Tickets good 15 days for return, with privilege of trip on Hudson River steamers in either or both directions between Albany and New York, without extra charge. Fare \$9.00 return from Suspension Bridge or Buffalo. Write Louis Drago, Canadian Passenger Agent, 69 1-2 Yonge street, Toronto.

## RAILROAD SUBSIDIES

### Opposition "Holds-Up" Some of the Proposed Votes.

Member For East York Denounces Granting Any Aid to the Grand Trunk Railway or to the Canadian Pacific Railway Until the Exclusive Bell Telephone Contract With Them is Abrogated—Anti-Dumping Debate.

Ottawa, Aug. 9.—Eleven questions occupied the attention of the House yesterday morning, most of them of a rather technical character. Mr. Lennox's question about the rumor of a company being formed to take over the Davis contract on the Cornwall Canal was dropped at his request.

Mr. Boyd (Macdonald, Man.) was informed that the drawbacks of customs duty paid to manufacturers of agricultural implements during the year ended June 30, 1904, was \$113,474; divided as follows: J. W. Mann Mfg. Co., \$704; Verity Plough Co., \$10,748; Massey-Harris, \$89,980; D. Maxwell & Sons, \$2,454; Newell & Co., \$4,128; Cockshutt Plough Co., \$5,696; Tolton Bros., \$69; B. Bell & Son, \$302.

### An Unanswered Question.

Mr. Leonard had a long question on the order paper relating to the reduction of the employees by the Valleyfield Cotton Company. It embodied a statement by the company that they had been much affected by the British preference, and but for it the Valleyfield mills would be fully employed. Mr. Leonard wanted to know whether the Government had received any copies of the correspondence that had taken place between residents of the town, who had petitioned the Town Council for relief, and the Town Council and the company. Mr. Fielding replied: "The information referred to was communicated to the Government. The cause of the difficulties which have occurred in the cotton trade throughout the world is probably a matter of debate, and we are not prepared to express any opinion in regard to the hon. gentleman's question at present."

### The Tobacco Duties.

In answer to Mr. Henderson, the Minister of Customs stated that the total amount of customs duty paid on tobacco during the last fiscal year was \$604,555. Of this sum, \$138,294 was attributable to the change of the tariff in 1897. The total amount of duty collected by the Inland Revenue Department during the same year was \$5,178,756 of which \$1,587,224 was derived from the increased duties in 1897.

Sir Richard Cartwright informed Mr. Henderson that for the twelve months ended June 30th the sum of \$880,549 was paid in bounties on iron and steel.

### Railway Subsidy Revotes.

The House then entered upon consideration of the railway subsidies, which are all revotes. Mr. Maclean wanted to know why provision should not be made in the resolutions to prohibit the employment of aliens. Sir Wilfrid Laurier replied that that was provided for by the Alien Labor Act passed Saturday, which measure would be sufficient to meet the case.

On the motion for a subsidy of \$2,200 a mile for three miles of the Bruce & Algoma Railway, from Bruce Mines Junction to Bruce Mines, Hon. Mr. Emmerson explained that this was part of a continuous system. Mr. Henderson objected to Government aid being granted unless for a railway for colonization purposes. The vote passed.

### A Change of Plan.

On a vote to the Nepegon Railway for a distance of eighty miles, Sir Wilfrid Laurier explained that there was some modification of the project as contemplated last year. It was at first intended to build a continuous line from Lake Superior to Lake Nepegon, but now the proposition was to build links between the water-torches and to use steamers on the lakes with the idea of hurrying in supplies for the Transcontinental.

### Against G.T.R. and C.P.R.

Mr. Maclean made a protest that not a cent of Government subsidy should be granted to either the Grand Trunk or the C.P.R. until they cancelled the contract which gives the Bell Telephone Company exclusive access to their stations. He moved a resolution to that effect.

Mr. Gallier of Yale and Cariboo protested against the subsidy to the Nicola-Kamloops & Similkameen Coal and Railway Company, and it was dropped.

Mr. Blain urged that clause nine be so amended that subsidized railways be required to purchase rolling stock and steel rails in Canada in cases where they are procurable, and Mr. Maclean urged the Government to insert as a condition of a subsidy that only Canadian labor be employed on the work. Sir William Mulock said that was what they were trying to do by the Alien Labor Act.

### Tariff Commission Hung Up.

As the House went into committee of supply last night, in answer to a question by Mr. Maclean, Mr. Fielding said that he could not add anything to the very clear and emphatic statement that he made on the budget debate. "It is the intention of the Government," he said, "to appoint a commission of Ministers who will make an enquiry into the tariff as on a previous occasion."

The customs estimates were finally passed, as were several resolutions relating to inland revenue. Then bills founded upon these were introduced and read a third time and passed.

### The "Dumping Clause."

The "anti-dumping" clause, designed to meet the growing evils of American commercial encroachment in this country, was discussed at length. None of the Opposition members displayed the slightest faith in this means of checking the evil. It was shown that the regulations could

be evaded in various ways. Nothing, however, was done.

### To Build Dogfish Factories.

Ottawa, Aug. 9.—The proposed payment of bounties for the destruction of dogfish has been abandoned by the Minister of Marine and Fisheries. In its place he will construct three factories in the Maritime Provinces for the reduction of dogfish offal into oil, glue, etc. Each of these factories will cost about \$9,000.

### Reference in the Senate.

Ottawa, Aug. 9.—In the Senate yesterday morning sympathetic references were made to the death of the late Senator Aikins. The speakers were Hon. R. W. Scott, Sir Mackenzie Bowell, Senator J. K. Kerr and Senator Young. The last named spoke in behalf of Manitoba, of which province the deceased Senator was formerly Governor.

## WORLD OF SPORT

### LAUROUSSE

### WAS TOO EASY.

The score of the Tecumseh-St. Thomas lacrosse game yesterday looked more like the score of an amateur baseball game than that of a lacrosse game in the intermediate grades of the C. L. A. The standing was 18-10, at the end of the game and it could easily have been 18 to 4 or 5, as at the last the Tecumseh defense who were playing star games, all of them allowed the St. Thomas home to walk through them and Robinson allowed the ball to pass into the nets.

Although there was fast work all through it, the game was a poor exhibition of lacrosse and a few more games like it here will spoil the game as far as drawing a crowd is concerned. It was easily seen that St. Thomas was no match for the Tecumsehs. The latter could get the ball whenever they chose, seemingly, and keep it as long as they liked and score whenever they wished to.

The Tecumsehs are fast, faster than any team which has before represented Chatham and the teams they play with should be equally as fast, to make a good swift game.

The game was played ten men to a side and St. Thomas was here with their full strength. Blythe and Rammer the speedy St. Thomas home players, were out of the game. The defense were too much for them.

It was MacFarlane's day for starring. He shot most of the Chatham goals and it seemed that every time he shot the ball found the nets. Skelding, the St. Thomas goalkeeper, had a day out. He is a star in the business, generally, but his eye was at fault yesterday. He made a number of star plays, however, and can give a better account of himself.

It is not likely that the Tecumsehs will play with St. Thomas again but the next game here will be with a team composed of players who will be worthy opponents and who will be able to make the Tecumsehs work for all that is in them.

At half time MacFarlane, who was doing most of the scoring, was presented with a huge bouquet of sun flowers from one of his last friends. He bowed his acknowledgments to the Grand Stand, who went wild with applause.

The following was the line-up—St. Thomas—Skelding, Howell, Outherson, Northcote, Northcote, Lawlor, Launt, McIntyre, Rammer and Blythe. Chatham—Robinson, Coupland, Frances, Elliott, Hutchison, Haydon, Grace, Quessell, MacFarlane and Stewart.

Referee, R. W. Angus. Timekeepers—D. Robertson, McQueen and Palmer.

The first of the semi-finals for the intermediate championship will be played in Chatham on August 18th between the Tecumsehs and Mount Forest. They will run an excursion from Mount Forest to Chatham the day of the game.

### ORIOKET

### VICTORY AT LAST.

The Chatham croquet team went to Cleveland yesterday and won a game from their American friends by six runs.

The Chatham players left Chatham at noon on Sunday and went to Cleveland via Detroit, where they took one of the lake boats, returning by the same route.

They report a very pleasant time. The Clevelanders certainly know how to entertain their guests. After the game the Chatham team was banqueted by Dr. Biggar at the Colonial Hotel.

The Cleveland club have the prettiest ground that it has been the pleasure of the Chatham team to play on. The game was a good one and probably the most interesting feature was a spectacular catch by W. B. Wells, Chatham's veteran cricketer.

### The following was the score:

Canadian Boat Wins.  
Montreal, Aug. 9.—The third race for the Sewanahaka Cup, which was sailed on Lake St. Louis yesterday afternoon over a straight away course, two miles to windward and return, sailed over three times, resulted in a victory for the Canadian boat Noorna, which finished three minutes 45 seconds ahead of the American boat, the White Bear. The Canadian boat was nearly a mile ahead at the finish.

L. Laidlaw spent Sunday at the Eau. Max Fraser spent Sunday at Erieau.

Tom Morgan spent Sunday and the holiday at Erieau.

Mrs. Harry Ridley, of Chicago, is a guest at Drumtochty Lodge.

Deputy Sheriff C. E. Beaton spent yesterday at Sandy-Knowe, Erieau.

Miss Truesdale, of Hamorton, is the guest of Miss Allie Lawson, Drumtochty Lodge.

J. W. Webb spent yesterday fishing at the Eau. He did catch one small rock bass.

Mrs. Richardson, Adelaide St., returned to-day after visiting her brother, Judge Houston.

Miss Gertrude Holmes, of Erie Beach is the guest of Miss Young and Miss Morrison, Sandy-Knowe.

Miss Irving returned to the city to-day after a pleasant visit with Miss Abraham Shaggaupie Cottage.

Mr. and Mrs. J. H. Bogart and Mr. and Mrs. Milton Bogart and daughter, Miss Helene, spent Sunday at Erieau.

E. B. Smith says that the Baden-Powell is no fish boat and that is why the party on board her didn't catch any fish yesterday.

Mr. and Mrs. Albert Oldershaw spent Sunday at Mushroom Villa. Albert caught two black bass yesterday. They were beauties.

Miss Katharine Garrett, has returned to Chatham, preparatory to a visit to Toronto, where she is spending the summer at Sandy-Knowe, Erieau.

Thomas Stanton, Force Gurney and Geo. Somerfield, spent Sunday and the holiday with Mr. and Mrs. Homer Turner. They caught a fine string of fish.

S. Stephenson, James E. Oldershaw and Albert Oldershaw caught 26 spec. kited bass Saturday night in about half an hour. This is a record run in the time.

Mr. Braumstein, of Cincinnati, has returned home after spending a pleasant holiday at Erieau.

Braumstein will visit her mother for a couple of weeks longer.

Yesterday, the Bonnie Belle spent the day in the vicinity of Lone Tree. The party on board were fishing almost entirely and were highly successful. They had a fine string of black beauties. There were on board E. B. Jones, T. J. Rutley, M. Houston, Will Rutley, Mr. Braumstein and Mr. Morgan.

"Trow de bank."

"De bank ain't got no rope."

"Trow de bank anyhow."

That is the way E. B. Jones worked it out yesterday. Parties on shore were surprised to see the Bonnie Belle drifting gracefully out to sea before the stiff wind that was blowing.

While E. B. Jones sat in the boat working blissfully away. The Bonnie Belle is the prettiest and speediest boat on the Eau and naturally her comings and goings attract the most attention. Her last strange voyage attracted considerable attention and E. B. Jones was quite unconscious that he was cynosure of all eyes, while the people on shore didn't bother much thinking that he was trying some new experiment. Suddenly Mr. Jones looked up from his work and saw the shore and home half a mile to windward. Then he realized that he had thrown his anchor all right, but that he had first forgotten to attach a rope. He had no canvas and after signalling to shore for canvas he had to wait until help and the sails came from shore. Mr. Houston, W. H. Harper, and T. J. Rutley have not let Mr. Jones forget the accident since.

Printer, with one or two years' experience, wanted at this office. If

The only place where you can get Stransky guaranteed granite ware: phone No. 6, Geo. Stephens & Co.
