Ayer's Cathartic Pills,

For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral whatever. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the *Pills* with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by *Ayer's Pills*, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion, Listlessness, Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice** or **Green Sickness, Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back and Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings**, they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression**, a large dose should be taken, as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

LEGISLATURE OF NEW BRUNSWICK.

(*Special Telegram to the Tribune*).

HOUSE OF ASSEMBLY.

FREDERICTON, March 19.

Dr. Dow called attention to the fact that the Bill exempts the Company for three years from the time it commences polishing stone.

Messrs. Leighton and Willis thought the people of the district should be allowed to give the exemption if they desired to do so, instead of this House doing.

Mr. Willis said that was as far as he would go, as he was against the principle of exemption altogether.

Mr. O Leary here came into the House and was received with applause.

Mr. Davidson referred to the point brought up by Dow, and said the next bill from Charlotte would want exemption from the time they ship stone, and it would go on until the total exemption is secured.

Mr. Smith said if the Company and its property is exempted from taxation there will be no one but poor people in the district to pay the school tax which will become necessary by the introduction of operatives and families into the neighborhood.

Mr. McKay said he would vote for the bill if it gave the same exemption as the Utopia Company's bill.

Mr. Jones moved to amend so as to place the exempting power in the hands of the County Sessions, and Cottrell moved that progress be reported in order that the exempting clause might be made permissive. Progress was reported accordingly.

On motion of Hon. Mr. Crawford the Sussex Church Lands bill was referred to Crawford, Robinson, Humphrey, Keans and Elder as a select committee.

Mr. Leighton co mitted a bill to amend the Woodstock incorporation Act. Agreed to.

Mr. Murchie committed a bill to incorporate the Eel River Log Driving Co., Mr. Elder in the chair. Agreed to.

Mr. Butler introduced a bill to vest appointment of lumber drivers in the Governor in Council.

Mr. Keans committed a bill relating to Water Supply in St. John and Portland, Mr. Smith in the chair. Mr. Keans referred to the difficulty of laying water pipes and making sewers in St. John owing to its rocky formation. He said that five men would do more in a week with spades in excavating the streets of Fredericton, than twenty men in St. John in a month with expensive appliances. The bill authorizes the raising of one hundred and sixty thousand dollars for extending the mains and service pipes, and increasing the water supply. The bill was agreed to.

Mr. Crawford committed a bill for the establishment of an Alms House and work house in King's County, Butler in the chair. Agreed to.

LEGISLATIVE COUNCIL.

FREDERICTON, March 19.

A bill to extend the jurisdiction of the Stipendiary Magistrate for civil suits was recommitted, Hon. Mr. Chandler in the chair. He read the bill and the amendments proposed providing that in cases where plaintiff and defendant resided in parishes of Sussex and where the amount was above 20 and above $8 in cases of cost, and argued that the counsel fee of $5 allowed would tend to increase litigation and encourage lawyers to undertake cases on the chance of obtaining fees. He also objected to clause 6, constituting a table of fees to magistrates, witnesses, jurors, the same as in the Police Magistrate's Court, Portland. He showed under that table of fees what inducements were given to swell costs and induce Magistrates to decide causes as ones above £5. If the amount was £4 15s. he receives only 25c. if £5 5s., $1.

The bill was amended, constituting a table of fees as established for actions before Justices of the Peace in civil suits by Chap. 163 of Revised Statutes, and giving the Police Magistrate a further fee of $1 in cases tried before him, and passed.

Election Returns—Telegraphic Changes.

OTTAWA, March 19.

No reliable returns have as yet been received from North Wellington. Private telegrams received by Ministerialists show that Higginbotham has a majority of three, and 46 Opposition members that Drew has a majority of two. Correct returns will be in this afternoon. Higginbotham's majority last election was over seventy.

After recess the Civil Service Bill was read a second time and referred to Committee of the Whole. The age of persons eligible to be employed in Civil Service was fixed at thirty, after which the bill was read third time and passed.

House went into Committee on a bill to consolidate and amend Acts respecting Insurance, in so far as regards Fire and Inland Marine.

On motion for third reading Oliver moved an amendment to refer it back to a Committee of the Whole for amendment so as to compel Companies to deposit $100,000 with Receiver General.

The amendment was lost, and the bill passed.

The House adjourned.

McDonald, C. B., will enquire to-morrow if it is the intention of Government to deepen bar at the entrance of Lingan Harbor.

In the Committee of the Whole yesterday, in the Senate, an amendment was moved to fix the maximum value for cable messages at fifty cents per word; a point of order was raised as to the power of the Senate to fix any such rate. The House adjourned before any settlement was arrived at. The matter will come up again this afternoon.

Sale of Debentures, &c.

The sale of debentures and bonds by Mr. Hanington, of Hall & Hanington, at Chubb's Corner to day, attracted quite a crowd and excited considerable interest. One City debenture, $500, was purchased by Mr. John Tucker at 2 per cent. premium, the purchaser in this case, as in the case of all the others, paying the accrued interest to date. A city school bond, $300, was sold to Mr. G. Sidney Smith at 98½. Three Carleton water debentures, one for $1000 and two for $500 each, were sold, Messrs. G Sidney Smith and T. H. Hall purchasing two at 99½, and Mr. John Tucker one at 99¼. A St Albert County Railway bond for $500 was purchased by Mr. Thos. Coram for 81 cts. for the dollar.

Templars' Quarterly Meeting.

The quarterly session of the Templars of King's County, which was held at Clifton on Wednesday was a very interesting and important one; in addition to the usual routine there was a discussion on the subject of union with the different temperance organizations, not only of the Dominion, but of the whole Empire. Owing to the great importance of this matter, it was deemed advisable not to arrive at any definite conclusion at present, consequently it was laid over for further consideration and final action at the next session which is to be held at Greenwich Hill the 30th of June next. The public meeting in the evening was largely attended by an appreciative audience who were earnestly addressed by Sheriff Palmer and R. T. Babbitt, of Gagetown, and some local speakers. Recitations by three little girls and the singing of several suitable songs by Mrs. Whelply, Misses Wetmore, Kierstead, Ritchie and Frost made the meeting pass off in a manner which did not fail to please all present. C.

An open temple meeting of Eureka subordinate and Social Temples of H. & T., takes place in ths Academy building this evening at 8 o'clock.

THESE Bonds are issued for the purpose of raising funds for the erection of a building in the city of New York, to be used for a

Perpetual World's Fair,

a permanent home, where every manufacturer can exhibit and sell his goods, and every patentee can show his invention; a centre of industry which will prove of vast benefit to the whole country.

For this purpose, the legislature of the State of New York has granted a charter to a number of our most wealthy and respectable merchants, and those gentlemen have purchased no less than eight blocks of the most valuable land in the city of New York. The building to be erected will be seven stories high (150 feet in height) surmounted by a magnificent dome, and will cover a space of 22 acres. It will be constructed of iron, brick and glass, and made fire-proof. The bonds which are all for $20 each, are secured by a first mortgage on the land and building, and for the purpose of making them popular, the directors have decided to have quarterly drawings of $150,000 each this money being the interest on the amount of the whole loan.
