The Unrivalled Summer Medicine

IS WELL KNOWN TO BE

Dr. S. Townsend's Extract of SARSAPARILLA,

WHICH assertion is endorsed by the following Testimonial from Rev. JAMES BEATTIE Pastor of the Third Presbyterian Church, New Orleans, 18th July, 1850.

Dr. S. P. Townsend—Dear Sir: I feel it to be both a duty and a privilege to say, that for several Summers past I have used your preparation of Sarsparilla in my family with the happiest effects. Yours, etc.,

JAMES BEATTIE.

Halifax, January 2nd, 1851.

MR. SAMUEL STORY, Junr.,

DEAR SIR,—I am happy to inform you that I had an opportunity of perceiving the good effect derived from the use of Dr. S. P. Townsend's Sarsparilla, on Mrs. Rebecca Robinson, of Shelburne, who was considered in a decline, —having a severe Cough, with symptoms of Asthma.—She took large quantities of COD LIVER OIL, but without any benefit derived from it; at my request she was induced to try your valuable Sarsparilla, and am happy to say with great success. She has taken five Bottles, and is now able to go about her house as usual, before taking it she was confined to her bed and not expected to live.

Your obedt. serv't.,

JOSEPH WALTERS.

WITNESS: Patrick Caulfield, City Constable.

LIFE AND FIRE INSURANCE. The Undersigned has been appointed Agent for the "TRENTON MUTUAL LIFE AND FIRE INSURANCE COMPANY, Trenton," United States, and having previously to taking the Agency, received satisfactory proof of the good standing and respectability of the Institution, he begs to inform the public generally that he is now prepared to issue Policies for eligible fire risks or mercantile or premium, and to receive proposals for Life Policies which will be forwarded to the Directors, and if accepted, Policies will be immediately received. The Capital Stock of the Trenton Mutual is now $275,000, well secured in good productive Stocks, Mortgages on Real Estate and Cash in Banks—and is doing a large fire business and is not from its commencement in 1847, a very small Life business.

In the Life Department they issued the first year, and on 31st October last, 267 Policies—a number which very few Companies of long standing ever reach in the same time, in part of the annual system in Life Assurance is very important, and is most favourable to all Policy holders in this society, inasmuch as they receive a portion of each year's profits yearly, being deducted from the Premiums on policies which are liable to a duty of the English Government, and not subject to stamp duty—all the particulars of which are fully set forth in the Pamphlets which the Agent has for distribution, with Forms for all Blanks and every necessary information together with the Medical Examiners Certificate, &c. All persons intending to insure are invited to call on the Agent, who will give every information.

HOLLOWAY'S OINTMENT.

CURE OF RHEUMATISM AND RHEUMATIC GOUT.

Extract of a Letter from Mr. Thomas Brunton, Landlord of the Waterloo Tavern, Coatham, Yorkshire, late of the Life Guards, dated September 28th, 1848

To Professor Holloway.

SIR,—For a long time I was a martyr to Rheumatism and Rheumatic Gout, and for ten weeks previous to using your medicines, I was so bad as not to be able to walk. I had tried doctoring and medicines of every kind, but all to no avail, indeed I daily got worse, and felt that I must shortly die. From seeing your remedies advertised in the paper I take in, I thought I would give them a trial. I did so. I rubbed the Ointment in as directed, and kept cabbage leaves to the parts thickly spread with it, and took the Pills night and morning. In three weeks I was enabled to walk about for an hour or two in the day with a stick, and in seven weeks I could go any where without one. I am now, by the blessing of God and your medicines, quite well, and have been attending to my business more than seven months, without any symptoms of the return of my old complaint.

Besides my case of Rheumatic Gout, I have lately had proof that your Pills and Ointment will heal any old wound or ulcer, as a married woman, living near me, had had a bad leg for four years, which no one could cure, and I gave her some of your Pills and Ointment, which soundly healed it when nothing else would do it. For your information I had the honour to serve my country for twenty-five years in the first regiment of Life Guards, and was eighteen years a corporal. I was two years in the Peninsular War, and was at the Battle of Waterloo. I was discharged with a pension on the 2nd September, 1833. The Commanding Officer at that time, was Colonel Lygon, who is now a General. I belonged to the troop of Captain the Honourable Henry Baring.

(Signed) THOMAS BRUNTON

CURE OF A BAD LEG OF TWENTY-ONE YEARS' STANDING.

Extract of a Letter from Mr Andrew Brack, Blacksmith, Eyemouth, near Berwick, dated the 10th of August 1848.

To Professor Holloway.

SIR,—With pleasure and gratitude I have to inform you that after suffering for 21 years with a bad leg, which yielded to no kind of treatment, although I consulted, at different times, every medical man of eminence in this part of the country, but all to no purpose. I was frequently unable to work, and the pain and agony I often endured no one can tell. My leg is now as sound as ever it was in my life by means of your Pills and Ointment, which I purchased from Mr. T. Davidson, Druggist, Berwick-upon-Tweed, who knows my case well, and will, I am sure, be happy to certify with me, if necessary, as to the truth of this wonderful cure.

(Signed) ANDREW BRACK.

AMPUTATION OF TWO TOES PREVENTED.

Extract of a Letter from Mr Oliver Smith Jenkins, dated Faikirk, August 18th, 1848.

To Professor Holloway.

SIR,—I was superintending, about six months ago, the erection of one of our Railway Bridges, and by the fall of a large stone my right foot was seriously bruised, which immediately got so bad, that I was advised to go to Edinburgh to consult some of the eminent Surgeons, which I did, and was told that in order to save my foot, two of my toes must be taken off. In despair, I returned home to impart the melancholy news to my wife, intending to submit to the operation. It was then a thought struck me to try your valuable Ointment and Pills, which I did, and was by their means in three weeks enabled to resume my usual occupation, and at this time my toes are perfectly cured. (Signed) OLIVER SMITH JENKINS.

AN EXTRAORDINARY CURE OF A DESPERATE SKIN DISEASE.

On the 21st July, 1848, the Editor of the "Mofussilite" Newspaper, published in India, inserted the following Editorial article in his paper. "We know for a fact, that Holloway's Pills and Ointment act in a most wonderful manner upon the constitution, as an excellent Cooling Medicine, a lady employed in our Establishment was affected with a terrible Ringworm, which defied all the Mecca Doctors, and promised to become the poor man before she was three months older; we tried Holloway's ointment upon him, and in a month he was perfectly restored to his former condition and cleanliness of skin. The effect was miraculous."

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs,	Cancers,	Scalds,
Bad Breasts,	Contracted and Stiff joints,	Sore Nipples,
Burns,	Elephantiasis,	Sore throats,

CERTIFICATES

Of persons who were suffering from severe attack of Erysipelas, who had tried the many remedies which are usually prescribed from which they found no relief; but on applying MRS. BERTAUX'S MEDICINE were effectually cured.

This is to certify, that I have been afflicted with the Erysipelas, or the Salt Rheum, as the Doctors call it, for ten years. My hands were frequently so diseased, that I could make no use of them. I employed several physicians, but to no purpose as my suffering only increased.—I applied Mrs. BERTAUX'S MEDICINE for a short time and was soon cured of every vestige of the disease. The thankfulness which I felt, on the long and painful disease being removed, was much more than tongue can express. After three years from the time when I used the Medicine, was threatened with a relapse or return of the disease. I applied the Medicine and the disease disappeared. From that time to the present, I *am perfectly free* from all symptoms of Erysipelas or Salt Rheum. I therefore heartily recommend it to all who are similarly afflicted, as a speedy and effectual remedy

ANN S. WHEELOCK, Nictaux.

August 5, 1847.

This is to certify that my wife was attacked with Erysipelas in the face. I applied Mrs. BERTAUX'S MEDICINE, and the first application stopped the progress; and, continuing to use the medicine, in less than a week my wife was quite well. ELIAS GRIMES, Wilmot.

May 1st, 1848.

Wilmot, May 15, 1850.

This is to certify that my son was severely afflicted with the Erysipelas in his leg last summer, so badly that he scarcely slept for five successive nights. I then procured some of Mrs. BERTAUX'S MEDICINE, and applied it, and in the course of one week, the boy was well; and I verily believe if I had not used the above Medicine, that he would have lost his life. WILLIAM GORDON.

Sworn before me,

THOMAS C. WHELOCK, Esq.

Annapolis, January 3rd, 1851.

This is to certify that my daughter about a year ago had a very severe attack of Erysipelas in her head and face, so much so that there was left no hope of life. Medical aid was called, but the word was, that all was over as the dreadful disease had overspread the brain, and she was raving distracted. In this extremity I had accidently heard of Mrs. BERTAUX'S MEDICINE. I went and got a small phial, and proceeded to apply it as directed; and almost *instantaneously* the disease was arrested from further progress, and, in a few days, the swelling was gone, and her natural colour returned, and she is now alive and well.

Opinions of the Press,

Mr Tocque is a "Newfoundlander" but knows more of us Yankees than most of us know of ourselves. His book is quite remarkable, it is full of information, and the very information needed to afford a just estimate of the country Its statistics are abundant, but they are woven into sketches, personal and general, in such a manner as to relieve them of dulness. It treats of our manufactures, shipping, navy, public men, slavery, religion, and we know not what it omits. It ought to be a reliable volume.—*Boston, Zion's Herald, May 20th.*

"Such is the quaint title of a neat duodecimo volume, which we find upon our table. It is just what it professes to be, a peep at the Massachusetts corner of Uncle Sam's great homestead by a citizen of Newfoundland.
