THREW THE CARD SHARP OVERBOARD

Man Accused of Swindling Ocean Passengers Mysteriously Disappears.

Philadelphia, Oct. 28. — When the American liner Noordland reached port Monday the disappearance of Thomas Hall, a steerage passenger from Manchester, England, was reported. The officers do not know what became of him, but the passengers believe that he was thrown overboard. With his brother-in-law, Frank Allison, Hall took passage at Liverpool. The vessel had hardly left the dock before the two started a card game. They won always and soon peculiar talk about them was whispered about.

Last Friday night, after the two had been winning constantly throughout the game, the charge of cheating was made and a fight ensued. Allison, who held the money, managed to reach a hiding place. Hall rushed on deck pursued by a crowd from the steerage. The watch heard a splash and saw the men on deck. They asked him where Hall had gone. He reported that circumstance to the captain and the ship hove to.

For an hour a search was made, but no trace of Hall was found. The steerage passengers who had pursued the men said that when they reached the deck Hall was nowhere to be seen. The officers of the boat think he jumped overboard through fright. Passengers think he was thrown over. No arrests have been made.

BOTHERED FOR YEARS

Postmaster Belyea Then Tried Dodd's Kidney Pills and His Kidney Disease Vanished.

Lower Windsor, Carleton County, N. B., Oct. 26.—T. H. Belyea, the well-known and widely respected postmaster here, adds his testimony to the long list of those cured by Dodd's Kidney Pills.

"Kidney Disease bothered me for years," says Postmaster Belyea. "I used medicines and plasters without getting any lasting benefit. Hearing of cures by Dodd's Kidney Pills I tried them with splendid results.

"They seem to have made a complete cure in my case, as I feel as well as ever I was. I believe Dodd's Pills are the right remedy for Kidney Trouble and will do all they are claimed to do."

Dodd's Kidney Pills cure all Kidney ills from Backache to Bright's Disease. If you cure the Backache you will never have the Bright's Disease.

The average price of cotton in New York was, in 1898, 6 cents a pound; in 1901, 8.96 cents, and in 1902, 8.75 cents. The speculative price this year has ranged near 13 cents.

Scrofula

It is commonly inherited.

Few are entirely free from it.

Pale, weak, puny children are afflicted with it in nine cases out of ten, and many adults suffer from it.

Common indications are bunches in the neck, abscesses, cutaneous eruptions, inflamed eyelids, sore ears, rickets, catarrh, wasting, and general debility.

Hood's Sarsaparilla and Pills

Eradicate it, positively and absolutely. This statement is based on the thousands of permanent cures these medicines have wrought.

"The face of my little girl from the time she was three months old, broke out and was covered with scabs. We gave her Hood's Sarsaparilla and it cured her." T. M. CARLING, Clinton, Ontario.

Hood's Sarsaparilla promises to cure and keeps the promise.

THE CRISIS IN THE FAR EAST

One Report Says Russia and Japan Have Reached an Amicable Arrangement.

London, Oct. 27.—Official information from both Tokio and St. Petersburg, says the Berlin correspondent of the Standard, is to the effect that drafts of the Russo-Japanese convention have been approved by the czar and Count Lamsdorff, the Russian foreign minister. Only slight alterations in these drafts are needed to effect a settlement of all difficulties by amicable compromise.

London, Oct. 27.—The crisis apparently has been delayed, telegraphs the Che-Foo correspondent of the Morning Post. Russia in the meanwhile is strongly augmenting her fleet in these waters, and concentrating troops in the vicinity of the Yau River. She holds all the available river frontage at Yongampho, and dominates the Shaho passage. The Emperor of Corea, the correspondent concludes, is in favor of Russia.

Yokohama, Oct. 27.—Count Lamsdorf, Russian minister of foreign affairs, who is coming to confer with Foreign Minister Delcasse on questions relating to the East and far East, will reach here early tomorrow. A dinner will be given in his honor at the Russian embassy, at which Count Cassini, Russian ambassador at Washington, will be present. It is believed that Count Cassini will discuss American questions in the far East with Count Lamsdorf, and receive precise instructions as to policy.

RIOTOUS DOUKHOBORS

Three Reported Killed in Fight Near Yorkton.

Winnipeg, Man., Oct. 28.—Word has been received here of a riot in the Doukhobor colony to the north of Swan Lake, in which three persons were killed and another fatally injured.

Peter Veregin, the so-called Christ of these people, went on a visit to the Yorkton colony. Before he went he called his followers before him and, while they lay prostrate before him, he told them to follow out his doctrine during his absence, and to pay no heed to any so-called missionaries who might visit them. For a day all went well, until a Methodist minister named Perkins arrived at the settlement and tried to preach to them. The community divided itself and one faction of the women stripped themselves of clothing, as they have done on several previous occasions, and started to look for Peter Veregin, their leader and self-styled Christ.

The men interfered and a pitched battle ensued.

A BRAKEMAN KILLED

A St. Thomas Railroad Man Meets Terrible Death.

St. Thomas, Ont., Oct. 28.—James Armstrong, Michigan Central brakeman, who resided at the corner of Catharine and Eagle streets, this city, met death Monday evening while in the performance of his duty. Armstrong was head brakeman on Conductor John Watson's westbound freight train, which passed Hagersville about 10:30. Another freight, which stood in the siding to let Conductor Watson's train pass, pulled out about five minutes afterwards, but had not gone more than 100 yards when the train crew noticed the body of Brakeman Armstrong lying on the track. After stopping and examining the body it was found to be minus the head and left arm, but these were found afterwards along the track. Otherwise, the body was uninjured. It appears to have been dragged about for some distance, and by the nature of the wounds, looks as if Mr. Armstrong had fallen between the cars while walking along the top of the train. His watch was still going when picked up. Conductor Watson nor the rest of his crew did not miss Mr. Armstrong until the train reached Waterford. He leaves a widow and three daughters.

CLOSER UNION IS THE LESSON

To Be Learned From Boundary Tribunal Award.

ACCORDING TO LONDON PAPER

Bandmaster Rogan and His Canadian Trip—A Princess Gives Memorial to Colonial Soldiers.

London, Oct. 27.—The St. James' Gazette says that this country and the United States can well afford to pass over some expressions by Sir Wilfrid Laurier in his criticism of the Alaska award. Canada is annoyed just now, as any private individual is annoyed at losing a lawsuit. Sir Wilfrid Laurier, so to speak, has tied the horse's tail with red to give warning that it is safer to keep away from his heels. The true lesson of the award is the need of closer union and better organization. There should never again be both British and Canadian commissioners on such a tribunal. It should be composed of two parties only—the British and the foreign representatives.

The Manchester Guardian says: "Sir Wilfrid Laurier's demand for control over foreign affairs as far as they affect Canada, strikes at the very root of the imperial position, and if pressed it must lead to complete overhauling of the ordinary conceptions of imperial colonial relations."

At a meeting of the Cheshire Chamber of Agriculture called to discuss preferential tariffs, H. J. Tollemache, M. P., referring to the suggested tax of five per cent on cheese, said he failed to see how such a duty would benefit English dairymen when colonial cheese must come in free.

BANDMASTER ROGAN.

Bandmaster Rogan, of the Coldstream Guards, expresses himself as delighted with his visit to Canada. He says that everywhere hospitality was extended to the band with a free hand. The trip was a grand success financially. The band played before half a million people. They never played the National Anthem so many times per day before as on the trip through Canada. Bandmaster Rogan was surprised to find that in the most out of the way places the most consummate symphonies of Liszt, Wagner, Tchaikowsky, Grieg, and the older masters were appreciated. Everywhere Canada was quite abreast of the mother country in this respect.

A COLONIAL MEMORIAL.

The Princess Louise visited St. Paul's Cathedral yesterday to select a position for the memorial bronze she is executing at the invitation of the Colonial Troops' Club in memory of the colonials who fell in the South African war. The design, an angel with outstretched wings, poises over the effigy of Lord Laye. Latin letters state the memorial is to the colonial sons of the empire who gave their lives in defense of their country.

Can Positively Make Men Sound and Strong

Detroit Specialist Discovers Something Entirely New for the Cure of Men's Diseases in Their Own Homes.

You Pay Only If Cured!

Expects No Money Unless He Cures You—Method and Full Particulars Sent Free—Write for It This Very Day.

A Detroit specialist who has 14 certificates and diplomas from colleges and medical boards, has perfected a startling method of curing the diseases of men in their own home, and so that there may be no doubt in the mind of any man that he has both the method

DR. S. GOLDBERG,
The possessor of 14 diplomas and certificates, who wants no money that he does not earn.

and the ability to do as he says, Dr. S. Goldberg, the discoverer, will send the method entirely free to all men who send him their names and address. He wants to hear from men who have stricture that they have been unable to get cured, prostatic trouble, sexual weakness, varicocle, lost manhood, blood poison, hydrocele, emaciation of parts, impotence, etc. His wonderful method not only cures the condition itself, but likewise all the complications, such as rheumatism, bladder or kidney trouble, heart disease, etc.

The doctor realizes that it is one thing to make claims and another thing to back them up, so he has made it a rule not to ask for money unless he cures you, and when you are cured he feels sure you will willingly pay him a small fee. It would seem, therefore, that it is to the best interests of every man who suffers in this way to write the doctor confidentially and lay your case before him. He sends the method, as well as many booklets on the subject, including the one that contains the 14 diplomas and certificates, entirely free. Address him simply Dr. S. Goldberg, 208 Woodward avenue, Room G, Detroit, Mich., and it will all immediately be sent you free.

This is something entirely new and well worth knowing more about. Write at once. 23-tf-xt

CHAMBERLAIN'S MONSTER MEETING

He Addresses Workingmen's Conservative Association.

NO INCREASED COST OF LIVING

If His Policy Is Followed—The Gathering Passes Resolutions Indorsing His Scheme.

Liverpool, Oct. 27.—Joseph Chamberlain addressed another monster meeting in the Hippodrome here tonight under the auspices of the Workingmen's Conservative Association. Mr. Chamberlain was given a tremendous reception. The meeting was organized as an offset to the recent action of representatives of labor unions in denouncing Mr. Chamberlain's proposals.

Mr. Chamberlain devoted the first portion of his speech to the "dumping" of the manufactures of the United States and Germany in this country, which, he said, must result in depression.

With regard to the cry of dearer food, he pledged himself that his proposals would not add anything to the cost of living, on the contrary they would decrease the cost of living to the poorest families in the country.

The speaker devoted the greater part of his speech, which lasted an hour and a half, to a powerful argument addressed to the working classes of the United Kingdom. He pointed out that when the movement for free trade was carried the working classes were neither represented nor consulted, but it was a movement of the manufacturers and the middle class. Now that the working classes were represented in Parliament their support was absolutely essential to the carrying out of his proposals which, he said, meant more employment. Emphasing the statement that it was impossible to reconcile free trade with trade unionism, Mr. Chamberlain pointed out the inconsistency of supporting a policy which admitted the product of the cheapest kind of labor without taxation. He said he believed the working classes of the United Kingdom were more advanced than many of their leaders, and said if this were true, he was confident his proposals would win.

Mr. Chamberlain dwelt especially upon the shipping industry. He pointed out the greater growth of foreign shipbuilding as compared to that of Great Britain. He referred pointedly to Great Britain's loss of trade with Cuba where he said British conditions of trade had not been respected. "All our representations have been fruitless and America proposes preferential arrangement treating Cuba exactly as I want you to treat Canada." He said the adopting of his policy would encourage and stimulate the colonial shipping trade, and would not prevent the development of foreign trade. He said he wanted to see less foreign articles imported, but more raw materials brought here in return for British finished goods.

In conclusion Mr. Chamberlain declared that Holland had tried and failed to keep command of the sea, and her position as carrier and merchant of the world without a productive capacity, and that Great Britain would be no more successful than Holland if she neglected to bind her colonies to her.

The meeting adopted a resolution eulogizing Mr. Chamberlain's services, indorsing the Government's fiscal policy and declaring the advisability of binding the empire more closely together.

REMEMBERED HIS MEN

Dead Millionaire Left Bequests for Employes.

New York, Oct. 28. — Under the will of Henry Iden, of Pelham-on-the-Sound, who for a quarter of a century was the head of a big gas fixture manufacturing company in Manhattan, the Isabella Heimath, the Society for Prevention of Cruelty to Children, the German Hospital and St. Mark's Hospital, each receive bequests aggregating from $200 to $300.

Fourteen of his employes are left $250 each, seven receive $200 each, five $150 each, five $100 each and sixteen $50 each, making a total bequest of $6,950 to employes.

The bulk of the estate is inherited by his sons, Charles and Henry Iden.

The estate is said to be worth a million.

YORK CATTLE POISONERS

Five of a Herd Are Killed by Paris Green.

Toronto, Oct. 28.—The first case of cattle poisoning brought to the attention of the York county authorities in years was reported to them last week. On Thursday last, the 22nd instant, Walter Ireland, a farmer, living on lot 8, con. 6, King township, found five of his twenty-six cattle dead in the field. They had been poisoned by eating paris green scattered over the grass. The facts were promptly reported to High Constable Ramsden and Crown Attorney Dewart, who sent out Constable Burns to investigate. He has not yet concluded his inquiry. Dr. Burns, of King City, certifies to the death of the cattle being due to paris green. While up north Constable Burns said he was in a snowfall four inches deep.

THE NEW SOO BOARD

Mr. Shields the Old Only Member To Be On It.

Philadelphia, Pa., Oct. 28. — The present directors of the Consolidated Lake Superior Company, with the exception of Cornelius Shields, the president, will have nothing at all to do with the new company to be organized under terms of plan of reorganization. John W. Moffly, chairman of the reorganization committee, said: "It is the unanimous sentiment of the reorganization committee that the board of directors of the new company should be composed of men who have not hitherto taken part in the management of the old company. The only exception will be the case of Shields, who was only recently elected president of the old company." Of the old directors all have promised to support the plan of reorganization.

SALE OF IRISH PILLOW SHAMS THURSDAY MORNING AT 9 O'CLOCK.

LADIES will thank us for putting on this sale. Trouble is the quantity will be too small for the number who will come for them. That's why we have named Thursday morning at 9 o'clock as the sale hour. The lot includes several dozen Irish Hand-Embroidered Pure Linen Pillow Shams, spokestitched with a wreath of shamrocks embroidered in each corner, guaranteed pure linen and hand work. This is part of a large order we placed some time ago, and we have very grave doubts that any more of them will reach us this year. They're the same make of Shams we offered some months ago, of which we didn't have nearly enough to supply the demand. As some may want these singly, to use as small teacloths or carving cloths we will meet your wishes, though it is unusual to break the sets.

Thursday Morning at 9 O'Clock $1.00 Each or $1.95 Per Pair

At the same hour we will offer a limited quantity of Scarfs to match for dresser covers, stand covers and sideboard scarfs, same design and quality as Shams. These prices are exceptionally low for such fine qualities.

ENGLAND AND IRELAND

Former's Political Crisis Is Latter's Opportunity.

London, Oct. 28.—At a meeting of the Cheshire Chamber of Agriculture, called to discuss the preferential tariffs, Tollemachie, M. P., referring to the suggested tax of 5 per cent on cheese, said he failed to see how such a duty would benefit the English dairymen, when colonial cheese must come in free. An Irish member of Parliament said that without doubt, whenever Mr. Chamberlain's proposals are brought before the House, whether it be sooner or later, the home rule flag will be waved stronger than ever. "Where," asked the member of Parliament, "would the Government have been on the educational bill but for the Irish contingent in Parliament? When the English political parties are swept to and fro by irresistible tides of political difference that is our opportunity every time they are offered."

A Baby That Cries

At night is almost sure to be a sick baby. It is wise to remember that the most agreeable and effective remedy for the ills of young children is a few drops of Polson's Nerviline in sweetened water. It only requires a few drops of Nerviline to relieve the stomach pain or drive away cramps, baby at once goes to sleep and quiet prevails. Nerviline is just as good for old folks and is a remarkably swift cure for stomach and bowel troubles, sick headache, indigestion and summer complaint. Don't be without Polson's Nerviline—it's required too often in every home and saves calling the doctor so often. At druggists, in large 25 cent bottles.

The percentage of loss in ocean transit of live stock in 1902 was 0.13 cattle, 0.89 sheep, and 0.65 for horses, which was considerable less than for the previous year, a condition due to the increased exports of cattle and horses.

IT IS KNOWN EVERYWHERE.—There is not a city, town or hamlet in Canada where Dr. Thomas' Eclectric Oil is not known—wherever introduced it made a foothold for itself and maintained it. Some merchants may suggest some other remedy as equally beneficial. Such recommendations should be received with doubt. There is only one Eclectric Oil, and that is Dr. Thomas'. Take nothing else.

The lock to be placed in the Danube-Oder canal will be 131 feet high, and the highest in the world. The Austrian Minister of Commerce has offered prizes of 100,000, 75,000 and 50,000 crowns for the best plans for it.

PERFECT CURE FOR BRONCHITIS.—This disease can be treated only by a remedy carried to the affected parts along with the air breathed, for nature intended these organs for the passage of air alone, and sprays, atomizers and internal medicines utterly fail. But Catarrhozone doesn't fail, for it goes wherever the air breathed goes, and its healing, antiseptic vapor is sure to reach every affected part. Catarrhozone is inhaled at the mouth, and after passing through every air cell of the breathing organs, is slowly exhaled through the nostrils. Catarrhozone protects and heals the inflamed surfaces, relieves congestion, allays inflammation, and perfectly cures all bronchial affections. Price $1; small size 25c.
