Chicago Gossip.

J. G. Beaty, 21 Melinda-street, received the following from McIntyre & Marshall this evening:

Wheat—Outside of very steady market early influence by steady cable and Northwest situation, wheat market to-day has been a heavy one. Local longs liquidated and Patten dumped May holdings, leading commission houses also being liberal sellers, resulting in a break of ⅝c to ¾c from best. Market was poorly supported, as there was little encouragement in news abroad and at home. Some buying of December thru a prominent commission house credited to Armour was the cause of comparative steadiness in that future.

Corn—Acted independent from wheat today, and undertone was fairly steady thruout session, influenced by wet weather. Good general buying of December by locals and commission houses, Gates being prominent on this side. There was considerable selling on advance in way of profit-taking, induced by open selling by Armour.

Oats—Have been quiet and without special feature; fair demand for May.

Provisions—Provision list has been dull, but steady, within a narrow range. Hogs, 5c to 10c higher. Market closes quiet; features about unchanged.

PLAGUE IN 'FRISCO.

Health Officers' Remedy is to Burn Down Chinatown.

San Francisco, Cal., Oct. 31.—In spite of declarations from the Governor and others of importance, including members of the State Health Board, that the situation regarding bubonic plague in this city is not serious, facts are coming to the surface which alarm many.

In an interview to-day Dr. J. M. Williamson, president of the local Board of Health, made some very disquieting admissions. He does not pretend to deny the presence o fthe plague, nor is it confined to the Chinese. White persons have fallen its victims.

There have been sixty-five fatal cases upon white persons in this city within the last two years and a-half. The total number of cases in San Francisco since Dec. 28 last has been fifty-seven, and of these twenty-eight have proved fatal. His remedy is to burn Chinatown.

REGULAR FRENCH ROW.

It is, of Course, Accompanied With a Challenge to Fight.

Paris, Oct. 31.—The Marquis Dion has challenged M. Gerault Richard to fight a duel, because the latter kicked him on the shins in the lobby of the Chamber of Deputies this afternoon.

Dion was walking thru the lobby when he heard Richard discussing him. He accosted Richard, saying: "I forbid the mention of my name. If it is repeated I will slap you."

Richard answered: "Slap away."

As Dion raised his hand to inflict the promised chastisement, Richard forestalled him by kicking. A fight seemed imminent, but friends separated the men. Shortly afterward Dion sent his challenge.

SWALLOWED BEECHNUT SHELL.

Plattsville, Oct. 31.—A little son of Mr. Stuckey, merchant at West Montrose, had a piece of beech nut shell lodge in his throat. Altho it choked him at the time yet after a while he seemed to be all right again. But a night after he had been to bed for a while he awoke with difficulty in breathing, supposed to be caused by his throat swelling as a result of the foreign substance having lodged there. His condition continued to get worse, until to-night. As a last resort when death was imminent, Dr. Gelkie, assisted by Dr. Fry, who administered the anaesthetic, performed the serious and rare operation of tracheotomy, which consists in cutting open the windpipe and inserting a tube to allow the patient to get air when the throat is choked up. The little patient is now progressing favorably.

STOCK YARDS MERGER.

Chicago, Oct. 31.—The Record-Herald to-day says: Two big consolidations are planned by beef interests. The packers will combine first and then effect a merger of all the stock yards in the country.

May Come to Canada.

London, Oct. 31.—The High Commissioner is receiving the practical support of the colonels of various British regimental districts, where the South African soldier reservists have been discharged, in his efforts to induce those unable to obtain employment here to settle in Canada on land.

Will Be Absent a Year.

Chancellor Wallace of McMaster University left Friday evening for Boston en route to England on a year's leave of absence for his health. The students turned out in a body to bid him farewell.

Customs Duty for October.

The total duty collected at the port of Toronto for the month of October was $526,595.97, an increase of $56,680.96 over the same month last year.
