TO THE ELECTORS —OF THE— CITY OF LONDON.

Ladies and Gentlemen:

In again offering myself as a candidate for that honorable position, mayor of the city of London, I do so at the request of a large number of the citizens. I believe the request that I should stand for another term is more unanimous than ever before. I therefore have decided to offer myself as a candidate for another term, and most respectfully ask the electors to continue to extend that confidence that they have so freely extended to me during the last four years, two of which I have served as alderman and the last two as mayor.

The fact that I have occupied the mayor's chair for the last two years does not at this vital period of the city's history, when so many material questions requiring continued experience will come up for consideration, constitute a reason for my services as mayor being dispensed with. On the contrary, it affords a strong argument for retaining me in the position, and as I have tried to conduct the business of the city for the good of the whole community so will I continue to do should I be elected to that honorable position for another term.

Thanking the electors of the city of London for the confidence that they have placed in me in the past, and again asking for a continuance of their favor, I have the honor to be

Yours Respectfully,

Geo. Taylor

To C. McCallum, Esq., and Others:

Ladies and Gentlemen.—In response to your requisition, signed as it is by so many influential electors of the city, I have much pleasure in acceding to your request, and announce myself as a candidate for the Mayoralty of the city for 1891.

Having occupied the positions both of Water Commissioner (during the construction of the works) and Alderman, should you again honor me by electing me as Mayor, the experience acquired while serving you I shall at all times use in the advancement of your interests.

The fact of the rate of taxation for 1890 being higher than ever previously levied in the city, has caused a large number of ratepayers to freely express their dissatisfaction, and to regard a change in the Chief Executive Officer of the city not only as desirable, but as an absolute necessity. I therefore fully appreciate the confidence expressed towards me by so many of my fellow-citizens in requesting my candidature.

Believing, as I do, in the right of the electors to directly pronounce at the polls upon the more important municipal questions, I pledge myself to use my best endeavors to carry out and give affect to their expressed commands upon the questions they will specially decide on Jan. 5. I shall have other opportunities of laying before you my opinion in regard to the many important matters which will come before the Council of 1891, and as I aim, if elected your Mayor, to represent all classes and communities of the citizens; only such municipal legislation as shall be for the general good shall have my support. Wishing you all the compliments of the season.

I am, Ladies and Gentlemen,

Your obedient servant,

J. R. MINHINNICK.

THE MAYORALTY.

To the electors of the city of London, Ladies and Gentlemen:

Having been requested by a large number of the electors to be a candidate for the mayoralty of the city for 1891, and believing it to be the wish of the majority of the electors, I take this opportunity to say that I will be a candidate, and respectfully request your vote and influence. If elected my best efforts will be, as they have been in the past, to advance the interests of the city.

I may say that the first business to engage the attention of the new Council should be the consolidating of the city debt, in order to lessen the rate of interest now being paid, which is a fraction less than 6 per cent. The amount of the city debt in round numbers is $2,300,000. It is surprising that the Council has not dealt with this important question before, as the city has been paying this rate for many years, and no effort has been made on the part of the Council to lessen it. I have no doubt that money could have been obtained at a much lower rate, say from 3½ to 4 per cent, which would have made a yearly saving to the city of from $40,000 to $50,000. I moved in this matter, and the Council will apply to the Legislature for an act at its next sitting.

In this connection I wish to say that as the city government is at present constituted the mayor is ex-officio a member of the Board of Water Commissioners, Board of Police Commissioners, Hospital Trust and also a director of the London and Port Stanley Railway Company. He is supposed to represent the City Council's interests in these different bodies connected with the city government, and whose duty it is to report to the Council from time to time the business transacted in them and to advise with the Council in relation to the business to be done by these departments. Had this course been pursued in the past the taxes this year would have been 18 mills or less instead of 22.

ABOUT HAIR

Editor of the ADVERTISER:

SIR,—I have, as you know, for some time advertised in Canada and the States a preparation for the hair called "Dr. Dorenwend's Hair Magic." I have received some thousands of flattering testimonials from those who have used it as to its merits as a restorative of gray or faded hair; also as a promoter of the growth and a certain cure for dandruff.

A great many of my correspondents ask the question: "Why is my hair turning gray so early? Why is my hair falling out?" As it is impossible for me to answer every one, I take the liberty of encroaching on your valuable space to make a general reply. A great many persons do not seem to be aware that excessive washing and rubbing is injurious to the growth of the hair; such is the case, however, that washing and rubbing the scalp and hair cause an over irritation and removes the oily substance which gives strength to the hair; undue heat is also injurious. Anything that will tend to clean up the sap or life of the hair will cause dandruff, falling out of the hair, gray or faded hair and finally baldness. Of course there are other causes as diseases, hereditary tendencies, etc., but the first mentioned are the main and most common.

Dr. Dorenwend, an eminent German physician, has given to the world after years of toil and experiment his now famous "Hair Magic." The object of this preparation is to assist nature in the production of this oily substance absolutely necessary to the growth of the hair. It is now sold by all reliable druggists at $1 per bottle, or six bottles for $5, and will be sent on receipt of price to any address. See that each wrapper bears the seal and signature of the manufacturer.
