## DEAD HEAT AT GRAVESEND

*ARBUCKLE AND GEORGE KESSLER DIVIDE HUDSON STAKES.*

**Handspring Captured the Carleton in a Romp, with Three Lengths to Spare—Petroleme, Truxillo, Miss Rowett, Idlewild and Strabertha Win at Windsor—The Program for To-day.**

Gravesend, June 9.—A good card, a large attendance, fine weather and some spirited finishes were the features of the races here to-day. There were two stake events down for decision—the Hudson Stakes, of $3500, for 2-year-olds, at 5 furlongs, and the Carleton Stakes, at a mile, for 3-year-olds, guaranteed cash value $5000. The finish in the first-named event was very exciting. Arbuckle, whose odds were 4 to 1, and George Kessler, at 11 to 5, running a dead heat. The purse was divided. Handspring did not have to be thoroughly extended to win the Carleton Stakes, Sims took no chances with the big son of Hanover, and he was allowed to make his own pace. This suited him exactly, and he made his opponents look like so many hacks. He won in a romp by three lengths.

First race, 5½ furlongs—Cassette, 7 to 2, 1; Graciosa, 15 to 1, 2; Juno, even, 3. Time 1.09¾.

CINCH MONEY FOR CORBETT.

San Francisco, June 9.—The arrangements for the four-round "go" between James J. Corbett, champion heavyweight of the world, and Tom Sharkey of local fame were concluded to-day. A few changes were made in the original scheme suggested by the National Athletic Club, under whose auspices the mill will be held. The first idea was that Corbett was to get 50 per cent. of the gross receipts, providing he put Sharkey out in four rounds. As it now stands, Jim will get the 50 per cent. no matter what the outcome of the contest may be. So far as Sharkey is concerned, the club will look out for his financial interest. It he should put up a better fight during the four rounds than Corbett he will be entitled to the decision. In other words, the decision will be on the merits of the contest. Sharkey will not be entitled to a draw if Corbett fails to knock him out. The decision will be left entirely with the referee. Of course, if Corbett is knocked out, Sharkey will be entitled to the decision. The only way he can obtain a draw is to make equally as good a fight as his opponent. The date of the fight will, in all probability, be June 24.

THE MOUNT FOREST CHAMPIONS.

Elora, June 9.—The football match between Mount Forest and Elora, which took place here to-day, resulted in a victory for Mount Forest. Score, 3—1, making Mount Forest champions of the Maitland District.

# Christy Anatomical Saddle.

THE injurious effects caused by riding upon the ordinary leather saddles are well known to every physician, and are the cause of many complaints on the part of riders who do not realize the real trouble—a defective saddle. Such saddles rely solely upon lateral tension of the leather, of which the seats are constructed, to maintain their shape.

Shows the pelvis as it rests on the ordinary leather saddle. The weight of the body being supported by the sensitive soft parts combined in the pubic arch.

Shows the pelvis as it rests on the CHRISTY SADDLE. Supported, wholly upon the ischial tuberosities, the sensitive soft parts in the pubic arch being entirely free from pressure.

The bony prominences of the pelvis, which are properly intended to support the weight of the body in a sitting posture, straddle the yielding leather, which forms a ridge and, pressing upon those parts most susceptible to injury, cause more or less serious indisposition or derangement.

By a careful and scientific study of the human structure and by adapting the saddle to certain fixed and positive requirements, we have succeeded in producing in the **Christy Anatomical Saddle a perfect cycle seat.**

It is molded in **anatomical conformity** to the parts; comfortable cushions are so placed as to receive the bony prominences of the pelvis, and the frame being constructed of metal maintains its correct shape under all circumstances.

CHRISTY SADDLE, with pad removed, showing the means of ventilation.

The horn of the saddle is just long enough to afford perfect security to the rider; it does not interfere in an uncomfortable way with the clothing, and this feature especially **recommends it and is of great importance to women.** The construction of the saddle makes it practically indestructible, and the pleasure of true saddle comfort will only be realized when using a **Christy Anatomical Saddle.**

*GOOD-BYE, JUD SMITH!*

**Pittsburg Takes Toronto's Third Baseman—Scranton Beaten Once.**

The Torontos pulled themselves together yesterday at Scranton and won the third game of the series. They were all downcast on Monday over the absence of Jud Smith. His Pittsburg owners have drafted him, for what do they care about Toronto's position in the Eastern? Jud has played good ball for two days in the National. The New York World says of his first effort in Brooklyn: "In the absence of Danny Lyons, who is nursing a broken finger, Jud Smith of the Toronto team played third base for Pittsburg. He showed up well at the bat, on the bases and in the field." Doyle is covering the gap for Toronto at third. Buck's men pounded out enough runs yesterday in the first innings to ensure a victory and the retirement of Pitcher Horner. The score:

*MARKHAM IN THE MIDLAND.*

**Canadian Lacrosse Association Decisions—More Certificates.**

The difficulty with the Markham Club has been arranged through the admission of that club to the Midland District. The district will now be composed of Beaverton, Markham, Stouffville and Uxbridge, and should make an interesting series.

Windsor has been compelled to drop out of the Western District series through the inability of the club to obtain suitable grounds for practice. This will result in Detroit dropping out also, although the president and secretary of the C.L.A. are trying to induce them to remain in the series.

The difficulty between Owen Sound and Wiarton over the match scheduled at Wiarton for June 12 has been arranged by a mutual agreement to stick to the original date. Owen Sound desired a change of date on account of the C.P.R. picnic at Owen Sound on the 12th inst., but finally agreed to stick to the schedule. The contest between these two clubs this season will be decidedly interesting.

The following certificates have been issued by the president and secretary of the C.L.A.:

NO DISGRACE TO BE BEATEN.

From The St. Catharines Star.

There is no disgrace in being beaten after putting up such fine lacrosse. The Tecumsehs are an aggregation of paid men, who do nothing but play lacrosse—indeed they are professional lacrosse players, kept in trim by the Island Ferry Company to attract crowds to Hanlan's Island. The club comprises picked players from Ottawa, Montreal, Seaforth, Brampton and other places. Such being the case, it is not to be wondered that they could beat a purely amateur organization, comprising men who work hard every day and have very little time to get out to practice.

Mr. D. A. Rose of the Toronto Lacrosse Club said of the Athletics after the game: "You can put it down as my opinion that the Torontos are not in it with either of the clubs that played to-day. I consider the playing of the Athletics marvellous, and it was anybody's game until time was called.

LACROSSE POINTS.

The Tecumsehs will likely have the Cornwalls here for an exhibition game at the Island on June 20.

The Torontos and Tecumsehs have about concluded arrangements for a series of three games for the city championship. The first will likely be played at Rosedale Aug. 4, the second at the Island and the final at Rosedale.

Ross Mackenzie was an interested spectator at Monday's game in St. Catharines. He thought well of the Tecumseh's new team, and gave it as his opinion that they could beat anything in the Five-Club League. But, then, opinions differ.

The Torontos had several of their best men off the team at Cornwall, while others were hardly as fit as they might be, owing to the fact that they had been away from home on a tour. On Saturday, when they meet the Montreals in the first championship match of the season in Toronto, every man will be in his place, and it is confidently expected it will be a winning team. Reports from Montreal advise the Torontos not to be taken unawares, as the team of that city are priding themselves upon the strong fight they will be able to put up. Treasurer W. H. Wright can be found at 64 Wellington-street west by those who have not already obtained badges for this season.

OLD BOYS V. PRESENT RIDLEYANS.

The annual game between the Old Boys and Present Ridleyans was played on the college grounds at St. Catharines before a large gathering of spectators. Mr. Frederic Nicholls of Toronto had chartered a special boat and brought over with his party from Toronto the young ladies of Havergal Hall, with their governesses. Besides these, there was a full attendance of the residents of St. Catharines and the neighborhood, with many other relatives and friends of the boys, who came from Toronto by the Empress of India. Among the visitors were: Mr. and Mrs. Frederic Nicholls and Miss Nicholls, Hon. S. H. Blake, Miss Knox (principal of Havergal Hall), Mrs. C. C. Dalton, Miss J. Dalton, Miss Frazer, Miss Miller and the Misses Blaikie. The day was fine and very warm, and the large marquee, whose tables were daintily decorated with roses and marguerites, and loaded with cool refreshments, was thronged all the afternoon. The Present proved too strong for the Old Boys. For the latter, Anderson's innings of 23 and Spence's bowling were noteworthy features. Allan's fielding, too, was all good as ever. For the Present, Hills played patiently for his 24, while Griffith and Mackenzie also reached the twenties by capital cricket. Score: Ridley 153, Old Boys 51.

# THE BON MARCHE

## YOU'D BETTER GO.

The way to measure people's appreciation of what is offered them is to watch the interest they show in accepting it.

Mr. Cousineau has nothing to complain of as to the manner in which Toronto shoppers have responded to his announcement of the sale of $45,000 worth of Montreal Bankrupt Goods.

The sale commenced yesterday morning at 10 o'clock, and up to closing time the crowds were as thick as on citizens' day at the Exhibition.

Rumors are afloat of extraordinary values, and the Bon Marche basement is the place where money is likely to be spent freely for this month.

F. X. COUSINEAU & CO.

*PRESTON'S CANDIDATURE.*

**Both the Alderman and His Speakers Steal the Conservative Policy of Protection—Don't Talk Free Trade.**

In West Association Hall last night a meeting was held in the interests of W. T. R. Preston, the Liberal candidate for West Toronto. The hall was not by any means filled. Mr. G. G. S. Lindsey presided, and those on the platform were: Ald. Preston, Hon. S. C. Biggs, Dr. A. Lynd, Dr. Hunter, Messrs. F. H. Denton, George Evans, F. H. Tenant, Lepache (Montreal), Blackeley, Wesley and Simpson.

Mr. Denton was the first speaker, and he claimed that the interests of the C.P.R. were responsible for Mr. E. B. Osler's candidature. He wanted a cheaper postal rate and to have the postoffices run on a system more for the convenience of the people.

Mr. Lindsey said E. F. Clarke was fond of Clarke Wallace and also of Sir Charles. How could he consistently serve both? Mr. Osler at the present time did not think it worth his while to come and explain his views to the electors. He has gone to his political godfather's—the Albany Club—and asked permission to go to England. The electors of West Toronto would let him stay in England. The speaker pitched into Sir Charles Tupper and characterized him as the greatest mistake of the Conservative party.

Joe Pocock—He ought to be in jail. (Laughter.)

Continuing, Mr. Lindsey said there was not much divergence between the Liberals and Conservatives regarding the National Policy. The main objection was the high tax on raw material.

Mr. Preston, the candidate, spoke strongly in favor of an unrestricted raw trade, that would be of benefit to unfortunates who had been unsuccessful and had paid over everything to their creditors, but were still hounded by bailiffs. He touched on the alien labor law and advocated more friendly relations between Canada and the United States, and was satisfied that such a condition of affairs could be brought about. The National Policy was not greatly condemned by the people, but thought that there should be more equal taxation and that the duties on raw material were too high. On the school question, he charged Sir Charles Tupper with deception and dishonesty. He was opposed to coercion. If Mr. Laurier wanted to coerce Manitoba he would vote against him just as soon as he would vote against Sir Charles Tupper.

Mr. Lepache of Montreal said that the more mandements and letters issued by the Bishops meant more votes for Laurier in Quebec.

The meeting closed with the usual cheering.
