DIXON LOSES HIS POSITION

Chief Engineer at the City Hall Who Made the Unsatisfactory Lighting Test.

DISMISSED BY THE DEPARTMENT

Matter of Scrub Women's Wages Will Come Before the Council—Notes From the City Hall.

John M. Dixon, the City Hall engineer, who has for some time had charge of the heating and lighting department of the big building, has been dismissed from the service of the city. Mr. Dixon's resignation has been expected for several days, but as it was not forthcoming the City Commissioner at noon yesterday notified him that his services were no longer required.

This course was taken as the outcome of a lot of dissatisfaction which has existed in the department for some months. Dixon was ordered to make a test to discover why the city plant could not supply light for the hall as cheaply as it could be bought from the Electric Light Company. He took three months to make the test, and it was a most unsatisfactory affair, which he himself admitted could not be relied upon at all. He showed that it cost more to light the municipal pile by its own electricity than the power could be bought for outside.

An Unsatisfactory Test.

No faith was put in the test, and Commissioner Coatsworth secured the services of Electrical Engineer James Milne, who made a test, showing that a saving could be effected if the city illuminated the building with its own plant.

This state of affairs led to the Property Committee asking Engineer Rust to show just where the city was at. The result of the tests he made were reported a few days ago, and they showed that the city could save a very considerable amount of money by attending to the lighting by its own plant.

Wouldn't Transfer It.

The dismissal of Dixon was discussed at some length by the Property Committee yeterday afternoon. Ald. Dunn said it was time the lighting and heating of the hall was taken out of the City Commissioner's hands altogether and be placed under the supervision of the City Engineer. The City Commissioner said that what he needed was a competent engineer, and he could look after the department all right. Ald. Dunn's motion to transfer the plant to the care of the City Engineer was defeated, the vote being: In favor of the transfer—Ald. Ward, McMurrich, Spence, Urquhart and Dunn; against—Ald. Lamb, A. Stewart, Frame, Hall, Richardson.

The matter stands in abeyance. In the meantime Commissioner Coatsworth has placed Assistant Engineer Bannon in charge of the lighting and heating plant.

Wages of Scrub Women.

The reduction in the wages of scrub women at the hall was disapproved of by most of the members of the committee, and Ald. Spence thought that Chairman Richardson should move at the Council meeting on Monday that an extra appropriation be asked sufficient to provide for the women receiving the same remuneration they had last year. Ald. Richardson will act accordingly.

The County's Share.

The committee was waited upon by a deputation from the County Council in regard to the agreement between the city and county, apportioning the cost of maintenance of the hall. The draft agreement, whereby the county's share of the cost of construction of the building and use to the present was placed at $84,000, was thought to be deficient in some clauses, and it was referred back to the Legal Department for a few proposed minor changes. The deputation was composed of Messrs. Gibson, Evans, Pugsley, Woodcock and County Solicitor C. C. Robinson.

Exhibition Improvements.

The desirability of acquiring increased land accommodation for the Exhibition was again discussed yesterday afternoon by a sub-committee of the Parks and Exhibition Committee, and a letter was drafted, to be forwarded to Hon. Dr. Borden, requesting the Minister of Militia to grant the city part of the Garrison Commons for Exhibition purposes on the terms of the present lease. The importance of the Exhibition and the necessity of further accommodation for it fully pointed out, as well as the fact that the city has voted $133,500 for improvements to buildings.

No action was taken on a suggestion of Ald. Ward that the city endeavor to secure the whole of the Garrison Commons and give the government a site elsewhere for a fort.

They Never Knew Failure.—Careful observation of the effects of Farmelee's Vegetable Pills has shown that they act immediately on the diseased organs of the system and stimulate them to healthy action. There may be cases in which the disease has been long seated and does not easily yield to medicine, but even in such cases these Pills have been known to bring relief when all other so-called remedies have failed. These assertions can be substantiated by many who have used the Pills, and medical men speak highly of their qualities.

South Toronto Liberals.

A large and enthusiastic meeting of No. 1 Division of the South Toronto Reform Association was held last evening, corner of Ontario and Kingstreets. John Cronyn was elected vice-president, to succeed the late W. Christy, and James Christy was elected secretary-treasurer. Committees were also appointed for each subdivision, five men for each. The chair was occupied by T. W. Winterberry. Organization matters were discussed by a number of the speakers. Among those present were: Thomas Bance, vice-president, No. 2 Division; p. W. Clark, vice-president, No. 5; T. W. B. Rogers, J. P. Burns, T. J. Enright and W. J. Elliott.

Treated in Notre Dame

A. J. Forgue Had Chronic Catarrh so Badly His Lungs Were Affected—Tried in Vain for Relief—Ozone Cured Him.

"I consider it a great duty to write you in order to tell you all that Ozone did for me. About 15 years ago I contracted a grave attack of catarrh. I took nothing for it as I did not understand the nature of the disease. Two years ago complications set in and the discharge from my head tainted my lungs, which became very weak. I took treatment at the Hospital "Notre Dame," Montreal, for catarrh and from our family physician

for the lungs. I also had remedies sent me from the United States, but all without results, as I was in worse shape every time I changed remedies.

"Ozone made its appearance. I got a free bottle from your Montreal agent on May 24th last and took it according to directions. I can swear to you that when I finished that bottle I felt better than ever before in my life. My appetite is good, no more vomiting, my lungs are strong, my catarrh has disappeared, and I am sure that with Ozone I will become a man again; a better man than ever before. Never will I be without Ozone, now that I know it is the only remedy for perfect health. Doctors do not approach where Ozone is. One of my sisters, who has been sick for many years, has commenced the Ozone treatment. Once more I thank you for all that your good Ozone has done. I remain, yours respectfully,

"A. J. FORGUE, St. Constant La Prairie, P. Q."

Catarrhal trouble is due to inflammation of the membrane linings of the nose and throat. You probably pay no attention to a cold—the cold congests the linings and makes the surface of the membrane open to the attack of the germs of the catarrhal disease. The foul mucus taints the throat passages and often attacks the lungs themselves. You can destroy the catarrh germs without injuring the nasal tissues by applying Powley's Liquified Ozone to the nose in the form of a douche—one part Ozone to eight of water. Then by taking the regular internal dose you supply the system with oxygen and make all the tissues healthy—so that the germs of disease cannot operate in the lungs. There is no other preparation that will give you relief for chronic catarrh like Powley's Liquified Ozone. You know what oxygen is—you know how it feeds the blood and makes all the body healthy. Ozone is not a medicine—not a combination of drugs—and contains no alcohol.

YORK COUNTY AND SUBURBS

Rev. J. W. Rae of Toronto Junction Has Accepted a Call to Aylmer Presbyterian Church.

MRS. T. F. WALLACE SERIOUSLY ILL

Smallpox at Todmorden—Four-Year-Old Girl Seriously Burned At Aurora.

Toronto Junction, Jan. 24.—The many friends of Mr. D. R. Boucher, 175 Quebec-avenue, will regret to hear of the sudden death of his wife, Letitia, which occurred last night. Deceased was in her 43rd year, and will be buried on Monday afternoon in Prospect Cemetery.

Toronto Junction Council, C.O.C.F., No. 323, had an open installation tonight in Thompson Hall, which was followed by a varied program and refreshments. Several visiting brethren from the city and Grand Council officers were present.

County Councillor J. Gardhouse returned from the east to-night, where he has been addressing farmers' institutes in Stormont and Glengarry.

Rev. J. W. Rae, pastor of Victoria Presbyterian Church, has accepted a call to Aylmer Presbyterian Church, subject to the approval of the Presbyteries interested. Mr. Rae is one of the most powerful pulpit and platform speakers in the Toronto district.

William Mackie had rather a chilly time of it yesterday trying to reach Butterwood Farm. The side road is blocked with snow, and in order to get out of the drifts he got over the fence into a field. In the corner of the field was an old well, 40 feet deep. The snow had covered the opening, and into it Mackie fell. He crawled up the old stones to within a few feet of the top, and was rescued by a passer-by none the worse for his imprisonment.

Rev. George Camp, pastor of the Disciples' Church, has resigned his charge and removed with his family to Wayland, Michigan.

Woodbridge.

Mrs. Wallace, wife of T. F. Wallace, is seriously ill.

The West York Agricultural Society will hold its annual meeting on Wednesday, February 5.

A Literary Society has been formed, with T. F. Wallace honorary president; W. A. Skeans president; Capt. T. G. Wallace, 1st vice-president; Miss Maude Elliott, 2nd vice-president; Miss M. D. Smith, treasurer, and Ed. W. Brown, secretary. The first debate will be held on Monday night.

North Toronto.

Councillor Walter Muston, manager of the North Toronto Floral Co., has been presented by the Gardeners' and Florists' Association of Toronto with a silver goblet, water jug and tray in recognition of services rendered during the late chrysanthemum show.

The first annual ball of the North Toronto Calithumpians was held last evening at the Eglinton Town Hall. The attendance was large, and the affair was well carried thru. The music was good.

Residents on Briar Hill-avenue are petitioning to have the water main laid on their street.

North York Conservatives.

Newmarket, Ont., Jan. 24.—Between 400 and 500 electors assembled in the Town Hall this afternoon on the occasion of the annual convention of the North York Conservative Association. The chair was ably filled by Mr. John Moore of Mount Albert, who, with a few appropriate remarks, introduced the speakers. Mr. T. H. Lennox, the Conservative candidate, was the first speaker. He gave a number of reasons why the electors should support Conservative candidates thruout the country. Among these he claimed that in granting bonuses to the manufacturers of beet sugar the government should have gone farther and granted a bonus to the farmers. Likewise their system of giving away the pulp wood limits, instead of selling them by public auction, was unsound in principle and injurious in practice.

Mr. J. J. Foy, K.C., made an able speech, arraigning the government in their acts of corruption, their lack of progress, the assessment law and the condition of the finances.

Mr. T. H. Brunton followed in his usual eloquent style.

Deer Park.

On Thursday evening a meeting was held in Christ Church schoolhouse, at which Rev. W. T. Patterson, the rector, presided. Rev. F. W. Kennedy and Ichi Mura San, a Japanese young lady, who has been educated in Toronto, gave addresses on Japan. Mr. Kennedy's address was illustrated by a number of beautiful lantern views. The schoolhouse was crowded with a well-interested audience.

Markham.

The mass meeting held in the Town Hall on Saturday last, to consider the beet sugar question, was largely attended. The chair was occupied by Reeve Marr, and many valuable suggestions were brought before the meeting. F. K. Reesor, ex-Warden of the county, who has devoted much time and study to the question, addressed the meeting, and was listened to with the greatest attention. The following were appointed a general committee: Reeve Marr, James Young, A R Pike, Anson Crosby, James Boyd, A Major, T McCauley, James Robinson, James Dimma, A Wideman, James Gowland, F K Reesor, A Summerfeldt, E Stiely, Henry Harding, Thomas Hood, John Lawrie, William Armstrong, Peter Byer, J T Harrington; Reeve Dimma was appointed chairman of committee, and J. T. Harrington, secretary. It was decided to prosecute a vigorous canvass, and the spread of information and the presence of such an influential committee augurs well for the promotion of this important industry.

The opening of the new rink by a grand premium carnival on Wednesday evening, Jan. 29, promises to be a notable event in the history of this town. The magnificent new rink, one of the largest and best equipped in the Province, was erected at a cost of $6000, and will be formally opened on that occasion. Many special attractions have been secured for the occasion, and the Markham Band, consisting of 28 pieces, will furnish the music. Generous prizes have been donated for every event, and a new feature has been introduced, known as The Relay Race, which will undoubtedly be most interesting. A voting contest will take place for the most popular young lady on the rink. The citizens of Markham have shown most commendable enterprise in the erection of this fine building, which will doubtless be greeted with a hearty response. Admission 15 cents, children 10 cents.

Peach's Church.

The re-opening services in connection with this church will take place on Sunday, Jan. 26. Rev. W. R. Parker of Uxbridge will occupy the pulpit at 10.30 a.m. and 7 p.m. Music by the choir. On Monday evening the Rev. J. C. Speer of Toronto will deliver his popular lecture, "Pictures With and Without Paint." Music by the Unionville Male Quartet. Lecture to commence at 7.30. Admission Adults 20c, children 10c.

East Toronto.

The Fire Brigade of the Grand Trunk Roundhouse held their third annual dinner at Sam Harris' Hotel last night. There were about fifty present, and a pleasant evening was spent.

There were a large number of players at the Aberdeen Curling Rink last night. There were four rinks, and they were skipped by Dr. Walters, Mr. Richardson, Mr. Tidsberry and Justice Ormerod.

Miss Shore of Ottawa is visiting some of her friends in East Toronto.

Todmorden.

The sideroads are so heavily blocked since the snow storm that bakers who deliver bread daily around here have not been on some roads since Monday.

The Young Ladies' Auxiliary of St. Barnabas' Church gave a very successful entertainment in Danforth Hall last night. A fine program was followed with a liberal distribution of refreshments to all who attended.

Todmorden gets a little of everything that is going around these days, and smallpox is the latest thing to strike here. Alfred Pestell of Don Mills road, just south of the postoffice, has contracted the disease, and his house is quarantined. Dr. Page, Medical Health Officer of York Township, has visited the case, and has placed William Munro in charge of the place. There are no small children in the family, there being only Mr. Pestell, his wife and a grown-up son.

Unionville.

The Rev. Dr. Black of St. Andrew's Church, Toronto, will preach in St. John's Church, Milliken, on Sunday afternoon, Jan. 26, at 2.45 o'clock. He will also give an address in Unionville Presbyterian Church on Monday evening at 7 o'clock. A cordial invitation is extended to all.

Zenas Black has been appointed assessor for King Township.

J. L. Jenkins succeeds the late Mr. Lawrence as clerk of King Township.

J. F. Rowland of Richmond Hill trapped a barn owl, measuring 5 feet 5 inches from tip to tip of its wings.

Mr. and Mrs. Malloy, who have moved into a house in Con. 6, Vaughan, entertained 105 relatives and friends to a house-warming. Dancing and games were enjoyed.

Margaret, the four-year-old daughter of Harvey Winter, Aurora, was badly burned by her dress catching fire at a coal stove. Miss Martin, who wrapped the little girl in a blanket, was burned about the hands in smothering the fire.

Joseph Lemon, son of Simeon Lemon, Kettleby, who went West for the good of his health, died in Toronto on his way home. Interment took place at Aurora.

The Sovereign Bank will establish a branch at Stouffville.

The annual meeting of the Cedar Grove Plowing Club will be held at the farm of Mr. Charles Monk, Locust Hill, to-day. A full attendance of the members is requested.

Whitney Mockridge Concert.

Those who attended Massey Hall last night heard a most delightful concert. Whitney Mockridge, the old Toronto boy, is without doubt one of the best concert tenors before the public to-day. He has been feted in England the successor of Mario and of Edward Lloyd, and is equal to either for all-round singing. His voice is one of the most symmetrical heard here, every note of its ample range being true and good. It is perfectly controlled at all times, and whether in powerful robusto or sympathetic lyric Mr. Mockridge shows himself to be a first rank artist. The recitative and air from Goring Thomas' "Esmeralda" was rendered with a perfection of tone and a clearness of delivery rarely heard, and wild applause followed, which was continued until he responded with a serio-comic love ballad, so aptly descriptive as to cause much suppressed laughter.

"Te Thou Faithful" from Mandelssohn's "St. Paul" was Mr. Mockridge's other solo number, and was sung with a devotional expressiveness that showed his effectiveness for oratorio work. "Molly Bawn" was the encore contribution, charmingly given.

Miss Gertrude Maxted is a young soprano, thoroly English in appearance and with a voice of exquisite purity. She sang familiar music (Arditi's waltz song, and "The Swallows"), in both of which were evident fine vocal ability, perfect intonation and good phrasing and coloring. Miss Maxted was encored on each appearance. Two duets by the soprano and Mr. Mockridge were also encored, and the latter (the prison scene from "Trovatore") was worthy of the best opera company on the stage. Mr. Mockridge sang behind the screen, and it was in this number that the robusto quality of his voice shone to the greatest advantage. "Manrico's" song was never better sung in Toronto, and an ovation followed the duet.

Mr. Gerald Walenn, who has a magnificent instrument, is a finished violinist in every sense. In breadth of tone and execution generally Mr. Walenn proves his mastery. Sarasate's "Zigeinerweisen," a Chopin-Sarasate nocturne, and scenes from "Czarda" were Mr. Walenn's selections, and each was encored. Mrs. Whitney Mockridge is a careful accompanist and contributed much to the general delight of the audience. In the familiar "Traumerie," which Mr. Walenn played as one of his encores, Mrs. Mockridge's work was particularly noticeable for judicious coloring. The concert was all the more pleasing because of its "English" flavor. Tho the music was that of foreigners, the English words were used in all except the waltz song and the "Trovatore" selection.

The graceful low-bust effect which the very swellest modistes are designing for their newest creations is given the fullest advantage by the W. B. Erect Form.

The Erect Form is hygienic. It does not strain the bust or abdomen, but places all the pressure on the hips and back muscles, keeping the shoulders in a fine poise.

FREE BOOK TO WOMEN

Woman is more liable to illness than man. This is because her organism is more sensitive. In man the muscular system is predominant. In woman the nervous sympathetic. Woman suffers in heart and brain and body a thousand things the average man can't understand. He knows nothing of the throbbing head, the aching back, the nerves all ajar by overstrain, the "want-to-be-let-alone" feeling, the weakness and prostration from the overwork, worry and cares of her self-sacrificing life. Often, indeed, her wonderful love and courage make her hide from him, until it is too late, the many sleepless, restless nights, followed by tired waking mornings, the wearing pain, the dragging weakness of female complaints, all of which are increased at each period, the unutterable misery and weakness that darken her life and bring her to the verge of despair.

Yet woman need not despair. God never meant that His best gift to man should go through life in sorrow and suffering. What woman needs is to understand herself. Dr. Sproule has made this possible. He knows—(for he has proved it by curing thousands of cases where others have failed)—that she need not suffer physically. His latest book, written entirely for woman, shows this plainly. In it you will read his wonderful "Tribute to Woman." When you read it your heart will throb with gladness as you feel that here, at last, is a man with a mind great enough and a heart tender enough to understand woman. This same understanding and sympathy have made him resolve to send a copy of this book

Absolutely Free

to any woman who writes for it. She who reads it will learn all about the weaknesses and diseases of her sex; all about her complicated nervous and physical conditions; all the necessities and requirements of her wonderful organism. Best of all, she will learn what is necessary to maintain health, and how that health can be regained when lost.

Fully Illustrated

Dr. Sproule has given particular attention to the illustrations in this book, and has spared neither trouble nor expense to get the very best. All the female organs, both in health and disease, are so clearly drawn that anyone looking at the pictures cannot fail to understand. Dr. Sproule's long experience as a surgeon and a Specialist has made him an authority, and the illustrations have been done from drawings which he himself has made especially for this book. They are so clear and perfect that they will prove a revelation to the woman who sees them.

But, remember, though Dr. Sproule has been to great expense in getting up the book, it will cost YOU nothing. Dr. Sproule wants you to have it. He wants every woman to have the perfect, glowing health without which she cannot fitly rule her kingdom. He feels it his greatest privilege to help in any way God's last and best creation—WOMAN. Write for this book at once. It will save you years of suffering. Address SPECIALIST SPROULE, 7 to 13 Doane St., Boston.

A Bald and Shiny Scalp

Does not prove that the hair-roots beneath are dead. May a plant appearing withered and dead is made to grow well and strong by means of good fertilization. Many a head that has been bald and shiny for years has been made to

Grow Healthy Hair With Rose Hair Grower

which penetrates down into the hair follicles, conveying nourishment to the impoverished roots, causing the sebaceous glands to furnish the necessary oil-moisture, and at the same time destroying the microbe of Dandruff, generally the cause of baldness.
