NEW YORK, July 15.

Gold 115¾; sight exchange 110¼.

A fire at the Navy Department, Washington, to day, destroyed many valuable records. The damage to buildings is about $10,000.

The latest development in the Goodrich murder is that Kate Stoddard, who shot him, was his wife, they having been privately married in May, 1872.

The weather to-day is the hottest of the season.

LONDON, July 15.

The rate of discount for three months' bills in open market is ⅛ per cent. below the Bank of England rate; yarns and fabrics at Manchester dull, but not quotably lower; consols 92⅞; breadstuffs firm; wheat 11s. a 11s. 9; flour 27s. 6d a 28s. 6d.

A bad accident occurred on the Caledonia Railway to-day, by which two persons were killed and thirty injured, some fatally.

Telegrams from various parts of the continent where cholera has been prevalent, report that the disease is everywhere abating.

NEW YORK, July 15.

WAS GOODRICH MURDERED BY HIS WIFE?

Eight letters have been found in Kate Stoddard's possession written to Goodrich, and five from him to her, all showing that she regarded herself as his lawful wife. She addresses him as, "my dear Charlie" and "my dearest husband." The letters of both likewise show that they were married or went through a ceremony which she supposed a lawful marriage, May 20th, 1872, in New York, and were registered as man and wife at the Ashton House. Three of his letters were written after the alleged marriage. The second tells her, "It is better for both that we should separate." The third tells her not to call herself his wife as they must separate. He offers to furnish her with rooms in New York, and to do everything for her, but she must not tell his family of their mutual relations. But as shown by her last letter, she was determined not to leave him. Hence the quarrel. She seems to have carefully preserved everything connected with him which came into her possession.

THE LORD GORDON KIDNAPING CASE.

A Fort Garry despatch, dated yesterday, says the event of the day was the exposure in court by the Attorney General of Consul Taylor's card explaining to the people the grounds of defense. He denounced it loudly as contemptible. He proclaimed that the Canadian Government would demand Taylor's removal and moved an attachment for contempt. The Judge reserved his decision. The counsel remained in court all the afternoon, but the court adjourned without further action. In view of the situation Eugene M. Wilson was appointed to-day Vice Consul.

THURLOW WEED.

Thurlow Weed while walking out with his devoted daughter, Sunday afternoon, fell to the side walk with dizziness, but soon rallied and walked home without assistance.

Special to the Tribune.

Grand Lodge of Odd Fellows.

TRURO, N. S., July 16.

The Grand Lodge of Odd Fellows of the Lower Provinces has been in session here since yesterday. All the Lodges in the jurisdiction, except Victoria Lodge of Fredericton, are represented.

The official report shows that great progress has been made during the year, and that the financial condition is very satisfactory.

The election for officers for the ensuing year was held to-day and resulted in the choice of the following gentlemen:

Grand Master, H. A. Taylor, Halifax.

Deputy Grand Master, Alex. Robertson, St. John;

Grand Secretary and Treasurer, U. T. Chase, Halifax.

Grand Representative, James Yorston, Pictou.

LONDON, July 15.

THE BRITISH PARLIAMENT.

It is stated that Parliament will be prorogued on the 27th inst.

The Judicature Bill, abolishing the powers of the House of Lords as a Court of last appeal in certain cases, has passed in Committee.

THE CIVIL WAR IN SPAIN.

The crew of the war ship Almansa have deserted to join the Carlists.

The Carlists are again besieging Puycerda, which is vigorously defended by the garrison and citizens.

The Carlists have occupied the town of Berga, 50 miles from Barcelona. The garrison of 500 surrendered as prisoners of war.

Don Carlos will soon re-enter Spain and take personal command of his forces.

Twelve thousand rifles for the Carlists were landed near Requrt.

NEW YORK, July 16.

THE CUBANS REVOLT.

There is much excitement at Kingston, Jamaica, over the arrival of a Spanish man-of-war to capture the steamer Virginius.

A LARGE CONFLAGRATION

was reported at Louisville, Ky., last night. Assistance had been sent for to Cincinnati and Indianapolis. Very few particulars have been received.

MORE DESTRUCTIVE STORMS

have occurred recently in Ohio.

CHOLERA

has broken out among the convicts in the Ohio Penitentiary. The disease is said to be abating everywhere in Europe, and no serious mortality is reported at any place in this country.

THE CHAMPIONSHIP SCULL RACE.

Ayer's Sarsaparilla.

FOR PURIFYING THE BLOOD, nothing has ever been offered which can compare with this EXTRACT OF SARSAPARILLA. It is found a great promoter of health, when taken in the spring, to expel the humors that rankle in the system at this season of the year. Many complaints have their origin in the spring, and in the causes above mentioned, for which no better remedy has ever been devised. By its use multitudes can spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system strives to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Prepared by DR. J. C. AYER & CO., Practical and Analytical Chemists, Lowell, Mass.
