SHERIFF'S POSSE AFTER A YOUNG TRAIN ROBBER

Over a Score of Men Mounted on Fast Horses Resume the Chase.

DARING YOUNG BANDIT

Thought to Be Same Man Who Stopped Limited at Corlett Junction.

RAWLINS, Wyo., April 22.—A sheriff's posse of two dozen men, mounted on fast horses, early today resumed the chase begun last night for the bandit who held up nearly fifty passengers on the Union Pacific Limited train west of Hanna, Wyoming.

The robber is believed to be the man who on April 5 last held up the Union Pacific Overland Limited near Corlett Junction, Wyoming.

The bandit, described as a tall, handsome youth, boarded the train at Greeley, Colorado. After a conversation with the train's stenographer, he sat down with the train guard. In the course of an hour the man drew two revolvers and compelled the guard to pass his hat before the passengers, who stood with hands in the air. About $200 was gathered in the observation car.

At the entrance to the second sleeping car, a brakeman and James Sherlock, conductor, faced the robber. Sherlock hesitated a moment about raising his hands, and the bandit fired, the shot going wild. In the sleeper the brakeman was pressed into service, and another $300 was dropped into the hat.

Returned a Watch.

When the collection was finished, the robber handed the guard a watch. "There's the watch I got on my last hold-up, and which I promised to return this time," he said.

"If you'll slow down the train, I'll get off here; otherwise I'll go to Rawlins with you."

As the train slackened speed for the Edison tunnel, the man dropped to the ground and ran in the direction of the "Robbers' Roost" country in the Elk Mountain region.

The bandit who robbed the Union Pacific Overland Limited at Corlett Junction promised the porter who collected for him on that occasion he would return a watch he had taken, upon his next exploit.

HOTEL ST. CHARLES INAUGURATES DANCING

Spacious Belgian Room Beautifully Decorated, Opens Monday.

With the announcement of the management of the Hotel St. Charles of the inauguration of dancing in the spacious Belgian room during the dinner period and at the after-theatre supper, a long-felt want in the city will be supplied. Metropolitan in many ways, Toronto has been rather backward in developing a high-class restaurant where its patrons may dance if they so desire. It is generally conceded that the service of the Hotel St. Charles and the cuisine is unexcelled, and with an a la carte service in effect, the price arrangement is more than satisfactory. Commencing Easter Monday night, the management will open the beautiful, handsomely-appointed Belgian room for the first of the new dinner and after-theatre dances. Romanelli's special dance orchestra has been engaged, while the floor is everything that could be desired. It is the intention of the management to provide entertainment for its patrons, and, to this end a cabaret that for excellence of artists and general ability to entertain in pleasing, wholesome fashion will not be surpassed in Canada, will shortly be provided.

Every effort to amuse and entertain, besides dispensing dishes calculated to please the most fastidious epicure, at a price that is moderate, is the aim of the management. Nothing will be left undone to make the Hotel St. Charles live up to the reputation which it has always held of being "Toronto's Favorite Restaurant."

REV. GEO. ADAM OF LONDON, ENG.

The Rev. Geo. Adam is one of the younger clergymen of England who has come rapidly to the front in church circles and been prominent during the war in service for the troops. He is the pastor of Forest Gate Congregational Church, one of the largest in the neighborhood of London, and tho still young, is considered a prospective occupant of the famous City Temple pulpit. He is of Scotch birth, educated in Edinburgh University, was a prominent athlete in his college days, having played three years for Scotland in the International Soccer League.

NUMBER ON STRIKE HAS BEEN LOWERED

No Disorder Around Westinghouse Electric Plants at East Pittsburg:

PITTSBURG, April 22.—Pickets at all entrances to the plants of the Westinghouse Electric and Manufacturing Company at East Pittsburg this morning pleaded so successfully with workmen on their way to the shops that leaders of the strike, inaugurated yesterday to enforce an eight-hour day demand, declared only 5000 of the 18,000 employes had entered. Great crowd of strikers filled the streets leading to the gates, but there was no disorder. Organization of the strikers into locals of the newly-formed union was said to be proceeding rapidly.

ARTILLERY DUEL ON MACEDONIAN FRONT

Aviation Corps is Very Active But There is Little Infantry Activity.

PARIS, April 22.—The artillery duel along the Macedonian front continued yesterday, the Havas correspondent at Salonika telegraphs. There was no activity on the part of infantry except for the usual clashes between patrols.

The aviation corps is very active. The French aeroplane which flew over Sofia returned unscathed from its 400-mile trip. It dropped four bombs of large calibre on a zeppelin shed at Sofia. Two French aeroplane squadrons bombarded the German camp at Petritch yesterday and another squadron dropped bombs on German troops concentrating in the region of Doiran. German fliers attacked Grassouli, but did no damage.

CANADIANS VISITED NEW YORK AT EASTER

Over Two Thousand on Annual Excursion and Increase Over Last Year.

NEW YORK, April 22.—The annual excursion over the New York Central lines from eastern Canada brought 2100 Canadians in several trains to this city yesterday for the Easter holidays. Altho those connected with the annual excursion thought that the war would tend to decrease the number of those making the trip, they were wrong. The number this year was three hundred greater than last year. It was distinctly a Canadian reunion at the Grand Central when the trains bringing the excursionists arrived and the waiting-room was thronged with those who expected friends.
