PERFECTED Oxygenor King
NATURE'S LIFE FORCE

Cures Your Ills
No Doctors No Drugs

Oxygen (or Ozone) sustains life, prevents disease, maintains health. The perfected "Oxygenor King" is a scientific device based on natural laws. Health is due to the devitalization of the blood—the absence of a sufficient amount of oxygen. The Oxygenor supplies this Ozone and drives out disease. It benefits every organ of the body—invigorates the system. Almost every curable sickness in every stage yields to its effective power.

The Oxygenor will remedy or cure Heart, Liver, Kidney, Bladder and Stomach Diseases, Nervousness, Sleeplessness, Nerve Exhaustion, Brain Fag, Energy Debility, Female Trouble, Coughs, Colds, Rheumatism, Neuralgia, Headache, Backache, Catarrh, Constipation, Hyperacidity, Hyperchlorhydria, etc. In the treatment of Tuberculosis the Oxygenor has been wonderfully effective. Simply applied, soothing, delightful, refreshing.

Give us an opportunity to demonstrate on your own person or on any member of your family the marvelous results of our Oxygenor treatment.

Send to-day for our free 56 page "Journal of Health" illustrated. Gives full explanation.

THE BAPTIST MINISTERS

(Maritime Baptist).

Rev. C. T. Clark, Temple church, Yarmouth, has organized a troop of Boy Scouts.

Rev. R. Heine occupied the pulpit of the Leinster street church last Sunday, in the absence of the pastor.

Rev. W. Camp went to Northfield, Mass., last week, accompanying his daughter, who is entering the seminary there.

Rev. J. J. Barnes is now at Whitehead, Grand Manan, having returned there on the 14th inst., after a visit to Massachusetts. He hopes for a period of successful work.

Rev. Benjamin H. Nobles, Victoria street church, this city, was the recipient Wednesday evening, of a handsome travelling bag and a purse of gold, the gift of the young people of the congregation.

Rev. H. G. Mellick, Lawrencetown, N. S., is so far recovered from his recent illness that he is able to take most of the regular services. His physician assures him that he will be healthier and stronger than he was.

Rev. W. H. Jenkins, Gibson, N. B., has accepted the call of the Havelock pastorate. Brother Jenkins has been two and a half years at Gibson, where he exercised a helpful influence and made many friends. The field to which he goes offers large opportunities for his earnest ministry.

Rev. A. S. Lewis and family left Yarmouth on Tuesday of last week for New Westminster, B.C. The congregation of Zion church gave him a hearty farewell, presenting an address and a sum of money.

Rev. Gideon Swim writes that he preached in the George street church, Fredericton, the last Sunday in 1912. He had not preached there for thirteen years. He hopes to be able to visit one or more of his old pastorates in Carleton county before spring. His health is fairly good, and he will be glad to supply vacant pulpits whenever there is any opportunity. His address is Petitcodiac, N. B.

A tablespoonful of vinegar put into the water in which meat is boiled will make it deliciously tender.

REAL ESTATE

Tuesday, Jan. 21.

An indication of the direction in which English investors expect the city to grow and the substantial character of the growth which they expect is given by a sale of suburban property which has just been completed. A syndicate composed of business men of Liverpool, England, has purchased from Arthur H. Likely, a block of ninety-one lots situated in the Westmorland Road. This was formerly known as the Morris property and is located on the southern side of the road beyond Canon Hoyt's property. The land is smooth and level with a gentle slope to the southward and is regarded as admirably suited for building purposes. It was bought only after the close investigation of local conditions. The price paid is said to have averaged $200 a lot.

The purchase of the N. C. Scott farm on the Manawagonish Road has been completed and the exchange of the cash and documents took place at the end of the week. The purchase was arranged by Arthur H. Likely and the property is now held in the names of Joseph A. Likely Arthur H. Likely, Frank J. Likely, Thomas Hay, and W. Malcolm Mackay. The price paid is said to have been in the vicinity of $100,000.

The completion of the sale of N. C. Scott's farm on the Manawagonish road has increased the interest in property in that direction and it is understood that very little of the best property has been left on the market. F. L. Potts has secured an option on the S. G. Scott farm adjoining that of N. C. Scott. It contains eighty-one acres.

Thomas Corzolino, contractor, of Sydney and Montreal, is in the city for a few days. He spoke yesterday of the great amount of construction work going on in St. John and predicted that this is only a beginning of what will be accomplished here during the net few years.

The following transfers have been recorded: E. R. W. Ingraham to Julia M., wife of E. R. W. Ingraham, a property in Rodney street, West St. John.

Alfred Lain to Robert Minnett, a property at St. Martins.

Samuel Linton to Alizabeth Thomas, a property at Lancaster.

J. F. Monahan to Harold Chadwick, a property in King street, West St. John.

N. C. Scott to J. A. Likely, a property at Lancaster.

C. E. A. Simonds to Sarah E., wife of W. H. White, a property in Douglas avenue.

Leurette Waterbury to J. R. Armstrong, a property in King street east.

TWO PARRSBORO BROTHERS DROWN THROUGH THE ICE

Parraboro, N. S., Jan. 22—Two brothers named Frederick and Robert Kelly, aged twelve and eight years respectively, were drowned this afternoon while playing on the ice above the new aboideau. They were shoving a hand sled along the ice at the edge of the river when the ice broke and they went under.

A number of people were skating close by and every effort was made to rescue the boys without avail. They are sons of Robert Kelly. One body has been recovered and search for the other is still going on.

"My dear," said Mrs. Henpeck, "I'm positive that our George is thinking seriously of matrimony." "Well, I only hope so," returned Henpeck with unusual spirit. "I wouldn't want any boy of mine to be so unfortunate as to regard it as a joke."

DEATHS

CAMPBELL—At Mount Prospect, Jan. 18, 1913, Marcus Campbell in the 92nd year of his age, leaving two sons, Robert and James, of the same place, to mourn their loss.

KENT-NORTHUMBERLAND DISTRICT DIVISION

Newcastle, Jan. 20—The 29th quarterly session of Kent-Northumberland district division, Sons of Temperance, met at Harcourt on the 17th inst., D. W. P., Rev. R. H. Stavert in the chair.

The officers and delegates present were:

Harcourt—Rev. R. H. Stavert, D. W. P.; Hazen Wylie, D. O. S.; Rev. E. H. Creed, Mrs. Harry Keswick, Miss M. Louise Crocker, Misses Debbie E. Lamkey and Debbie J. Lamkey.

Grangeville—H. W. B. Smith, D. Treas.; Robert. Smith, Mrs. S. E. Jonah, Miss Luella Jones.

Rexton—Rev. A. D. Archibald.

Douglastown—H. C. Stothart, D. W. A.

Newcastle—H. H. Stuart, district scribe; W. C. Day, Miss Addie M. Bockler.

Chatham—G. H. Thurber, Hubert Matthews, Misses Hannah Groat and Louise Walls.

Millerton—Mrs. W. G. Thurber, Mrs. Jas. D. Lyon.

Revs. E. H. Creed and A. D. Archibald, H. W. B. Smith, Mrs. Thurber and Miss Bockler were appointed a committee on the state of the work; and Miss Walls, Mrs. Lyon and G. H. Thurber, programme committee.

The D W P.'s report noted the encouraging progress of temperance in Ontario, Quebec and the Atlantic provinces. But temperance sentiment in Nova Scotia was not fully awakened, and in many places in P. E. I., since the Prohibition Act came into force, the public conscience seemed dead. Not only good laws are needed, but honest enforcement of law. The N. B. Temperance Federation would be a power for good when it secured a good permanent organizer. Proper organization might have presented the dismissal of Magistrate Kay of Moncton. The Campbellton liquor men were trying to repeal local option. The work in this district was encouraging.

The district scribe's report showed that of the 15 of the 17 or 18 active divisions reporting, the statistics were as follows:

Kent County.

Redbank, Napan and Tabusintac divisions continue dormant.

Vote of divisions on government ownership and direct control of the liquor licenses: In favor, Newcastle, Chatham, Burnt Church, Black River Bridge, New Jersey, Loggieville, Bay du Vin, and Granville—8. Against, Millerton, Quarryville, Richibucto and Harcourt—4.

Undecided—Douglastown and Rexton—2.

Not voting—Whitneyville—1.

Grand divisions had referred pronouncement on the district division's recommendation referring to the public ownership and control of the liquon traffic till its semi-annual session at Corn Hill next May, alleging lack of time for discussion at the annual session.

L. J. Wathen, a visiting member of Harcourt division, vigorously objected to any reference at all favorable or likely to be construed as favorable to public ownership of the liquor business. It was contrary to S. of T. doctrine, and a downward step. The S. of T. stood for nothing short of prohibition.

Rev. E. H. Creed supported the objection.

W. C. Day and H. W. B. Smith moved the adoption of the report as read.

Revs. E. H. Creed and A. D. Archibald moved in amendment that the report be adopted with exception of Section 8.

The amendment carried—yeas, 13; nays, 7; one not voting.

The banner for 1912 will be awarded at next meeting.

The report of the committee on the state of the work, signed by Rev. E. H. Creed, Mary A. Thurber, Rev. A. D. Archibald and Miss Addie M. Bockler, called forth another battle on the principle of public ownership of the manufacture and sale of intoxicants. The second sentence of Dec. 6, was objected to. The whole section read as follows:

"Sec. 6—The committee received the report from the divisions on the question which had been previously voted on by the district division on the recommendation for government control of the liquor traffic, and we found eight divisions in favor of this, four against and two undecided. Your committee recommends that this division record its disapproval of the the recommendation of previous sessions of this district division re the government control of the liquor traffic. The committee feels that the temperance party should go hot and strong for total prohibition of the liquor traffic and keep its eye steadfastly fixed on the goal."

Sec. 1—Five covered the same ground as part of the scribe's report, and were adopted unanimously. Section 7 endorsing Millerton's suggestion for semi-annual meetings was ruled out of order.

Miss Debbie E. Lamkey and Rev. E. H. Creed moved that Section 6 be adopted.

It was moved in amendment by Ald. Stuart, seconded by G. H. Thurber, that the second sentence of Section 6 (that condemning the recommendation of the two previous meetings in favor of government ownership and sale of liquor) be deleted.

After a sharp debate, the vote on the amendment stood 7 to 7, the remaining 7 delegates having gone out or refrained from voting. The chairman gave the casting vote against the amendment, and Sec. 6 was adopted as originally written.

The following officers were elected for the ensuing year:

D. W. P.—Rev. R. H. Stavert (re-elected for sixth year); D. W. A., H. C. Stothart (re-elected for third ye ar); D. Scribe, Ald. H. H. Stuart (re-elected for eighth year); D. Treas., H. W. B. Smith (re-elected for sixth year); D. Chap., W. C. Day; D. I. S., G. H. Thurber; D. O. S., Lyoldy Mathen, Harcourt; D. S. Y. P., Miss Margaret Cameron, Harcourt (re-elected for second year.)

Adjourned.

A public meeting in the evening was addressed by Revs. R. H. Stavert (chairman), E. H. Creed and A. R. Archibald, L. J. Wathen and Ald. Stuart. Music, recitations and dialogues of a high order were furnished by members of the Coral divisions.

NEW BRUNSWICK BOOM ATTRACTING MUCH ATTENTION

Canada, London, says: "Whatever credit attaches to the report that the admiralty is interesting itself in the oil-fields of New Brunswick, there is little doubt that the province which contains the growing port of St. John is on the eve of considerable development—a forecast which also seems applicable to the sister Maritime Province of Nova Scotia. The revenue of New Brunswick during the last fiscal year has been the greatest in its history, though the timber cut was not so large as in 1911. The extensive harbor and wharfage development in progress at St. John and Courtenay Bay, in which the C. P. R. and the dominion government, through the Norton Griffiths Co., are playing so large a part, is causing a considerable demand for labor, while the new policy of the New Brunswick government in the matter of providing "ready-made" farms upon easy terms is beginning to attract considerable attention among prospective British settlers with agricultural experience and small capital.

"German, as well as British, experts have recently been looking into the prospects for mineral development within the province, and there seems a consensus of opinion that the oil-bearing shale deposits of Albert County are an asset of serious commerical value. The railway extensions recently provided for will inevitably still further open up neglected productive areas. At present the annual interests on the provincial debt absorbs nearly one-sixth of the revenue, but the general outlook certainly promises a speedy change in this unsatisfactory state of affairs."

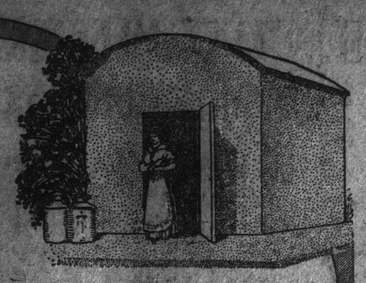
Bella—"He said he would kiss me or die in the attempt."

Della—"Well?"

Bella—"He has no life insurance, and I pitied his poor old mother."

When the lamp wick is short and the oil is burned low, put water into the lamp bowl; it will raise the oil.

A concrete milk-house makes milk worth more



PEOPLE are willing to pay more for milk that comes from a clean, sanitary dairy. In nearly every city such dairies charge from 50 per cent. to 100 per cent. more than others—and even then they can't supply the demand for pure, high-grade milk. You will get more value out of your cows if you properly cool and store the milk. Such milk is not only more wholesome—and therefore can be sold for a better price—it is also slower to sour than milk handled by ordinary methods. Ask for the free book,

"What The Farmer Can Do With Concrete"

IT will tell you how to build a concrete milk-house, and also describes scores of other uses for concrete around the home and on the farm. It is not a catalogue. Its 160 handsomely illustrated pages are devoted entirely to the subject—in which every progressive farmer is interested.

YOU do not place yourself under the slightest obligation in asking for the book. We do not even ask that you agree to use cement. Just sign the coupon attached to this advertisement, or send your name and address by letter or post card, and the book will be mailed to you at once. Address,
