With the City Police

Acting Magistrate Charlton again officiated at police court this morning, when the following list of cases came up.

George and his cousin John Bolesch were charged by the Massey-Harris Co. and American Radiator Co., with appropriating some tools and wrenches. A representative from the Radiator Company was present and identified some bolts which he declared were the only ones of that kind in Canada.

There was a liberal assortment of stolen articles, which had been recovered from the two houses, 81 Richmond and 137 Charlotte street, where the two Boleschs live including punches, wrenches and other small tools common to a large shop. The evidence of the two boys was heard, and they stated that they had sold the tools for 15c. and 10c. each. On account of their youth, Acting Magistrate Charlton, fined them $7 and costs, amounting to $9.85.

J. Black and ony Glinc were charged with receiving some stolen goods from Geo. and John Bolesch, after bein gtold they were stolen. George stated that he sold two wrenches to Black for 15c each, and John declared he had sold a wrench to Glinc for 10c. after telling them that they were stolen. The two men emphatically denied this, and stated that the two boys had been carrying the wrench around with them for about two weeks, and they declared that they could get proof that they were not told the goods were stolen. In order to give them time to collect this evidence, the case was adjourned till Monday.

Two cyclists were summoned for riding on the sidewalk. They settled out of court by paying $2 each to the coffers of the state.

Thos. Boylan charged Herbert Yates with speeding up Brant avenue in his automobile. Mr. Yates was not in town and the case was adjourned.

A Raid Made

A raid was made this afternoon by High Counyt Constable Kerr on the house of Rose Blanken, Mohawk road. Two men were arrested and brought to the station in the patrol

Money Comes In

MONTREAL, July 9.—The Gazette to-day says: The estimate has been made by a financial authority that probably close to $300,000,000 has come into Canada the last few months through sales of municipal securities, through exports of gram and through immigration, and despite the talk of continued stringency, the Canadian situation must have been relieved to that extent since the pinch began to be felt. The $300,000,000 estiamte, however, does not include sales of Canadian securities other than those by municipalities.
