# THE ACADIAN.

WOLFVILLE, N. S., MAR. 2, 1894.

## Local and Provincial.

March began quite spring-like.

Wednesday being the day set apart for the Colleges, appropriate services were held in College Hall in the afternoon and the Baptist church in the evening.

To arrive March 3d, 1894, another car of that celebrated Lackawanna nut coal. Prices low. J. F. ARMSTRONG.

LOST.—In Wolfville, a ladies' hunting-case silver watch, having a fob with two Indian coins attached. Finder will please leave at this office.

A NIGHT WI' BURNS.—Rev. W. P. Begg will lecture on "The Songs of Burns" in the class-room of St. Andrew's church on Monday evening, the 12th of March. Admission by ticket.

Canning Division, S. of T., to the number of about fifty, came over on Monday evening to pay a fraternal visit to Wolfville Division. A joint programme was given and the members spent a very pleasant evening together, the most kindly feeling existing.

The proprietors of the skating rink are to hold the last Carnival of the season, by special request, this evening. They have made arrangements for a good time, and a good time is expected. A choice programme of music will be furnished by the Wolfville Band.

We are promised a new restaurant in the near future. Mr Torrie, of Windsor, the well-known caterer, has leased the Palmeter store, and will be ready for business by the first of next week. This supplys a long felt want, and we can ensure Mr Torrie a good patronage. We understand he intends running a Kandy Kitchen in connection.

Mr D. A. Munro has been given the contract for the erection of Messrs Brown, Munro & Co's. warehouse. The building is to be on the corner of Main and Chapel streets and is to be finished by the middle of May. It will be 40 x 60 feet and two stories high. When finished it will add much to the appearance of that part of the town.

The travelling public will be pleased to know that the fast side-wheel steamer *City of Monticello*, will again be placed in commission on the Bay route between Annapolis, Digby and St. John, on Saturday of this week. During March and April, tri-weekly trips will be made leaving St. John on Monday, Wednesday and Saturday mornings, and returning from Annapolis and Digby same afternoons.

The usual Children's Quarterly Service will be held (D. V.) in the church of St. John, Cornwallis, on Sunday, March the 4th. The medals won for the perfect repetition of the the catechism will be distributed by the Rector, also the certificates won by the candidates in the Inter-Diocesan Sunday School examinations for scholars. The parents and friends of the children are invited to attend.

A mass temperance meeting is to be held in the Baptist church on next Thursday evening. Rev. J. W. Fisher, of Canning, will be among the speakers, and will give an address on "The Plebiscite." Those who were disappointed in not hearing him a week or two ago will be glad of this opportunity. There will also be a number of other speakers and a good meeting is assured. The public are requested to be present.

A public meeting is to be held in Witter's Hall this evening for the discussion of political matters. It is understood that all the candidates will be present and speak. Arrangements have been made by which a portion of the time will be given to the prohibition question and Prof. Keirstead will be present and speak on the plebiscite. It is to be hoped that there will be a full attendance of ratepayers. Those interested in prohibition should make a special effort to be present.

We claim of "Fragrant Almond Cream" that it is ahead of any "Cream" in the market for the relief and cure of chapped lips and hands, and rough skin, etc. Delightfully perfumed. Try it. Only 25c. Drugstore.

## B. Y. P. U. Lecture Course.

On Tuesday evening, Feb. 27th, an expectant audience assembled in the Baptist church, the occasion being the second lecture of the B. Y. P. U. lecture course. President Seaman aptly announced rather than introduced the speaker of the evening, Prof. E. M. Keirstead, subject, "The Fitness of Scripture for Unfolding the Spiritual Life of Men." Through the kindness of Prof. Keirstead we present the following analysis:

1. What is meant by Spiritual Life?
2. What is meant by unfolding the Spiritual Life?

How is the Bible adapted to unfold this life?

What follows from the fitness of Scripture for unfolding this life, first as regards the book and secondly in regard to men?

The third question was the one most fully discussed. The fitness of Scripture for the purpose indicated was found; first, in general characteristics of the Bible, the unity, variety, and progressive nature of its teaching; and, secondly, in the contents of the book in reference to the ideas of God, of man, of man's retaliation to his fellow man.

The conclusion as regards the Bible was the supernatural origin of the Book, and as regards man that his spiritual nature is the permanent, most central, most determining element of his being.

Prof. Keirstead has the sincere thanks of the Wolfville B. Y. P. U. for this interesting and impressive address.

Bright and inspiring music was furnished by the B. Y. P. U. choir.

COR. SEC'TY.

Don't selfishly deprive your friend of cheerful company by remaining a dull, gloomy Dyspeptic. Restore your spirits by using K. D. C., the King of Dyspepsia Cures. It conquers every time.

## College Y. M. C. A.

The Y. M. C. A. of the University was again very fortunate in its selection of a speaker for the monthly public meeting. On Sunday evening last, notwithstanding the severe cold a large and appreciative audience gathered in College Hall to listen to the Rev. E. H. Wright, pastor of the Grand Pre Methodist church. His theme, "Christian Character" taken from Ephesians 4: 31, "Till we are all come in the unity of the faith and of the knowledge of the Son of God unto a perfect man, unto the measure of the stature of the fullness of Christ," was clearly and logically expounded. The preacher proved very conclusively the necessity of well-developed Christian character, (1) because the world needs men of faith in the truth, (2) because it needs men of sincerity and (3) men of stability.

He began by saying that we lived in a wonderful age, one in which impartial examination was to be made by the individuals themselves. Thus it is necessary for each one to examine and to know the truth in order that he may have faith in it.

The necessity for sincerity was apparent when it seemed necessary that some Christians ought to be labelled in order that the world might know that they were Christians.

Faith in the truth, and sincerity need stability to complete the character.

The speaker closed by urging the students to develop this strong, symmetrical character, till "you come in the unity of the faith and of the knowledge of the Son of God unto the perfect man."

Test this statement, a trial will convince you that K. D. C. brings immediate relief to the dyspeptic, and if followed according to directions, a complete cure.

## Hockey Match.

One of the best Hockey Matches ever seen in Wolfville was played in the Rink on Tuesday evening of this week, between the Chebuctos, of Dartmouth, and the Wolfville Hockey Club. Play commenced at a quarter to nine, and when time was called for the first half the score stood 2 to 1 in favor of the Chebuctos. The play during the last half of the game was very exciting and after hard play each team secured a goal, leaving the score when time was called 3 to 2 in favor of the Dartmouth team. The playing of Mr Kane of the Chebuctos, was much admired. The visiting team spoke in the highest terms of the playing of the Wolfville club, which they consider to be the best they have ever played a game with. Our boys we believe, have been invited to play the Chebuctos again in the Dartmouth rink, during the winter.

Perhaps you have never heard of K. D. C. Many Dyspeptics have heard of it tried it, and have been cured by it. It will cure you, too. Try it. K. D. C. Company, Ltd., New Glasgow, N. S. Canada.

## Married.

McLEOD—WILKIE.—At the Methodist parsonage, Berwick, on Friday, Feb. 23d, by the Rev. J. Craig, Mr Daniel McLeod and Miss Florence Wilkie, both of Kentville.

## Among The Horsemen.

Mr Geo. Burgess, of Upper Dyke Village, was in town Wednesday with the trotting horse "Laurea." Mr B. has sold him to parties in Yarmouth.

Mr H. C. Vaughn arrived home on the 17th. He has been visiting his brother in Boston. We expect the trotting here will look flat to him after the fine exhibitions of speed that he witnessed on the boulevard in Boston where the 2.15 horses are as thick as the 3.00 ones are here.

C. B. Munro can show a terrific burst of speed, with that beautiful bay mare "Mollie Knox" that he purchased from Dr Bowles.

Mr Enoch C. Bishop, of Greenwich, has invested in some "Aliment" stock, they by "Allie Clay." Now boys, watch him; he is just as fast a driver as any of you.

Geo. Wood is out again with "Billmont" by "Rampart," 2.36½. Although the colt has not fully recovered from the bad cuts that he got on a wire fence last fall, he can wiggle along as fast as any in his class. George has faith.

"Minnie W," by "Kearsarge," is owned by C. H. Borden; but she has been taking her daily drives with trainer Jim Frazer at the helm.

Miss Lou Brown has been driving her yearling filly by "Allright."

Geo. W. Trenholm's "Lambert" is developing into quite a trotter. He was in the village the other night and gave the boys a surprise.

Geo. Wood says that Er Gertridge, of Gaspereau, has a trotter in the two-year-old gelding "Young Snow," by "Rampart Jr." Geo. knows because he had a start with Er and the report is that "Billmont" didn't get there first.

The Lambert horse owned by Gustavous Bishop, of Greenwich, and driven by Bowles, Bill and others, can show you a three minute clip when in good trim. Who knows but that we may have another "Gordon Sim" in Nova Scotia.

The yearling "Ben Hur," by "Rampart," 2.36½, dam by "Allie Clay" and owned by our popular groceryman, Mr G. H. Wallace, will go into the hands of Trainer James Frazer for instructions in the way that he should go.

Trainer Frazer expects to handle for Mr A. A. Pineo a fine large colt sired by "Highland Chief," 2.37.

We have seen several reports in the county papers of the meet at Upper Dike on the 10th inst., and feel sorry that some reporters feel disposed to make untruthful statements. Now the facts are that "Maud C" was there and was not headed by any horse that started with her that day; and for any writer to say that she was outfooted is a gross exaggeration to say the least of it.

A horse belonging to Wilbur Dennison of Clinton, died Sunday, December 17. Mr Dennison bought the horse thirteen years ago, then a fine bay and beautiful, paying a good sum for the animal. He was five years old. Mr Dennison made the purchase in the spring and worked the horse on the farm through the summer, and put him in the stable in early fall. He did not see him again until the following spring. On hitching him to the wagon the horse ran, breaking the wagon and doing considerable damage. Mr Dennison returned him to the stable where he has been for the last twelve years, until death put an end to his career. Mr Dennison placed a large padlock on the door and at no time unlocked it, the horse being fed and watered through the manger. A citizen who visited the place Sunday morning says the animal's hoof has grown to about fifteen inches in length and turned up at the toes.—*Hartford Times.*

CROWDER.

That stout man was made by K. D. C. He was lean, lank, gloomy and dyspeptic. You see him now cheerful, happy, contented and stout. Do you envy him? You can be like him. Use K. D. C.
