Brick Store, South Market Wharf, 8th *May*, 1840.

Henry Ridley's Improved
ANTI-CORROSIVE PAINT,

For Painting and Preserving all kinds of External Wood, Iron, Plaister, and Brick Work.

THE superiority of the above article over every other description of Paint, for the preservation of Out-buildings, &c. has been evinced by the extraordinary increasing demand which the manufacturer has of late had for it. The coats of the Anti-Corrosion will render Wood or Iron-work, however exposed, impervious to the weather: it is an effectual remedy for preventing the leakage of Walls of a porous quality, and will be found one of the cheapest and best preparations ever used for hot-house lights, sashes of all kinds, tiles to represent slates and gutters, as it equally resists the effects of heat and moisture. H. R. can confidently recommend it as the best possible covering for gates, iron palisading and hurdles, wood fences, carts and other agricultural implements.
It is considerably cheaper than common paint, and will last four times as long. The colour most frequently used presents the appearance of fine Portland stone, but lead, slate, yellow, green, red, and other colours may be had.
It does not require a professed painter to lay it on, as a person accustomed to common labour will find no difficulty in using it according to the following directions:—Mix 3lbs. of the Anti-corrosion (which is a dry Powder) with about a quart of Prepared Oil, (or sufficient to make it the consistence of thick cream) taking care to stir and mix the parts well together: then lay it on with a good painting brush in the common mode of applying paint, rubbing it in well.
May 22. *Agent St. John*, W. P. RANNEY.

☞NOTICE.

ALL Persons having any legal demands against the Estate of DANIEL BRUNDAGE, late of Carleton, City of Saint John, N. B., Deceased, are requested to present their accounts, duly attested, within Twelve Months from the date hereof: and those indebted to said Estate are required to make immediate payment to
HANNAH A. BRUNDAGE, *Adm'rx.*

Which along with his present extensive stock of old Bottled Port, Madeira, Sherry, Claret, Hock, Champagne, Sauterne, Bucellas, Hermitage, Burgundy, &c. &c. are offered for sale at his Warehouse in St. John, and at his store in Fredericton. W. H. STREET.

IMPORTANT TO FARMERS, FLOCK MASTERS, AND BREEDERS OF STOCK.

Horse, Cattle, & Sheep Medicines.

MESSRS. HARRIS & CO., London, Proprietors, respectfully solicit the patronage of Noblemen, Farmers, Flock Masters, &c. for their Medicines, and beg to say that a single trial will at once establish their value. At this season of the year they feel it necessary to direct attention to their various Medicines to relieve the disorders to which young Animals are subject, particularly the Astringent Mixture for the scour or looseness in Calves, Sheep and Lambs; Drink for staggers in Sheep; Fleece Preserving Dipping Paste; Tonic Drenches for weak Calves and when weaning; Healing Balsam, or Restorative Liniment for premature calving, lambing and foaling,—this is an invaluable preparation, and cannot be too highly appreciated: and many others too numerous for insertion.
Messrs. Harris & Co. beg to inform Farriers and others practising among Horses in remote districts, that they will find it much to their interest to have a stock of their HORSE MEDICINES by them, comprising Balls, Blisters, Drenches, Liniments, Lotions, &c. &c., all of which are at very moderate prices, compounded of the best Drugs that can be procured in London, and under the immediate inspection of an experienced Veterinary surgeon, carefully packed, and with labelled directions for use, so that the most inexperienced person may administer them.
☞All the above Medicines are for sale at the *Circulating Library*, Germain street, and every information further required on the subject, can be had on application to A. R. TRURO,
Their Agent for New-Brunswick.
St. John, May 8, 1840. Courier.

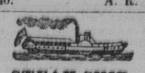
April 24.

ROHAN POTATOES.

THIS *celebrated Potatoe* has lately been introduced into the United States and into Nova Scotia, and bids fair to be one of the most valuable articles in our husbandry. The great crops which have been obtained, have been the astonishment of every Farmer, and the character of this Potatoe to withstand drought and produce a great crop where *every other* variety has literally failed, has become so well established, that the potatoe needs scarcely any further recommendation. To show, however, the enormous quantity of the produce, the following accounts which have been published, are subjoined;
"One Potatoe, planted by Mr. William Clark, of Northampton, U. S., produced the past fall *two and a quarter bushels*. Mr. Charles Nichols, from *one peck raised sixteen and a half* bushels. Mr. R. Hubbard, from *four pounds* only, raised 18 bushels, weighing 1173 pounds—nearly three hundred fold."
"A writer in the Genesee Farmer states that *one pound* of seed produced in his garden 136 pounds 3 ounces."
"Judge Buel, after cultivating them two seasons, says that he feels faithful in recommending them as a valuable acquisition to husbandry, from the following reasons:
"First, because their quality for the table will justify it. If not superior, they are good. The flesh is yellow, solid, and of good flavor.
"Secondly, because they admit of great economy in seed. Two eyes is a sufficiency (and many of the tubes have 30 or 40) to plant a hill, and three or four bushels to plant an acre of ground.
"Thirdly, because they require comparatively little labour in harvesting, a man being able to dig thrice as many of them in a day as of the ordinary kinds.
"Fourthly, because they yield an abundant crop,—from 85 rods of ground were gathered 175 bushels, while the common kind did not give half a crop."
☞A few bushels of these Potatoes are for sale at the *Circulating Library*, Germain street, next door to the Post Office.
May 8, 1840. A. R. TRURO.



STEAM SHIP NORTH AMERICA.

THIS new and beautiful Steamer will commence operations on the 15th April next—leaving SAINT JOHN for EASTPORT and BOSTON every WEDNESDAY, and for WINDSOR every MONDAY.
This Vessel is fitted up in fine style with every comfort for Passengers, and will be provided with every facility for the prevention and extinguishing of Fires, with Force Pump, Leather Hose, Fire Buckets, and Life Preservers, with extra Boats, &c. and with a most admirable construction of Boiler, calculated to be perfectly safe from Fire. This Boat is built expressly for a sea boat, and will (the proprietors have no doubt) give perfect satisfaction.
JAMES WHITNEY & CO.
Saint John, 6th March, 1840.
