JOHN MACDONALD & CO.,
Wellington & Front Streets E., TORONTO.

AT OSGOODE HALL.

In Reg. ex-rel. Scarlett v. Wicks, the election of respondent as alderman for St. David's Ward in the City of Guelph, has been set aside and a new election ordered. The respondent, it was claimed, had not the necessary property qualification, as the roll upon which his name appeared and which had been used at the election, was not the last revised assessment roll within the terms of the Municipal Act.

To-Day's Lists.

Single Judge, at 10 a.m.: Re Land Security Company and City of Toronto; Wright v. Wright; re Solicitors; Hickey v. King.

A GREAT SPECTACLE.

A Partial Illumination of the Dome of St. Peter's.

London, May 25.—Even secular Rome is beginning to get interested in the novel and imposing preparations for next Thursday's great beatification ceremony at St. Peter's. It has witnessed nothing of the kind since Rome became the capital of the Savoy Kings, the two canonizations subsequent to 1870 having been held in the Vatican palace. There is nothing in the position or fame of the two saints now to be formally acclaimed as the founders of the Orders of Barnabites and Notre Dame nuns to account for this change, and it is natural for both Italians and others to assume that it signifies a definite step toward the abandonment of the theory that the Pope is a prisoner. There was a French garrison looking on, for example, when the Romans last saw the vast dome of St. Peter's illumination as a Papal overture to the populace. Now it does not quite embrace the dome this time, but the portico and facade are to be lit up with 3000 torches and lanterns, and the rumor is that next Easter, if all goes well, we may see the dome ablaze, as in good old days.

ALBERT KING OUT ON BAIL.

The Boston Boy Messenger of a Bank Who is Charged With Stealing.

Boston, Mass., May 25.—Albert M. King, the Bolyston National Bank messenger, who disappeared last Wednesday, with $30,000 of the bank's money, and who was arrested at Farmington, Me., last Saturday, was arraigned in the Municipal Court here, to-day, on the charge of emebzzlement. He pleaded not guilty, and was held in $2500 for the grand jury. Bail was furnished by S. A. King, father of the prisoner, and Herbert T. Whitman, and young King was released.

Rossland's Shipping Mines.

Rossland Miner.

The very gratifying news is published in our local columns this morning of the resumption of ore shipments by the Kootenay and Columbia, the Josie and the Cliff and of the making of a trial shipment in a few days by the Monte Cristo. We feel sure the output of the camp will from this time show a very gratifying increase.

In our next week's report our list of active shipping and producing mines will consist of the Le Roi, War Eagle, Iron Mask, Josie, O. K., Kootenay and Columbia and Cliff. The Kootenay and Columbia has developed amazingly in the last three months and it must henceforth be regarded as one of the foremost mines of the camp.

Our list of producing mines is slowly but surely increasing. We will soon add the Monte Cristo, Colonna, Evening Star, Jumbo, Deer Park, Gropher, Homestake and Sunset No. 2. The Nest Egg would be a producer to-day if it were operated, but for some reason unknown to us it has been closed down for weeks.

The Centre Star could, of course, take first rank as a producer, but the elaborate system of development work inaugurated there may be carried on for some time yet before the enormous ore reserves of the mine are entered upon.

The growth of the camp appears to be slow, yet, as a matter of fact, this year will more than double the output of last year. Any mining camp which grows at the rate of more than 100 per cent. per annum is not to be despised.

Lots of Talk but Nothing in It.

Buffalo, May 25.—A special to The Express from Niagara Falls, N.Y., says: For several weeks the Canadian newspapers have printed stories about the building of an immense aluminum plant on land near Clifton, belonging to the Michigan Central Railroad Company. Manager Hickey of the plant in this city has been kept busy answering questions about the branch in Canada. The truth of the matter is that no aluminum plant is being built on the other side, and the Pittsburg company is in no hurry to start it. In time there may be an aluminum plant in Canada. If it is built, it will be operated by power from the Niagara Falls Canadian Power plant.

Grasped the Wire and Fell Dead.

Syracuse, N.Y., May 25.—A boy named Dinehart, 10 years old, while playing with a number of comrades, was killed by a live wire this morning. One of the youngsters threw a coil of small wire over a trolley cable, the ends coming in contact with the track. Young Dinehart grasped the wire and fell over dead.

Business Embarrassments.

The creditors of the Reid Lumber Co. will meet some day this week at the office of the liquidator, Mr. E. R. C. Clarkson. The statement is said to show a surplus of $20,900. The capital stock of the company was $50,000, of which $25,000 was paid up. The lumber in the yards is valued at $15,000. There are 13 houses on Pape-avenue owned by Mr. Reid and valued at $19,000. There is a mortgage on these of $11,000, leaving an equity of $8,000.

Adam Hope & Co., wholesale metals, Hamilton, have compromised at 50c on the dollar.

A final dividend of 6½ cents, making a total of 21½ cents, has been declared by J. P. Langley in the estate of J. T. Burke of Huntsville.

Cucumbers and melons are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, etc. These persons are not aware that they can indulge to their heart's content if they have on hand a bottle of Dr. J. D. Kellog's Dysentery Cordial, a medicine that will give immediate relief, and is a sure cure for all summer complaints. ed

SPAIN'S BUDGET.

The Finance Minister Expects a Surplus and Tells How He Proposes to Raise the Money.

Madrid, May 25.—Senor J. Nevarro Reverter, Minister of Finance, in the Budget statement to the Cortes, estimates the revenue at 883,278,771 pesetas ($170,473,802), and the expenditures at 873,865,877 pesetas ($168,656,114). In order to provide a revenue to meet the extraordinary budget the Minister of Finance proposes to raise a loan with the Almaden quicksilver mines as security, and to obtain navigation dues to the amount of twelve millions. In order to meet the increased expenditures, and the $2,000,000 required to meet the interest, and for the redemption of late loans guaranteed by the Customs, a temporary surtax of 10 per cent. on all taxes except land has been proposed. By this means it is expected twenty millions will be obtained. The colonial department will contribute 23,000,000, and the balance of forty millions will be raised by a loan on the proposed petroleum monopoly, giving the exclusive privilege of dealing in this product during the next 20 years. Should the colonial department be unable to pay its share of the increased expenditures, it is calculated that a portion of another loan can be obtained by a proposed monopoly on explosives.

Senor Sagasta, the Liberal leader, has informed Premier Canovas del Castillo that the Liberal Senators and deputies will not attend the sittings of either house until they obtain satisfaction on account of the assault by the Duke of Tetuan on Professor Comas. They also demand the resignation of the Duke of Tetuan.

THE FIREMAN WENT MAD

And the Engineer Had an Exciting Time of It on a Delaware, Lackawanna and Western Train.

Buffalo, N.Y., May 25.—"Have a fireman meet our train at the East Buffalo Junction at noon to-day without fail, or there will be serious consequences," was the message flashed over the wire to the train despatcher of the Delaware, Lackawanna & Western Railroad shortly after 11 o'clock this morning. The message was signed "Ward."

A fireman met the train at the appointed place, and when it came to a standstill the motive for the strange message was apparent. Fireman Charles Ward, for many years an employe of the road, had become suddenly insane. The trip had been an exciting one for the engineer. He had, besides his own duties, to attend to the firing of the engine and prevent the crazy fireman from throwing himself from the engine. Ward slipped from the engine at a small way station and sent the message quoted above. The engineer was told of it, and tried to humor Ward and keep him quiet, but by the time the train came within sight of East Buffalo the fireman was a raving maniac. He was handed over to the police and locked up.

RIOT IN THE REICHSRATH.

The President Fainted and the Members Upset Their Desks and Flung Books.

London, May 25.—The Standard's correspondent at Vienna says: The obstruction which has characterized the proceedings in the Reichsrath during the last few weeks culminated to-day in an unprecedented scene. The President became so much excited in anticipation of trouble that he fainted before the session opened and the Vice-President had to take the chair. For hours the members of the Opposition had recourse to every parliamentary device for obstructing business, and finally, when these were exhausted, they overturned the desks, smashed inkstands, flung books in the faces of speakers, indulged in coarse invectives, and finally came to blows in a general riot.

SIXTEEN FISHERMEN LOST.

The Schooner Joseph R. Johnson Went Down on the Western Banks.

Boston, Mass., May 25.—A despatch was received here this afternoon from Provincetown announcing the arrival there to-day of the Provincetown fishing schooner Joseph R. Johnson, with the loss of 16 of her crew. The schooner had been fishing on the western banks, and it is supposed the men went astray in dories. No further particulars have been received.

Wall-Street Unsettled.

New York, May 25.—The Evening Post says: Most of the business done on to-day's security market came from professional speculators. It was, however, rather interesting to note that the views of operators of this sort differed so radically as to divide the market into two parties. One of these parties has adopted the policy of buying stocks at intervals, possibly only for quick profits, and the buyers of this class are rather strong concerns. But other speculators sell as soon as the buying comes in sight, apparently distrusting both the character of the market and the staying powers of the buying element. The net result to-day was a market which rose and fell alternately, ending with rather irregular changes, and without any positive tendency in either direction.

Of Interest to Teachers.

The teachers throughout the Province propose to raise a fund of $5000, the interest on which will keep a room for all time set apart in the National Sanitarium for the free use of teachers who have contracted consumption.

George H. Locke, M.A., son of Rev. Joseph Locke of this city, has received the position of second in charge of the pedagogy department of Harvard University. Mr. Locke graduated from Victoria University in 1893.

Good News of Chinese Missions.

Letters have been received at the Methodist Mission Rooms from Rev. George E. Hartwell, reporting the baptism of eight Chinese converts on the preceding Sunday and that there are quite a number of enquirers and probationers for baptism, who are under instruction. The converts are displaying great zeal in missionary work, having rented a building at their own expense in one of the suburbs of Chen-tu. They will conduct services themselves under the direction of the missionaries until a native pastor is available.

Another Suit Against the City.

The city was defendant in the Division Court yesterday, being sued by J. B. McCarter for injuries sustained through a defective drain at 421 Ontario-street. The city was undefended and the case had to be adjourned, the costs of the day to be borne by the city.

Requalification of Officers.

The recent orders issued by the Militia Department require that all commissioned officers appointed before 1883 must requalify for promotion. Major Delamere, acting commander of the Queen's Own Rifles, is accordingly taking a three weeks' course at C School to become more proficient in all the latest modern tactics.

Preparing for the Council Meeting.

Warden Davidson and County Commissioners Woodcock and Chester were in attendance at the Court House yesterday busy drafting their address to be presented to the County Council, which opens on June 7.

Deliberate Murder.

Buffalo, May 25.—Coroner's jury in the Williams fratricide case returned a verdict this morning, finding that Alonzo Williams, on May 23, shot Samuel Williams, with the deliberate intent of producing death.

TORONTO LIVE STOCK MARKET.

The live stock market had a little more life in it than last Friday, owing to some parties wanting cattle to fill space on some of the steamers. On the whole, the market was dull, and bitter complaints could be heard on every side from dealers, who have had to take less money than they paid the farmer.

There were 50 carloads of live stock, made up as follows: 800 cattle, 178 hogs, 80 calves, 150 sheep and lambs and 20 milk cows.

Joseph Gould of Boston was on the market, and bought several carloads of extra good cattle for export. Brown & Snell of Galt bought a few loads for the same purpose. Good export cattle brought 4¼c to 4½c, and a few extra choice sold at 4 3-5c per lb. Butchers' cattle sold at 3½c to 4c per lb. There was a demand for heavy feeders' cattle that would weigh from 1100 to 1200 lbs., to put on grass. Such cattle would bring 3½c to 4c per lb.

Cows sold from $20 up to $35, but good ones would have brought $45.

The bulk of the cattle were for export.

The following were the shipments of cattle yesterday per C.P.R.: Halligan & Delorme, 12 carloads; Mr. Montreuil, 1 carload; J. J. & W. Dunn, 8 carloads; and per G.T.R. on Saturday: J. Aikins, 6 carloads; W. H. Bean, 7 carloads; W. Levack, 8 carloads; J. & C. Coughlin, 3 carloads; J. A. Hathaway, 5 carloads. On Monday: Featherston & Mayne, 3 carloads; C. Halligan, 3 carloads; J. C. Coughlin, 1 carload; and yesterday: Jas. Aikins, 8 carloads; Brown & Snell, 7 carloads.

W. H. Stacey shipped a double-decked car of hogs to the Lang Packing Company, per C.P.R.
