New York Sun for 1872.

TO ALL WHO CAN READ.

The New York Weekly Sun Doubled in Size without Increase in Price.

With the beginning of 1872, THE WEEKLY SUN has been doubled in size. It now contains eight pages instead of four, making it equal in dimensions to any other weekly secular journal published in this country. At the same time its price has not been increased. It will be furnished to subscribers at the uniform rate of one dollar a year for each copy. To this rate no exception will be made and no reduction will be possible, either to clubs or agents. Every subscriber who sends a dollar will receive a copy for a year.

While THE WEEKLY SUN thus furnishes as much reading matter as other papers published at double or treble the price, it will contain new features which will add greatly to its interest and value as a family newspaper. Its independence of opinion, and its unqualified hostility to Tweedism and Grantism, and every form of public robbery, bribery, and corruption, will be maintained, while in point of political news its readers may rely upon always receiving the most accurate, as well as the freshest, intelligence that can possibly be obtained. The enlargement enables us also to devote additional space to valuable agricultural intelligence, and to print interesting stories and romances more extensively than hitherto. For miscellaneous reading, presenting the quaint and humorous aspects of life, and for useful information repecting not only what takes place in this metropolis and this country, but in all other parts of the world, we now have ample room.

In its new form THE WEEKLY SUN is the cheapest paper of its class in the United States: and we appeal to such of our readers as approve its ideas and objects, and find it interesting and valuable, not only to renew their own subscriptions, but to recommend the paper to their friends and neighbors.

This year is destined to be a memorable one in the history of the country. We are on the eve of a most significant Presidential election, and political movements will for many months be watched with unusual interest. As a journal, free from the trammels of party, THE WEEKLY SUN will continue to uphold the principles of true republican government. Its readers are invited to sustain it in that work. The truth, irrespective of party prejudice or official influence, will always be told in its columns.

Terms of the Weekly Sun—

A journal containing eight large pages, published every Wednesday morning—To all mail subscribers, whether single or in clubs, *one dollar a year each,* always in advance.

FROM

Yesterday's Edition:

THE LEGISLATURE.

[*Special Telegram to the Daily Tribune.*]

YESTERDAY'S PROCEEDINGS.

FREDERICTON, March 25.

Yesterday another furious snow storm further blocked up the roads and piled up the drifts.

A great many of the members are away, and business in the House this morning has been dull.

The Provincial Agricultural Society have finished their Session. Sackville has been selected as the place for the next Exhibition, October eighth.

Beckwith introduced a Bill to amend the Act incorporating the Fredericton Branch Railway.

Committee on Margaret McPhelim's claim recommended that she be allowed one hundred and forty-six dollars.

House went into Committee of the Whole on a Bill to extend the time for commencing operations on the Albert Railway. The Act expires on the 7th of April, and the present Bill asks for an extension of six months

Ryan, Palmer, and Hanington were in favor of its passing.

Beckwith thought as it involved an expenditure of three hundred thousand dollars, a full house should be present.

Palmer explained that they could dispense with the bill by commencing before the 7th of April, but as the contract was about being signed, and it was probable the work would be carried on now, they wanted a little more time. Bill agreed to.

House went into Committee on Palmer's bill to incorporate the Albert and Westmoreland Steam Navigation Company. The capital stock is one hundred thousand dollars. Agreed to.

Napier complains that justice was not done him in THE TRIBUNE'S report of his speech. He says it was Blanchard called him a fool, not Theriault.

Hatheway laid estimates before the House.

IN LEGISLATIVE COUNCIL

Bills to amend Acts of incorporation of Fredericton and Woodstock, passed.

British and Foreign.

[*By Telegraph to Associated Press.*]

LONDON, March 24.

One account gives the time of the Cambridge crew 21¼, another 21 53.

Observer says the note of Granville is most friendly and conciliatory in tone, but states explicitly that England is unable to submit the admissability of claims for indirect damages at Geneva. The *Observer* describes the despatch as lengthy.

The Chancellor of Exchequer makes his financial statement to the Commons tomorrow.

It is expected he will propose a reduction of two per cent on income tax.

Queen Victoria is quietly travelling from London to Berlin by way of Paris. She will decline to meet Thiers.

The Prince and Princess of Wales arrived in Rome.

The British Lords adjourned until April 8; Austrian Reichsrath until May 7; Italian deputies until April 15.

An unfavorable report was made in the French Assembly on proposal to raise the siege of Paris.

Gallant Rescue of Exhausted and Famished Men!

The Yarmouth *Herald* says:—"On Sunday morning last, two men—father and son—named George Crowell and George H. Crowell, of Bear Point, Barrington, left Morris' Island, Argyle, for home, in a sail boat, with a smaller boat in tow. They got among the drift ice off Pubnico Point, where they remained all Sunday and Sunday night. About nine o'clock on Monday morning they succeeded with great difficulty in reaching one of the "Brothers Islands," where they effected a landing. Being seen from the main land, five men attempted to go to their relief by hauling a dory over the ice, but from the dangerous nature of the ice they were compelled to put back, after one of their number had fallen through. In the afternoon another attempt was made by four men to reach the island, happily with success, after two-and-a-half hours hard and perilous exertion. The two men on the island were found in an exhausted and famishing condition from severe exposure and want of nourishment, having had nothing to eat for more than 30 hours. Their rescuers are deserving of much praise. Their names are Peter Amero, Charles Amero, Frederick Morris, and Caleb Goodwin."
