ENGLISH CRICKETERS COMING.

Some of Those Who Will Represent the M. C. C.

Winnipeg, June 19.—(Special.)—From private information received here regarding the Marylebone C. C. eleven, which will leave England July 12 to play a series of matches with Canadian and American clubs, it is learned that the following well-known cricketers are among those selected: E. W. Mann, Harrow and Cambridge cricketer, who will captain the team; H. J. Wyld, Oxford University cricketer and footballer; Blue, Clive, Burn, K. O. Hunter, H. Napier, H. C. MacDonell, the Surrey bowler who, with his eccentric delivery, should do great things out here, and M. W. Payne, Cambridge University wicket keeper. The remainder of the team is not yet definitely fixed. Altho not first-class, the eleven is particularly strong in bowling, and additions in batting strength should make it fairly representative. All the members will be public school and university men.

Mimico Club's Races.

The race for the Mimico Sailing Club's Challenge Cup brought out eight contestants on Saturday afternoon. The race was sailed over the club's course in Mimico Bay, and resulted in a decisive victory for P. V. Jermyn. F. A. Burgess finished second and Mr. Godfrey third. From the start Mr. Jermyn's boat outfooted her competitors and was never overtaken. The interest in the race was furnished by a battle royal between Dr. Godfrey, skipper of the Constance, and F. A. Burgess, captain of the Lorna Doone. The two boats crossed the starting line practically together, and every inch of the course was keenly contested. Both captains showed exceptional skill in bringing out the best points in their respective boats, and the spectators on shore were treated to some pretty exhibitions of jockeying during the race. Constance, after leading Lorna Doone around the course, was finally overtaken at the last buoy and beaten out by a narrow margin in the run home. The times were as follows:

	Start.	Finish.
1. P. V. Jermyn	3.00	4.12.00
2. F. A. Burgess, Lorne	3.00	4.23.10
Doone	3.00	4.24.30
3. Dr. Godfrey, Constance	3.00	4.30.20
4. A. J. Telfer, Ocimin	3.00	4.33.30
5. W. H. Stanton, Mona	3.00	4.37.30
6. J. Kay	3.00	4.40.30

A peculiar play took place in a recent game between Providence and Jersey City. Pitcher Joselyn sprung out Jocko Hallgan the Skeeters' chief slugger, the third strike being a "spit ball." Thomas could not tell where the ball was going to break, and misjudged it, the leather striking his glove and rolling along the third base line. Josslyn rushed in and fielded it to first in time to retire Hallgan, both Thomas and Joselyn getting assists. It is unusual for a pitcher to get an assist on a strike-out, and the play is not pulled off twice in a season.—Providence Journal.

Pitcher Caldwell, who was turned over to Toronto by Philadelphia, did not report, and Manager Harley has recalled Wade from Norwich.

"ON TOP AND IN THE BOWELS OF CHEOPS' PYRAMID."

By SIGMUND KRAUSZ

From the Gentleman's Magazine, May-June, 1902.

..... "Walking up the road which leads from Mena House to the plateau of the Desert, I noticed a small camel caravan being photographed there, with the Cheops Pyramid as a background. The animals were laden with cases, and great white blankets hanging down their sides showed in large letters the words: 'DRINK SCHLITZ BEER, the Beer that made Milwaukee famous;' 'DRINK WHITE ROCK WATER.' I had to smile at the Yankee business spirit which knows how to get advertisement even out of the Pyramids. I was only wondering that the enterprizing advertising agent had not made his legend read as follows: 'Drink Schlitz Beer, the beer that Cheops Drank.'"

This proves that SCHLITZ and WHITE ROCK WATER can be found everywhere, and that these beverages have a world-wide reputation.

Vespers at Henley.

Henley, Eng., June 19.—The crew of the Vesper Boat Club of Philadelphia, which arrived at Southampton Sunday morning on board the American line steamer New York, are comfortably installed at the Maitland Cottage here. All of them are fit and well for their first row on Henley waters this afternoon, which was watched by a large number of people, and altho their work was mostly strong paddling in the water, which was choppy, with a heavy wind, they created a favorable impression on the British oarsmen, who regard the Vespers as a fine body of athletes.
