ST. ANDREW'S MASONIC LODGE

Celebrated Its 75th Anniversary by a Banquet in the Toronto-street Temple.

Last night St. Andrew's Masonic Lodge gave a banquet in the Masonic Hall, Toronto-street, in honor of its 75th anniversary, the occasion bringing together, as it did, so many of the best known ladies and gentlemen in the varied walks of life in Canada, made it one of the most distinguished Masonic functions ever held in Toronto. The interior of the temple on Toronto-street never looked so pretty as it did last night. What with the portraits of the grand masters and the tables, which were set in a most beautiful manner as well as lavishly decorated with real flowers, all tended to make the appearance of the hall a bower of grandeur and one long-to-be-remembered by those who had the good fortune to be present. The menu which was under the direction of Mr. J. S. McConkey, the caterer of the evening, was an admirable one, and the service was prompt and efficient. The toasts were few in number but the words of those who proposed and replied to them were suitable to so worthy an event.

Mr. J. E. Hansford, who presided, said that it afforded him pleasure, as worshipful master of the lodge, to welcome the distinguished assembly of ladies and brethren present. He spoke of the great influence the lodge had wielded in helping to build up noble characters of manhood. St. Andrew's Lodge was proud of its past history and to-day was as youthful as ever in disseminating the principles of brotherly love, relief and truth. The chairman then read letters, regretting inability to be present from: Sir George A. Kirkpatrick, Sir Mackenzie Bowell, Attorney-General Hardy, Hon. E. J. Davis, Hon. J. M. Gibson, Hon. Senator J. R. Gowan, K.C.M.G., and others.

The Toast, "The Queen and the Craft," was enthusiastically drank. Mr. J. W. Keachie sang "The Death of Nelson" in an admirable manner, after which a duet was also beautifully rendered by Miss L. Honan and Mr. F. Warrington.

The toast of the grand master of the grand lodge of Canada was right royally drank and responded to. Mr. W. Gibson, M.P., grand master, said he was glad to be present to do honor to such an auspicious occasion as celebrating the 75th anniversary of the lodge. The grand master closed a rather spirited address by wishing that old St. Andrew's Lodge would still prosper as it had done in the past. Songs were than very artistially rendered by Mr. Tilley and Miss Ella Ronan.

Mr. J. K. Kerr, Mr. E. T. Malone, D.G.M., and Mr. S. Passmore, G.S.W., also spoke in a happy manner.

The toast of "Our Seventy-fifth Anniversary" was proposed in an exceedingly humorous speech by Mr. J. W. Dowd, during which he referred to the honored dead of the lodge. Mr. Aemilius Irving and Mr. Kivass Tully both responded to this toast in beautiful language. They spoke of the beauties of Masonry and what it does towards helping men to live a better life, after which they congratulated the lodge upon such a successful and auspicious celebration.

Mr. Bert Harvey sang a comic song, which was warmly encored.

The toast of "Our Guests" was proposed by Bro. W. G. Wilkinson. He referred to the Jubilee celebration of 25 years ago, which was held at the Queen's Hotel. This toast was responded to by Mr. Aubrey White and Mr. J. W. St. John in an eloquent and suitable manner. Mr. Fred Warrington then sang, "There Is a Land," in a highly creditable manner. The toast of "The Ladies" was proposed by Mr. James Glanville and responded to by Ald. F. S. Spence in a pleasing short address. The toast of "The Officers of the Lodge" was responded to by Mr. George Tait, Dr. A. H. Rainer and F. M. Bell-Smith.

THE ODDFELLOWS' MONUMENT,

Which Will be Unveiled in Mount Pleasant Cemetery To-day, is of Beautiful Design.

The Oddfellows monument, which is to be unveiled to-day with imposing ceremonies, is a beautiful example of monumental art, and is one of the loftiest and elaborate in detail in Mount Pleasant Cemetery. The monument is early Gothic in character, and consists of a moulded and carved base of a limestone somewhat new to Toronto, from the Bedford quarries of Indiana, upon which is a cluster of seven polished New Brunswick granite columns, of a delicate rose tint of precisely the same texture and crystal as the famous obelisk in New York (Cleopatra's needle), a fragment of which has been placed beside the columns and experts find no difference in the two. The seven columns are set upon an elegantly moulded base, having symbols of the order carved on the six sides of the hexagonal die. The columns each carry carved capitals in Bedford stone and support a drucal canopy stone, heavily moulded and having a running foliage moulding beautifully carved in the hollow of the label. The canopy is cut in six faces, each face having an emblem of the order carved thereon. Above the canopy and supported by it are three fine polished granite columns of the same quarry as the lower ones, representing the three Christian graces, with such designation cut in the base of each, with the addition of the following, "Friendship, Love, Truth." The three columns support an immense capital, on the top of which is a sheaf of wheat finely cut in Bedford stone, the whole supporting a huge figure of the terrestrial globe, with the parallels of latitude and the meridian lines neatly cut in the same. Around one of the lower circles is the legend "In God We Trust," while around the top base stone is the inscription, "Erected by the members of the I.O.O.F. of Toronto, A.D. 1897. The architect is Mr. Herbert G. Paul.

STORM DIDN'T BREAK.

Women's Missionary Convention Closed at Whitby and the Case of Mrs. Large was Side Tracked.

Whitby, Ont., Oct. 29. — (Special.) — Mrs. W. E. Ross of Montreal, daughter of Dr. John A. Williams, late superintendent of the Methodist Church, was elected President of the Woman's Missionary Society here this evening. Mrs. Carman was re-elected vice-president, Mrs. George Kerr, recording secretary; Mrs. Strachan, field corresponding secretary; Mrs. McKay, home corresponding secretary; Miss Wilkes, treasurer; Mrs. Gordon Wright, editor of department in Outlook; Miss Smith, editor Palm Branch; Mrs. Whiston, of column in Westeyan; Mrs. Cartmell, of column in Christian Guardian.

Mrs. Pratt proposed a resolution intended to mollify Mrs. Gooderham, since the Executive did nothing but accept her resignation of the presidency, and Mrs. Locke, with biting emphasis, where it was intended to cut deep, read another for Mrs. Large's benefit. The first was passed with a standing vote, and it had been all made up not to say a word in discussion, for fear the fates would fall, and so the threatened storm was prevented from breaking.

Estimates were voted like as by veterans in parliament, and committees struck by the score. A lot of complimentary resolutions were passed, and the end came at 10.30 to-night when the newly-elected president closed with asking a blessing after Mrs. Carman had offered a beautiful prayer. The reason the latter lady didn't get the honor she had so richly won, was because it was thought to be too much power in one house. Kingston will be the meeting place next year.

TRADE IN ONTARIO.

By comparison, the week in business has been the largest in the past five years, as regards the volume of trade. Staples and general lines are held firm, with no tendency towards a break in prices. Imports and exports are active, with fair trade and a seasonable activity in all lines. The feature of the week has been the importation of over 100 cars of steel rails for the C.P.R. and G.T.R. The cold spell will brighten up the retail trade, and the prospects for the holiday trade are encouraging.

CABINET CHANGE IN N. B.

Hon. James Mitchell Resigned the Premiership Because of Ill-Health—H. R. Emmerson Succeeds.

Fredericton, N.B., Oct. 29.—Hon. H. R. Emmerson is Premier of New Brunswick, a reconstruction of the local Government having been effected this evening. On account of ill-health, Hon. James Mitchell resigned the Premiership and office of Attorney-General, and Governor McClellan called upon Mr. Emmerson to form an administration, which he has succeeded in doing. The only changes are these: Hon. H. R. Emmerson becomes Premier, retaining his former office of Commissioner of Public Works; Hon. A. S. White exchanges the Solicitor-Generalship for Attorney-General, and Mr. Mitchell becomes Solicitor-General. Other ministers are: Hon. L. J. Tweedie, Provincial-Secretary; Hon. A. T. Dunn, Surveyor-General; Hon. C. H. Labillois, Commissioner of Agriculture; Hon. L. P. Ferris, without portfolio.

The new Premier and Attorney-General were sworn in at 7.30 this evening. Premier Emmerson is a leading New Brunswick Liberal. His predecessor was a Conservative, and the Government is still a coalition.

DOWN FROM THE YUKON.

Steamer Excelsior Says the Two Ice-Bound Steamers, Alice and Marwin, Have Been Released.

San Francisco, Oct. 29.—The steamer Excelsior, which arrived from St. Michael last night, brought the news that the river steamers Alice and Merwin, with over 200 people, bound for Dawson City, which were caught in the ice in Behring Sea off the mouth of the Yukon, were released by a sudden breaking up of the floes three weeks ago, and are now on their way up the river. It was the intention of their commanders to find a safe and easy harbor in some slough and there lay up for the winter, being frozen in where there would be little danger in the break-up next spring. They may be able to make two hundred miles up the river.

Should all the supplies on the Weare, which is at Fort Yukon, be eaten during the winter, and should the Haly remain outside, there would be three steamers—the Hamilton, which is at the Russian Mission, the Bella and the Alice, each of the last two with a barge—to start at the first moment and furnish food to Dawson—nearly or quite a thousand tons of provisions to go forward the moment navigation opens—but until then there will be much suffering.

TELEGRAPHIC BRIEFS.

The Newfoundland elections appear to have resulted in the return of the Whiteway Government by a greatly reduced majority.

The position of Inspector of Excise at Montreal, rendered vacant by the death of Mr. Vincent, will be filled by promotion after the passing of the stipulated examination.

A Montreal Frenchman named Pourcella received a letter yesterday saying that his two sons, who left that city in April last for the Klondike, have sickened and died.

Miss Frances Willard told an interviewer in Buffalo yesterday, speaking of Lady Somerset: "She has done more for the reformation of women than anyone that I know."

It is said that Hon. C. A. Geoffrion has received a definite promise from the Minister of Justice that W. A. Greuer, the Montreal editor who libelled Mr. Tarte, will be liberated in a few days.

Mr. George L. Walker, formerly of the pork-buying firm of Walker & Marlatt, a prominent citizen of Aylmer, Ont., died yesterday of heart failure, aged 56. He was born in Monaghan, Ireland, and came to Canada in 1851.

A militia order will shortly issue making Ottawa a metropolitan military district, administered directly from headquarters, and combining districts 3 and 4 in one district, under Lieut.-Col. Montgomery-Moore, D.O.C., Lieut.-Col. Cotton will be D.O.C. of the new district.

While out shooting with friends near Wheatley, Ont., the other day, Arthur Harrington, Leamington agent of the E. & D. River Railway, received in his right side, a charge of shot from the gun of William Simpson. His wound is painful, but it is thought he will recover.

Richard Mansfield and his company played at St. Joseph, Mo., under a guaranty of $1500. The guaranty was not put up in full, and Mansfield sued for a balance of $800. Manager Rosenbaum claimed that the company was not up to the standard, and the court sustained him, so Mansfield is out the $800.

French Duty on Pork and Lard.

Paris, Oct. 29.—The Customs Committee of the Chamber of Deputies has decided to recommend that the Government maintain the previously adopted duties on pork products, including lard, with the exception of reducing the duty on salt pork, hams and bacon from 30 to 25 francs.

AFTER MANY YEARS

Of Illness That Was Developing Consumption

PAINE'S CELERY COMPOUND

Gives New Life and Health to a Young Lady.

Another Proof of the Life-Giving Virtues of the Great Medicine.

Too many women have an apparent disregard of the principles that pertain to good health and true womanhood. The pains, aches and tired feelings of to-day are treated lightly, and often viewed with an utter indifference. When weakness, sleeplessness, nervousness, debility, constipation, headaches and prostration are doing their terrible work in the destruction of nerve power and breaking up the physical system, many women only apply themselves to harder work and plunge more deeply into society pleasures so as to drown all thoughts of trouble.

Such reasoning and action is vain and foolish; the end comes quickly and surely. Frail nature cannot cope with the strong hand of disease; the victims are soon broken down and laid on sick beds. The wise woman acts promptly when the first symptoms of disease are manifest; she makes use of Paine's Celery Compound, the medicine that strengthens the nervous system, cleanses the blood, and puts the whole digestive organism in perfect condition.

A prompt and early use of Paine's Celery Compound means a speedy restoration to good health; but it must not be forgotten that, even though the case be a desperate one, Paine's Celery Compound is always an unfailing cure.

If failure has resulted from the use of other medicines; if you are not progressing under the treatment of your doctor; then we urge you to make use of Paine's Celery Compound, that has so successfully met the cases of thousands in the past.

The following letter from Miss Blake, Hughson-street, Hamilton, Ont., saved at the eleventh hour by Paine's Celery Compound, fully proves that the great medicine is truly a life-giver:

"For years I suffered greatly, and was under the care of doctors who finally told me I was going into consumption. I was becoming worse through the use of medicines, and I gave up my doctors. While in a very critical condition, not able to sleep or rest, always faint and weak, appetite and digestion bad, and my system run down and little life left in me, I commenced to use Paine's Celery Compound. After taking one bottle I felt much relieved. I have used in all seven or eight bottles, and am now a new woman, can enjoy life, and am as well as I wish to be. Many thanks for your great medicine."
