Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corn, callus and "hard skin" on bottom of feet, then lift them off. When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

DOCTOR UNGED AN OPERATION

Instead I took Lydia E. Pinkham's Vegetable Compound and Was Cured.

Baltimore, Md.—"Nearly four years I suffered from organic troubles, nervousness and headaches and a very month would have to stay in bed most of the time. Treatments would relieve me for a time but my doctor was always urging me to have an operation. My sister asked me to try Lydia E. Pinkham's Vegetable Compound before consenting to an operation. I took five bottles of it and it has completely cured me and my work is a pleasure. I tell all my friends who have any trouble of this kind what Lydia E. Pinkham's Vegetable Compound has done for me."—NORMAN B. BARRINGTON, 808 Calverton Rd., Baltimore, Md.

The "HAPPY FARMER" Tractor burns kerosene economically without carbon or smoke, opposition admits that it has a real kerosene motor that will give more power on a given amount of kerosene than any other on the market. The Happy Farmer Tractor turns in its own length, has foot break on each large wheel, has automatic, force-feed oiler, Atwater Kent Ignition System, and is in every detail designed to go ahead and give Service real service, under hard conditions. Eighty-eight per cent of the weight of the Happy Farmer is on the rear wheels (imagine the amount of gasoline other tractors burn putting the heavy forward end through soft ground). Be careful; do not buy a tractor the same size as your ordinary small piece of farm machinery. The tractor should be selected after careful study. Call us up and we will arrange to show you a Happy Farmer working. We also handle "Renfrew" Cream Separators, "Renfrew" Oil Engines, "Renfrew" Truck Scales.
