ST. CROIX CLUB WELL IN LEAD

Look Like Winners of Handsome Bowling Trophy--Won Their Games Handilly Yesterday.

After one day's play in the bowling tournament on Black's alleys, St. Croix looks like the winner of the trophy, and only some good work by the Fredericton men today can keep the trophy in New Brunswick.

St. Croix won all three games yesterday, making a sensational finish in the match with Eastport. The latter had a lead on the fifth frame from the last, but Moore, of the St. Croix team, made four spares in succession, winning the game by eight pins.

The standing of the teams as a result of yesterday's plays is:

	Won.	Lost.	To Play.
St. Croix	3	0	1
St. John	1	1	2
Eastport	1	1	2
Amherst	0	3	1

MONCTON TRIMMED MARBSVILLE 5 TO 1

Moncton, N. B., Jan. 21—(Special)—Moncton won from Marysville tonight in a rather one-sided and uninteresting game by a score of 5 to 1. The game was a foregone conclusion from the start and the whole energy of the Victorias was to score as many goals as possible while the Marysvilles played nearly the whole time on the defensive. Not more than three times was the Moncton goal in danger and one of these resulted in a score.

In the first half, especially, the game was very one-sided and only the Marysvilles filling the nets and playing entirely upon the defence saved a big score against them. It took the home team twenty minutes to register the first goal which was the only one made in the first half. Fullerton in Marysville's goal was kept busy and made some brilliant stops. In stopping a bad one from Crocket, with his foot, Fullerton's skate was broken off by the force of the blow, causing some delay.

In the second half Marysville played a more open game with the result that the home team was able to get the puck past the defence. Seven minutes after the second half started Moncton scored, and five minutes later found the nets for a third. Two more goals, bringing the total up to five ended the Moncton's scoring.

It looked very much like a shut out for Marysville, but a fraction of a minute before the game ended Coleman got away with the puck and he had a clear field. Wortman went out of the net to check and fell and Marysville scored. The game ended half a minute later. Joe Crocket shot the whole five goals for Moncton and gave the Marysville goal many hot ones during the game.

Both teams played a man short in the latter part of the game. Brogan, the Marysvilles point, was hurt and retired and Cushing, who earlier in the game had his eye cut, retired from the Victorias. There were a few penalties, Norman being off twice, Gregory once and a Marysville man once. Blizzard, of St. John, refereed. The line up was:

Marysville—Fullerton, goal; Brogan, point; F. Gibson, cover point; Burns, rover; Burden, centre; Coleman, left wing; Hovey, right wing.

Moncton—Wortman, goal; F. Brown, point; J. Brown, cover point; Crocket, rover; Gregory, centre; Norman, left wing; Cushing, right wing.

About 400 people saw the game. Great interest is taken in the game for Thursday night with Fredericton.

Crescents, 7; Wanderers, 2.

Halifax, N. S., Jan. 21—(Special)—The Crescents clearly demonstrated their superiority over the Wanderers here tonight by winning with a score of 7-2 in the eighth game of the Nova Scotia hockey league series..

The Crescents play Truro, in Truro, Thursday night.

INDIANS TRIM MAINE CHAMPS

In the fastest basket ball game ever played in St. John, the Algonquins, champions of New Brunswick, defeated Boynton Academy, champions of Maine, last night; score, 23 to 12.

The local players showed much improvement over their work in the game with St. Andrews, and put up a great game.

The Eastport men played a brilliant game, but were not given many chances to shoot. A large crowd saw the game, and the interest taken by the ladies was marked. There were also a number of sports from Eastport who "rooted" strenuously for their team.

In the first throw up Donnaghy fouled McIntyre and Roberts raised the hopes of the crowd by leading off with a basket. Play was sharp and snappy, and excitement prevailed. Eastport made many fouls. Both sides had good luck in connecting the throws. The score at half time stood 13—6, and it was seen that the Indians had the better of the game.

C. McIntyre made two baskets by heady play at the first of the second half, and others followed making it 23, while the visitors were able to reach only 12. The line-up was:

Boynton.	Algonquins.
Forwards.	
Rutherford	C. McIntyre
Ray	S. Chase
Centre.	
Donnaghy	A. McIntyre
Defence.	
Hall	R. Finley
Fahey	A. Roberts

G. Emery refereed satisfactorily.

After the game the visitors were entertained at White's by the Algonquin Club and the usual list of toasts honored.

Tonight at 8 o'clock the two champion teams will play again in the Algonquin gymnasium, Metcalfe street.

GREEKS HAVE THREE NEW ONES

The hockey situation here has taken a new and decidedly interesting turn. The removal of Ellis, the Marathons' star goal tender, and Derouin, the fast little centre, from the city, together with the work to date, has resulted in the management of the team making a reorganization and general shake up and no effort is to be spared, it is announced, to regain ground lost in the league race.

As a beginning, the Greeks will face the Marysville Crescents tonight with three new men, none of whom has been seen in St. John before. All are from Amherst. J. L. Simpson will be in goal, Finch Simpson on the right wing and Percy Black at centre. The Simpsons are brothers of the well-known "Peanut" Simpson, the former star forward of the Amherst Ramblers, and who will soon again, it is reported, figure with that team. The Simpson brothers who are to play here are members of the second Ramblers, and are reported to be good enough for senior company, in fact, both have played with the senior team, Finch Simpson against New Glasgow and Truro last year.

J. L. Simpson was formerly goal with St. Francis Xavier College, where he is said to have put up a great game in front of the net. Black is rated as a very fast man.

This is believed to be the beginning of the reorganization plan and the present move it is figured will place the Marathons in a position to put up a great struggle, and should result consequently in making tonight's game an extra good one. George McA. Blizzard will be referee. The game will be in the Glacier rink.

St. Stephen's Defeat St. Andrew's.

In a fast and exciting game St. Stephen's defeated St. Andrew's last evening by a score of 19—11. The game was witnessed by quite a large crowd. The St. Stephen's players were more familiar with the baskets and could score oftener. The game was quite rough and a large number of fouls were called. Wm. Patterson was referee.

FREDERICTON CURLERS AGAIN DEFEATED

The Fredericton curlers were again beaten yesterday when they met five rinks from the doughty St. Andrew's club, the local men winning by seven points. Frank Harrison's rink defeated C. H. Allen's, 20—9, and Don Simmons had a lead of six points over Dr. Magee, but the other rinks were close.

If We Could Look at the Heart of a Pale-Faced Person!

Few people ever stop to consider what pallor to the countenance means. In the first place it indicates an absence from the blood of the rich, red, life-giving elements so requisite to health; and in the second place it indicates a weakened heart action. These two things act and re-act. If we could look at the heart of one of these pale-faced people, we would see it flabby, weak and pallid. No wonder they are easily tired, get out of breath quickly, have palpitation, are nervous and downhearted. Their muscles are poor, their stomach disordered, and their lives are seldom free from misery.

Let them take Milburn's Heart and Nerve Pills; there is no remedy to equal them for making pale faces rosy, weak hearts and shaky nerves strong, flabby muscles firm, and infusing new hope and ambition into life.

Mr. W. J. Churchill, Lombardy, Ont., writes: "I was troubled for three years with a weak heart and nervousness. I could not sleep and ever so little food would distress me. I also had faint and dizzy spells, and doctored with three doctors but was growing worse. After taking three boxes of Milburn's Heart and Nerve Pills I feel as well as ever I did. They are the best pills on earth."

Price 50 cents per box, or 3 for $1.25 at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

MR. STEWART GIVES BACK 300 SHARES

Former Manager of Sovereign Bank Turns Over His Stock as Reparation for Reckless Management.

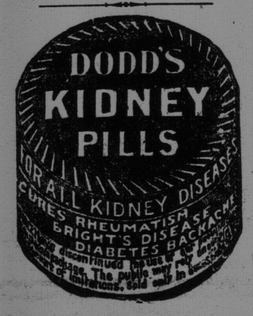
Montreal, Jan. 21—The fact that Duncan M. Stewart, the former general manager of the Sovereign Bank, had turned over to the bank the 300 shares of the bank's stock is officially announced today. The last blue book shows that Mr. Stewart had this amount of stock, but inquiry showed that last June, when the new interests showed him the position the bank was in, he said he would turn over his 300 shares to them, notwithstanding the fact that it represented close to $40,000, the bulk of his personal means. The only condition he made was that if conditions were as the new interests claimed, the bank should keep the stock, but if they were not and the bank did not sustain any loss, that his stock should be returned to him. In this way Mr. Stewart gave most of what he had to try to cut down the losses of the bank.

It has been long known that the funds of the Sovereign Bank were partially tied up in a railway in Alaska. The Alaska Central was the name of the proposition, and a brother of the ex-manager of the bank, D. M. Stewart, was either the promotor of the railway or the general manager of the same. The railway was started at a place called Seward, in Alaska, and was built out about 50 miles. Nobody seems to know where it was going or why it was being constructed except to obtain money from such easy institutions as the Sovereign Bank. From the bank statement the amount sent to Alaska was apparently $1,453,808.

President Jarvis thinks the Sovereign Bank shareholders will realize a good percentage of the money they had paid in, but they couldn't expect 100 cents on the dollar.

AN INHUMAN JOKE

WINNIPEG, Jan. 21—(Special)—Mrs. H Foulds and family were the victims of a cruel hoax on Saturday, when a forged telegram was sent, announcing that Mrs. Fould's son, a C. P. R. fireman, had been killed near Kenora at a construction camp. Yesterday the young man returned safe and sound, on the train supposed to be bearing his corpse.



THAW TRIAL MAY END THIS WEEK

District Attorney Jerome Has Finished With Cross Examination of Mrs. Thaw.

New York, Jan. 21—District-Attorney Jerome's long and severe cross-examination of Mrs. Evelyn Nesbit Thaw at the trial of her husband, came to an end late today. The attorneys for the defense then succeeded in placing in evidence a letter written by the defendant in the fall of 1903, which completely corroborates the claim that the girl who was to become his wife did tell him the story of her relations with Stanford White, much as she has related it upon the stand at this and the former trial.

This letter was one of a dozen which were read to the jury as tending to corroborate young Mrs. Thaw's testimony, and as further tending to show the effect her story had upon the defendant's mind. Most of these letters were read to the jury in the former trial, and were considered as one of the strongest bits of evidence in the hands of the defense. Mr. Jerome objected to their introduction into the records today, but was overruled by Justice Dowling after Thaw himself had made a waiver of the confidential relation of counsel and client when Frederick W. Longfellow, his former attorney, appeared on the stand to identify the letters.

Some of the writings were addressed to Mr. Longfellow and others had been sent to him to be delivered to Miss Nesbit. They all contained many references to the girl's history and to her experience, and in the letters intended for the young woman Thaw constantly bespoke his love and respect for her. Many of the sentences rambled on incoherently and there were many scratches, erasures and interlineations.

The first letter Mr. Littleton read today was largely a repetition in the defendant's own words of the story the Nesbit girl says she told him in Paris in 1903.

Mr. Jerome was much quieter in his handling of young Mrs. Thaw on the stand today, and his voice lacked the high, hard pitch which filled the court room yesterday afternoon. The cross-examination resolved itself for a time into a verbal battle between prosecutor and witness, and there were several lively tilts which ended only when Justice Dowling took a hand.

The defense is nearing its close. Tomorrow morning Thaw's will and the codicil made at the time of his marriage to Evelyn Nesbit, both of which were introduced last year as further evidence of irrationality on the part of the defendant, will be proved and introduced as evidence. Then will follow the testimony of Miss Belle Moorehouse Lawrence, of California, who was Thaw's teacher when he was six years old and could not talk intelligibly, it is said. Miss Lawrence kept a diary in which there are many entries concerning young Thaw and an effort will be made to get this in evidence. Mrs. William Thaw is expected during the day to complete her testimony. The insanity experts should be reached not later than Thursday afternoon, and the defense hopes to close its case by Friday night. A week later Thaw's fate should be in the hands of the jury.

BABE BURNED AND MOTHER INJURED

Mt. Whatley Infant Meets With a Terrible Accident and May Die.

Amherst, N. S., Jan. 21—A distressing accident occurred at Mount Whatley (N. B.), about five miles from Amherst, this morning which may result in one death, at least. The eleven months old child of Mariner Fowler, blacksmith, was left in front of a stove for a few minutes while the mother went out to the door. Hearing the screams of the child, she rushed in and found that in some way it had got hold of a lighted stick, and this coming in contact with its clothing set it on fire and before the mother could extinguish the flames the child was frightfully burned from the neck to the lower part of the body. The mother's hands were also very badly burned and may require skin grafting to heal them. Mr. Fowler was absent at the time.

ANTI-ASIATIC BILL

It Was Taken Up in British Columbia House Yesterday.

Vancouver, B. C., Jan. 21—A bill was introduced in the British Columbia legislature yesterday to restrict Oriental immigration, which closely follows the lines of the Natal act. In the clause dealing with the educational test the word "unlawful" is used in place of "lawful." The attorney-general introduced the bill, and it received its first reading.

Premier McBride, replying in the legislature to Mr. McDonald, leader of the opposition, said that Lieut.-Governor Dunsmuir had acted as an official of the dominion government in withholding his assent to the Natal act last session, and the provincial government was not responsible.

COURT LA TOUR OFFICERS

The officers of Court La Tour, No. 125, I. O. F., were installed last night by D. G. Lingley, P. H. C. R., assisted by a detachment of the Royal Foresters. There was a large turn out of the members and their friends to witness the ceremony. The following are the officers: J. M. Scovil, C. D. H. C. R.; M. E. Grass, C. R.; James A. Stevenson, V. C. R.; E. J. Todd, R. S.; F. J. Murphy, F. S.; Dr. J. Manning, treasurer; A. Morgan, orator; Fred. Arnold, S. W.; Alex. Neill, J. W.; Stanley De Boo, S. B.; T. H. Usher, J. B.; J. E. Rossiter, A. Neill, trustees; A. A. Wilson, J. M. Scovil, finance committee; J. M. Scovil, M. E. Grass, J. A. Stevenson, F. T. Murphy, central committee.

After the installation ceremonies, addresses were delivered by the installing officer, Dr. A. W. MacRae, P. H. C. R., and Dr. Melvin, high physician. Refreshments were enjoyed.

James Robinson, of Miramichi, was in St. John yesterday.

During the passage of the big collier Borgested, from Louisburg (C. B.) to Boston, she plowed so deep into the gigantic seas that ice to the extent of 200 tons formed on the decks and upper works of the vessel. This unexpected load made her head lower in the water than was counted on.

The Borgested was more than thirty-six hours late in making port. She left Louisburg Tuesday night with 6,500 tons of coal for the New England Gas and Coke Company. She ran into a tremendous blizzard and nearly the whole passage was one continuous battle with wind and sea. On Wednesday Capt. Folkham decided to heave the vessel to and for eight hours she lay with angry waves battering her hull and with the mountainous crests constantly breaking on board.

The immense mass of ice in her rigging swelled the masts and the forward part of the steamer to twice its size. This ice load had melted somewhat when the vessel poked her nose into the harbor. Officers of the vessel stated that when the ice began to fall from the masts that several of the crew had close calls from being injured.

The first thirteen hours out of Louisburg the Borgested could steam only fifty miles—such was the awful violence of the elements. During the following twenty-four hours only 150 miles were covered.—Boston Journal, Monday.

Allan line steamship Sardinian, Captain Henry, sailed from Havre, France January 17 fro this port via Halifax.

C. P. R. steamship Montrose, Captain Moore should show up today from Queenstown with the Mount Royal's passengers.

Capt. Johnson has retired from command of the government steamer Lady Laurier, and Chief Officer Travis is in command at present.

The marine correspondent of the Halifax Herald at Sydney complies as follows a list of casualties which occurred on the Canadian Atlantic seaboard, Gulf and River St. Lawrence, during the season of 1907.

The number of total wrecks show a considerable decrease, owing, no doubt to better equipped wrecking plants at various ports. The salving this year of the steamers Oscar II., Cuban and Universe, were remarkable instances of prompt aid:

Halifax to Bay of Fundy	10
Coast of eastern Nova Scotia	12
Gulf shore, N. B., and Quebec to Father Point	6
Coast of Newfoundlandn	8
River St. Lawrence	5

Making a total of 36 casualties, compared with 22 recorded last year. Twelve vessels, representing a registered tonnage of 12,747, were condemned and abandoned as total wrecks, against 17 vessels of 18,649 tons, in 1906.

A WORD TO BOYS.

(Peterboro' Review.)

Our young friend, did you ever know—can you call in mind a single case of a person who having spent his time on the streets or in any other form of idleness or dissipation, to succeed in an eminent degree in any enterprise? Look over your list of friends and acquaintances and note their cause. Do you not find upon examination that those who today are men of influence and honor, were the youths that made the most of valuable time, turning it to good account? And, on the other hand, do you not find that those who stood on the corners with a pipe or cigar in their mouths, went from bad to worse, from worse to ruin? Sadly must the answer be made—they have failed. Will you profit by the experience of others?
