—Detroit News.

A local philosopher says—Navigation opened Wednesday. There was a sale of land on that day.

The only petition that John Holmes had was, a voluntary letter of recommendation from Geo. G. Martin.

Will the Board of Health allow a discount for cash on those quarantine accounts they purpose collecting?

Geo. G. Martin says that his recommendation did the trick in the matter of that chief of police appointment.

I know one man who wouldn't have 946 for his telephone number. He would most awfully hate to say "give me 946."

One man based his qualifications for the office of chief of police on the fact that he was the father of a large family.

The man who spends a whole morning at the court of revision for the purpose of getting his sidewalk measurement reduced by about six cents is certainly a martyr to principle.

"Cuba" Darr has been appointed camp policeman at London, at a dollar a day. "Cuba" fulfills his duties with a certain majesty of mien.

As a soldier we predict "Cuba" will be a Darr-ling.

If the heirs of Mrs. Pleasance prove their title to nine city lots in Chatham east, there will be some people who will feel as comfortable as did the residents of Hamilton who lived on that mortgaged land.

If you believe all the citizens tell you about how much they knew as to the appointment of John Holmes to the position of chief of police, you will have to revise your opinion as to the infallibility of mortals.

The Detroit papers of Thursday stated—John Holmes, a retired farmer, has been appointed Chief of Police of Chatham. Peculiar ideas those Detroit people have about the rural simplicity of these corners.

Will the School Board charge overtime for all those extra meetings they are holding?

Thirteen isn't in it with 946 for unlikeness when the latter totals the number of names on the list.

I am expecting the first robin man every minute—Hamilton Spectator.

Why, old sleepy denizen of the Ambitious burg, we had him here month ago, and I we know the Spectator's expectations, would have passed him on.

One of our derelict subscribers is getting funny. He sent us a receipt to pay for his subscription, alleging as his excuse that he hadn't enough money to pay for a free lunch. That fellow showed a pretty wit, no doubt cultivated by reading this G. H. J.

Judge Houston—The late Judge Wells used to say that a judgment wasn't right, unless both parties to the action were dissatisfied.

Mayor Sulman—That referendum of G. W. Rose must be right then, for neither the prohibitionists nor anybody else is satisfied with it.

And, Carnegie give us a fine chance to improve our appearance if we can only furnish the site. Some people think he is out of sight, while others seem to wish his offer was never in sight. Long sighted people should furnish a suitable site for the short-sighted ones to get long sighted in.

"That must have been slow powder," said Thomas Nichol this morning, "that, according to The Planet reporter, allowed a man to turn his back and make a move towards the rear door of my shop before he was overtaken by a missile set in motion by the 'explosion'."—Banner-News.

Mr. Nichol's exceptional and well-known agility saved the reputation of his powder.

Judge Bell sounded the right note at the right time, re petitions for office seekers. Such sentiments are what many of us feel but few care to express. The same views might apply to canvassers at election times. Moral, never sign a petition or promise a vote until all the candidates have an even start, and then remember the motto of the man about to marry, "Don't."

We are looking for a wife. Of course we don't want everybody to know this, but we have begun advertising matrimonial advertisements. We have answered the following advertisement that appeared in the Toronto Saturday Mail. The advertisement—'Weekly American lady wants a good, honest, loving husband. I. B. Box 948, Milwaukee, Wis.'

The answer—My Dear Wealthy Lady—Having noticed your advertisement in the Toronto Mail, I make ap-

located, some people, we know, will feel safe.

Age limit doesn't keep a good man down even when it comes to an appointment to the police force.

If all the people take those mineral water baths that say they are going to, the baths will be kept busy over time.

Mr. Wrigley's many friends were pleased to learn that he wasn't an expert at the art of "soldiering" after all.

King Ed. owns the mortgage on the Hamilton property, while Yankees own those nine lots in Chatham east. That's worse.

Some people like to cut the figure eight, but the figure I like best belongs to the girl who wears the diamond ring I bought.

We hope those nine lots of Mrs. Pleasance will be located soon, and remove the suspense felt by the land owners in Chatham East.

No, dear cousin Mink, Ald. Mounteer has put his good road scheme in force. That is why the city thoroughfares are so bad just now.

Now it's all over, and passed, wasn't weren't those stormy Binder Twine Co. meetings just an easy way of getting a lot of free advertising?

The only thing needed now to fill up the Yankee cup of happiness is the marriage of a president's daughter or son to a member of some royal house.—Hamilton Spectator.

It will be rather hard if some of the residents of east Chatham wake up one of these mornings to find that they are living on the late Mrs. Pleasance's land.

Yes; these are very fine spring days, but there are more colds bottled up in this weather to the 60 minute hour than any weather we have seen since last March.

The man who spends a whole morning at the court of revision for the purpose of getting his sidewalk measurement reduced by about six cents is certainly a martyr to principle.

### A TRYING SEASON

Little Ones Are Subject to Colds and the Result is Dangerous Unless Prompt Remedial Steps are Taken.

The little ones are apt to take cold, no matter how carefully a mother may try to prevent it. While colds may affect children in different ways, the main symptoms usually are that the child grows cross, the skin hot, the appetite fickle and the child quite feverish. Unless something is done at once to relieve a simple cold, the result is often very serious—so serious that many a child's life has been lost. There is no remedy that can equal Baby's Own Tablets in cases of this kind. These tablets promptly break up colds and carry off the poisonous matter that has been retained in the system. By doing that they reduce the fever; the pulse becomes normal; the appetite is restored; and the child is again well and happy.

Mrs. O. E. Earle, Brockville, Ont., says:—"I always use Baby's Own Tablets for both my children, aged three and five years, when they are at all unwell. When my little girl was a few months old, she had a bad attack of whooping cough, and I found the tablets very beneficial. Since that time I always keep them in the house ready for use. When the children are troubled with biliousness, and derangement of the stomach, are peevish, or fretful, or when they have a cold, I always use the tablets, and am always pleased with the results."

These tablets are a certain cure for such troubles as colic, sour stomach, indigestion, diarrhoea, constipation, simple fever and colds. They prevent cramp and allay the irritation accompanying the cutting of teeth. They are sold under an absolute guarantee to contain no opiate or other harmful drug. May be had from druggists or will be sent post-paid at 25 cents a box, by addressing The Dr. Williams Medicine Co., Brockville, Ont.

Somewhere the birds are singing evermore—Longfellow.

STRETCH OUT.

Many a man is unable to stretch his arms or legs because of rheumatism. There is no excuse for this state of affairs. Dr. Hall's Rheumatic Cure will remove the disease in a few days. In the case of Henry Hager, Flint, Ont., two bottles made him as sound as ever. He had suffered from muscular rheumatism in his arms and legs for two months and was perfectly helpless in his bed. This great blood purifier is put up in bottles containing ten days' treatment. Price 50 cents at all drug stores or The Dr. Hall Medicine Co., Kingston, Ont.

## BEAMS OF SUNSHINE

Chatham Branch of the International Sunshine Society.

Motto—Good cheer.

Have you had a kindness shown?

Pass it on.

'Twas not given for you alone—

Pass it on.

Let it travel down the years,

Let it wipe another's tears,

Till in heaven the deed appears—

Pass it on.

"I don't think much of your idea of having a Sunshine pew in one of the churches," was the remark passed to a Sunshine member the other day.

"And why is that?"

"Nobody wants to go to church and take a charity pew."

"But Sunshine is not a charity," explained the Sunshiner, and in order to make the meaning clearer she pointed out the following, taken from a Sunshine column, which may also interest others.

"The Sunshine Society is for the interchange of greetings and the passing on of good cheer. It is not a charity. It is a friendly society.

There are so many people, some in the country in lonely places, some away off in the Northwest where they have little companionship. Some invalids who find their hearts warmed and their lives made brighter by the Society, whose members' motto is "Pass it on," and who are only waiting for the chance to pass on kindness and good cheer to others, separated perhaps from them by miles and miles of continent. Do you know there are lots of women who would enjoy your magazines each month when you have read them. Invalid children who would like pictures, sick people who love to get letters, and every sort of persons to whom you can be kind and friendly."

So far, Sunshine in Chatham has taken the form of a charity, which is quite natural, too, for a beginning. But as our membership increases, opportunities will increase, new ways will be opened up for scattering Sunshine. Such a lot of splendid clothing has been given to Sunshiners to pass on to three or four families in need of it. We give a list of the members met last Tuesday afternoon to mend and sort over the clothing sent in; how much Sunshine this will bring to those homes!

The Sunshine Society will hold a business meeting next Tuesday afternoon at the home of the President, Miss Maud Heyward, Murray street. Any who are interested in Sunshine will be cordially welcomed.

"A cheerful voice, a pleasant word, A smile with sweet and low freight, A kindly interest in the one Who seem to be forgot— The naked child, the hungry feed, Give hope to hearts forlorn; The sick and crippled need the help That comes from love unborn— 'Tis just these little things, I hold, The joys of life will leave, And open wide the pearly gate That leads us into Heaven."

The members of our Branch have set themselves quite a task, that is to pay a six weeks' hospital bill for a sick friend who has not the means to do so. This was mentioned before in our column. Maybe there are some who would like to make this an opportunity for paying Sunshiner dues, and become a Sunshiner in name and deed.

Here is another opportunity for some one. We have two trays, quite ready for lining. If someone would like to contribute this, some of our members would quilt them, and have them "passed on."

Address enquiries or other correspondence to "Sunshine Society," Box 258 Chatham. For those who find something to "pass on" but have no place for it, we give a list of the officers of the club, who will gladly receive any contributions.

President—Miss Maud Heyward. Vice-President—Mrs. Thos. Richardson. Secretary—Miss Della Baxter. Corresponding Secretary—Miss Verna Heyward. Treasurer—Miss Edith Holmes.

The names of those who have helped with "Good cheer" will be enrolled with our Branch and forwarded to headquarters. All Sunshiners should wear a member's pin. Then, no matter where you go, some one will recognize it and give you a glad welcome for the sake of that badge.

"We often do more by our sympathy and our loving thought than by our labors."

"It is the little things of life, That either make or mar The joy that rightfully belongs To souls that human are."

The buildings of the Wallaceburg Cooperative Co. which are being erected on the site of the old Steinhoff and Gordon mills, are rapidly nearing completion, and everything will be in readiness for an early start this season. The company will employ about seventy-five hands and will be quite an addition to Wallaceburg's manufactures. Slaves and slaves will be manufactured exclusively.

Remember that everything comes to him who waits, said the pretty waitress.

I know, responded the man who had been sitting at the table an hour; but hash isn't everything.

Isn't it? Well, it comes very near being.
