Wellington and Front-streets East, Toronto.

FATHER M'ENTEE'S JUBILEE.

St. Joseph's Rector Honored Alike by His Archbishop, Fellow-Priests and Congregation.

Special services were held yesterday at St. Joseph's Church, Leslieville, in celebration of the silver jubilee in the priesthood of the Rev. J. J. McEntee, the respected rector of that church.

A solemn High Mass was held at 11 o'clock, Father McEntee being the celebrant. The deacon was the Very Rev. Dean Harris of St. Catharines and the sub-deacon the Rev. J. Gibney of Toronto. The master of ceremonies was the Rev. T. J. Sullivan of Toronto. The Most Rev. Archbishop Walsh was present, as were about 60 priests from this Province and from the United States. All the clergy who assisted in the mass had been students at St. Michael's College with Father McEntee.

After the religious ceremonies were concluded Father McEntee entertained the Archbishop and clergy at a luncheon. On its termination the Archbishop presented Father McEntee with a gift from himself of an artistically designed and beautifully illuminated missal. His Grace, in making the presentation, spoke of his great esteem for the recipient and dwelt in eulogistic terms on the faithful service rendered during his career by Father McEntee.

The clergy of the diocese also gave Father McEntee a valuable gold watch and an address, read by the Very Rev. D. Egan of Barrie. The congregation likewise presented an address, accompanied by a purse. Father McEntee thanked the donors for their gifts and for the kind expression made use of by the Archbishop, the clergy and the congregation.

In the afternoon about 4 o'clock the school children had a tea party and gave their rector a beautifully bound set of Breviaries.

Father McEntee during his term of office at St. Joseph's has made friends everywhere and is liked and respected by men of every creed and of all shades of belief. It is to be hoped he may be spared for many years to continue his work at Leslieville.

THE TRADE SITUATION.

Dun & Co.'s Report From the Leading Cities of Ontario and Quebec.

From The Daily Bulletin.

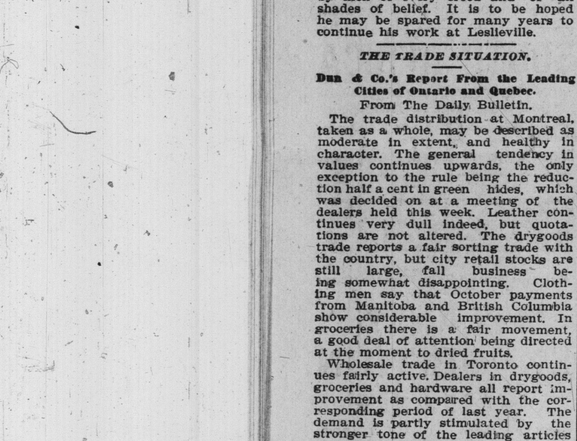
The trade distribution at Montreal, taken as a whole, may be described as moderate in extent, and healthy in character. The general tendency in values continues upwards, the only exception to the rule being the reduction half a cent in green hides, which was decided on at a meeting of the dealers held this week. Leather continues very dull indeed, but quotations are not altered. The drygoods trade reports a fair sorting trade with the country, but city retail stocks are still large, fall business being somewhat disappointing. Clothing men say that October payments from Manitoba and British Columbia show considerable improvement. In groceries there is a fair movement, a good deal of attention being directed at the moment to dried fruits.

Wholesale trade in Toronto continues fairly active. Dealers in drygoods, groceries and hardware all report improvement as compared with the corresponding period of last year. The demand is partly stimulated by the stronger tone of the leading articles of merchandise. Cotton, metals and sugar continue firm at top prices, and it looks as if they might have a further advance. Remittances are fair, but in many cases they are not up to what had been anticipated. The colder weather has led to some improvement in the retail trade, but this business is being monopolized by a few houses. The limited receipts of wheat at Toronto account for the higher prices paid there for this cereal. White sold at 71c yesterday, as against 67c to 67 1-2c previously. Ontario wheat has been a small crop the past season, while the Manitoba crop was large. The exports of Manitoba wheat are likely to be proportionately smaller than last year, and there is no reason to fear small supplies.

Pedlars Ask a Temporary Free Hand.

The action of the City v. Taylor, which is now pending before the Privy Council, was brought before Judge McDougall at his chambers yesterday. His Lordship was asked to decide that pedlars shall be allowed to carry on business without license until the Privy Council renders judgment with regard to the Pedlars By-law. The Judge reserved his decision. The city was represented by Messrs. Fullerton, Caswell, Drayton and Chisholm, and the Pedlars' Association by Mr. Du Vernet and their president, Joseph Pocock.

"Unequalled—Mr. Thomas Brunt, Tyendinaga, Ont., writes: "I have to thank you for recommending Dr. Thomas' Eclectric Oil for bleeding piles. I was troubled with them for nearly 15 years, and tried almost everything I could hear or think of. Some of them would give me temporary relief, but none would effect a cure. I have now been free from the distressing complaint for nearly 18 months. I hope you will continue to recommend it."



WHO SIGNED HADDEN'S NAME?

A Case of Alleged Forgery of a $680 Not on Trial at the Assizes.

In the Assize Court yesterday morning the case of W. K. Niven, acting for the Lehigh Valley Coal Company, of Syracuse, N.Y., of which company he is the Canadian agent, against H. B. Taylor, a coal dealer of Whitby, was taken up before Mr. Justice Meredith and a jury. The coal company claimed the sum of $540.48, for coal delivered during the year 1894, while the contention of the defendant was that the company had agreed to supply him with all his requirements at a price not to exceed that named by any wholesale dealer that particular season and that a violation of this agreement, together with other lapses in the contract, had occasioned a damage to him of $651.10, for which amount he asked judgment. The testimony in the case was much diversified and the jury was called upon to determine a question of veracity between the contending parties. The Court's instructions were anything but favorable to the defendant's cause and the jury returned a verdict for the coal company for the full amount claimed, the judgment being subsequently entered together with interest and costs and an execution for the total amount ordered.

Was it a Forgery?

The case of John Macdonald & Co., wholesale dealers of this city, against Robert Hadden of Tay township, to recover the sum of $680, said to be due on a two-months' note dated June 8, 1892, and alleged to have been executed by the defendant, was still on trial at the adjournment of the Assizes last evening. The case is one in which the genuineness of the signature is disputed by the defendant. The facts in the case are these: The firm of R. Harper & Co., of Hillsdale, was indebted to Macdonald & Co., and being pressed for a settlement agreed to give a note signed by Mr. Hadden, who is a well-to-do lumberman, for the sum in question and the undertaking was accepted with the endorsement of Harper & Co. by representative of the wholesale house. Prior to the maturity of the note Mr. Harper departed this life and subsequent efforts to collect the note from Mr. Hadden brought about that gentleman's announcement that his signature to the document was the work of other hands than his own. The testimony thus far adduced is varying, but going to prove that the signature is genuine, the defendant appearing to believe that the note signed by him in behalf of the deceased, Harper had been in favor of another concern. The case will go to the jury this morning. Messrs. Maclaren, Macdonald & Co., for plaintiffs; Messrs. Burrows & Steers for defendants.

Other cases made peremptory for 10 o'clock this morning are: McClean v. Scott, Adams v. Toronto, Redman v. Glasby, Raines v. Hamilton Bridge Co., Bowick v. Georgian Bay Box Co., Gerden v. Denison, Fisken v. German, Enright v. G. T. Ry., Eman v. G.N. W. Tel. Co., Johnson v. Bedson, Macrae v. News Pub. Co., Hilliard v. East, Levine v. McMillan, Smith v. Day, Lellis v. Lambert, Noverre v. Toronto, Haslett v. Comet Cycle Co., Smith v. Cameron, Bennett v. Sisson, O'Donnell v. Spland. Of these that of Redman v. Glasby is an action to recover $5000 for alleged slander, while that of Gordon v. Denison is really an action against the city for the alleged false arrest and imprisonment of the plaintiff, a lawyer, and now a resident of California.

TRAP ROCK FOR ROAD MAKING.

Cleveland, Ohio, Successfully Using Canadian Trap Rock on Its Streets.

Those public bodies among whose functions is that of road-making will learn with interest of an experiment being made by the Board of Park Commissioners of Cleveland, O. This body is now quarrying on islands near the Canadian bank of the St. Mary River, north of St. Joseph's Island, large quantities of trap rock, which is used as street making material. Mr. A. Blue of the Ontario Bureau of Mines was recently informed of these facts and wrote to Cleveland enquiring as to the mode of employing this comparatively unused material. Mr. F. C. Bangs, the secretary of the board, wrote him yesterday stating that the rock, after being crushed into coarse and fine screenings and dust, is laid eight inches deep upon a broken limestone base ten inches in depth. Two miles of street, 30 feet wide, have been constructed this year. The work has been let to contractors in three sections and the cost per yard of the limestone and trap for the sections respectively is $3.10, $3.19 and $3.65. The cost of the materials to the contractors is not known. The Commissioners are fully satisfied with the new material and believe they are building the finest and most durable roads in America. Many interested persons from Chicago and Pittsburg have already visited Cleveland and expressed admiration for the new thoroughfares. Trap rock is used extensively in Germany for road building and also at one point in the Dominion.

DISEASED BEEF SOLD.

Butchers Ask Regulations Prohibiting Same—The Proposed Wholesale Market.

The sub-committee of the Property Committee appointed to negotiate with wholesale butchers on the proposal to turn the old Drill Shed into a wholesale meat market yesterday met some of the merchants interested. In addition to the market proposal other matters of moment were discussed.

Butcher Guest and the majority of those present favored the use of the old Drill Shed and ex-Ald. Garratt Crankland urged that the fish market be removed there as it is at present filthy and inadequate. The butchers finally went to inspect the Drill Shed and will put in a report in writing to the sub-committee.

During the meeting Ald. Sheppard asked Assistant City Solicitor Caswell what power the city had to regulate the sale of meat, his reference being to the carrying on of a butcher business in departmental stores. Mr. Caswell said that beyond fixing a certain limit to the market no powers existed.

Along the same lines Butcher Pat Holland requested that there be some regulation of the sale of meat in the streets. He mentioned an instance of an animal suffering from cancer being taken from the cattle market at night and secretly slaughtered and sold to retail butchers at their stores.

Butcher Walter Baines commented: "As far as selling cancered meat is concerned, I guess we all take a crack at it when we get a chance."

Not Liable for Papers Thrown in the Door.

Dr. Phillips of Yorkville-avenue objected to paying $6 to the Appleton Company for the Popular Science Monthly on the grounds that he did not receive it and had not agreed to take it. Judge Morson, in deciding in favor of the doctor, said: "If a newspaper, magazine, book or any article is put in at a person's door without his knowledge or consent and he does not use it, he is not liable in any way for it and he is not bound to either return or notify the parties who have put it there."

Moulders Strike at Lynn.

Lynn, Mass., Oct. 17.—The strike of the iron and brass moulders employed in the foundries of the General Electric Company in this city, which was inaugurated Wednesday evening, was consummated to-day. The majority of the moulders quit work at the big foundry last evening and the remainder removed their working kits to-day. The fight is for the abolition of piece work and the introduction of a wage rate of $2.50 a day.

These two desirable qualifications, pleasant to the taste and at the same time effectual, are to be found in Mother Graves' Worm Exterminator. Children like it.

DOINGS ON THE EXCHANGES

CANADIAN SECURITIES QUIET WITH PRICES LOWER.

Speculation on Wall-Street Very Flat—Small Decrease in Toronto Bank Clearings This Week—Wheat Active and Irregular at Chicago—Local Market Firm.

Thursday Evening, Oct. 17.

The local stock market was fairly active to-day and irregular.

Toronto Street Railway closed at 80¼, and Cable at 161½.

The earnings of Canadian Pacific for the week ended Oct. 15 were $512,000, an increase of $20,000.

Consols steadier, closing to-day at 107 7-16 for money and at 107½ for account.

Canadian Pacific weaker, closing in London to-day at 62. St. Paul closed at 78½, Erie at 11⅞, Reading at 10⅝ and N.Y.C. at 103¾.

The earnings of the Grand Trunk Railway for the week ended Oct. 12 were $410,049, an increase of $1,947.

Bank clearings at Winnipeg this week were $1,605,016.

Acording to R. G. Dun & Co. the business failures in Canada this week were 46, as compared with 52 last week and 43 the corresponding week of last year.

Freehold Loan has been remarkably firm of late, with sales at 137, the highest of the year.

The price of No. 1 Manitoba hard wheat is one cent lower at provincial points, the quotation being 44c, Brandon freight.

In connection with the recent advance in silver, the official report of future delivery business in silver in London in September is of interest. In that month contracts for future delivery of only 842,600 ounces were registered in London, comparing with an average of about 1,250,000 ounces per month for over a year previous.

Exchange is strong at $4.88¾. Gold could possibly be shipped at $4.89 under present conditions. There are, however, no gold bills in the exchange market, the advance is due to the scarcity of commercial bills.

Chicago GRAIN and PROVISIONS
AND NEW YORK STOCKS
BOUGHT AND SOLD.
Henry A. King & Co., 213-215 Board of Trade, Toronto, Ont.

TIPS FROM WALL-STREET.

The market was very dull at close.

Pullman to-day declared regular dividend of 2 per cent.

There was good selling this morning of Tobacco and Leather.

Pacific Mail was weak in the afternoon.

The floating amount of St. Paul in the "Street," taking out the stock owned by the directors, has been literally doubled in the last few days.

Officials of the Northwestern believe the road will earn 4½ per cent. on the stock in the current six months, and that the December dividend will be 2½ per cent., the same as last year. The June dividend was only 1½ per cent.

The most active stocks to-day were: Sugar 37,800 shares, St. Paul 10,300, R.I. 3300, N.W. 4200, P.M. 3000, Reading 4100, Mo. P. 1200, L. & N. 2900, B. & Q. 12,300, C. Gas. 10,000. Distillers' 7400, Tobacco 5300, T. C. I. 12,200.

The outline of the Union Pacific reorganization plan has been published. It contemplates the issue of $100,000,000 4 per cent. bonds and $75,000,000 preferred stock, which will be issued to retire the bonds on lines now covered by the Government subsidy. It does not take any account of branch lines or indicate what is to be done with the Government indebtedness or the stock.

Canadian Produce Company.
EGGS—Five case lots, candled, at 14c; single case 14½c. POULTRY—Prices steady; chickens 85c to 40c per pair; ducks, 50c to 60c per pair; turkeys, young, at 10c to 10½c per lb.; and geese, 4c to 7c per lb. BUTTER—Choice tubs, 15c to 17c lb.; rolls, 20c to 22c. 135
80 Colborne-street, Toronto.

COMMERCIAL MISCELLANY.

Cash wheat at Chicago 59⅝c to 59¾c.

Dec. wheat on curb 60⅜c.

Puts on Dec. wheat 60¼c, calls 61⅛c.

Puts on May corn 29½c to 29⅝c, calls 29⅝c.

At Toledo clover seed closed at $4.17 for Oct. and $4.27 for March.

Cattle receipts at Chicago to-day 13,000, including 1500 Texans and 4000 Westerns; market slow and weak. Sheep 14,000; market slow and easy.

Car receipts of grain at Chicago to-day: Wheat 245, corn 385, oats 241. Estimated for Friday: Wheat 305, corn 395, oats 257.

CHICAGO MARKETS.

McIntyre & Wardwell report the following fluctuations on the Chicago Board of Trade to-day:

	Open.	High.	Low.	Close.
Wheat—Dec.	60⅝	61¼	60¼	60⅝
" —May	64⅝	65⅛	64⅝	64⅞
Corn—Dec.	27⅞	28	27⅝	28
" —May	29½	29¾	29½	29⅝
Oats—Dec.	18¼	18⅜	18¼	18¼
" —May	20¾	20¾	20½	20⅝
Pork—Jan.	9 45	9 45	9 37	9 37
" —May	9 70	9 70	9 62	9 65
Lard—Jan.	5 72	5 72	5 70	5 70
" —May	5 87	5 90	5 87	5 87
Ribs—Jan.	4 77	4 77	4 75	4 75
" —May	4 95	4 95	4 92	4 92

Henry A. King & Co. received the following despatch from Chicago:

It has been a very quiet market again today, fluctuations being less than a cent. Opening public Liverpool cables were quoted quiet, with nothing doing. Later private cables were a halfpenny higher. This advance did not seem to affect the market at all. Northwest receipts were as large as usual, 1,270 cars, against 728 same day last year. Clearances at the seaboard were again liberal. Reports from Argentine say that they will have the largest crop of wheat ever grown.

Corn and oats—Steady and quiet. Very little doing. Primary receipts of corn 281,000, against 118,000 bushels same day last year.

Provisions sold lower to-day on continued heavy receipts and selling by packers.

McIntyre & Wardwell (John J. Dixon) received the following despatch from Schwartz, Dupee & Co., Chicago:

Wheat ranged to-day 60¼c to 60⅝c to 61⅛c to 61¼c, closing at 60⅝c bid. The advance was on covering by some of the principal local shorts and bears, on reselling by parties that were buying early. The close was ⅛c over yesterday. The weather in the winter wheat belt was the principal cause of the strength in the market. Clearances at the seaboard were about 120,000 bushels; thirty boat loads were reported sold there for export. Northwestern receipts were 1270 cars, 500 more than last year. Considerable wheat is being covered here which does not show in the published receipts. It goes into private houses without inspection. There was more selling from New York on to-day's advance than from any source.

Corn was steady within a range of ¼c. A drop in the lake rate to 3 cents improved the cash business. Charters made for 400,000 bushels. Cables steady. Seaboard clearances were 362,000 bushels. Local shipments for 24 hours, 505,000 bushels, were almost three times the receipts for the same period.

Provisions quite weak whenever there was any activity. Packers and local holders were good sellers with the public doing the buying. The continued large receipts of hogs and their gradually improving quality are the bearish influences, and they will carry the market considerably lower in our opinion before we have any material reaction.
