HOLLOWAY'S PILLS.

CURE OF ASTHMA.

Extract of a Letter from Mr. Benjamin Mackie, a respectable Quaker, dated Clontogh, near Loughall, Ireland, dated September 11th, 1848.

To Professor Holloway,

RESPECTED FRIEND,—Thy excellent Pills have effectually cured me of an Asthma, which afflicted me for three years to such an extent, that I was obliged to walk my room at night for air, afraid of being suffocated if I went to bed by cough and phlegm. Besides taking the Pills, I rubbed plenty of thy Ointment into my chest night and morning.

(Signed) BENJAMIN MACKIE.

Cure of Typhus Fever, which supposed to be at the Point of Death.

A respectable female in the neighbourhood of Loughall, was attacked with Typhus Fever, and lay for five days with a raging fever, delirious, and in a state of stupor, so that she was given over by the Surgeon, and preparations were made for her decease. Mr. Benjamin Mackie, the Quaker, whose cure is referred to above, heard of the case, and knowing the immense benefit that he himself had derived from Holloway's Pills, recommended an immediate trial, and eight were given to her, and the same number was continued night and morning, for three days, and in a very short time she was completely cured.

N. B.—From advice just received, it appears that Colonel Dear, who is with his Regiment in India, the 21st Fusiliers, cured himself of a very bad attack of Fever by these celebrated Pills. There is no doubt but any Fever, however malignant, may be cured by taking night and morning copious doses of this fine medicine. The patient should be induced to drink plenty of warm linseed tea or barley water.

CURE OF DROPSY IN THE CHEST.

Extract of a Letter from J. S. Mundy, Esq. dated Kennington, near Oxford, December 2nd, 1848.

To Professor Holloway

SIR,—My Shepherd for some time was afflicted with water on the chest; when I heard of this, I immediately advised him to try your Pills, which he did, and was perfectly cured, and is now as well as ever he was in his life. As I myself received so astonishing a cure last year from your Pills and Ointment, it has ever since been my most earnest endeavour to make known their excellent qualities.

(Signed) J. S. MUNDY.

The Earl of Aldborough Cured of a Liver and Stomach complaint.

Extract of a Letter from his Lordship, dated Villa Messina, Leghorn, 21st February, 1845.

To Professor Holloway,

SIR,—Various circumstances prevented the possibility of my thanking you before this time for your politeness in sending me your Pills as you did. I now take this opportunity of sending you an order for the amount, and at the same time, to add that your Pills have effected a cure of a disorder in my Stomach and Liver, which all the most eminent of the Faculty at home and all over the Continent had not been able to effect any, relief in the world, viz. Carlsbad and Marienbad. I wish to have another Box and a Pot of the Ointment, in case any of my family should require them. Your most obliged and obedient Servant,

(Signed) ALDBOROUGH.

CURE OF VERTIGO AND CONSTITUTION.

Mr. Mate, a Storekeeper, of Gundagai, New South Wales, had for a long time in a most debilitated state of his constitution was so debilitated that he was scarcely able to walk upon the Pillows, but as a last resort, he was induced to try Holloway's Pills, which had an immediate and astonishing effect upon his system, and the result was to restore him in a few weeks perfect health and strength, to the surprise of all who knew him. He communicated his case to Mr. Allwright, Chemist, in Gundagai, sent it for publication, to the Sydney *Morning Herald*, in which paper it appeared on the 2nd January, 1848. A few doses of the Pills will quickly rally the energies of both body and mind, when other medicines have failed.

These celebrated PILLS are wonderfully efficacious in the following complaints.

Ague	Female irregularities.	Scrofula, or King's Evil,

MOTT'S BROMA.

THE following observations having reference to the properties of BROMA, appeared in a [illegible] of the Boston Medical Journal:—

"A few years since a great misunderstanding of Broma sought the opinion of many medical gentlemen of the profession, for the purpose of having an article fit for invalids, and was assured that he [illegible] succeeded. Hospitals, infirmaries, and households generally, should always be provided with it. When gruel, arrowroot, gruels, barley, starch, rice, farina, and many other things ordinarily used for invalids are at any time, the Broma is sometimes relished. It is believed that those who use it as a beverage will have the most distinct advantages over the concoctions of tea and coffee. We see it stated that during the last summer, some individuals who were continually using Cocoa or Broma neither had attacks of cholera or dysentery, all diseases, while others of the same families, taking their early portions in the common or simple water, were the sufferers. We can vouch for the truth of this, for it has recently [illegible] the statement that the [illegible] cholera or the [illegible] exception. And it has been for their observers, that persons who were taking cod liver oil, [illegible] in preparations of the liver, lungs, were not affected by it. Vegetable oil in the first instance, and animal oil in the last, from intimacy, would appear, by these statements, to have cured those who took them from Dyspepsia in its presence. It is certainly a point well worth ascertaining, whether the cholera or diseases have been secure in other infected cases."

MOTT'S BROMA has now been before the public for a considerable period, and, long with the commendations of the Medical Faculty of this and the neighboring Provinces, it has received the approbation of all classes of consumers—It is held to be an article of standard reputation, and the demand for it is constantly increasing.
