ALWAYS SOMETHING DOING

Two Desperate Cases

These Two Men Owe Their Lives to GIN PILLS

Stone in the bladder is a direct result of kidney trouble—one of the results of neglecting the kidneys that have taken cold or are slightly out of order. Mr. Herman and Mr. Lessard whose letters are given below, were in a bad way until they tried GIN PILLS which cured their trouble by removing the cause.

There is no other kidney pill anywhere that has the merits of GIN PILLS. Sick and diseased kidneys respond quickly to their treatment. Many a case of incipient Brights or Diabetes has been cured by them. They cleanse, restore and build up the entire urinary tract.

573 James St. North, Hamilton, Ont.

Gentlemen,

Four years ago I was taken down with Inflammation of the Bladder. During the attacks, which occurred more and more frequently, the agony was unbearable, and I became so weak I couldn't walk across the floor. The doctors could do nothing to relieve or cure me.

My wife sent for a box of GIN PILLS to try and see if they would help me. From the first they did me good—the pain was relieved at once, and the attacks began to come at longer intervals. I continued taking the pills for six weeks, and then, to my surprise and delight, the stone I sent you some time ago came from me and my pain stopped. It is now three years since GIN PILLS cured me. I have had no return of the trouble, and I have not lost a day's work on account of it since.

There is not the slightest doubt that GIN PILLS saved my life. Yours gratefully, JOHN HERMAN.

Jollette, P. Q.

"During August last I went to Montreal to consult a specialist as I had been suffering terribly with stone in the Bladder.

He decided to operate but said the stone was too large to remove and too hard to crush. I returned home and was recommended by a friend to try GIN PILLS.

They relieved the pain. I took two boxes and went back to the specialist. He said the stone was smaller but he could not remove it although he tried for two hours and a half. I returned home and continued to take GIN PILLS, and to my great surprise and joy, I passed the stone.

GIN PILLS are the best medicine in the world and because they did me so much good, I will recommend them all the rest of my life."

J. ALBERT LESSARD.

GIN PILLS are no untried, doubtful remedy. GIN PILLS have been used for years by thousands in every section of Canada. They are guaranteed by the largest wholesale drug house in the world—and your money will be promptly refunded if GIN PILLS fail to give relief as guaranteed. 50c. a box—6 for $2.50. Sent on receipt of regular retail price if you are unable to get GIN PILLS in your neighbor. Sample box absolutely free to all sufferers from kidney and bladded troubles. Pain in the back in the region of the kidneys, swollen joints, Rheumatism, Lumbago, non-retention of urine, Brick Dust Deposits, Mucous or Bloody urine, etc., if you write National Drug and Chemical Co. of Canada, Limited, Dept. Y., Toronto, Ont.

Mrs. Wm. G. Lee.

The funeral of Mrs. William G. Lee took place yesterday. The body was taken from the residence to the Mission church and at 9.30 a. m. there was a communion service attended by the bereaved husband and children, by relatives and immediate friends of the deceased. There were many beautiful floral tributes, inclusive of a handsome cross and other designs. The cross was from the trustees of the church. Mrs. Lee was greatly esteemed and appreciated by the congregation. She was for years secretary of St. Monica's guild and was very much interested and active in the mother's guilds of the church, and indeed in all the work. At 2.30 p. m. the funeral service took place. There was a large attendance of mourners, members of the congregation and others. Rev. Fathers Convers and Collins conducted the service and the music was tender and touching. Interment was in Fernhill.

A Liquor Case.

Michael Harney has been reported by the police for a violation of the liquor act.

PERSONAL.

Mrs. R. D. Goggin and daughter, Vesta, of Belleisle Creek, are spending the week with her sister, Mrs. J. J. Worden of St. John West.

Judge Landry arrived in the city on the Boston Express last night.

Walter Murchie, manager of the Calais base ball club, arrived in the city last night.

Miss Ellen Slipp of Douglas Avenue, who has been visiting in New York, New Jersey and Boston for several weeks, has returned home.

Mrs. Carl Burge.

The many friends of Mrs. Carl Burge, of 258 Watson street, West End, will regret to learn of her death, which occurred last night at the General Public Hospital. The deceased was the daughter of E. Hedgely, steward of the tug Lord Wolsley, and had a host of friends and acquaintances among whom she was popular. The circumstances of her demise are particularly sad, as she was in the prime of youth, being in her eighteenth year, and was married only since April last. The funeral will be held tomorrow at 3 o'clock from her late residence.

SUCCESSFUL FARMER'S MEETING AT HARVEY

Agriculturists of that District Loud in their Praise of Provincial Government's Interest in their Welfare.

Harvey Station, June 22.—A very successful farmers meeting was held at the Agricultural Hall Harvey on Monday the nineteenth inst, under the management of Agricultural Society No. 39.

Sessions were held in the afternoon and evening addressed by Messrs. Elliott, Moore, Hubbard and Mr. Dunbrack and Miss Elliott of Galt, Ont. The attendance at all the meetings was good and much interest was aroused. Each family brought a basket for a picnic supper and remained for the evening meeting.

In the afternoon Mrs. Dunbrack, of Fredericton, and Miss Elliott met the ladies at Mrs. Robert Little's and demonstrations and valuable suggestions were given in the cooking of meats, etc. This new departure, by which the government is arousing interest in domestic science, was much appreciated, and as a result a women's institute has been organized with the following officers:

President—Mrs. John E. Coburn.
Vice-president—Mrs. Robert Little.
Secretary-treasurer—Mrs. George Speedy.

Meetings are to be held monthly, when subjects relating to women's work will be discussed.

Messrs. Elliott and Moore, of Truro, whose good work among the farmers is already so well known, have fully sustained their reputation in their valuable addresses as well as by field demonstration and stock judging. Mr. Hubbard also is proving himself an energetic practical speaker full of valuable ideas.

The action of the provincial government in procuring first class speakers for these farmers' meetings, is being appreciated very highly.

Evangelistic meetings are being conducted in the Presbyterian churches here under the general assembly's committee, Rev. D. J. Craig, of Ottawa, and T. H. Nichol, of London, Ont. are the leaders, associated with the pastor.

Mr. Craig is the preaching missioner and Mr. Nichol is the leader of the service of praise. Much interest is being manifested in the meetings held every evening except Saturday. This is part of a simultaneous mission being conducted in many of the congregations and missions of the St. John Presbytery.

Herbert Charles Bull, of McAdam and Mabel Isabel Moffitt, of Harvey, were married on Wednesday at the bride's home. They were attended by Arden Moffitt and Miss Nellie Bull. Many beautiful presents were received. Rev. M. J. Macpherson tied the nuptial knot.

CREDITABLE EXHIBITION BY Y.M.C.A. BOY SCOUTS

Those who Attended Y.M.C.A. Display, Last Evening, Saw Fine Work by the Juvenile Woodsmen.

There was an interesting entertainment in the Y. M. C. A. Gym last night by the Y. M. C. A. Boy Scouts and the manner in which the youngsters went through their excellent programme delighted the large number of spectators present.

The proceeds go towards the ice cabin fund, the boys having a cabin at Long Lake, where they spend the Saturdays in drill and enjoyment in the open air.

Last night's programme opened with the entrance of the Scouts and each patrol put up a brush camp in a most creditable manner. Following this the lights were turned out and the Scouts turned in.

Next was a morning scene, Scouts up, shaking blankets and making ready for the day's work. There was then drill work, signalling, semaphore etc. Ten minutes was then given for each patrol to carry on scout work in front of the camp, fire lighting by rubbing of sticks, knot tying, first aid work, flower collections, rustic work, etc.

Then came games, including Bang the Bear, and the dragging race.

Following this was a camp concert and a solo was rendered by Piper Morgan.

Messrs. Wm. McIntosh and W. H. Moore were judges of the camps, and awarded first prize to the Loons with D. Holman patrol leader.

After the entertainment the boys adjourned to the large meeting room on the second floor where a farewell social was given to Mr. Moore, the boys' secretary, who leaves next Tuesday for Winnipeg. The send-off was a hearty one and Mr. Moore in a feeling speech gave some good advice to the boys and told of his regret at leaving them.

Speeches were also made by A. M. Gregg, H. Wetmore, J. G. McKinnon, H. L. Lordly and others. The Scouts presented Mr. Moore with a leather bound copy of the "Boy Scouts."

Refreshments were served at the close of last night's programme and the evening was a most enjoyable one.

LARGE NUMBER AT COLUMBIAN FAIR

All the Attractions Did Good Business Last Evening—An Interesting Seeress—Fair Closes Tonight.

In spite of the attraction of a band concert on King Square, the attendance at the fair of the Knights of Columbus last evening was very large. The grounds presented an animated scene, as the crowds, gay in summer finery surged about the brilliantly decorated booths. The City Cornet Band seated under the spreading branches of the great tree, cast the magic of music over the scene, bringing a finer bloom of beauty to the faces of the flocks of pretty girls, and making the kids dance about with very joy. The hoarse cries of the barkers on the pike mingled with the laughter of happy couples, smitten with the glamor of the scene. All the booths, as well as the pike features, attracted crowds, and Madame Bernardo, bewigged and spangled, revealed the past, and future to scores.

She even told the reporter a lot of good news. Gazing into the bottom of a tea cup with the rapt air of a prophetess she cried:

"You have a past."

The reporter admitted it.

"But I would not like to tell you all about your past that I see in the cup," said the fair seeress.

"Don't mention it," said the reporter, "I've seen a lot of strange things in my cups myself."

"Well, you have a future," said the wise lady. "If you live long you will be famous for your age. Also—"

But if anybody doubts the ability of Madame Bernardo to reveal the secrets of the future, they should interview her themselves. She can paint the future in rosier colors than a politician.

A lot of young ladies consulted her on their chances of securing the bride's cake, but ticket No. 960 held by Mrs. E. B. Johnston of Loch Lomond took the prize last night.

Children will be welcomed to the fair this afternoon at a reduced admission. In the evening the City Cornet Band will again be in attendance, and it will be the last chance to consult Madame Bernardo, or have a shy at Trilby.

TO MOVE OFF A COLD.

Cough mixtures "dope" a cold—but a Abovednlbd .h reeetet.r ee ' sbelcpup don't cure. Above all else, keep the bowels regular and stimulate the eleminating organs. More valuable than any cough syrup are Dr. Hamilton's Pills. They clear the system of every trace of cold—the dull headache, aching limbs, and cough disappears. Take the pills before retiring, they work while you sleep, and by morning your cold is broken and passes quickly away. All dealers sell Dr. Hamilton's Pills in 25 ct. boxes.

THE SONS OF ENGLAND CORONATION DINNER

Patriotic Speeches and Songs Marked very Pleasant Gathering in Alexandra Hall Last Evening.

As a fitting sequel to the Coronation celebrations, and to do special honor to the occasion, the Sons of England held a grand banquet last night in the hall of Alexandra Temple of Honor.

The two local lodges, with their ladies and a large number of invited guests attended the function. About two hundred persons sat down to the elaborate menu prepared and served by Manager Menzies, of the White Catering Company. The tables were tastefully decorated, and a profusion of flags, bunting and patriotic devices decked the hall. The model Niobe, which was a conspicuous feature of Thursday's parade, occupied a prominent position in the decorative scheme last night.

A neat menu card, in keeping with the other details of the dinner, was tastefully designed.

Patriotism was the keynote of the occasion, the speeches and music being patriotic in character.

H. C. Green, supreme president, capably fulfilled the duties of chairman.

The toast list was an elaborate one, and the different toasts elicited eloquent responses from several of the speakers. Included in the list of toasts were The King, Canada, The Empire, The Supreme Court, The City, and others.

The initial toast, His Majesty The King, was received with musical honors, and was followed by the toast to the Supreme Lodge, proposed by R. I. Carloss, past district deputy and responded to by T. H. Carter, P. D. deputy and member of the supreme executive, formerly of Toronto, but now a resident of this city.

The chairman, H. C. Green, in an able address, also replied to the same toast.

The Empire, proposed by L. A. Belyea, past district deputy, elicited an eloquent address by Hon. Robt. Maxwell, M. P. P. Hon. Mr. Maxwell's remarks were replete with patriotism and were received with unstinted applause.

Though not an Englishman, the speaker stated, the toast to the Empire or to anything that pertains to the Empire or the flag appeals strongly to his sense of loyalty to the flag.

The toast to the Empire is a vast one, and the mention of the word gives rise to varied ideas. The growth and development of England are akin t othe marvellous. To fully appreciate the true greatness of England, we must realize the comparatively small area of Great Britain; then the marvellous scope of her world wide influence stands forth in bold relief.

The speaker then dwelt at length on the glories of the Empire, and the greatness of the Dominion, advocating the strengthening of Imperial ties and appealing to his hearers to be alive to the call of the Empire.

Postmaster Sears was heard in a happy speech, and able addresses were delivered by Aldermen Wilson, and Kierstead, Rev. Dr. Raymond and others.

A select musical programme was carried out during the evening, and the dinner was concluded with the singing of national airs.

YESTERDAY ANOTHER GREAT DAY IN LONDON

Continued from page 1.

was very full and the train round. A wide box pleat opened like a fan from the waistline, later merging in the train.

The train of purple velvet, ermine and gold was perfectly regal. It was attached to the dress at the shoulders by rich gold cords with tassels. It was lined with ermine dotted with black tails. Round the outer edge was a narrow border of ermine and then a single line of burnished gold embroidery while a second border was of acorns, intercepted at frequent intervals by medallions bearing the rose, the thistle and the shamrock in turn. At each side of the train where it was turned at the bottom was a larger medallion and three more of the same size in the centre at the end.

Over the train at the shoulders the Queen wore an ermine cape which reached not quite to the waist.

The design of roses, shamrocks and thistles raised in dull and bright gold, was carried out all over the train, enriching the effects of the purple velvet. Near the centre were also worked in old English lettering the Queen's cypher in dead gold, and this was transfixed by a slender Latin cross with a trefoil at each end in bright gold. Above this was the crown in gold.

Altogether the robe presented an appearance of great magnificence and all present agreed that the picture of queenly dignity was complete when her majesty wore her crown after the ceremony of anointing.

CHURCH NOTICES.

REFORMED BAPTIST CHURCH, Carleton street, St. John.—Rev. J. G. Nickerson, who held evangelistic services in the Reformed Baptist church during April, and has been since that time supplying during the absence of the pastor, preaches his last sermon Sunday night, June 25th. Text, Luke 16:26. Subject, "The Bridgeless Gulf; or is the future punishment of the wicked endless, or is it annihilation?" This is a subject somewhat neglected, and you would do well to come, as we believe it will be interesting both from an argumentative and Biblical standpoint.

EXMOUTH STREET METHODIST CHURCH.—Class meetings Sunday morning at 9.45. Preaching service at 11 a. m., Pastor Rev. W. W. Brewer. Sunday School Bible Class at 2.30 p.m. Preaching service at 7 p. m., Rev. W. W. Brewer. A special open-air service will be held at the Haymarket Square at 8.15 p. m.

School For The Deaf.

The closing exercises of the school for the deaf will be held on Tuesday June 27 at 2.30 p. m. The public are invited to attend and it is hoped a large number of citizens will avail themselves of the opportunity.

HORRIBLE ACCIDENT IN POKIOK SAW MILL

Harold Taylor, so Frightfully Mangled Yesterday Morning that his Death Occurred Short Time Afterwards.

While at work in Charles Miller's lumber mill at Poklok about 7 o'clock yesterday morning Harold Taylor, an employe was frightfully injured, and died before he could be removed to the general public hospital.

Mr. Taylor went under the mill shortly before 7 o'clock to do some work about the machinery, and did not tell any of the other workmen that he was going there. So no person saw the accident.

At sharp 7 o'clock the machinery was started and at 7.15 o'clock one of the oilers went under the mill to oil the machinery and was horrified to find Taylor frightfully mangled and in a dying condition.

He had been caught in one of the belts and had his arm torn out of its socket and the muscles torn from his side, besides having several bones broken. Word was sent to the city for the ambulance to meet a boat at Indiantown and to bring along a doctor. Then everything that was possible was done for the dying man. He was brought to Indiantown, remaining unconscious until his death. When the launch arrived at Indiantown the ambulance with Dr. C. M. Pratt was in waiting. Dr. Pratt did all in his power to ease the sufferer's pain, after which he was placed in the ambulance and started for the hospital. Before they arrived however, Mr. Taylor had passed away. He was a general favorite around the mill and his sad death cast a gloom over all of the employes.

The deceased resided on Bridge St. and leaves a wife, three small children, and an aged mother.

Coroner Roberts was notified of the death and when asked last night regarding the holding of an inquest, stated that he was neutral in the matter, had nothing to do with the case and would not hold an inquest unless asked to do so.

A BIG NEW COMPANY TO TRADE WITH CUBA

Dr. E. S. Kirkpatrick Tells of Project which will Mean Another Big Establishment for St. John.

Dr. E. S. Kirkpatrick of Woodstock, formerly Canadian trade commissioner to Cuba, who was in the city yesterday, said the project to organize a big company to carry on trade with Cuba, Porto Rico and Jamaica, was in a fair way of realization. In Montreal and Ottawa he met with much encouragement and he expects to have a conference with the West Indian committee of the local Board of Trade in a short time and endeavor to enlist their support.

"It is almost impossible for a small company to do a satisfactory business with Cuba," said Mr. Kirkpatrick to The Standard yesterday. "The Spanish business men have a reputation for shrewdness, and are quite capable of seeing that the small men who ship goods to them from Canada don't make much money. The experience of the DeWitt Bros. is instructive. They tried to fight the combine among the Havana importers, but owing to the fact that their first big shipment of potatoes arrived in a bad condition and had to be dumped into the sea, they had no capital to work on and were forced to the wall.

"What is needed is a big company—one able to operate a line of steamers, put up a warehouse at Havana and establish its own selling agencies in the principal towns of Cuba and also in Porto Rico, Jamaica and elsewhere. Our plans are to organize a company with a capital stock of $1,500,000 or $2,000,000, and develop trade both ways. The headquarters would be in St. John, and we would have buyers of agricultural produce all through the St. John Valley. But we would not confine ourselves to shipping agricultural produce; we would handle lumber and everything else for which we could find a market in Jamaica and the foreign West Indies.

"Cuba is the richest island in the West Indies. Its resources are being rapidly developed, and it will afford an important market for Canadian products.

"At present the Canada-Cuba trade amounts to about $2,500,000 a year, an insignificant item compared with the possibilities. Canada's trade with the British West Indies amounts to about ten millions a year, but of that amount about seven millions represents imports of sugar. A great deal of interest is being shown in the possibilities of trade development with the British West Indies, but taking them altogether they can not begin to offer us as important a market as Cuba which has a much greater population, larger resources, and more purchasing power. Cuba does a big foreign trade now and it is expanding with great rapidity."

The Free Kindergarten.

The last meeting of the present term of the Free Kindergarten committee was held yesterday afternoon in Centenary church school room. The reports were submitted to the meeting and showed the year to have been a successful one. A number of applications for positions as assistants were received. The committee expressed regret at the departure from the staff of Miss Allen and Miss Miller. The Kindergarten closing exercises will be held on Wednesday next.

RUPTURE

YOUR LAST CHANCE

Until MONDAY NIGHT ONLY

The Specialist of

MR. A. CLAVERIE,

is at the

Park Hotel

from 9 a.m. to 3 p.m. and from 6 to 9 p.m.

GO AND SEE HIM AT ONCE.

ALL ADVICE GIVEN FREE.

THE TERRIBLE DANGERS which rupture entails are known to most people. Many know also by experience the horrible sufferings caused by those barbarous instruments which are called trusses.

Many sick, are too well aware also that many so-called elastic bandages cannot withhold even the most trifling rupture.

It is universally recognized that the only apparatus giving COMPLETE GUARANTEE are those of Mr. A. Claverie, the celebrated European Scientist, so well known now in Canada from COAST TO COAST.

They afford an IMMEDIATE AND SURE RELIEF, put an end to the sufferings and give ABSOLUTE and CONSTANT SECURITY, because they may be worn day and night, and lastly are built on physiological and SCIENTIFIC PRECEPTS.

All who are ruptured shall trust on Mr. A. Claverie, whose method and apparatus have brought back to health almost ONE MILLION SUFFERERS all over the world.
