LOCATING LINE TO DEEP WATER

Preliminary Work on Alberni Extension Nearing Completion.

(Special Correspondence).

Alberni, Jan. 28.—The gang of locating engineers working on the railway route under Brown, have now moved camp to a point between the two towns and a few days more should see the line located to deep water. The survey party, under charge of George Smith, have also moved into town, and will carry on their work from that centre.

Realty Active.

A healthy demand for real estate continues. The sale has been arranged of one of the best corner lots in Alberni, with a fair sized building on it for the sum of $2,000, A. W. Heath, of McCoy Lake, transfering it to A. LaBelle, formerly of the Alberni hotel. The building will be thoroughly renovated and used as a restaurant. Geo. Forrest has closed a contract to erect a cottage on the Kitsuksas road for A. W. Neill. Tenders are being called for the erection of a large building to accommodate the barkery and general store business of C. F. Bishop, who is removing from his old stand.

Debating Club.

The semi-monthly debate of the Athletic and Social Club took place on the 22nd inst. The subject was the well-worn one of "Married vs. Single Life." W. H. Marcon was leader for the single life, and gave a well reasoned address on somewhat new lines. He was supported by C. Taylor. The advocates of matrimony were Messrs. L. Frank and W. Stevens. The judges of the best arguments advanced were unable to decide and reported that both sides were equally strong in debate.

The subject for the next debate and for the folowing one were decided upon, and the leading speakers chosen as follows:

February 5th—Subject, "Should Capital Punishment be Abolished." Speakers for the affirmatice, Messrs. W. Harris, Capt. G. A. Huff, H. Bishop. For the negative, Messrs. Blandy, Toy and H. Hills.

February 19th—Subject, "That Oriental Emigration is Undesirable." Speakers for the affirmative, Messrs. Marcon, Dr. Morgan, A. French and J. Redford. For the negative, Messrs. Motion, Glassford, Shaefer and Erickson.

Irritable Throat Causes Catarrh

But the worst of it is this——

Not only your throat but nose, bronchial tubes and lungs are sore, too.

The germ is spreading—it's gaining a stronger hold every day.

Destroy it with "Catarrhozone," the greatest healer and antiseptic ever known.

No case of Catarrh it won't relieve in a day—no case it won't cure.

Remember this—you don't TAKE Catarrhozone—it ISN'T a drug—it's a healing vapor, and consequently gets at the very kernel of the disease.

A direct treatment—one that kills the germs, heals the sore—stops the cough—cut out the phlegm—such is "Catarrhozone."

Results talk—and that's where Catarrhozone wins out—it does cure—the others relieve.

In Catarrh, irritable throat and bronchial trouble, your cure is inevitable with Catarrhozone.

Large size for two months' use $1; small (trial) size 25c., dealers, or N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

SENATOR COSTIGAN SAVED FROM DEATH

NEW BRUNSWICK'S GRAND OLD MAN SUFFERED SEVERELY, BUT MADE A QUICK RECOVERY.

Practically everyone in Canada has heard of Hon. John Costigan—statesman, orator, M. P., Cabinet Minister, and now Senator, from New Brunswick. For over 30 years this prominent man was a martyr to Chronic Constipation. Leading physicians of London, Paris, New York and Ottawa treated him in vain. It remained for a wonderful Canadian discovery to cure him—and in only three months too.

"232 Cooper Street, Ottawa.

"I have been a dreadful sufferer from chronic constipation for over 30 years, and I have been treated by many physicians and taken many kinds of medicine, without any benefit whatever. Finally, I was advised to try 'Fruit-a-tives,' and, after taking them for a few months, I feel I am well from this horrible complaint. 'Fruit-a-tives' is the only medicine I ever took that did me any positive good for Constipation. I can conscientiously recommend 'Fruit-a-tives' as, in my opinion, it is the finest medicine ever produced.

"(Signed) JOHN COSTIGAN."

This is only one of the hundreds of similar cases—all successfully treated by "Fruit-a-tives." Don't suffer longer. Take "Fruit-a-tives." They never fail to cure.

Fifty cents a box; 6 for $2.50. If your druggist is not able to supply you, we will send "Fruit-a-tives," postpaid, on receipt of price.

DECOY LETTERS.

Toronto Man Gets Five Years for Post Office Frauds.

Toronto, Ont., Jan. 28.—Leaving his home in Ontario place shortly before midnight last night, Jas. Edward Harris, a sweeper, employed in the post office, was arrested at 6 o'clock this morning and later was sentenced to five years in the Kingston penitentiary. At the time of his arrest there was found on Harris four letters addressed to Ryrie Bros. jewellers, three of them being decoy letters sent by the postal authorities. In the police court Harris pleaded guilty of robbing the mails and was immediately sentenced.

(Special Correspondence).

Grand Forks, Jan. 26.—Mr. Appleton, of Spokane, who has recently become heavily interested in the Little Bertha mine at Bannock City, arrived in Grand Forks yesterday, and this morning started for the Bertha mine to make arrangements for the immediate installation of extensive mining machinery, which can now be hauled to the mine over the Kettle Valley line railway. It is stated on authority that the Little Bertha will now be developed rapidly from now on. Dr. Appleton is optimistic over the future of the Bertha as a high grade producer.

New Telephones.

The local telephone office has just completed the installation of a cable consisting of 52 wires between the Granby office and the central telephone office.

ENGINEERS IN SESSION.

Lantern Illustrations of Quebec Bridge Disaster.

Montreal, Jan. 28.—The twenty-second annual meeting of the Canadian society of civil engineers convened here to-day. The nomination of a scrutineer, the reception of the report of the council and the transaction of the general business of the society occupied the attention of the delegates this morning.

At a meeting to-night W. McLean Wallbank, retiring president, will deliver an address at the conclusion of which an exhibition of lantern views illustrating the Quebec bridge disaster will be given by Henry Holgate, chairman of the Royal Commission appointed to investigate the cause of the collapse of that structure.

Cotton and linen may be steeped in any saline solution, such as alum, ammonia chloride or borax, to render them fireproof.

EARTHQUAKE FELT IN BELLA COOLA

Northern Valley Seeks to Extend Its Market for Fruit and Grain.

(Special Correspondence).

Bella Coola, Jan. 20.—On Saturday, January 4th, at 8 p.m., there was a very distinct shock felt, lasting about 15 seconds; felt principally in the lower part of the valley. On Saturday, the 5th, the tides were very high indeed, higher in fact than for the past 12 years; no doubt as a result of the earthquake shock. No damage was done.

Christmas in Valley.

Christmas was spent very pleasantly in the valley with Christmas trees and entertainments.

Long Trip North.

Sam Gladhill, the mail carrier, made a trip into Anatram Lake at the end of December. He says the trails were in good condition, and travelling was very easy. He reports all the settlers were well.

Farmers' Institute.

On January 16th the annual meeting of Farmers' Institute was held, when 66 members were present.

The institute is very popular just now. A number of new settlers have come into the valley and taken a great interest in the progress of the Farmers' Institute. There are 75 members.

The business of the day was reports of officers and election of officers for the coming year.

The result of the election is as follows: President, John Widston; vice-president, Peter Lauritsen; secretary-treasurer, Albert Hammer; delegate to Provincial Farmers' Institute, Gunner Sangstad. A very strong board of directors was appointed.

There was a very interesting discussion regarding advertising Bella Coola as a fruit growing country, and a committee was appointed to collect and send down to the Tourist Association rooms, in both Vancouver and Victoria, samples of fruit, grain, etc. No doubt whatever but this valley will at a very early date be divided into 20 and 40 acra blocks for the purpose of fruit growing.

With the whole of the northern coast to supply with fruit, Bella Coola will have a ready market. Last fall some apples were grown measuring 15 inches in circumference, and Bella Coola potatoes are noted for fineness of quality.

Liberal Association Meets.

The annual meeting of the Liberal Association was held on January 17th in the school house. There was a very full attendance, and a number of new members were received. It is evident that this association is very much alive.

A resolution was passed requesting the provincial government not to grant any extension of time to the Quesnel & Pentinck Arm railway, nor to the Bella Coola & Fraser Lake railway.

There was also a very strong feeling regarding the pulp lease in the valley, for very much valuable land is being tied up in the lease, and as there is a great demand for land it is felt that the government should see that the reserve is taken off.

Mail matters were also discussed very fully, after which the election of officers was proceeded with, the result being the re-election of Mr. Nordschow as president, B. F. Jacobsen vice-president and Albert Hammer secretary. A very strong board of directors was appointed, and the outlook for the association is very bright.

POLITICS AND JOURNALISM IN ALBERNI.

The Times has been requested to publish the following correspondence:

To the Editor of the Pioneer News: Your issue of to-day contains an editorial contending that the present Conservative partizan attitude of your paper is but the fulfillment of the pledge you gave in your first issue to preserve complete party independence. Your conversion, you say, is due to the fact that Mr. R. L. Borden and the Conservative convention have backed up your editorial against Asiatic immigration.

You parade the Conservative convention's resolution with a flourish of trumpets. A similar resolution passed a few weeks ago by the Liberal convention, you did not mention. To a plain man it would seem when seeking for support for your paper in Alberni, you are deliberately giving your readers a false impression of the position of the two parties on this question. If this is wrong, we would like to know it.

One instance will suffice to show the complete independence from logic, which you seem to have succeeded in preserving, in your attacks upon the Liberal party. You speak of Liberal "obedience to the dictates of Senator Cox and other Liberal wire-pullers." Mr. R. L. Borden contended at the last session that the royal commission on Insurance was a Liberal party instrument, manned by Liberal partisans, intended to injure the opponents of the government. This commission showed up Senator Cox, as it showed up Mr. Foster, and both had to turn and recently denounce it. How could the commission show up Senator Cox if the commission was a Liberal party instrument and Mr. Cox a Liberal wire-puller. Either this statement of yours is wrong, or your political leader, Mr. Borden, was wrong when he denounced as partizan a commission which threw the limelight upon his own land speculations.

A. FRENCH.

Alberni, B. C., Nov. 30th, 1907.

Letter From Arthur French.

A letter, evidently intended for publication, has been sent us by one Arthur French, who is, apparently, possessed of a desire to pose as the chief defender of the Liberal faith in this community. While we do not question Mr. French's right to this distinction, he will have to go about it in another way if he wants to use the columns of this paper for the purpose. Mr. French is either ignorant of the subject he has tackled or he imagines that he can lead us into a childish and endless argument. In order to reply to his letter we would first have to set him right on his ground work, and this we do not feel that we should be called upon to do. We have no time for kindergarten politics.

To the Editor of the Alberni Pioneer News: A letter of mine, dated November 30th, has twice been attacked in your editorial columns. The letter itself has not been published. In your first attack you justify its exclusion by describing it as a childish or kindergarten defence of Liberalism, with which you had no time to deal. In your second editorial, you say it was excluded because it was equal to an accusation that you had obtained the support of the people of the community under false pretences.

In attacking a letter in your editorial columns, when you have not published that letter to speak for itself, you have departed as much from the decencies of respectable journalism as you have from the principles of ordinary fair play. Your one description of the letter is as unfair as the other. If the letter was what you have described it to be, you would not have hesitated to have let it appear in your columns, to meet the ignominy it deserved.

I challenge you to publish this letter that you have now twice attacked. You first called it one thing. You now call it another. Let the people who have read both your descriptions have an opportunity to see what the letter really states. Otherwise I shall be obliged to take steps to ensure that everyone in this community becomes aware of the facts of the case, and your apparent inability to meet them.

This is not a question of yourself or myself. I have a sincere regard for your personal good qualities. But I am sorry that in your public utterances you are apparently adopting the tactics of that selfish and sophistical element in our politics, which it is my business and duty to attack.

BLEW HEAD OFF HIS LITTLE SISTER

Terrible Act of 12-Year-Old Boy in His Mother's Absence.

Rochester, N. Y., Jan. 29.—In the absence of his mother from home yesterday afternoon, Wm. McBride, a 12-year-old boy of Egypt, N. Y., a little place east of here, put on a belt of his father's, loaded a shotgun with cartridge of buckshot and blew the head off his four-year-old sister Viola, who had been left by her mother strapped in a high chair with an older sister at home. The latter told the coroner at the subsequent inquest that the boy then strutted about with the gun and pointed it at her.

At last, moved by the elder sister's fright, the boy took up the body, put it into a blanket and carried it behind a barn, where he hid it.

When asked by the coroner why he did this, he said: "Well, she was dead and I thought she needed to be in a cold place."

The mother, Mrs. Emma McBride, is a widow and four of her eight children are in an institution in Buffalo. Her husband was killed some months ago in a train accident at Fairport.

Tracy makes the statement that James Callaghan, who died in prison on Saturday night, was abused and practically choked to death by turnkeys. His statement is backed up by Joseph Hudson, another prisoner released this morning.

The inquest on Callaghan last night was postponed till to-morrow when all the evidence will be introduced.

At the diamond wedding celebration of Mr. and Mrs. James, of Portland, Maine, one hundred and thirty-four of their descendants were present.
