November.

Hush, for the season is dying,
Over the woods all crimson and golden
Is every maple living.
With the sighing of winds, and patter of rain
O winds, when gently round her moan!
And rain fall softly on her bier!
May month be the purest crown,
And roses be her breathing bud!

ODD AND EVEN.

An old lady, hearing somebody in the male sex irregular, said, "It was just as it my days—no trusting any of em."

A doctor preacher living cut a hymn from a young said:

"Young people ought to pay
To worship God on every day."

A wag thus satisfies his musical attainments: "I know my letters—the cute is Gamut Language, the other isn't. I always sing the latter."

A lady author has been driven out of Delaware by the assorted ladies of that place. The latter thought the scraped acquaintance too easily.

Philosophers say that shutting the eyes makes the sense of hearing more acute. A wag says that this accounts for the many closed eyes that are met in our churches.

It is told of Lord Norbury that when passing sentence of death upon a man for stealing a watch, he said to the culprit: "My good fellow, you must be a great ass, but caught cold."

A San Juan miner who has been prospecting in southwestern Colorado has found a whole forest of petrified trees, with petrified birds sitting on the limbs singing petrified songs.

According to the Milwaukee News, a lawyer only asked a witness if he was the man, "but he called a bull is common, the bull is not the man."

One of the most [illegible] tributes ever paid to a [illegible] poor artist, has been paid to a Cincinnati doctor by a Western [illegible]. He possesses some merit as a [illegible] but it is hard to say whether it is [illegible] or [illegible] that [illegible] cows from his premises [illegible] they have their tails [illegible] the [illegible] of grass [illegible]. Even then [illegible] mistaken for schooners [illegible] rather poors!

Your mother sends you two pounds without my knowledge, and for fear you may not see it wisely I have kept back half and only send you one. Your mother and I are well, except that your sister has got the measels which we think would have spared you if it had not had it before, and she is the best one left. I hope you will do honor to my teachings; if not you are an ass, and your mother and myself your affectionate parents."

It is related of George Clark, the celebrated singer minstrel, that, being examined as a witness, he was severely interrogated by the attorney, who wished to break down his evidence. "You are in the negro minstrel business, I believe?" inquired the lawyer. "Yes, sir" was the prompt reply; "I'm that rather a low calling" demanded the lawyer "I don's know but what it is, sir," replied the witness, "but I know so much better of my father's trade I am rather proud of it." "What was your father's calling?" "He was a lawyer," replied Clark, in a tone of regret that put the audience in a roar. The lawyer let him alone.

Parliament has been prorogued publicly in England to a long list of noble titles and peerages. The Prince of Wales is a "Mason," so were the Dukes of Sussex, York, Clarence and Cumberland, and the Prince Regent; so in the previous generation were the Dukes of York and Gloucester. So too, was the Emperor of Germany in the year 1756, and our own King William IIIf fifty years earlier. And to go back further still, we find that Henry VI was instituted a Freemason in 1450; and Henry VI a hundred years earlier still King Edward III revised the Constitutions of Masonry, and, mounting higher still up the pillar of history, we learn that Prince Edwin formed a Grand Lodge at York in 926, the very year in which King Athlestan granted to the Freemasons a royal charter.

Cruelty to Horses.—Instead of crib-biting or wind-sucking being caused by pain in the teeth, it is due to a derangement of the stomach. Hence it is a cruelty to blacken or muzzle a horse for the habit, which is but seldom—it is on account of the soreness of the teeth occasioned by the operation.

To enable a horse to swallow wind, it is necessary for the muscles of the neck to contract, and the only object in applying the teeth or jaw to the post or manger is to afford a fulcrum for these muscles to act from.

The Ancient Egyptians learned the art of preserving their bodies for many generations, but all the world have not been able to discover an infallible preventative that will stop the hair from falling off. Bearine is without doubt the safest dressing, and is the most delightful preparation to use, ever made.

ELECTRICITY.

THOMAS' Eclectric Oil.

Worth Ten Times its Weight in Gold!

Pain cannot stay where it is used. It is the greatest Medical ever made. One dose convinces each Sore Throat. One bottle has cured Deafness. Fifty cents worth has cured an Old Stubborn Cough. It positively cures Catarrh, Asthma and Croup. Fifty cents worth has cured Crick in the Back and the same quantity lame Back of 20 years standing. The following are extracts from few of the many letters that have been received from different parts of Canada which, we think, should be sufficient to satisfy the most sceptical. J. Collard, of Sparta, Ont., writes: "Send me 4 doz. Dr. Thomas' Eclectric Oil, have sold all I had from you and want more; it's cures are truly wonderful." Wm. Magatit, of Tyrone, writes: "I have sold all the small bottle I got from you; it is the best stuff I ever saw at my box but takes [illegible] now." M. Cole, of Iona, writes, "please send me 4 doz. Thomas' Eclectric Oil. I am surprised at its wonderful effects. It is highly recommended by those who have used it." J. Bedford, Port Hope, writes: "Please send me a further supply of Eclectric Oil. I have only one bottle left. I have not anything sell so well and give such satisfaction." J. Thompson, Bradford, writes: "Send me some more Eclectric Oil, I have nearly sold out. Nothing takes like it." Miller & Hart, Toronto, C. W., writes: "The Eclectric Oil is in great reputation here, and is daily selling. Send us a further supply without delay." Sold in medicine dealers. Price 25 cents, 50 cents and $1 per bottle. [illegible] THOMAS, Farmer, N. Y., And [illegible] J. LYMAN, Toronto, Sole Agent for Canada.

A PUBLIC CAUTION.

Holloway's Pills and Ointment are counterfeited in every part of the United States, although they may be obtained in the B. N. American Provinces.

Each Pot and Box bears the British Government Stamp, with the words "Holloway's Pills and Ointment, London," engraved thereon.

It has become necessary to make this announcement, because the New York Chemical Company (who pay no royalty, and are not authorized to make these goods) have assumed the title of "Holloway and Co.," but, even now, no one can buy counterfeit medicines direct from them, as they have made arrangements to supply exclusively the firm of Messrs. Henry and Co., of New York, with their so-called "Holloway's Pills and Ointment."

It is presumed that, from the large connection Messrs. Henry and Co. have in the British Provinces, and elsewhere, the public will prefer to be imposed upon by counterfeit medicines and others, they cannot resist, and others may be prevented their being misled, by finding these medicines bearing a stamp with the name of "Holloway and Co., New York," printed thereon.

Many respectable Firms in the British Provinces, who obtain my medicines direct from me, have very recently suggested that I should, for the benefit of themselves and the public, insert the names in the papers, that it may be known to the public that my medicines can be had genuine from them.

The following is a list of the Firms alluded to; and I particularly recommend those who desire to get my medicines to apply to some of the Houses named:—

Messrs. Avery, Brown & Co., Halifax, N. S.
Messrs. Forsyth & Co., Halifax, N. S.
Messrs T. R. Barker & Sons, St. John, N. B.
Mr. T. Des Brisay, Charlotte Town, P. E. I.
Messrs. Langley & Co., Victoria, B. C.
Messrs. Moore & Co., Victoria, B. C.
Dr. John Fallon, Chatham, N. B.
Messrs. Munro & Co., Montreal.
Messrs. J. Winer & Co., Hamilton, Ont.
Mr. M. J. Rose, Toronto.
Mr. A. Chipman Smith, St. John, N. B.
Mr. John Hood, Goderich, Ont.
Messrs. Elliot & Co., Toronto.
Mr. J. Chalmer, St. John, N. B.
Messrs. Stockton Bros., St. John, N.B.
Mr. R. S. Priddy, Windsor, Ont.
Mrs. Orpen Morden, N. Y.
Mr. George O. Hunt, Jun., Fredericton, N. B.
Mr. W. H. Thompson, Harbor Grace, N. F.
Mr. J. M. Wiley, Fredericton, N. B.
Messrs. W. & D. Kells, Montreal.

The medicines are sold at the lowest wholesale prices, in quantities of not less than £20 worth—viz., 2s. 6d., 22s., and 34s per dozen boxes of Pills or pots of Ointment, for which remittances must be sent in advance.

Chemists and other vendors of Holloway's genuine Pills and Ointment may have their names inserted in the local papers if they will please apply here—

SO MUCH HAS BEEN SAID IN public praise about the value of Phosphates as fertilizers, and as nerve and brain food to supply the waste of disease, resulting from mental and physical exertion, that they have become universally recognized as the most important nutritive agents known to science. They are nature's restoratives, whether it be the worn out soil, or the constitution run down with wasting chronic diseases, depending upon indigestion and imperfect assimilation of food, their action being to perfect the growth and the formation of healthy tissues. Dr. Wheeler's Compound Elixir of Phosphates and Cod-liver is not only elegant and reliable, but extraordinary in its effect in energising and vitalising all the organs of the body.
