WINDSOR AGAIN DEFEATS CANNING

Windsor hockeyists handed out a trimming to the Canning team in a Valley League contest played at Canning, Monday before 400 spectators, the score ending six goals to one. In the first period both teams played good clean hockey and at the end of this session the score stood three to one in favor of the visitors. The second and third frames, however, didn't have the earmarks of a''pink tea'' and both squads showed a willingness to must things up a bit. In the second period the Windsor boys sent the rubber into the local's net for three additional goads, while the Canning boys could not penetrate the stenewall defence of the visitors. No scoring was done in the final session. M. Smith refereed in a most impartial manner. The line up:

Windsor—Smith, goal; S. Macdonald, C. McCann, defence, Mosher, centre; Singer, J. Macdonald, wings; Clark, Hughes, Wigmore, subs.

Canning—Grant, goal; L. Lyons, Joudrey, defence; Bennett, centre; Eaton, H. Lyons, wings; Houston, Burns, Hogan, subs.

A CORRECTION

To the Editor of THE ACADIAN: Dear Sir:—Will you kindly publish the following statement:—

I have never affirmed or made any statement that the line losses of electric current over the Wolfville electric system are now, or have been for more than one year past, over forty per cent. Neither am I likely to make any such statement. because any electrical engineer on making a survey of this system, or any accountant on examining the Wolfville Electric Commission's books, could prove such a statement to be somewhat ridiculous.

APPRECIATES SUPPORT GIVEN

To the Editor of THE ACAD AN

Dear Si: —I wish to express my thanks to the People of Wolfville for the support given me in the election last Tuesday. Whilst I was defeated the majority was very small and we ran a close race. Personally, I believe the best man won, and I feel perfectly happy to have come so close to winning against such a man as Mr. Nowlan.

Participating in this election I observed that there does not seem to be the interest taken that is manifested in interest taken that is manifested in other elections. Now I think that above all things we should take the greatest interest in Civic affairs and elections. Every resident of Wolfville should consider is or her duty to further the interest of
