CARROLL WINS GO FROM CHAS. HARVEY

Bantamweight Pugs Mix in Ten Round Mill at Gotham.

[Associated Press.]

New York, Nov. 15.—Jimmy Carroll, the San Francisco bantam weight, easily defeated Charles Harvey, of Philadelphia, in a slashing ten-round bout at the Olympic A. C. here last night.

In the first round Carroll was wild, while Harvey used a right chop to the jaw which kept the Californian on the move. In the second round, however, Carroll solved Harvey's style, and from thence to the end it was all Carroll.

FOGEL FORCED REDS INTO DOOLAN TRADE

He Could Block Deal Made By Manager, So Herrmann Gave In

HORACE "PUT ONE OVER"

Sat Tight and Compelled Cincinnati To Forget Hoblitzel in Deal.

Philadelphia, Pa., Nov. 14.—Following the official announcement that the eight-man trade between the Phillies and the Cincinnati Reds would go through as originally scheduled, it became known here today that President Fogel, of the Phillies, possibly "put something over" on President Herrmann, of the Reds.

From a purely ethical standpoint, Fogel had all the better of the argument; that he could block the trade made by Manager Dooin because Fogel's signature was not on the official "trade papers."

Baseball here today learned that Fogel had used this fact to his own advantage when he threatened to block the deal unless Hoblitzel, of the Reds, one of the best first basemen in the country, was not included in the deal. For Hoblitzel, Fogel was willing to trade Doolan, the shortstop of the Phillies. It is understood that Fogel threatened to block the whole deal unless the Hoblitzel-Doolan portion was considered favorably, and that eventually Hermann gave in. Fogel refuses to verify this, but declares that there is a great deal more in the trade than has come out.

BETHANY COLLEGE DROPS FOOTBALL

Students Vote to Cancel Remaining Games on This Year's Schedule.

[Associated Press.]

Bethany, W. Va., Nov. 14.—There will be no more football at Bethany this year, as a result of the tragedy at Wheeling on Saturday afternoon, when Capt. Rudolph Munk, of the West Virginia University, was fatally injured in the game with Bethany College. At a meeting of the faculty and the student body on Monday, it was voted to cancel the remaining scheduled games.

President T. E. Cramblett said that the season had been the most successful in the history of the college, and deplored the tragedy. Resolutions were adopted, extending sympathy to the family and to West Virginia University, that the heretofore friendly athletic relations should be ruffled by an accident for which the college disclaimed all responsibility.

CUBS WALLOPED THE VETERANS

Advertiser News Room Bowlers Battled at National.

[By a Cub.]

The mighty Demon trio of bowlers have at last met their doom. Last night on the National alleys the veteran ten-pin enthusiasts of The Advertiser newsroom essayed to give the "cubs" a severe drubbing, but as the scores indicate, the result was just the reverse.

For some time the superiority has been disputed between these two trios, and not until last night did the battle go on. For the losers, Captain "Chimmie" Floyd was best man, while "Buster" Brown and "Monte" Mountjoy endeavored to carry their team to victory, but alas. "Doodle" Hutchison, of the cubs, was high man, with an average of 171, while "Pinky" Wright trundled beautifully. Sorry to state, the premier bowler, "Count" Walden, was not in his usual form. Following is the score:

Veterans.

Brown	122	123	159—404
Mountjoy	144	104	137—385
Floyd	145	136	149—430
Total			1219

Cubs.

Wright	171	179	143—493
Walden	151	113	130—394
Hutchinson	158	171	184—513
Total			1,400

The next of the series, it is expected, will be played next Monday night.

Canadian Semi-Final Rugby

Toronto Star: The finalists for the Canadian rugby championship are University of Toronto (champions of the Intercollegiate Union), Tigers, of Hamilton (champions of the Interprovincial Union), and Toronto A. A. C. (champions of the Ontario Union). Had the Argonauts received a square deal at Ottawa, the probability is that three Toronto teams would be contestants for Canadian honors, but as it stands now the two local teams will play off, and the winner will meet Tigers in Hamilton in the final. The dates were arranged by the Canadian Rugby Union on Saturday night as follows:

Saturday, Nov. 19.—Varsity vs. T. A. A. C. at Rosedale.

Saturday, Nov. 26.—Winner of Nov. 19 vs. Tigers at Hamilton.

T. A. A. C. performed a very creditable feat by defeating Dundas on their own grounds last Saturday, something that has not been accomplished in some years, and, enthused over this victory, the wearers of the crimson expect to give Varsity as hard a battle as the students anticipate from Hamilton. The only dope that can be obtained on the camparative strength of the teams is based on a practice game played in Hamilton several weeks ago when Dundas, minus Mallett, their star half-back, had Tigers beaten with two minutes to play, when a muff enabled them to win out by 6 to 5. Dundas claim they can trim the Tigers in the Valley Town.

However, this chance to see Varsity and T. A. A. C. in action in Toronto in a championship game is sure to attract a record crowd. The Crimson has a fine following, and will have a Rooters' Club with songs and parodies just like the students. It will be the biggest day of the football season in Toronto. Here are the players declared eligible for the final games:

The total weights are: Varsity (20 men), 3,425 pounds; Tigers (20 men), 3,521; T. A. A. C. (16 men), 2,765.

The average is as follows: Varsity, 171¼ pounds; Tigers, 176 pounds; T. A. A. C., 172¾ pounds.

VARSITY IS ONLY UNDEFEATED TEAM

Scored More Points and Had Fewer Scored Against Them Than Any Other.

DUNDAS 2ND IN SCORING

Ottawa College, Parkdale and Argos Had Weakest Defence in Their Respective Unions.

The championship season ended in all three Rugby unions on Saturday, and the records make interesting reading.

Varsity was the only team to finish with a clean record, winning all but the first game of the season by a wide margin. McGill and Queen's tied for second place, with the Montrealers showing superior form both in attack and defence. Varsity scored more points than any other team in Canada, and had fewer scored against them.

T. A. A. C. won five out of their six games, their only defeat being by St. Michael's in the first game of the season. Dundas outscored the league winners, but had the advantage of playing two games against Parkdale, the weak team in the union. However, Dundas showed themselves, next to Varsity, the best scoring team in Canada.

Hamilton's Interprovincial.

Hamilton won the Interprovincial series with four victories and two defeats, with Argonauts and Ottawa tied for second place, and Montreal, the best scoring team in the union, in last place. The Tigers, as a matter of fact, were the poorest scorers of the four teams, but had the best defence. The Argonauts had the weakest defence in the union, and with the exception of Parkdale and Ottawa College, the weakest in Canada. Father Filion's team had 123 points scored against them, and only made 18 themselves, which was even worse than Parkdale, who scored 25 against 113 made by opponents. The records are attached:

GARMENT STRIKE IS NOT YET ARRANGED

Chicago Trouble Now Centers Around Open Shop Question.

[Associated Press.]

Chicago, Nov. 15.—Settlement of the strike of 40,000 garment workers does not appear to be in sight. The employers say they will not listen to any proposition for settlement of the strike on any basis except that of an open shop agreement.

General Auditor Haskins, of the United Garment Workers of America, said last night that after the convention of the American Federation of Labor, now in session at St. Louis, closes 1,000 union workers will be brought from St. Louis to Chicago to aid the strikers.

They intend to assist the garment workers by soliciting funds, speaking at mass meetings and securing employment in other cities for the single men who are out of work as a result of the strike.

SEINE STILL RISING

Flood Conditions in Paris Still Cause Great Alarm.

[Associated Press.]

Paris, Nov. 15.—The River Seine raised at the rate of four-tenths of an inch an hour today. The official statement that the maximum of the flood would be reached on Thursday next has not reassured the riverside dwellers and suburbs, who see the waters advancing slowly in the streets and fear another disaster.

The return of flood conditions has convinced the Government raising of the parapets, is but a make-shift measure, and accordingly it will push the big project of a canal to divert the waters in times of flood. The building of this canal will be a matter of years.

HOW I MADE MY HAIR GROW

I was greatly troubled with dandruff and falling hair. I tried many advertised hair preparations and various prescriptions, but they all signally failed; many of them made my hair greasy, so it was impossible to comb it or do it up properly. I think that many of the things I tried were positively injurious, and from my own experience I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances. I believe they injure the roots of the hair. After my long list of failures, I finally found a simple prescription which I can unhesitatingly state is beyond doubt the most wonderful thing for the hair I have ever seen. Many of my friends have also used it, and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth of the hair and for restoring grey hair to its natural color, but it is equally good for removing dandruff, giving the hair life and brilliancy, etc., and for the purpose of keeping the scalp in first-class condition. It also makes the hair easier to comb and arrange in nice form. I have a friend who used it two months, and during that time it has not only stopped the falling of his hair and wonderfully increased its growth, but it practically restored all of his hair to its natural color. You can obtain the ingredients for making this wonderful preparation from almost any druggist. The prescription is as follows:

Bay Rum, 6 ounces; Menthol Crystals, ½ drachm; Lavona de Composee', 2 ounces. If you like it perfumed add a few drops of To-Kalon Perfume, which mixes perfectly with the other ingredients. This, however, is not necessary.

Be sure to ask the druggist for all the inclosures in the Lavona de Composee' package. One of them entitles you to a handsome free sprinkler top for your hair tonic bottle, and you are also entitled to receive the free advice of an expert on the hair by simply writing to the address you will find inclosed in the carton.

Apply night and morning; rub thoroughly into the scalp.

Go to your druggist and ask for an eight ounce bottle containing six ounces of Bay Rum; also one-half drachm of Menthol Crystals, and a two-ounce bottle of Lavona de Composee'. Mix the ingredients yourself at your own home. Add the Menthol Crystals to the Bay Rum and then pour in the Lavona de Composee and add the To-Kalon Perfume. Let it stand one-half hour and it is ready for use.

PLAINTIFF WINS IN EXPLOSION CASE

The Pere Marquette Conductor Struck By Flying Glass Secures Damages.

Burley Bennett, the Pere Marquette conductor, who was struck by flying glass while passing a store in Windsor, where a gas explosion occurred several months ago, was awarded $700 damages by Chief Justice Mulock at the non-jury sittings of the high court yesterday. The Windsor Gas Company was the defendant.

The case commenced at the opening of the court and continued until after 6 o'clock when his lordship announced that he would award damages but did not state the sum. In the evening a night session was held, when the verdict was given.

The plaintiff, on the witness stand, explained the accident. He admitted that at present he is not suffering very greatly from the effect of the explosion.

A large number of witnesses were heard, including Chas. R. Tuson, a florist, in whose store the explosion occurred. Drs. Drake and Burdon, of this city, and Dr. Ashball, of Windsor, who examined the plaintiff, Dr. Manning, of Windsor, who attended Bennett, Miss Haslem, an employee of Mr. Tuson, Robert Padden, a Windsor plumber, who, with his son, examined the service pipe after the explosion, Supt. Kilpatrick, of the Gas Company, Chas. A. Schwarm, of Stratford, consulting engineer of Windsor, and several other gas companies, Gordon Wickett, treasurer of the company, and Mr. Fred G. Mitchell, of this city, who described a simple and inexpensive manner of testing pipes for leaks.

He stated that by boring a hole in the ground over a pipe a leak could be located as if gas were present it would at once arise. His lordship in giving judgment stated that, in his opinion, the company neglected to take proper precautions and that they could have avoided trouble by making the test mentioned.

Had Bennett been an unmarried man, in the matrimonial mart, the damages for disfigurement would have been assessed higher, said the chief justice.

A request for the postponement of the case of O. C. Holmes vs. Richard and Amelia Ann Pincombe, of Strathroy, made by Mr. J. C. Judd, acting for Mr. Traver, solicitor for the plaintiff, was granted. Holmes is suing Pincombe for payment for grain delivered to the defendant, who was in the milling business many years ago in Strathroy, and who later became insolvent. The plaintiff claims that Pincombe was not insolvent and that he afterwards bought property in his wife's name in order to avoid paying his creditors.

SEINE STATIONARY.

Paris, Nov. 14.—The swollen Seine, which has flooded some of the lower parts of the city, and threatened great damage, was stationary today.

At a conference between Premier Briand and the special inundation commission it was decided to rush the work of deepening the river between Suresnes and Bougival, and the construction of the canal for the deflection of the waters in times of flood.

HARD AGROUND.

Cobourg, Ont., Nov. 14.—The steamer Belleville ran aground near Grafton in a blinding snowstorm Saturday while en route from Montreal to Toronto with freight, is still on hard. The steamer Chieftain, of the Calvin Wrecking Company, with a crew from Cobourg, is at work taking off the vessel's cargo, and it is expected the Belleveille will be pulled off some time today.
