SAME STORE—Stock of Dry Goods, small stock, peculiar stock, none the worse for that.

We have been asked when are you going to open? Our answer is whenever you are ready. To all intents and purposes we are open now. The stock is far from complete, and the window isn't dressed, but don't wait for those things; if we delayed our opening on their account we might never open, for our blinds are in the hands of the painter, and some of our goods are on the C. P. R. fast freight.

Of course whatever goods are sold will be sold for cash only, when we begin to keep books we'll tell you of it.

Respectfully,

GEO. H. McKAY.

NEW ORANGE LODGE.—Another Loyal Orange Lodge was organized last evening and it already gives evidence of becoming highly influential. Grand Master Armstrong presided. After the initiation of a large number of candidates the following election of officers was made:—Charles W. Stockton, W. M.; James A. S. Mott, D. M.; Henry Whiteside, Chaplain; T. Partelow Mott, recording secretary, David Smiler, financial secretary; Chas. W. Parker, treasurer; David McDonald, D. of C.; Rufus A. Wood, lecturer; John S. Seaton, F. of C.; Marshall E. Mott, Geo. L. Partielow, James Brown and John Weatherhead, committee; Joshua Stark, organist; Samuel Cook, I. T. The lodge will hold another meeting in a fortnight.

A BEAR STORY.—The following bear story is vouched for by a gentleman of this city. James Coleman, of Advocate Harbor N. S., on Tuesday last caught a bear in a trap in the woods. The beast girted six feet; was four feet, four inches in height, and nine feet six inches in length. His hind foot was ten inches long and seven inches wide. It took seventeen men to convey Bruin from the scene of his capture to a clearing. This trapper has already caught two other bears, during the last year. One of the first caught died, but the other became so tame that he could be led anywhere unmuzzled. It is the gentleman's intention to tame his latest capture if possible.

He Keeps on Charlotte Street.

Mr, Geo. H. McKay, well known in business circles and recently a partner in the firm of Hunter, Hamilton & McKay, has begun business on his own account in the Market building. There he is prepared to greet his old friends and all others who are in quest of anything in the dry goods line. Mr. McKay is thoroughly stocking his pretty little store, and while things are just at present not in perfect order, yet the establishment is open for business, and the call of the customer not infrequent.

The ladies should bear in mind one fact of the utmost importance to them, that McKay's is the emporium for Butterick's patterns, the recognized standard pattern of the day. His stock of these is complete and will be kept so the whole year round.

The ability of Mr. McKay as a man of business and as a successful advertiser is recognized and generally admitted and his new enterprise already gives evidence of success. The store which he now occupies is centrally located; his stock excellent and his prices low. He has introduced a new system of saving money in the form of a rebate card, and will give a discount on every dollar's worth of goods purchased. This will without doubt meet with due appreciation, for the discount is a guaranteed interest on the money spent. All these little facts will combine to popularise Mr. McKay's establishment and its proprietor may be assured of an equitable amount of patronage.

REMOVED TO ST. JOHN.

The Horses John S. McCoy Will Take With Him to St. John Next Month.

John S. McCoy who is known as one of the leading horsemen of the province and who has recently gone extensively into horse breeding, has removed from St. Marys, opposite Fredericton, to St. John. A few weeks ago he purchased the fine suburban residence and grounds formerly the property of Robert Jardine and which are situated on the Marsh road just opposite the one mile house. The estate consists of 23 acres and contains a fine residence and barns which will be enlarged to accomodate the stock Mr. McCoy proposes to remove to St. John. Mr. McCoy since he has made a specialty of breeding has gone to the leading horse markets of the United States and as a result is the owner of some of the first stock in Canada.

It is gratifying to know that the enterprise shown by Mr. McCoy has been remunerative—all of which goes to show that a good thing is appreciated quite as much in New Brunswick as elsewhere.

Among the horses which Mr. McCoy brings with him to St. John are the well-known stallions, Sir Charles, Mack F., David Bismarck and Mambrino Wilkes. These horses are all well known in the province and their presence on a stock farm, well equipped and handy to St. John, will unquestionably be of great value to horse owners who desire to raise first class stock.

Referring more directly to the records and the pedigrees of the horses owned by Mr. McCoy, it may be said that Sir Charles, No. 2745 is the get of Mambrino Chief, out of Lady Messenger, the dam of Crown Prince, the New Brunswick horse which made such a sensational record some years ago. Sir Charles is a speedy horse and has shown a trial quarter in 32 s. when in good condition. Sir Charles is the sire of Maud C. with a record of 2.32 on a half mile track, Lady Max, 2.42, Maggie T, 2.45 as a five year old, and King Charles, the fastest horse in Carleton county.

Another stallion in whose veins flows some of the best blood in the world is Mack F. (10,334,) Mack F. is by Governor Sprague who had a record of 2.20¾ as a five-year old. The dam of Mack F. was by Belmont and the 2nd dam by Pilot jr. the sire of Maud S. and Jay-eye-see. Belmont the sire of the dam of Mack F. put 12 horses in the 230 list last year which makes a total of 32 Governor Sprague has 24 in the 2.30 list. Among the sons and daughters of this last mentioned stallion are Kate Sprague 2.18; Sprague Gold Dust 219¼; Calvina Sprague 2,19¾; Mary Sprague 2,21; Linda Sprague 2,21¼; Gilbert Sprague 2,21¾; Rounds Sprague 2,24¾; Dixie Sprague 2,25¼; and others. Governor Sprague was sold for $17,500 at six years old and only stood in the stud for six years.

David Bismarck by Victor von Bismarck (326) is another fine stallion owned by Mr. McCoy. His first dam was by Joe Downing (710) the sire of four in the 2.30 list. Victor von Bismarck is the sire of Edgewood who never was beaten in a race and who holds the 4-year old record of the world. His second dam was by Sharp & Redmond's Boston; third dam Imported Yorkshire.

Mambrino Wilkes, foaled in 1885, and bred by W. G. Walby of Versailles, Ky., is a young stallion of great promise. He was sired by Commodore Wilkes, son of Geo. Wilkes, who has a record of 2.22. His dam was by Mambrino Black Hawk, sire of Columbia Chief 2.28¾; 2nd dam by Captain Wilkes, sire of the dam of Harry Wilkes 2.13; 3rd dam by Imported Horton. Mambrino Wilkes is a solid bay, 16 hands high, weighs 1,450 pounds and shows a fast gait.

Axtora is a two-year-old by Sir Charles, his dam by Robert R. Morris; 2nd dam by the McInnes pony. Axtora has been entered in the stakes to be trotted this fall and good things are expected from him.

In addition to his stallions Mr. McCoy has a fine lot of mares. Mary Ann Morris is a chestnut mare 16 hands high. She is the dam of Axtora and is a nicely bred and good looking mare.

Lizzie M. is a brown mare purchased at Kellogg's sale of California horses in New York two years ago. She is Le Grande, son of Almont; her dam by Artherton the dam of Arab 2.15. She is a young mare, handsome and speedy and is in foal to Mack F.

Kitten is a standard bred black mare, son of Constillation, son of Almont, dam by Tom Patchen; 2nd dam by Lewiston Boy. She is a very handsome mare and can catch a 2.30 clip on snow. She has been bred to Sir Charles. Mr. McCoy has been offered $700 for this mare if she should prove in foal. She was bred by Hon. P. F. Thomson.

Nell, a chestnut mare by Olympus, son of Almont is another good looking animal. This mare is in foal to Mack F. and has been well broken.

Lilly is a bay mare by Robert R. Morris and has a record of 2.45. Her dam was by Crown Prince 2.75, grand dam a Morris mare.

Maggie T. is a bay mare by Sir Charles, dam by Tom Patchen, 2nd dam by Lewiston Boy.

Florine is a bay filly foaled in June, 1884 by Sir Wilkes, son of George Wilkes. She was raised by James Connolly of Marshall, Mich.

The list of mares closes with Lucy Shears, by Barney Wilkes, son of George Wilkes and Polly by Island Boy. Both of these are good steppers and fine looking animals.

At present Mr. McCoy's stock is in the stables of Mr. Charles Ward of the one mile house, but will be removed to Woodside, the name Mr. McCoy has given his new place, as soon as the alterations in the stables have been completed.

Mr. Leary's Letter.

The letter which Mr. Leary forwarded to the Mayor in regard to Mr. Boswell's report on his plans, to which reference was made yesterday, is a lengthy document and goes very thoroughly into all the improvements suggested by the government engineer. It is also very satisfactory because it shows a desire on the part of Mr. Leary to make theduck plans such as the people of St. John desire.

Mr. Leary begins by stating that as regards the general principles set forward by Mr. Boswell, in his preliminary exposition of the principles appertaining to a graving dock, he is entirely in accord with them and will most fully incorporate them into his specifications. He will also incorporate the suggestions with regard to the engine house, the area of the quay surface, the amount of dredging, position of the stairs, manner of crib work construction and filling. He will also be responsible for any damage done properties, owing to the construction of the dock.

With regard to the depth of the concrete, the capacity of the pumps, and the machine shops and stairs these he says will depend on the business the dock will be able to do, and he considers that they should not be fully decided upon until the work progresses further.

He considers that the suggestions in regard to the widening of the altars, the iron keel blocks and the roofs of the warehouses are of doubtful value but he winds up by saying:

"Finally I wish to assure you positively that it is, and always has been, my intention to make a thoroughly first class improvement; there are many points likely to be brought forward during the progress of the work, which no engineer can foresee accurately, and these you have my general assurance as to being done properly."

ST. JOHN, May 10, 1890.

CARDIFF JUST LAID DOWN.

SIXTEEN ROUNDS WITH GODFREY WERE ENOUGH FOR THE GIANT.

General Sporting Events—The Y. M. C. A. Sports—Lacrosse and Baseball.

PROVIDENCE, R. I., May 8.—George Godfrey advanced another step on the pugilistic ladder, when, at the Gladstone Club to-night, he won the decision over Patsey Cardiff, the Peoria giant. He won the contest fairly, but Cardiff was as strong when he lay down in the middle of the sixteenth round as when he entered the ring. His left eye was closed tight, but he had given as much punishment as he received, when, without a blow or push from his antagonist, he deliberately lay down and went through a farcical attempt to get up.

At 9.15 o'clock the colored boxer Godfrey stepped under the ropes. Jimmy Carroll and a trio of colored friends began fanning and sponging him at a furious rate. Cardiff, with Tom Kelly and Dan Gill, was slow to follow, and it was 9.30 before Referee Billy Mahoney called time for the opening of the battle. Godfrey stripped in perfect style. His dark skin shone like ebony, and not an ounce of superfluous flesh was counted in his 172 pounds. Cardiff was dressed in long purple tights, and looked 20 pounds heavier than his dusky opponent, but he announced his weight at 176. The fight:

First round—Cardiff stood off coolly, eyeing his opponent, and feinting with his left in an attempt to draw. A minute and a half elapsed before a blow was struck. Cardiff's left shot out, and George's head went back from a hot one on the nose. No return. Again the left reached the mark, but Godfrey clinched this time, and some fierce in-fighting ensued before they broke away. Godfrey's nose was bleeding when time was called.

Second round—Cardiff led short twice, but the third time landed a good left on the neck. A right hand on the ear followed quickly, Godfrey returning on the body. Cardiff's left again reached the face, and blood trickled from a cut on the black man's eye. Godfrey feinted the left and swung his right with force on the Peoria man's neck. Cardiff staggered to the ropes, but recovered quickly.

Third round—Cardiff kept backing away from the Boston man, waiting for an opening. Cardiff caught George by the legs with both hands and lifted him from the ground, but let go without acting foul. He got in a good left on Godfrey's face as time was called.

Fourth round—Godfrey started in to make the pace. He sent in a fierce left on the body, and while Patsey was nursing the sore place, he caught a hard left on the face. Three clinches and breakaways with no damage followed. Cardiff displayed great cleverness in ducking and won much applause from the spectators for his evasion of several wicked rights from George. Cardiff had the best of it when the clock struck.

Fifth round—Godfrey opened with a left lead for the head, but it was short. Patsey rushed him to a clinch. Godfrey out-classed Cardiff at in-fighting, and had much the best of it while they were together.

Sixth round—Cardiff's eye looked very bad when they faced.

Seventh round—Godfrey was forcing matters. His left reached Patsey's bad eye, and its effect on that organ was rather ill than otherwise. They fought to a clinch, and in the breakaway Cardiff scored on the face.

Eight round—Cardiff reached the face with his left in the first second, and followed with his right on the neck. The blow brought Godfrey to his knees, but he was up instanter and clinched his big opponent. Cardiff just placed his left on the chin as the clock struck.

Ninth round—Only a few exchanges, but nothing of importance done in this one.

Tenth round—This was the hottest round of the battle. From the call of time the men were at it pounding, mauling and fibbing. Godfrey had undoubtedly the best of it, and Cardiff was quite weak when he went to his corner.

Eleventh round—Cardiff freshened considerably, but his left eye was completely closed. He scored on the nose with his right, but caught a stiff one on the ear in return. Neither man was in condition for rushing, and the close of round was tame.

Twelfth round—This round was a hot Godfrey having a shade the best of it.

Thirteenth round—Cardiff was stronger, and seemed to have more confidence in himself. Godfrey forced him to the ropes and punched him on the sore eye hard.

Fourteenth round—Godfrey led the left and missed. Quickly recovering, he swung the left and Patsey went spinning towards the ropes from a blow on the jaw.

Fifteenth round—Cardiff stood near his chair, and Godfrey crossed the ring and drove him out.

Sixteenth round—Godfrey scored a light left. Light sparring followed, when, to the infinite surprise of the spectators and Godfrey, Cardiff performed a stage fall and failed to get up until counted out.

Godfrey was declared the winner.

The principals in the fight have both good records. Godfrey is a Prince Edward Islander and was born 1855. Cardiff in 1886 fought John L. Sullivan, and owing to John L. breaking his arm over Patsey's head the latter managed to stay the stipulated number of rounds.

SHAMROCKS SECURE ANOTHER PITCHER.

The Shamrocks have engaged another pitcher, Joseph Sullivan, of South Boston. Sullivan has pitched in several Quincy, Mass. clubs and has a record of 19 winning games out of 23 pitched by him last year. Donovan, who is to captain the nine, is expected to arrive here, Monday the other players reporting a week later.

The Y. M. C. A. sports will be held Saturday June 7th. The races will be started from the words "ready," "set" and a pistol shot. Whoever the starter may be it is to be hoped that false starts or motions will be strictly dealt with, and that every one going off before the pistol shot be put back the distance required by the rules. The handicaps will be limited, and although it is just a question whether this will prove a fairer system than open handicapping, it will assuredly give the better runners and jumpers the better chance.
