JOHN WILLIAMS.
(SUCCESSOR TO A. W. GIBBS,)
AGENT FOR
MOFFAT'S VEGETABLE
LIFE MEDICINES.

THESE medicines are indebted for their name to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor. In many hundred certified cases which have been made public, and in almost every species of disease to which the human frame is liable the happy effects of Moffat's Life Pills and phœnix bitters have been gratefully and publicly acknowledged by the persons benefitted, and who were previously unacquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act
The Life Medicines recommend themselves in diseases of every form and description—Their first operation is to loosen from the coats of the stomach and bowels, the various impurities and crudities constantly settling around them, and to remove the hardened fæces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these and leave such collected masses behind as to produce habitual costiveness, with all its evils, or sudden diarrhœa, with its imminent dangers. This fact is well known to all regular anatomists who examine the human bowels after death; and hence the prejudice of these Well informed men against quack medicines—or medicines prepared and heralded to the public by ignorant persons. The second effect of the Life Medicines is to cleanse the kidneys and bladder, and by this means, the liver and the lungs, the healthful action of which entirely depends upon the regularity of the urinary organs.—The blood which takes its red color from the agency of the liver and the lungs before it passes in the heart, being thus purified by them and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek
Moffat's Vegetable Life Medicines have been thoroughly tested, and pronounced a sovereign remedy for dyspepsia, flatulency, palpitation of the heart, loss of appetite, heartburn and headache, restlessness, ill temper anxiety, languor and melancholy, costiveness, diarrhœa cholera, fever of all kinds, rheumatism, gout, dropsies of all kinds, gravel, worms, asthma, and consumption, scurvy, ulcers, inveterate sores, scorbutic eruptions and bad complexions, eruptive complaints, Sallow, cloudy and other disagreeable complexions, salt rheum, erysipelas, common colds and influenza, and various other complaints which affect the human frame. In fever and ague particularly the Life Medicine have been most eminently successful; so much so that in the fever and ague districts, physicians almost universally prescribe them
All that Mr. Moffat requires of his patients is to be particular in taking the Life Medicines strictly according to the directions. It is not by a newspaper notice, or by anything that he himself may say in their favor, that he hopes to gain credit. His alone by the results of a fair trial.
Moffat's Medical Manual; designed as a domestic guide to health—This little pamphlet, edited by W. B. Moffat, 375 Broadway, New York, has been published for the purpose of explaining more fully Mr. Moffat's theory of diseases, and will be found highly interesting to persons seeking health. It treats upon prevalent diseases, and the causes thereof.—Price, 25 cents—for sale by Mr. Moffat's Agents generally

Eight Hundred Thousand
ACRES OF LAND
IN THE
HURON TRACT.
Notice to Old Settlers, Emigrants and Others.
THE CANADA COMPANY have again thrown open all their Lands in the HURON TRACT for disposal, by way of LEASE for TEN YEARS—NO MONEY BEING REQUIRED DOWN
The Rent payable on the 1st February in each year, is not much more than the Interest upon the upset price of the Land—the right to purchase the Freehold at any time within the ten years, at a fixed price named in Lease, is secured to the Settler, who would thus save all further payments of Rents.
The Huron District is known to be one of the most healthy and fertile Tracts of Land in Canada—it has more than doubled its population within four years. The Huron Tract in the year 1842, contained 7101 souls—in June last year, the Huron Datrict numbered 14,983 souls, according to the Official Returns.
The above Lands are in Blocks, therefore, affording facility for the undivided settlement of Families, of Old Settlers and their Friends.
Maps, Printed particulars, and every requisite information upon the Huron and the Canada Company's other Lands in the Province, will be furnished FREE OF CHARGE, by application (if by letter post-paid) to the Canada Company's Office, at Toronto, and Goderich, and Stratford, in the Huron District.
