P. Innes, Esq., formerly manager of the D. & A. railway, has fallen heir to an estate of \$40,000 or \$50,000. The estate is located in Scotland, and Mr. Innes will at once take up his residence in that country. His property at Coldbrook, upon which he at present resides, is offered for sale.

Some of the papers, including the Halifax Mail, have been boasting of the remarkable growth of shrubs this season. Mr. J. E. Martin recently measured two of these shrubs of a rose bush at the green-house of the Horticultural School which measured 14 feet 8 inches in length. Come again, friends.

About three weeks ago one of the large panes of plate glass in Rockwell & Co's store was slightly cracked by a stone being thrown,—by whom it is not known. On Saturday evening last another stone was thrown, cracking it badly. It is supposed to have been done with malicious intent. If so, it is a most deplorable act, and the authorities should spare no effort to discover the perpetrator. The pane was worth about \$50.00.

We desire to direct the attention of our numerous readers to the new advs. which are appearing weekly in our columns. The ACADIAN is year by year becoming more widely recognized as a first-class medium for reaching the purchasing public, as is evidenced by the class of advertisers who patronize our columns. Willis Piano and Organ Co. Any other advertisers, therefore, who may claim in any way the agency for the Bell Pianos, or Bell Organs, do so under false pretences, to attract attention to goods sold in opposition to those renowned instruments.
