WALL STREET GOSSIP.

Debt. Cochran received this despatch from his New York agents to-day: NEW YORK, April 2d.—The bulls and bears factions are more equally divided than they have previously been in a month past. Believers in lower prices found the greatest comfort in the fact that the condition of affairs in railway circles west of Chicago was not good, and what with striking employes it would not be surprising if the market for these securities were to sell lower. On the other hand the bulls were talking in a very confident strain, and some of the conservative people believe in reaction, as stocks are now selling near top prices.

It is hinted in well informed circles that, in view of the difficulty of harmonizing the differences of the anthracite companies regarding restriction of output this year, each company will mine coal to its fullest capacity, and a report will be made to regular monthly auction sales to reduce the surplus, as formerly.

The gold coin and bullion now in the United States Treasury amounts to $310,735,612.

GRATEFUL—COMFORTING

EPPS'S COCOA.

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctor's bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette.*
