RUSSIAN RETREAT ASSURES ULTIMATE SLAV VICTORY.

(Continued from page 1) "A glance backward shows that at the beginning of the war the Germans threw the mass of their army against France. This leap forward on their part had happy results for us, for we advanced into enemy territory, notably in Galicia; now the tables are turned. However, it is impossible to hamper the liberty of movement of the Russian army in any particular front, and it would be impracticable to waste garrisons in defending fortified towns which are none too safe, as the Austrians did in Przemysl. That is why, examining, after a year of war, the map of the Russian front, we see the necessity for the living Russian armies to manoeuvre and deploy on their base line. This would be the most useful object to aim at, especially in view of the situation which has prevailed since the month of April. "At the present time we have against us nearly all the German cavalry, nearly all the Austrian army, and more than half the total German forces—about 70 divisions—and the enemy artillery has numerous guns of all calibres. The Russian army is offering a heroic resistance; it not only is standing up under the most hellish fire, but it is inflicting countless losses upon the enemy, and wearing him out, notwithstanding his technical perfection. We are getting nearer to our supplies of ammunition, by means of which we will correct our line and throw back the enemy. If only for this reason, we can say that the evacuation of Warsaw, the line of Vistula, Lvangorod, Novo Georgievsk and the other fortresses will make certain that the Russian offensive this time will be definite and irresistible. "At the beginning of the second year of war Russia has the most definite plans for the issue of the campaign, while maintaining at the same time the firm resolution to wage this fight to a victorious end."

SPORTS

FLEW 2200 MILES IN SHADE OVER FIVE DAYS

Los Angeles, Aug. 31—"Ben Bolt," a carrier pigeon, established a new long distance flight when it arrived here yesterday from Norfolk, Ohio. The distance approximated 2200 miles, and was travelled in five days nine hours, 31 minutes and 10 sec. The best previous flight, according to the records of the International Federation of Homing Pigeon Fanciers, was made in 1912 when a bird covered 1000 miles in two days, nine hours, 43 minutes and 12 seconds.

NEW WORLD'S CYCLE RECORD.

New York, Aug. 31—The half-mile world's record was broken by Alf Grenda of Australia at the world's championship meet at the Newark Velodrome. The former mark of 53 3/5 seconds, held by Jackie Clark stood for eight years. Grenda's time was two-fifths of a second faster. The Australian established his record in the first heat of the race, and was shut out in the final, which was won by Frank Corry, Australia (40 yards). Fred Hill, Boston (40 yards), was second and Bob Spears, Australia (10 yards), was third.

LIGHT TRAINING DIET.

Hannes Kolehmainen, the wonderful Finnish runner, trains on a peculiar diet. He eats nothing but soft-boiled eggs, tea, toast and ice-cream. He eats it for breakfast, for luncheon and for dinner. Day after day, week after week, the Finn subsists on eggs, toast, ice-cream and tea—just that and nothing more.

JACK JOHNSON AND AN ACTOR.

London, Aug. 31—Jack Johnson, the erstwhile heavyweight champion is now an actor. The big black boxer announced that he has given up the ring for good, and will henceforth seek his limelight on the stage. He appeared in a leading part of a musical comedy entitled "Seconds Out," now running at a big suburban music hall. Johnson who is surrounded by a cast of white actors, is the real hero of the piece.

WOLGAST OUTFOUGHT

New York, Aug. 31—Packey Hommey, the local lightweight, outfought Ad. Wolgast of Cadillac, Mich., in their ten round bout in Brooklyn last night. Hommey had an advantage in five rounds, Wolgast in three, the other two being even. In the sixth round Hommey closed the left eye of the former champion with a right swing. Hommey weighed 135, Wolgast 135 3/4 pounds.

AZEVEDO BEAT PHIL BLOOM

New York, Aug. 31—Joe Azevedo of Oakland, Cal., defeated Phil Bloom of New York in a ten-round bout last night. Azevedo weighed 134 and Bloom 135 pounds.

FORT-GEORGE LOOKS FOR IMPROVEMENT

Victoria, Aug. 31—The lumber industry is quiet in the Fort George district according to advices received by the Minister of Lands, owing to local conditions; the amount of building now taking place being very small. Hopes are expressed that conditions will improve as a result of the market extension movement now on foot.

Railway construction having fallen off there has been a marked reduction in the fire hazard. Under existing conditions, the vegetation is drying up rapidly, and is likely to facilitate the spreading of fires. It is estimated that an exceptional amount of land-clearing will have been carried out this year as a result of activity on the part of the settlers, and this will have the effect of eliminating many areas which in the past have constituted a grave fire hazard.

AUSTRIANS RETIRE BEFORE ITALIANS

Rome, Aug. 31—Powerless to resist successfully the blows of the Italians in the Val Sugana region, the Austrians today were retiring, destroying railroads and bridges as they went. The Alpine troops have opened up a new passage for the invasion of the Trentino by way of Holzanoi according to today's bulletin from the war office.

WOULD BUILD UP RACE WITH EUGENICS

San Francisco, Aug. 30—Establishment of a "eugenics registry," the purpose of which would be development of an "aristocracy of health" and the creation of beings possessed of superior characteristics of mind and body, was advocated by Dr. J. H. Kellogg of the Battle Creek Sanatorium, Battle Creek, Mich., before the conference on race betterment at the Panama-Pacific exposition.

"The establishment of a registry for horses created a famous breed of English thoroughbreds," he said. "The object sought by the proposed eugenics registry is to accomplish for humans the same marvelous transformation, and to evolve the same betterments that have been and still are being accomplished for pigs and cattle. We have created wonderful new species of domestic animals. Why not have a new and improved species of man? "The object of a eugenics registry is to create an aristocracy of health. The world needs a new aristocracy, not an artificial, blue blooded aristocracy created by wealth or official authority, but a real aristocracy made up of Apollos and Venuses and their fortunate progeny. "Instead of such an aristocracy we are actually building up an aristocracy of lunatics, idiots, paupers and criminals. These unfit persons already have reached the proportions of a vast multitude—500,000 lunatics, 80,000 criminals, 100,000 paupers, 90,000 idiots, 30,000 epileptics—and we are supporting these defectives in idleness like real aristocrats, at an expense of \$100,000,000 a year. "Every one of these lunatics possesses the right to vote even in states where women are not given the right of franchise. "No material progress can be made toward the suppression of the causes—at the present time almost unopposed—which are working with increasing activity the destruction of the race, until we divest ourselves of a lot of unwholesome sentiment in relation to personal liberty and recognize the necessity for putting on the liberty of personal action such limitations as may be required for the betterment of the race."

"No material progress can be made toward the suppression of the causes—at the present time almost unopposed—which are working with increasing activity the destruction of the race, until we divest ourselves of a lot of unwholesome sentiment in relation to personal liberty and recognize the necessity for putting on the liberty of personal action such limitations as may be required for the betterment of the race."

Pearson Employees, Anonymous, Dredge Employees, Nanaimo Able No. 15, Eagles Social Session, W. H. and Mrs. Thomson, Top Hands Western Fuel Co., Underground Workers Western Fuel Co., A. Millar.

IMPROVEMENT NOTED IN LUMBER INDUSTRY

Victoria, B. C., Aug. 31—The Hon. the Minister of Lands is informed that signs of improvement are visible in the lumber industry on Vancouver Island shingle mills are busy with orders from the American side and from the east. Seventeen lumber mills are returned as operating, in addition to five working periodically, while seven shingle mills are in operation. There are ten logging companies with camps open, in addition to several small operations. The earlier part of the year saw much cleaning up of logging slash. In the agricultural districts much land has been cleared, and many of the larger slashings disposed of, while public opinion, alive to the dangers of fire, has undoubtedly aided the forest guards.

GERMANY WANTS COTTON.

Berlin, Aug. 31—German business men have transmitted to the United States an offer to buy 1,000,000 bales of cotton. The price offered was 15 cents a pound, payable on delivery of the cotton in a German harbor.

Minard's Liniment relieves Neuralgia

Noticed by the Honorable Minister of Public Works up to 12 o'clock noon of Tuesday, the 7th day of September, 1915, for the erection and completion of a small one-room school and outbuildings at East Cedar, in the Newcastle Electoral District, B.C.

Plans, specifications, contract and forms of tender may be seen on and after the 25th day of August, 1915, at the office of J. Mahoney, Government Agent, Vancouver; J. Kirkup, Government Agent, Nanaimo; Mrs. M. Greenway, Secretary to the School Board, Cedar P.O., B. C., or the Department of Public Works, Victoria, B. C.

Intending tenderers can obtain one copy of plans, and specifications by applying to the undersigned with a deposit of ten dollars (\$10), which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to 20 per cent of tender, which shall be forfeited if the party tendering declines to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted. J. W. GRIFFITH, Deputy Minister and Public Works Engineer, Department of Public Works, Victoria, B.C., August 18, 1915.
