RETURNED TO CANADA.

Fall River, Mass., Jan. 18.—A noticeable feature of the great struggle that has just ended was the absence of disorder. It is admitted that the mills will not be running at their full capacity for several weeks. The production at present exceeds half of that turned out when all the machinery is running on full time. Thousands of operatives have found employment in other mill towns during the past five months, while many others, chiefly French-Canadians, returned to their former homes in Quebec Province. It is expected that many Canadians will return.

Sporting Notes.

Jack O'Brien, the returned fighter, has settled into the traces pretty effectually since his return to Philadelphia from the Bermudas. Following his broad challenge of yesterday, he announced to-day that he would accept the ocer of Tommy Ryan to meet the former Syracusan in a battle for the middleweight championship and a purse of $5000.

There was not enough money in the house for Buddy Ryan of Chicago, so Jack Bennett was substituted, and the latter met Fred Douglass of Savannah, in a six-round bout before the Washington Sporting Club, Philadelphia, last Monday night. Bennett did not have much trouble in demonstrating his superiority over Douglass. Douglass was bleeding freely in every round. He managed to keep his feet thru sheer pluck.

F. Callen's Salmagundie, the chestnut gelding, and a great timber-topper, which ran at Memphis last spring, looks to be one of the best at the Woodbine this winter. Sam Flint is training him, and says he will be one of the best on the track here this season.

Hurlingham Poloists Coming.

LINDSAY IN TANKARD FINALS.

Flavelle's Curlers Beat Three Teams in Group 5 All on Wednesday.

Lindsay, Jan. 18.—The play in Ontario Tankard Group 5 took place here to-day, all the clubs in the group defaulting except four—Peterboro, Port Hope, Bobcaygeon and Lindsay—and the drawing having been done beforehand, it left Lindsay to play the three clubs in succession. The games were of the closest and most exciting kind, Peterboro always gives Lindsay a hard game, and to-day's was close right up to the finish, and was only pulled out of the fire on the last few ends. After a rest of an hour, Lindsay went on against Port Hope, and again the game was not decided until the last end was played. Mr. Flavelle finished six up, and McLennan was six down and two ends to play. In the last two ends Lindsay scored four and won the game by this margin. With the exception of the lead, Mr. Flavelle's rink is the one he intends taking to Winnipeg next month. Score:

Flynn Outpointed Donovan.

Sharon, Pa., Jan. 18.—Cy Flynn of Buffalo vanquished Mike Donovan in their 12-round fight before the Nonpareil Athletic Club here last night. About 400 persons saw the battle, which was fast from start to finish. The men were to have fought at 145 pounds, but Donovan was about three pounds overweight. He showed lack of training and was in poor condition. Flynn was in fine trim and assumed the aggressive in nearly every round.

The fight went the limit and had Flynn had the steam behind his blows he would have scored a knockout. He had no trouble landing, but Donovan's oldtime ring generalship stood him in good stead and he avoided severe punishment. It was only in spells that Donovan seemed like himself. Then he went after his man like a whirlwind. Flynn did great footwork and avoided Donovan's wicked punches.

In all the rounds except the fourth, ninth and last, Flynn had the better of the fight. At the finish Flynn was fresh and looked good, while Donovan was fagged.

In the preliminary six-round bout, Kid Conroy gave Kid Morris such a drubbing that the latter quit in the second.

MARLBOROS WON ANOTHER WAVERLEYS DEFEATED 11-6

Champions Failed to Double Losers' Score—Waverleys Have Good Material.

In a senior O.H.A. game Wednesday night on the Mutual-street ice, the Marlboros defeated the newcomers, the Waverleys by 11 to 6. At half time the tally was 5 to 2 in favor of the winners.

The contest was not nearly as good as last Saturday's match, but it was certainly not a walk-over by any means. The first half was remarkable for one thing, namely, Workman's sure, safe and spectacular work in goal for the Waverleys. His many stops of most difficult shots by the champions' fast line were truly remarkable. No better goal minding has been seen in Toronto this season.

The second half the play became faster and what at the first looked like a small-score game, turned out to be just the opposite and before the finish 18 had gone into the nets. The match was not remarkable for any great combination play; individual rushes were the order making.

Waverleys was on the warpath a time and showed his scoring ability by taking the first two goals. The Waverleys have a coming player in Bergoine; he has gained considerable speed in skating and greater accuracy at shooting. His long shot from the right ring he took the third goal.

Young made a rush the length of the ice, passed to Birmingham, who scored
