CENSURE HOSPITAL AUTHORITIES OVER DEATH OF CHINESE

TORONTO, July 28.—The authorities of the Toronto General Hospital were censured tonight by a coroner's jury for having kept Tu Wing, a Chinaman, who died in the hospital on July 10, for some time without attention and the jury recommended that the arrangements for the care of the general public at the hospital be investigated. The deceased had been injured in a fall from a street car and his injuries appared to the hospital authorities as trivial. The Chinaman was admitted a second time to the general hospital and it was said in evidence that he was 25 minutes there before he received attention.

The cause of the Chinaman's death was an unknown poison, according to the testimony of Dr. Julian Louden, who had conducted the post-mortem examination.

DONEGAL MAKES FRANTIC APPEAL FOR SUPPLIES

Crews Refuse To Move Food Trains Carrying Soldiers.

CONSTABLE IS SHOT

Unionists To Permit Catholics To Work If Not Sinn Fein in Sympathy.

BELFAST, July 28.—(By the Associated Press).—Donegal this morning was making frantic telephone appeals to Londonderry for food supplies. These, however, could not be delivered because train crews refused to move trains with military on board and the military insisted on occupying the trains. The train which was stoped at Letterkenny Monday by Sinn Feiners because it was transporting troops was still there today with the military guarding it.

Masked men early this morning held up the Belfast-Dublin train at Newry, and took away the mails.

CONSTABLE SHOT.

CORK, July 28.—Constable Murray was shot dead in the main street of Clonakilty last night.

MODIFY ATTITUDE.

BELFAST, July 28.—(By the Associated Press).—The Unionist workers at a meeting today at Bainbridge, County Down, decided as a result of an appeal from the local clergy to modify the drastic attitude they previously had taken regarding Catholic workers. Bainbridge was the native home of Col. Smith divisional commander of the Royal Irish Constabulary in Munster, whose assassination recently in Cork gave rise to serious trouble between the Unionists and Sinn Feiners in Bainbridge.

The Unionist workers today passed a resolution that well-known members of the Sinn Fein Society should be excluded from all works, but that Catholics who agreed to sign a declaration that they were not members of the society and did not support or sympathize with it, should be allowed to resume their labors. The resolution added that committees would be appointed to insure the enforcement of the resolution.

OWEN SOUND MAN IS SENT TO KINGSTON FOR 30 MONTHS FOR THEFT

Companion Sent To Reformatory For Three Months—Both Have Records.

OWEN SOUND, July 28.—At the police court this afternoon George Hutton was sentenced on five charges, to 30 months in the Kingston penitentiary and Darwin Cosby, on one charge, to not less than three months and not more than two years less one day in the Ontario Reformatory.

It was the third time sentence has been passed on both the men, although Hutton is only 20 and Crosby 21. Hutton was sentenced on ofur charges of burglary and one of escaping from custody. During the month of July he entered and stole from a grocery store, a tobacco shop and hardware store, getting goods to the value of almost $300, and also stole a motorboat from a boathouse.

Crosby was implicated in only one charge, that of entering the hardware store.

After his escape from the local police a week ago Hutton had been in hiding in the woods around the city, but was captured at his home last night. Crosby was also taken in last night, the police going out in a motorboat to meet the boat on which he was working.

DRY INSPECTORS ARE BEATEN, BUT ESCAPE

MONCTON, N. B., July 28.—The two prohibition inspectors names Coates who were forced into the sea, and who, it was thought yesterday, might have been drowned when they interruped a wedding in the belief that liquor was being served at St. Edouard's, and were attacked by the guests, managed to escape. They were badly beaten up and their automobile demolished.

Our Industrial System Has Failed Signally in Economy of Production

Prof. J. B. Reynolds, President of Ontario Agricultural College, Arraigns Present Day Conditions in Address To "School of Rural Leadership" in Session At Guelph.

GUELPH, July 28.—In his address of welcome tonight to the members of the School of Rural Leadership, now in session here, Professor J. B. Reynolds, president of the O. A. C., dealt largely with the question of rural neglect. He stated that this is not now merely a rural problem, but essentially a national one, and pointed out that the dominance of the town is the result everywhere of the industrial development, that in Canada the dominance of the town has been fostered by our political and social ideals, and that the abnormal growth of towns is responsible for many of the economic and social ills from which we are at the moment suffering.

Defeated Its Own Ends.

"Our industrial system," said Professor Reynolds, "has defeated its own ends and has failed. It has built up the cities at the expense of country life, and the present day Canadian city as an expression of a well ordered, well-balanced British democracy, is a failure. Our industrial system has as its foundation and the justification of its existence the principle of economical production by division of labor. And to talk of economy of production in the face of present day prices is a travesty of facts and a perversion of economic truth.

Ignoble Load of Dust.

By reason of the dominance of the town the country is fast losing its distinctive appearance and character and individuality. The very trees and standing crops are no longer green in June as of yore, but bear an ignoble load of dust churned up from the roads by the wheels of flying motors. City fashions and dress and sport and amusement have taken hold of country tastes. Teachers for country schools and preachers for country churches are trained in city schools and colleges and carry with them to the country city ideas and ideals and the fond hope that they may before long be called to a city charge. The city mail order house is filching away the business that used to be done in the country store and the village smithy no longer stands beneath the spreading chestnut tree, but has long ago fallen into ruin."

Has Failed Signally.

Professor Reynolds contended that our industrial system has failed and failed signally in economy of production, and said the small shop of 40 years ago, with its master workman and a journeyman or two, was much more efficient than its present-day substitute, the huge factory in the city.

Passes the Buck.

"Through our existing industrial system we have lost all sense of economic value," said the speaker. "Our protective tariff enables the manufacturer to dictate his own price for his commodity. Therefore he cares little whether his commodity is produced economically or not. He cares little how inefficient his labor is or how high priced. He has the means of passing the buck to the consumer.

The fostering of needless and useless industries by town boosters and company promoters has enormously increased the number of men who draw wages for producing articles the nation can very well do without. The greed of capitalists has forced the workers into trades unions who have now set up their own standard of wages and hours of service. Industrialism has become a monstrous tyranny, in which the workers themselves are twice victims of their own oppression. They are slaves to the rules of their own order as workers, and they suffer the economic consequence of the wasteful system with the rest of society. Meantime native-born Canadians are hard to find among tradesmen and mechanics and laborers in Canada."

Regarding remedies for present-day conditions, Professor Reynolds stated that city-bred people cannot be made farmers in a day, nor can they learn the rural way of living merely by being driven into the country. "It is something to point out the dangers, however," he said, "but we must get at the root of the matter."

Remedial Measures.

He indicated the lines of action as follows:

"We must remove the original cause of rural neglect. All industry must be put on an equal footing before the law. We must destroy by a tariff revision the privileges enjoyed by town industries, so that agriculture can hold with labor and capital in the open market on an equal basis with other industries.

"We must encourage rural organization for business and even for political purposes. The farmers know pretty well what they want, and what they want is for the good, not only of their order, but for the good of the nation likewise.

"Agriculture and country life must be fostered by community organizations, rural credit societies and agricultural research and instruction in the schools and colleges.

"These reforms would bring about a change in our educational and social ideals, whereby labor would be honored and because of improved conditions country life would be sought instead of being shunned. Such a result would mean a return to a type of Canadian democracy we are fast leaving behind."

AUSTRALIA TO HAVE WHEAT TO EXPORT

MELBOURNE, Australia, July 28.—Because of the beneficial rains in the Commonwealth during the last six weeks crop prospects in all the rural districts are considered excellent. It is expected Australia will have an exportable wheat surplus this year.

SAYS INCENDIARY FIRES ARE FEW AS PRICES RISE

Fire Chief Attacks Business Firms Existing On Inflated Profits.

TORONTO, July 28.—An attack on profiteers was made by President Gamber of State Fire Marshals' Association in an address before the Fire Chiefs' Association here today.

"During the last year incendiary fires have been few," said Mr. Gamber. "Business has been too good for incendiarism, because of the high price levels. I need hardly tell you there are hundreds and thousands of firms and industrials who cannot stand a sharp break in prices. Their profits are built on inflation. They include many factories which were equipped during the war or since, and thrived because commodities of every sort have brought unheard-of prices."

Business has been so speeded up by the passing of reports as read and including them in the general printed report distributed that a day has been saved, and the convention will wind up tomorrow morning, instead of Friday, as at first contemplated. The election of officers will be the important matter before the convention Thursday morning.

Chief Scott of Los Angeles this morning extended a cordial invitation to the delegates to convene in Los Angeles in September. Tribute was paid at this afternoon's session to the assistance given fire departments by the Boy Scouts. The program for Thursday afternoon, when the delegates will be guests of this city, includes a trip across the bay to see the Rochester-Toronto International League baseball game.

POLES VICTIMS OF DOUBLE MURDER IN NORTHERN FOREST

Bodies Discovered by Fire Ranger—Beaten Until Insensible, Then Shot.

OTTAWA, July 28.—A double murder, in which the victims, two Russian Poles, were shot as they lay prone on the ground after being beaten into a state of insensibility, has been brought to light at Temiskaming, Quebec. The victims, A. Kustman, 24 years old, and T. Kolodricky, 30 years old, were done to death last Friday afternoon in the woods near Temiskaming village and a short distance from the pulp and paper plant of the Riordon Company.

A thorough search, which has been conducted since last Friday afternoon, when Fire Ranger William Hemmingly made the gruesome discovery while on his rounds, has failed to reveal the identity of the murderer or murderers or bring about their arrest. Kustman was seen by his brother in company with two compatriots, whose names he did not know a few hours before the double murder was committed.

The bodies of the victims when discovered by the fire ranger were lying face downwards and were hidden under a pile of brush and leaves. Both bodies were covered with bruises and with punctures which appeared to have been inflicted with a spike or long nail. A close examination of Kustman's body revealed a small hole in the back of the head, while a bullet had been fired through Kolodricky's neck from behind.

MEIGHEN GOVERNMENT AGAIN DELAYS DATES FOR THE BY-ELECTIONS

OTTAWA, July 28.—(Canadian Press)—Dates for the by-elections made necessary by entry of new ministers in Premier Meighen's cabinet, and to fill other vacancies due to resignations and deaths will not be announced for a day or two, it was announced tonight. The delay is due to the printing of the new act and regulations.

GRAIN IN STORAGE DECREASES SOMEWHAT

OTTAWA, July 28.—(Canadian Press)—According to returns received at the Dominion bureau of statistics for the week ending July 9, the quantity of grain in store at the different public elevators throughout Canada has decreased by 3,674,504 bushels, in wheat, oats, barley, flax and rye. The chief decrease was in the eastern public elevators, where the decrease in wheat alone was 1,902,081 bushels. In the western country elevators the decrease in all grains was 620,788 bushels.

GASOLINE TRAIN IS OFFICIALLY WELCOMED

Los Angeles, July 28.—Gasoline has been so scarce here that today when a train carrying 200,000 gallons arrived from Oklahoma it was officially welcomed by the mayor and officials of the Automobile Club of Southern California.

SCIENCE PROVES THE DANGER OF BLEEDING GUMS
Medical science proves that unhealthy gums cause serious ailments. People suffering from Pyorrhea (a disease of the gums) often suffer from other ills, such as rheumatism, anaemia, nervous disorders, or weakened vital organs. These ills have been traced in many cases to the Pyorrhea germs which breed in pockets about the teeth.
Four out of five people over forty have Pyorrhea. It begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the infecting Pyorrhea germs.
Guard your health and your teeth. Keep Pyorrhea away. Visit your dentist often for tooth and gum inspection, and make daily use of Forhan's For the Gums.
Forhan's For the Gums will prevent Pyorrhea—or check its progress—if used in time, and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean.
35c and 60c tubes in Canada and U. S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

Mrs. Lilian Taylor Tells How Cuticura Healed Her Baby

"Our baby was two weeks old when his face became very red and terribly itchy, and he was fairly crazy rubbing and scratching till the skin broke and bled. He could not sleep, and did nothing but cry. His face looked as though he might be disfigured for life.
"I thought I would give Cuticura Soap and Ointment a trial. I found the free sample so good that I bought more and two cakes of Cuticura Soap and a fifty cent box of Cuticura Ointment healed him." (Signed) Mrs. Lilian M. Taylor, Box 99, Bracebridge, Muskoka, Ont., Dec. 30, '18.
Cuticura Soap to cleanse and purify, Cuticura Ointment to soften and soothe and Cuticura Talcum to powder and perfume are ideal for daily toilet purposes.
Soap 25c. Ointment 25 and 50c. Sold throughout the Dominion. Canadian Depot: Lymans, Limited, St. Paul St., Montreal.
