OLIVER IS SOUND.

Liberalism Wedded to Patriotism—He Rallies the Oxonians Round the Old Flag and Gives Stirring Reasons for His Faith.

WOODSTOCK, Nov. 25.—Anent the public meeting held here yesterday afternoon in the interests of continental union, the following letter from the Hon. Oliver Mowat, addressed to Dr. McKay, M.L.A. for South Oxford, Liberal whip in the Legislature, appeared in this evening's Sentinel-Review:

TORONTO, Nov. 23, 1891.

MY DEAR MR. MCKAY.—With reference to our conversation this morning I desire to reiterate my strong opinion that it would not be good policy for the friends of British connection and the old flag to stay away from Mr. Solomon White's meeting at Woodstock to-morrow. By doing so or not voting at the meeting, they would enable annexationists to carry a resolution in favor of their views and to trumpet it throughout the Dominion and elsewhere as the sentiment of the community as a whole. If in the loyal town of Woodstock, thriving beyond most, if not all, the other towns of Ontario, and in the banner county of Canadian Liberalism, formerly represented by the great champion of both British connection and Liberal principles, the Hon. George Brown, and noted ever since for its fidelity at once to the old flag and to the Liberal views; if in such a place a resolution were carried at a public meeting to which all had been invited, no subsequent explanation as to the thinness of attendance, or as to the contemptuous absence of opponents would, outside of Oxford, have any weight.

There are in most counties a few annexationists; in some counties more than in others; but the aggregate number in the Dominion, I am sure, is small as compared with the aggregate population. The great majority of our people, I believe and trust, are not prepared to hand over this great Dominion to a foreign nation for any present commercial consideration which may be proposed. We love our Sovereign and we are proud of our status as British subjects. The Imperial authorities have refused nothing in the way of self-government which our representatives have asked for.

Our complaints are against Parliaments and governments which acquired their power from our own people. To the United States and its people we are all most friendly. We recognize the advantages which would go to both them and us from extended trade relations, and we are willing to go as far in that direction as shall not involve, now or in the future, political union; but there Canadians of every party have hitherto drawn the line, and I trust will continue to draw the line. We do not wish to disconnect ourselves with the Motherland, unless it should be by-and-bye to set up for ourselves as an independent nation in friendly alliance with the Fatherland, if no longer in political connection with it. But the time for absolute independence has not come. The strongest tie between the provinces of the Dominion at this moment is British connection and all that such connection implies. British connection should therefore be cherished by all practical means until other ties and the mutual interests of the provinces become strong enough to secure their union and their independence as a nation. North America is amply large enough for two independent nations; and two friendly nations would be better for both populations than one nation embracing the whole continent.

I am glad to believe that these are your views as well as mine, and I should strongly advise that as many as may be of our constituents who hold them should endeavor to attend the meeting to-morrow, and should carry a resolution

Repudiating Annexation

or any present change in our political relations. Such a resolution would show that we love our own nation better than any other nation, and our own institutions better than the institutions of any other country; that we are prepared to sacrifice something if necessary—though I do not suppose any sacrifice will be necessary—in order to retain the allegiance of this great Dominion to the Sovereign we love instead of suffering it to be transferred to another nation which may any day be at war with our own nation, the nation of our fathers.

For Liberals there is an additional reason for maintaining our political relations with the Fatherland, in that the electorate of Great Britain and Ireland has recently been so extended that the Government and Parliament are now and shall henceforward be more than ever before, under the control of the body of the people.

Agreeably to your suggestion, I have thus hastily stated my long-cherished views; and these views and sentiments I hold very strongly. I believe and trust that they are the views and sentiments of the great majority of the Liberals, and of the Conservatives also of the county of Oxford; and I am very anxious that the county whose honored representatives you and I are should not be misrepresented or misunderstood. I wish the Dominion to know that Oxford has not forgotten the dear lands—England, Ireland or Scotland—from which most of its population, they or their, fathers have come. There is no more enlightened or civilized or free nation in the world, and I venture to say that there is no nation Oxford or its representatives can now be induced to prefer to it.

Yours faithfully,
O. MOWAT.

Conjugal Wisdom.

"She who ne'er answers till her husband cools,
Or, if she rules him, never shows she rules"—

Is a type of wife happily becoming common in these days when women may have good health, cheerful dispositions, strong nerves and clear minds, simply through the use of Dr. Pierce's Favorite Prescription. Before the reputation and use of this remedy became world-wide, irritable, cross, nervous, debilitated women, suffering with displacements, hysteria, and every female disease, were the rule rather than the exception. The "Favorite Prescription" has proven to be the key to a long and happy life—the key which effectually locks out that old array of uterine disorders, periodical pains, weak back, prolapsus, inflammation, ulceration, nervous exhaustion and general debility. See printed guarantee on wrapper. Money refunded if it doesn't give satisfaction in every case.

Looking for Inducements.

A meeting was held on Wednesday night in Weston Town Hall for the purpose of discussing the desirability of encouraging a large woodenware factory to build and manufacture their wares. The men who represented the company said it was their intention of starting somewhere near Toronto and would employ from 75 to 200 hands, and would commence to build immediately if sufficient inducements were offered. This place being on the Humber River and on the two lines of railway and only a few minutes' ride of Toronto made it a very desirable place for factories. After a few speeches a resolution was passed unanimously in favor of granting a bonus. Another motion to appoint a committee was carried and the meeting adjourned.

Toronto Abroad.

The Kamloops, B.C., Sentinel says: "Mr. Mara is undoubtedly the choice—the spontaneous choice—of the people of this province as their lieutenant-governor. He has long been identified with its business interests, has participated in its legislative assembly, and has had his knowledge of governmental affairs broadened and ripened as the representative of Yale district in parliament. In fact no other name is mentioned in British Columbia as a preference for lieutenant-governor, and Mr. Abbott will find it far more to the advantage of his government to appoint him to that position than to construct a new cabinet by ignoring the wishes of the people of this province."

A Popular Physician.

The popular physician is unassuming, pleasant and successful in treating disease. Such an one is Burdock Blood Bitters—unassuming—only a dollar a bottle—pleasant, agreeable in taste, successful in nine cases out of ten. In truth it may be said B.B.B. is the popular physician to the people, a tried and trusted family friend in all diseases of the stomach, liver, bowels and blood.

GARBUTT'S GREAT FIGHT.

Fortunes of War Against Him—Other Legal Matters.

The Common Pleas Divisional Court yesterday delivered judgment in the action of Cobban Manufacturing Company against the C.P.R. Company, refusing the plaintiffs' motion for a new trial. The action was brought to recover damages for plate glass thrown from a car and broken by the alleged negligence of the railway company.

The Common Pleas Divisional Court yesterday morning at 11 o'clock delivered judgment in the Garbutt extradition case. Chief Justice Galt and Mr. Justice MacMahon were the judges present, and the judgment was delivered by Mr. Justice MacMahon. Their Lordships found that the evidence of alibi was properly refused by Judge Morgan, and remanded the prisoner for extradition. Mr. Lount, Q.C., appeared for the prisoner, and asked for a stay of proceedings to enable an appeal to be argued before the Court of Appeal. This their Lordships at first refused, but on the matter being pressed, and cases cited to show that the prisoner had the right of appeal, they reserved judgment till 2 o'clock, when they announced a stay would be granted to allow an appeal. Garbutt, who was present in court, went back to jail till the case can be argued before the Court of Appeal and disposed of by that court. The forgery which Garbutt is charged with was committed at Van Alstyne, Texas, and it is to that place the prisoner will be sent for trial if the Court of Appeal decides against him.

James Bruce Morrison has issued a writ against Michael McConnell to recover possession of a piano, which he claims under a chattel mortgage made by one Angus Morrison to the plaintiff, and which the defendant, it is alleged, wrongfully retains possession of. The plaintiff also seeks to recover $320 damages for wrongful detention. Thomas Charleswood has issued a writ against J. H. McKnight for $1200 damages for injuries received while working in a drain in Sumach-street, Toronto, through the alleged negligence of the defendant in not providing proper lumber for boarding up the sides of the drain.

J. L. Armson and H. A. Stone are suing for an injunction to restrain T. Eaton & Co. (Ltd.) from committing a nuisance by sending and pouring soot and smoke in and upon their premises, 219 Yonge-street, in such a manner as to inconvenience, annoy and injure the plaintiffs and their business as merchants and for depriving them of the enjoyment of said premises. The plaintiffs also claim damages from the defendants.

Alex. Burnett sues Julius Burgoff to have the debts owing by the "Model Clothing Store" at the time of the purchase by the defendant, amounting to $3641.55, paid by the defendant and the plaintiff indemnified against same. The plaintiff also asks for $5000 damages for breach by the defendant of the trusts on which the assets and stock in trade of the said business were handed over to him by the plaintiff.

James A. McLellan has issued a writ against Felina P. Holmes asking for an injunction restraining the defendant or her agents from advertising for sale or otherwise offering for sale certain lands in Lorne-crescent, Toronto, pursuant to power of sale contained in a mortgage by one Harry Leach to William Clarke, dated Oct. 2, 1890, and for damages.

Jane Harvey has issued a writ against A. A. Scott, John Donogi and Joseph Haiver claiming $20,000 damages alleged to be caused by the defendants maliciously, wrongfully and vexatiously conspiring together and causing an action to be brought, knowing same to be unfounded, upon the pretence that her property was that of John Harvey and liable to pay his debts and for placing a lis pendens on her lands.

L. D. Johnston is suing the Canadian Mutual L. & I. Co. for $4000 for wrongful dismissal and for arrears of salary.

Charles V. Mitchell has issued a writ against Alonzo Forsyth and Charles Morden in which he asks for $2000 loss and damages caused by defendants breaking a contract and by conspiracy between the defendants to injure the plaintiff in his business.

E. Playter has sued Dudley & Burns for $3000 damages, caused by breach of a contract in printing "Playter's Physiology Hygiene."

A NEW RIFLE RANGE.

The Local Shooting Men Not Pleased—Prittie's Property Again.

The Prittie property question was again discussed by the Parks and Gardens Committee at its meeting yesterday afternoon. Ald. Graham strongly advocated the acceptance of Mr. Prittie's offer. Ald. Hallam opposed it just as strongly. Finally the matter was referred to a sub-committee, and no doubt the frequently-thrashed straw will be thrashed again.

Ald. Score, the chairman of the committee, brought up the rifle range matter again. He said that a site had been chosen by the military authorities that could be purchased at a reasonable sum. He advised the committee to reconsider its purchase to a council, but there was considerable opposition to this.

Ald. J. E. Verrall said that he saw Capt. Manley present, who was in a position to speak for the military men of the city.

Capt. Manley protested against a site being chosen without their concurrence. He said he was surprised at the site that had been mentioned, as until to-day he had never heard of it. He thought this was remarkable, considering the interest he had taken in getting a suitable site. He found, too, on enquiry that the other local military people had not been consulted.

Colonel Otter wrote as follows regarding the matter: "I am of opinion that the site on the lake shore between Long Branch and Port Credit will be quite suitable and acceptable to the militia force."

To settle the matter the Mayor moved that the secretary of the committee be authorized to write Col. Otter stating Captain Manley's objection and asking if the local military men had been consulted. The motion was carried.

Superintendent Chambers was given permission to expend $1000 on the Island Park lagoons.

Soothing Magic.

The unspeakable comfort in feeling pain pass away is well set forth by Mr. Albert Heege, Clayton, Mo., U.S.A., August 1, 1889, who says: "I suffered fourteen days with a sprained wrist, and a swelling formed, growing larger and larger. It disappeared as if by magic after using one bottle of St. Jacobs Oil." It is the best remedy.

Unnecessary Precautions.

A press despatch from Washington, some days since, stated that owing to the prevalence of smallpox in Canada the United States authorities deemed it necessary to put medical inspectors on Canadian trains at Windsor to guard against the introduction of the disease into their country. This inspection is thought to be as unnecessary as it is disagreeable, by the Canadian authorities, and Dr. Bryce, the secretary of the Provincial Board of Health, has accordingly sent a circular to the different State Boards urging them to have any existing inspection removed at once. He further states that the cases which led to this inspection were not smallpox, but measles, and that the afflicted ones were German immigrants who had landed at New York.

What the Country Has Escaped.

No one need fear cholera or any summer complaint, if they have a bottle of Dr. J. D. Kellogg's Dysentery Cordial ready for use. It corrects all looseness of the bowels promptly and causes a healthy and natural action. This is a medicine adapted for the young and old, rich and poor, and is rapidly becoming the most popular medicine for cholera, dysentery, etc., in the market.

The Captain and His Men.

The members of I Co., Royal Grenadiers, had a very pleasant time last night at the residence in Dovercourt-road of Captain C. Greville Harston. Once a year the popular captain invites "the boys" to his house, where the company prizes in the rifle competition are distributed. This ceremony took place last night. Speech and song enlivened the proceedings. An ample supper was served, and harmony and cordiality were supreme.

No article takes hold of Blood Diseases like Northrop & Lyman's Vegetable Discovery. It works like magic. Miss C——, Toronto, writes: I have to thank you for what Northrop & Lyman's Vegetable Discovery has done for me. I had a sore on my knee as large as the palm of my hand, and could get nothing to do any good until I used the Discovery. Four bottles completely cured it.

CANADIAN ELECTRICIANS.

Formation of a Provincial Association—Officers Elected.

An adjourned meeting of the Canadian Electrical Association to receive the report of the committee appointed in September last to formulate a scheme of organization was held in the Auditorium building, Queen-street west, Toronto, yesterday. Mr. J. J. Wright, manager Toronto Electric Light Company, was called to the chair. Mr. C. H. Mortimer, publisher of The Canadian Electrical News, acted as secretary.

The following officers were elected for the ensuing year:

J. J. Wright, president.
H. J. Dunstan, 1st vice-president.
John Carroll, Montreal, 2nd vice-president.
C. H. Mortimer, sec.-treas.
Executive Committee—C. S. Edmonson, Oshawa; H. O. Fisk, Peterboro; W. A. Johnson, Toronto; S. J. Parker, Owen Sound; A. B. Smith, Toronto; D. Thomson, Thomas H. Wadland, Hamilton; A. A. Wright, Renfrew, John Yule, Guelph.

It was decided that the first annual meeting is to be held in June next at Hamilton.

Jamieson's Candle.

As will be seen in another column Mr. P. Jamieson, the clothier, is preparing for his annual distribution of Christmas gifts. Among this year's presents are: A pretty Welsh pony, valued at $350; a Gendron bicycle, costing $110; a gold watch and a silver watch. On Saturday morning a large wax candle will be lighted in Mr. Jamieson's window and the person guessing nearest to the time it takes the candle to burn receives the first prize. Everyone purchasing goods to the value of $2.50 has a guess. A person purchasing $5 worth has two opportunities and so on.

A Lying Villain.

In a despatch from Ottawa in yesterday's World with reference to the man Gahan or Graham, who received a life sentence for an atrocious assault on Louis Sievert two or three years ago, there appeared a clause, in which it is insinuated as a defence of Gahan's crime that it was prompted by a desire for vengeance on Sievert for some wrong done to a female. There is not the shadow of a foundation for this statement. The fellow at the time made innuendoes of this kind, but when traced they were found to be absolutely groundless. It is to be hoped that no considerations of false mercy will let loose on society this villain, who was guilty of one of the most truculent crimes ever committed in this city, and who is now trying by falsehoods to move the Minister of Justice.

Chronic Derangements of the Stomach, Liver and Blood, are speedily removed by the active principle of the ingredients entering into the composition of Parmelee's Vegetable Pills. These Pills act specifically on the deranged organs, stimulating to action the dormant energies of the system, thereby removing disease and renewing life and vitality to the afflicted. In this lies the great secret of the popularity of Parmelee's Vegetable Pills.

Two Hours' Real Enjoyment.

During the winter months a series of entertainments of a first-class character is given in the Western Congregational Church, Spadina-avenue. The second of the course took place last night, and was most enjoyable. The attendance was large and the entertainment a great success. The choir of the church under the conductorship of Mr. H. McClellan rendered good music. They were reinforced by Miss Fannie Pringle, soprano, and Mr. Albert Dent, tenor. All the numbers were given in good style. The chief feature of the evening, however, was Rev. Manly Benson's lecture on "Men Wanted." This met with great acceptation. The members of the church and congregation and many friends spent a pleasant and profitable evening.

Over a Century Old.

Many cases are known of persons living to be over 100 years old, and there is no good reason why this should not occur. By paying attention to the health by using Burdock Blood Bitters when necessary to purify the blood and strengthen the system much may be added to the comfort and happiness of life even if the century mark is not attained.
